CHAPTER 3.

An Act to confirm Agreements between the Canadian Bankers Association and His Majesty, the King.

Assented to 24th April, 1919.

WHEREAS owing to the urgent necessity for increased Preamble.
 food production in the Province of Ontario, it was deemed desirable in the public interests to arrange for advances to *bona fide* farmers in the Province of Ontario for the purpose of buying seed grain, for the seasons of 1917 and 1918; and whereas His Majesty, the King, represented by the Honourable Thomas W. McGarry, Treasurer of the Province of Ontario, entered into contracts with the Canadian Bankers Association, copies of which are set out in Schedule "A" to this Act, providing for loans to *bona fide* farmers in the Province of Ontario for the purpose of buying seed for the seasons of 1917 and 1918; and whereas it is expedient that the said contracts should be confirmed and the Government of Ontario should be authorized and empowered to complete and carry out the said contracts;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. This Act may be cited as *The Grain Loans Act*. Short title.

2. The Agreement dated the 9th day of May 1917, and the Agreement dated the 15th day of March, 1918, between of 9th May, 1917, and 15th March, 1918, confirmed. His Majesty, the King, represented therein by the Honourable Thomas W. McGarry, Treasurer of the Province of Ontario and the Canadian Bankers Association, which Agreements are set out in Schedule "A" of this Act are hereby confirmed and declared to be legal, valid and binding upon the parties thereto.

3. The Lieutenant-Governor in Council is hereby authorized and empowered to do all and every act, matter and thing Authority to carry out agreements. requisite or necessary or deemed advisable to be done in order to complete and carry out the said contracts and all and every proviso and stipulation therein contained purporting to be made by or on behalf of His Majesty, the King.

4. This Act shall come into force on the day upon which it receives the Royal Assent. Commencement of Act.

SCHEDULE

SCHEDULE "A."

Agreement entered into this ninth day of May, A.D. 1917.

Between:

His Majesty the King represented by the Honourable Thomas W. McGarry, Treasurer of the Province of Ontario, of the first part,

and

The Canadian Bankers Association, herein referred to as the "Association" of the second part.

Witnesseth as follows:

1. This agreement is entered into by the contracting parties in view of the urgent necessity for increased food production in the Province of Ontario.

2. The Association agrees that so far as lies in its powers, it will arrange that all banks, members of the Association doing business in the Province of Ontario, will favourably entertain and consider applications from *bona fide* farmers in the Province of Ontario for loans for the purpose of buying seed for the season of 1917, subject nevertheless to the following terms and conditions, that is to say:

(a) There shall be no obligation upon any bank to grant loans indiscriminately or to grant any particular loan, it being understood, however, that reasonable precaution being exercised, loans will not be confined to applicants who own their own lands or are otherwise in such financial position that they would ordinarily be entitled to credit, but will include tenant farmers, and that due regard will be had to the present situation and the necessity for increased crop production. Provided, however, that such loans shall not be knowingly made to those persons in Ontario who have already received loans from the Settlers Loan Commissioner for the purchase of seed;

(b) Loans entitled to the benefit of this agreement may be made up to and including the 1st day of July, 1917, shall not exceed the sum of Two hundred dollars (\$200) to any one applicant, and shall be repayable with interest at the rate of six per cent. (6%) per annum not later than the 1st day of November, 1917;

(c) Every bank making a loan pursuant to this agreement shall take from the borrower a promissory note in ordinary form and shall also take security in writing in accordance with the provisions of the Act of the Dominion Parliament, 1915, amending the Bank Act, 5 Geo. V, cap. 1, which said security may be in the form set forth in Schedule "A" to this agreement or to the like effect and may also take such other security, if any, as in the judgment of such bank is reasonably available.

3. Every bank making loans pursuant to this agreement will use its ordinary machinery for collection thereof, at and after maturity, and will reasonably adopt all ordinary means for collection thereof, but shall not be responsible for any failure to collect same.

4. Every bank claiming the benefit of this agreement with respect to loans shall within ten days after making each loan advise the Honourable, the Provincial Treasurer thereof by letter addressed to him at his office in the Parliament Buildings, Toronto, stating the name and address of each borrower and the amount of the loan; and shall make a return to the Honourable, the Provincial Treasurer, on or after the 20th day of November, 1917, and before the close of business on the 1st day of December, 1917, of all loans made pursuant to this agreement, upon which at the date of such return any amount shall remain outstanding and unpaid.

5. Banks having made returns in accordance with the provisions of the next preceding paragraph will be entitled to make a further return to the Honourable, the Provincial Treasurer, of all loans made pursuant to this agreement upon which on the 1st day of March, 1918, there shall remain outstanding and unpaid any amount due either in respect to principal or interest, and of all costs and expenses reasonably incurred in endeavouring to collect the same; and subject to audit and correction the aggregate amount stated in such return as then due to the bank making the same in respect to the said loans, interest and costs, shall be the amount to be repaid to such bank by the Honourable, the Provincial Treasurer, in accordance with the provisions of this agreement.

6. In consideration of this agreement on the part of the Association and in consideration of the making of the said loans in accordance therewith by banks, members of the Association, His Majesty the King, represented by the Honourable Thomas W. McGarry, Provincial Treasurer, hereby agrees with the Association and with each and every bank, member of the Association, which shall make any loan in pursuance thereof that such banks shall be and are hereby guaranteed and indemnified against loss, costs or expenses in connection therewith and that His Majesty will cause to be paid out of the revenue of the Province of Ontario, the amount of any loss, costs or expenses incurred by such bank in respect of any such loan, provided always that the return hereinbefore required shall have been duly made in accordance with the provisions hereof.

7. After payment of all loss made in connection with loans in respect of which any bank is entitled to the benefit of this agreement, such bank shall thereafter hold the note representing such loans and all security taken in respect thereof for the benefit of His Majesty, and shall thereafter deal therewith as the Honourable, the Provincial Treasurer shall from time to time direct.

8. And it is further declared and agreed that the Honourable, the Provincial Treasurer, executing this agreement on behalf of His Majesty the King, represents also the Government of the Province of Ontario, and undertakes and agrees on the part of the Government that legislation will be introduced, and if possible passed at the next session of the Legislature of the Province of Ontario, confirming this agreement and authorizing payment out of the revenues of Ontario, all such amounts of money as shall be required to be paid for the purpose of carrying out this agreement.

In witness whereof this agreement has been signed and sealed by the said, the Honourable Thomas W. McGarry, and has been executed by the Canadian Bankers Association under its corporate seal and the signatures of its proper officers in that behalf.

of operation
of section.

(5) In the event of great emergency or grave economic disturbance, the Lieutenant-Governor in Council may suspend the operation of this section to such an extent and for such period as he deems fit; or as regards any iron mine, the Lieutenant-Governor in Council may, upon the recommendation of the Minister, in like manner suspend the operation of this section in so far as such mine is concerned.

Commence-
ment.

(6) This section shall come into effect on the first day of January, 1914, in all those parts of the province without county organization, and in the remaining parts of the province at such time as may be named by the Lieutenant-Governor by his proclamation.

Age limit,
hoistmen
handling
men.

160.—(1) No person under the age of twenty years and no person who has not had at least one month's experience on a reversing hoist shall be allowed to have charge of any hoisting engine by means of which persons are hoisted, lowered or handled in a shaft, or winze at any mine.

Age limit.

(2) No person under the age of eighteen years shall be allowed to have charge of any hoisting engine or hoisting apparatus of any kind at a mine.

Physical
defects of
hoistmen.

(3) No person whose sight or hearing is deficient or who is subject to any other infirmity, mental or bodily, likely to interfere with the efficient discharge of his duties, shall have charge of any hoist.

Penalty
for em-
ployment
of persons
contrary
to Act.

161. Where a contravention of any of the next preceding four sections takes place, the owner or agent of the mine, or both of them, may be proceeded against, jointly or separately, and may be convicted of such offence, but neither the owner or the agent shall be so convicted if he proves that the offence was committed without his knowledge or consent, and that he had caused notices of the said sections to be posted up, and to be kept posted up, at some conspicuous place, at or near the entrance to the mining work.

Fencing
of aban-
doned or
unworked
mines.

162.—(1) Where a mine has been abandoned or the work therein has been discontinued, the owner or lessee thereof or any other person interested in the mineral of the mine, shall cause the top of the shaft and all entrances from the surface, as well as all other pits and openings dangerous by reason of their depth, to be and to be kept securely fenced to the satisfaction of the Inspector.

(2) Every such person who, after notice in writing from the Inspector fails to comply with his directions as to such fencing within the time named in the notice shall be guilty of an offence against this Act.

(3) Where the Inspector finds that any such fencing is required in order to avoid danger to health or property he may cause the work to be done and may pay the costs incurred out of any moneys provided for the purposes of this Act, and the amount of such costs, with interest thereon, shall be a lien and charge upon the mine or mining work, and no further transfer or other dealings with the mine or mining work shall take place until such amount is paid.

(4) The amount of such costs with interest thereon shall be due from the owner or lessee to the Crown and recoverable at the suit of the Inspector in any court of competent jurisdiction.

Inquest to be held in Case of Fatality.

163.—(1) The coroner who resides nearest to a mine wherein or in connection wherewith any fatal accident has occurred, shall forthwith conduct an inquest, but if he is in any way in the employment of the owner or lessee of the mine he shall be ineligible to act as coroner, and any other coroner shall, upon application by any person interested, forthwith issue his warrant and conduct such inquest, and this section shall be his authority for so doing whether his commission extends to such territory or not.

Coroner to hold inquest in case of fatality in a mine.

(2) The Inspector and any person authorized to act on his behalf shall be entitled to be present and to examine or cross-examine any witness at every inquest held concerning a death caused by an accident at a mine, and if the Inspector or some one on his behalf is not present, the coroner shall, before proceeding with the evidence, adjourn the inquest and give the Deputy Minister not less than four days' notice of the time and place at which the evidence is to be taken.

Right of the Inspector or his representative to be present at inquest.

Rules for Protection of Miners.

164. The following rules shall be observed and carried out at every mine except in so far as the Inspector of Mines may deem the same not reasonably applicable.

Rules for operating miners.

(1) Mining operations on claims which are not patented and mines where less than six men are employed shall be exempted from rules 3, 13, 63, 66, 67, 68.

Exemptions.

Sanitation.

(2) There shall be a sufficient amount of ventilation so that the shafts, adits, tunnels, winzes, raises, sumps, levels, stopes, cross-cuts, underground stables and other working

Ventilation.

working places of the mine and the travelling roads to and from such working places shall be in a fit state for working and passing therein, and in all portions of a mine, where the natural ventilating current is insufficient, suitable mechanical appliances shall be provided and operated.

Sanitary
conven-
iences.

(3) The manager of a mine shall provide or cause to be provided on the surface and in the underground workings sufficient and suitable sanitary conveniences in accordance with the following rules:

- (a) Where the number of persons employed on any shift does not exceed one hundred there shall be one sanitary convenience for every twenty-five persons or proportion thereof;
- (b) Where the number of persons so employed exceeds one hundred there shall be one additional sanitary convenience for every fifty persons or proportion thereof over the first hundred;
- (c) These sanitary conveniences must be kept in a cleanly manner; must be adequately supplied with chloride of lime, sawdust, fine ash or other suitable absorbent; must be removed and cleaned regularly; must be conveniently placed with reference to the number of men employed on the different levels; and must be placed in a well ventilated part of the mine;
- (d) Any person or persons depositing faeces in any place underground other than in the sanitary conveniences provided, shall be guilty of an offence against this Act.

Care and Use of Explosives.

Site of
magazine
for
explosives.

(4) No magazine for explosives shall be maintained on any mining property except with the written permission of the Inspector of Mines. The site of this magazine and the style of structure shall be subject to the approval of the Inspector. Where possible, the site of the magazine must be distant at least four hundred feet from the mine and works or any public highway. The magazine shall be constructed of materials and in a manner to insure safety against explosion from any cause, and shall be either so situated as to interpose a hill or rise of ground higher than the magazine between it and the mine and works, or an artificial mound of earth as high as the magazine and situate not more than thirty feet from it shall be so interposed.

(5) Cases containing explosives shall not be opened in the magazine, and only implements of wood, brass or copper shall be used in opening the cases. Cases for explosives.

(6) After the first ten feet of advance has been made in any shaft or winze, all blasting shall be done by means of an electric current. Firing by an electric current.

(7) No explosives in excess of a supply for twenty-four hours shall be stored underground in a working mine, and no such storage place or underground place for thawing explosives shall be established without the approval in writing of the Inspector of Mines, who shall prescribe such conditions in connection therewith as he may deem necessary. Underground storage of explosives.

(8) Fuses, blasting-caps and electric detonators shall be kept in a place of safety and shall not, nor shall any article containing iron or steel, except fixtures, be kept or stored in the same magazine or thawing house with explosives or nearer than 50 feet therefrom. Storage of fuse, blasting caps, etc.

(9) No naked light shall be taken into any magazine or place where explosives are kept. No person shall smoke in a magazine or place where explosives are kept or while handling explosives. No naked light or no person smoking to enter magazine.

(10) The manager, captain or other officer in charge of a mine shall make a thorough daily inspection of the condition of the explosives in or about the same, and shall make an immediate investigation when an act of careless placing or handling of explosives is discovered by or reported to him; Inspection of stores of explosives in a mine.

(a) Any employee who commits a careless act with an explosive or where explosives are stored, or who, having discovered it, omits or neglects to report immediately such act to an officer in charge of the mine, shall be guilty of an offence against this Act, and the officer in charge of the mine shall immediately report such offence to the Inspector or to the Crown Attorney of the county or district in which the mine is situate. Offence to be reported to the Inspector or Crown Attorney.

(11) No building for thawing explosives above ground shall be maintained in connection with any mine except with the written permission of the Inspector of Mines. The site of this building and the style of structure and equipment shall be subject to the approval of the Inspector. The building shall be under the direction of the manager or some person authorized by him. The quantity of explosives brought

brought into any thawing house at any one time shall not exceed the requirements of the mine for a period of twenty-four hours, plus the amount that it may be necessary to have thawing to maintain that supply.

Thawing
near open
fire or steam
boilers
forbidden.

(12) In no case shall powder be thawed near an open fire or steam boiler or by direct contact with steam or hot water, nor shall any electrical device for generating heat be allowed in the same compartment with explosives.

Thermometer
necessary.

(13) A reliable recording thermometer shall be kept in the room in which explosives are thawed and the record thereof kept, but where the amount of explosives in such thawing room does not exceed 200 pounds at any one time, the Inspector of Mines may give permission, in writing, to use a maximum and minimum registering thermometer on condition that a daily record of high and low temperature be made and kept on file.

No iron
or steel to
be used in
charging
holes.

(14) In charging holes for blasting, no iron or steel tool or rod shall be used, and no iron or steel shall be used in any hole containing explosives, and no drilling shall be done in any hole that has been charged or blasted.

Reporting
of missed
holes.

(15) When a workman fires a round of holes he shall, where possible, count the number of shots exploding. If there is any report missing, he shall report the same to the mine captain or shift boss. If a missed hole has not been fired at the end of a shift, that fact, together with the location of the hole, shall be reported by the mine captain or shift boss to the mine captain or shift boss in charge of the next relay of workmen before work is commenced by them.

Lengths
of fuses to
be used

(16) In no case shall a person return to the place where blasting has been done within four minutes of the time of lighting the fuse. Except in chute-blasting, no fuse shorter than three feet shall be used in any blasting operation. In case of a supposedly missed hole, where the fuse did not exceed four feet in length, no person shall return within five minutes of lighting the same; where the fuse is between four and eight feet in length, no person shall return within fifteen minutes; where the fuse is longer than eight feet, no person shall return within the number of minutes which are equal to twice the number of feet in the fuse.

Second
light
necessary.

(17) In no case shall a workman light the fuse without having a second light placed conveniently close.

(18)

(18) Every workman shall, before blasting, give or cause to be given due warning in every direction by shouting "Fire," and shall satisfy himself that all persons have left the working place except those required to assist him in blasting.

Due warning required.

(19) Every workman shall, before blasting, cause all entrances to the place or places where such blasting is to be done or where the safety of persons may be endangered by such blasting, to be effectively guarded, so as to prevent inadvertent access to such place or places while such charges are being blasted.

Guarding entrances to places where blasting is to be done.

(20) A workman shall not, where blasting takes place by electricity, enter or allow other persons to enter the place or places where the charges have been fired until he has disconnected the cables from the blasting battery, or has pulled out and locked the switches of the blasting circuit.

Electric current to be disconnected after blasting.

(21) Immediately before any person conveys explosives in a shaft by means of machinery he shall give or cause to be given notice to the hoistman, deckman and cage tender.

Notice of lowering explosives required.

(22) The hoistman shall gently lower or raise the cage or other conveyance containing explosives. No person shall place in or take out of the shaft conveyance any explosives except under the immediate supervision of the person authorized by the manager, mine captain or shift boss.

Explosives to be raised or lowered gently.

(23) No person authorized to travel with explosives on any shaft conveyance and to distribute same shall leave any explosive at a station or stopping place, unless in a place provided for storage of explosives, but he shall personally deliver the same to another authorized person.

Explosives to be left only in authorized places at stations.

(24) No person shall take away from a mine any explosive without the written permission of the manager or of such person as may be authorized by the manager to give such permission.

Explosives must not be moved from mine except by written permission of manager.

(25) A charge which has missed fire shall not be withdrawn, but shall be blasted, and no drilling shall be done within a distance of ten feet of a missed hole or a cut-off hole containing explosive until it has been blasted.

Charge missing fire to be blasted

(26) All drill holes, whether sunk by hand or machine drills, shall be of sufficient size to admit of the free insertion to the bottom of the hole of a stick or cartridge of powder, dynamite or other explosive, without ramming, pounding or pressure. No explosive shall be removed from its original paper container.

Size of drill holes.

Blasting
of roast
heaps.

(27) No explosive shall be used to blast or break up ore, salamander or other material where by reason of its heated condition there is any danger or risk of premature explosion of the charge.

Marking
strength
on original
packages of
explosives.

(28) No explosive shall be used at any mine, unless there is plainly printed or marked on every original package containing such explosive the name and place of business of the manufacturer, and the strength, and the date of its manufacture. Every case of supposed defective fuse, detonator or powder shall be reported to the Inspector of Mines, with the name of the manufacturer and the serial number of the package from which such fuse, detonator or powder was taken.

Defective
explosives
to be
reported.

Blasting on
contiguous
claims.

(29) Where parties working contiguous or adjacent claims or mines disagree as to the time of setting off blasts, either party may appeal to the Inspector, who shall decide upon the time at which blasting operations thereon may be performed, and the decision of the Inspector shall be final and conclusive and shall be observed by them in future blasting operations.

Protection in Working Places, Shafts, Winzes, Raises, Etc.

Protection
of workmen
in drifts.

(30) Where a drift extends from a shaft in any direction on a level, a safe passage way and standing room for workmen shall be made on one or both sides of the shaft to afford protection against falling material.

Protection
of men
while sink-
ing shaft.

(31) During shaft-sinking operations no work in any other place in the shaft shall be done, nor shall any material or tools be hoisted or lowered from or to any other place in the shaft while men are at work in the bottom of the shaft unless the men so at work be protected from the danger of falling material by a securely constructed covering extending over the whole area of the shaft, sufficient closable openings being left in the covering for the passage of men and the bucket or other conveyance used in the sinking operations, or by a substantial rock pentice.

Fencing of
shafts and
other open-
ings.

(32) The top of every shaft shall be securely fenced or protected by a gate or guard rail, and every pit or opening dangerous by reason of its depth shall be securely fenced or otherwise protected.

Protection
of shaft
and winze
openings
in levels.

(33) At all shaft and winze openings on every level, a gate or guard rail, not less than three feet or more than four feet above the floor, shall be provided and kept in place except when the cage, skip or bucket is being loaded or unloaded at such level.

(34) Where the enclosing rocks are not safe every adit, tunnel, stope or other working in which work is being carried on, or persons passing, shall be securely cased, lined or timbered, or otherwise made secure. Securing walls of tunnels, etc.

(35) Every shaft shall be properly timbered, and such timbering shall be maintained within a reasonable distance of the bottom of the shaft. Timbering required in shafts and raises.

(36) All vertical raises which are to be carried more than 50 feet from the floor of the level shall be divided into at least two compartments, one of which shall be maintained as a ladderway and equipped with suitable ladders. The timbering shall be maintained within a reasonable distance of the back of the raise. Raises divided into two compartments.

(37) The top of every mill hole in a stope shall, as far as practicable, be kept covered. Covering mill holes in stope.

(38) Underground workings, especially shafts, sumps and winzes, which have been in disuse for some time shall be examined before being again used, in order to ascertain whether foul air or other dangerous gases have accumulated there, and only such workmen as may be necessary to make such examination shall be allowed to proceed to such places until such places are in a fit state to work or travel in. Unused workings to be tested for gas.

Handling Water.

(39) Every working mine shall be provided with suitable and efficient machinery and appliances for keeping the mine free from water, the accumulation or flowing of which might injuriously affect any other mine. Safety from water.

(40) Where there is or may be an accumulation of water any working approaching the same shall have bore holes kept in advance, and such additional precautionary measures shall be taken as may be deemed necessary to obviate the danger of a sudden breaking through of the water. Bore holes necessary when approaching places likely to contain dangerous amount of water.

(41) Every dam or bulkhead shall be designed to resist at least five times the estimated maximum pressure at the point of erection, and its location shall be clearly shown on the mine plan filed with the Bureau of Mines annually. Location of dams to be shown on mine plans.

Ladderways.

(42) The ladder or passage-way in a shaft or winze shall be separated by a closely boarded partition from the compartment or division of the shaft or winze in which the material is hoisted. Foot ladder or passage in shaft to be separated from hoist.

Ladders
in shaft.

(43) A suitable footway or ladderway shall be provided in every shaft.

Ladders
and
platforms
in steeply
inclined
shafts.

(44) In a shaft inclined at over seventy degrees from the horizontal a substantial platform shall be built at intervals not exceeding twenty feet in the ladderway, and the same shall be closely covered except for an opening large enough to permit the passage of a man's body, and the ladders shall be so placed as to cover this opening in the platform.

Ladders
and
platforms
and stair-
ways in
shafts of a
low angle.

(45) In a shaft inclined at less than seventy degrees or more than fifty degrees from the horizontal the ladders may be continuous, but platforms shall be built at intervals not exceeding twenty feet, and so covered that only an opening large enough for the passage of a man's body is provided. Stairways may be used in a shaft inclined at less than fifty degrees from the horizontal.

Vertical
ladders.

(46) No ladder, except an auxiliary ladder used in sinking operations, may be fixed in a vertical position.

Handrails
for ladders

(47) Every ladder shall project at least three feet above its platform, except where strong hand rails are provided.

Construc-
tion of
ladders.

(48) Every ladder used shall be of strong construction; shall be securely fastened to the timbering or wall of shaft, winze, raise, or stope, and shall be maintained in good repair.

(a) The distance between centres of rungs of ladders shall not be greater than twelve inches or less than ten inches, and the spacing of rungs shall not vary more than one-half inch in any particular ladderway;

(b) In order to give a proper foothold the rungs shall in no case be closer than four inches from the wall of a shaft, winze or raise, or any timber underneath the ladder.

Wire rope
ladders.

(49) Wire rope or strands of wire rope shall not be used or allowed to be used for climbing purposes in any mine if they are frayed or have projecting broken wires.

Raising or Lowering Persons.

When per-
sons not to
be hoisted.

(50) No person shall be lowered or hoisted, or allow himself to be lowered or hoisted, in a shaft, winze or other underground opening of a mine:

(a)

(a) In a bucket or skip, except that men employed in shaft sinking shall be allowed to ascend and descend to and from the nearest level or other place of safety by means of the bucket or skip used for hoisting material, but there shall always be a suitable ladder in the shaft to provide an auxiliary means of escape; In buckets or skips.

(b) In a cage or skip, except as provided in clause (a), which is not provided with a hood, dogs and other safety appliances approved by the Inspector; When safety appliances not used.

(c) In a cage, skip, or bucket that is loaded with tools, powder, or other material, except for the purpose of handling the same. Cage loaded with materials.

(51) Whenever a mine shaft exceeds four hundred feet in vertical depth, a safety cage shall be provided, kept and used for lowering and raising men in the shaft, unless otherwise permitted in writing by the Inspector. Safety-cages in shafts over 400 feet deep.

(52) After any stoppage of hoisting for repairs, and after stoppage for any other purpose, which shall exceed two hours' duration, no person shall be raised or lowered until the cage or skip has made one complete trip up and down the working portion of the shaft. Hoisting after stoppage for repairs.

(53) All cages or skips used for lowering or raising men shall be constructed as follows: Cages or skips, how to be constructed.

(a) The hood shall be made of steel plate not less than three-sixteenths of an inch in thickness; Hood.

(b) The cage shall be provided with sheet iron or steel side casing not less than one-eighth of an inch in thickness, or with a netting composed of wire not less than one-eighth of an inch in diameter, and with doors made of suitable material; Casing or netting.

(c) The doors shall extend at least five feet above the bottom of the cage, and shall be closed when lowering or hoisting men; Doors.

(d) The cage shall have overhead bars so arranged as to give every man an easy and secure handhold; Overhead bars for handholds.

(e) The safety appliances shall be of sufficient strength to hold the cage or skip with its maximum load at any point in the shaft, as provided in sub-section 61 (b) of this section; but the Inspector of Safety catch.

of Mines may give permission, in writing, for hoisting, without safety appliances, in an inclined shaft, if he is satisfied that the equipment is such that a maximum of safety is provided;

Operating
chairs
by lever.

- (f) The cage shall not have chairs attached thereto which are operated by a lever through or from the floor of the cage.

SHAFT EQUIPMENT, ETC.

Crossheads
to be pro-
vided with
safety
appliance.

- (54) All crossheads shall be provided with a safety appliance so constructed that the crossheads cannot stick in the shaft without also stopping the bucket. Such safety appliance shall be subject to the approval of the Inspector of Mines.

Material
in cage,
bucket or
skip to be
fastened.

- (55) Where steel, timber or other material, being raised or lowered in a shaft or winze, projects above the top of the bucket, cage or skip, it shall be securely fastened to the top of the conveyance or to the hoisting rope.

Bucket
to be
steadied.

- (56) No bucket shall be allowed to leave the top or bottom of any shaft or winze until the workman in charge thereof has steadied it or caused it to be steadied.

Bucket or
skip not to
be filled
above level
of brim.

- (57) In a shaft or winze, in the course of sinking, the bucket or skip shall not be filled with loose rock or ground above the level of the brim.

Bucket or
skip to be
stopped fif-
teen feet
from bottom.

- (58) In a shaft or winze, in the course of sinking, the bucket or skip shall not be lowered directly to the bottom of the shaft if there are men working there, but shall be held at least fifteen feet above the bottom, and shall remain there until the signal to lower same has been given by the men on the bottom.

Method of
fastening
material.

- (59) In handling material other than in a bucket, cage or skip, care shall be taken that such material is securely and safely fastened to the hoisting rope. A chain sling fastened by means of a grab hook shall not be used. A timber hitch around a stick of timber shall not be used unless accompanied by an additional half hitch, or other suitable means, to prevent timber slipping.

Hoisting.

Examina-
tion of
hoisting
equipment
required.

- (60) The owner or manager of a mine, where a hoisting engine is in use, shall depute some competent person or persons whose duty it shall be to examine at least once in each week the sheave wheels, the hoisting rope and the attach-

ments

ments thereof to the drums and to the buckets, cages or skips, the brakes and depth indicators and the buckets, cages and skips and any safety catches attached thereto; the guides and hoisting compartments generally and the signalling arrangements; and the external parts of the hoisting engine.

(61) Such owner or manager shall also depute a competent person who shall examine:

- (a) at least once in each month the structure of the hoisting ropes with a view to ascertaining the deterioration thereof. For the purposes of this examination the rope must be thoroughly cleansed at points to be selected by said person, who shall note any reduction in the circumference of, and the proportion of wear in, the rope; Examination of cables.
- (b) at least once a month the safety appliances of the cages or other shaft conveyances, so equipped, by testing same under load conditions. Such test shall consist of releasing the cage suddenly, in some suitable manner, so that the safety catches shall have opportunity to grip the guides. In case the safety catches do not act satisfactorily the cage or other shaft conveyance shall not be used further for hoisting men until the safety catches have been repaired and been proved to act satisfactorily. Safety appliances to be tested monthly.

(62) If, on any examination, as is hereinbefore required there is discovered any weakness or defect by which the safety of persons may be endangered, any such weakness or defect shall be immediately reported to the owner or manager or person in charge, and until such weakness or defect is remedied the hoisting plant shall not be used. Defects to be remedied at once.

(63) Such owner or manager shall keep or cause to be kept at the mine a book to be termed the Machinery Record Book, in which shall be recorded a true report of every such examination as is hereinbefore referred to, signed by the person making the examination. Machinery Record Book to be provided.

(64) In case of hoisting engines there shall be not less than three rounds of rope upon the drum when the bucket, cage or skip is at the lowest point in the shaft or winze from which hoisting is effected. The end of the rope shall be properly fastened around the shaft or an arm of the drum. Length of ropes required on drum when skip is at the bottom.

Hoisting
both men
and ma-
terials.

(65) In case a hoisting rope is used both for the raising and lowering of men and materials, the weight attached to the rope in the former case, when the bucket, cage or skip is bearing its authorized load shall not exceed eighty-five per cent. of the maximum allowable weight when the rope is in use for other purposes.

Rope
certificate
necessary.

(66) No new hoisting rope shall be used which is not accompanied by a certificate from the manufacturer giving the following information: Name and address of manufacturer—coil or reel number—date of manufacture—diameter and circumference of rope in inches—weight per foot in pounds—number of strands—class of core—number of wires in strand—diameter of wires, decimals of an inch—breaking stress of steel of which wire is made, in tons per square inch—estimated breaking load of rope. This certificate or a copy of the same shall be recorded in a book known as the Rope Record Book, which shall always be open for inspection by the Inspector of Mines, and which shall contain in addition the following information: Date of purchase—length of rope in feet—name of shaft and compartment in which rope is used—date on which put on—date of shortening—date of re-capping—date of turning end for end—dates of tests after shortening—breaking load of rope at these tests—date when rope was taken off.

Examina-
tion of
attach-
ments.

(67) A hoisting rope newly put on shall have the connecting attachments, between the bucket, cage or skip and the rope carefully examined by some competent and reliable person authorized by the owner, manager or department head, and shall not be used for ordinary transport of persons in any shaft or winze until two complete trips up and down the working portions of such shaft or winze have been made, the bucket, cage or skip bearing its authorized load. The result of such examination shall be recorded in the Rope Record Book.

Testing
portion
of rope.

(68) At least once in every six months the hoisting rope shall have a portion not less than six feet in length cut off the lower end. With the exception of the cutting at the end of the first six months the length so cut off shall have the ends adequately fastened with binding wire to prevent the disturbance of the strands and shall be sent to a reliable testing laboratory for a breaking test. The certificate of such test shall be kept on file. This rule shall not come into effect until proclaimed by the Lieutenant-Governor in Council.

Annealing.

(69) At the periodical cutting of the rope the connection between the rope and the bucket, cage or skip shall be annealed.

(70) Every hoisting rope shall be treated with a suitable rope compound as often as necessary and at least once in every month. Rope dressing.

(71) In no case shall a hoisting rope be used from which a defective portion has been cut out and the ends spliced. Spliced ropes not to be used.

(72) No hoisting rope which has previously been in use in any place beyond the control of the owner or manager shall be put on anew except with the permission of the Inspector of Mines. History of rope necessary.

(73) The factor of safety of all hoisting ropes when newly installed in shafts less than 2,000 feet in depth shall in no case be less than six, and in shafts over 2,000 feet in depth and less than 3,000 feet in depth shall not be less than five. The factor of safety shall be calculated by dividing the breaking strength of the rope as given in the manufacturer's published tables by the sum of the maximum load to be hoisted plus the total weight of the rope in the shaft when fully let out. Factor of safety of hoisting rope.

No hoisting rope shall be used for the raising or lowering of men when its factor of safety based on its existing strength and dead load shall have fallen below 4.5.

No hoisting rope shall be used for the raising or lowering of men when the number of broken wires in one lay of said rope exceeds six, or when marked corrosion appears.

(74) Head sheaves shall be of such diameter as shall be suited to the rope in use. Head sheaves.

(75) No person shall travel or be permitted to travel in a bucket, cage or skip operated by an engine which is being simultaneously used for the hoisting of mineral or material, except as provided for in rule 51 clause (c). Hoisting men and material simultaneously.

(76) Hoisting from mine workings with horse and pulley-block is forbidden. Hoisting with horse and pulley-block.

(77) The connection between the hoisting rope and the bucket, cage, skip or other means of conveyance shall be of such a nature that the risk of accidental disconnection is reduced to a minimum. Connections between rope and bucket, etc.

(78) On the drum of every machine used for lowering or raising persons there shall be such flanges or horns, and also, if the drum is conical, such other appliances as may be sufficient to prevent the rope or cable from slipping off. Slipping of rope on drums.

Counter-weights.

(79) Where counterweights are used in shafts, the compartment in which they operate shall be securely enclosed.

Brakes required.

(80) Where hoisting is done by means of an engine an adequate brake or brakes shall be attached to the drum of the hoist and kept in proper working order.

Type of brake.

(81) Such brakes shall be so arranged that, whether the engine is at work or at rest, they can be easily and safely manipulated by the hoistman when standing at the levers controlling the engine. No hoist used for the raising or lowering of persons, or used in shaft sinking, shall be equipped with a brake or brakes operated by means of a hoistman's foot unless such brake is an auxiliary electrical device. The adjustments of brake or brakes shall be maintained in such condition that when the normal power of the brake or brakes is applied the brake lever will still have a clearance between itself and the ends of the quadrant in which it works.

Locking gear.

(82) The operating gear of the clutch of the drum shall be provided with locking gear to prevent inadvertent withdrawal of the clutch.

Locking devices.

(83) Such bolts and other fittings of the drums, brakes and clutches as might be a source of danger in the event of their becoming loosened shall be rendered secure by means of suitable locking devices.

Brakes to be tested.

(84) The operator of a hoisting engine shall not, after going on shift, unclutch a drum of his engine until he has assured himself immediately beforehand, by testing the brake of the drum against the normal starting power of the engine, or in case of an electric hoist against the normal starting current, that the brake is in proper condition to hold the load suspended from said drum.

Friction clutches.

(85) When the hoisting engines are fitted with friction clutches, the operator, after going on shift, shall, when clutching in, test the holding power of the clutch before releasing the brake of the corresponding drum, the brake of the other drum being kept off. In case of a steam or air hoist, the test shall be made against the normal starting power of the engine, and in case of an electric hoist against the normal starting current.

Auxiliary brake required.

(86) In case of non-reversible steam or air hoists and single-drum electric hoists, not used in balanced hoisting, an adequate auxiliary brake shall be installed on the drum

of

of the hoist before the same shall be used for hoisting or lowering men, but non-reversible steam or air hoists with throttle-controlled exhaust shall not require such auxiliary brake.

(87) Every hoisting engine shall, in addition to any marks on the rope, be provided with a reliable depth indicator, which will clearly and accurately show to the operator at all times: ^{Indicator required.}

- (1) the position of the bucket, cage or skip; and
- (2) at what positions in the shaft a change of gradient necessitates reduction in speed;

but this rule shall not apply to hoisting engines used in sinking operations when the hoistman has an unobstructed view of the landing station and the distance from the landing station to the bottom of the shaft does not exceed 300 feet. ^{Exemption.}

(88) In every shaft exceeding 600 feet in depth adequate provision shall be made whereby the hoistman is warned of the arrival of the bucket, cage or skip at a point in the shaft, the distance of which from the top landing place is not less than the equivalent of three revolutions of the drum of the hoisting engine. Such device shall be operated independently of the hoist indicator. ^{Warning signal.}

Haulage.

(89) No person shall ride upon or against any loaded car in any level, drift or tunnel in or about any mine. In mechanical haulage this shall not apply to train crews. ^{Riding on loaded cars, etc.}

(90) On every level on which mechanical haulage is employed, a clearance of at least eighteen inches shall be maintained between the sides of the level and the cars. ^{Clearance between cars and sides of level.}

Scaling, Escapement Shafts, Etc.

(91) The owner, manager, or other authorized person shall examine daily all parts of the mine where drilling and blasting is being carried on; shall examine at least once a week the other portions of a mine in which operations are being carried on, such as shafts, winzes, levels, stopes, drifts, crosseuts and raises, in order to ascertain that they are in a safe working condition; shall inspect and scale or cause to be

^{Examination of mine workings.}

be inspected and sealed the roofs of all stopes or other working places as often as the nature of the ground and of the work performed necessitates; shall provide a sealing record book, to be kept in the mine office, in which shall be entered daily all major sealing operations.

Scaling bar
to be
provided.

(92) The owner or manager shall provide and maintain an adequate supply of scaling bars, gads and other equipment necessary for scaling.

Life lines
to be used.

The owner or manager shall when necessary provide life lines for the workmen and it shall be the duty of the workman to continually wear such life lines while working in dangerous places.

Escapement
shafts.

(93) Every person who has sunk in any mine a vertical or inclined shaft to a greater depth than 100 feet, and who has drifted a distance of 200 feet or more from the shaft and has commenced to stope, shall provide and maintain, in addition to the hoisting shaft or the opening through which men are let into or out of the mine and the ore is extracted, a separate escapement shaft or opening. Such auxiliary exit shall not be less than 50 feet from the main hoisting shaft and shall not be covered by any inflammable structure. If such an escapement shaft or opening is not in existence at the time that stoping is commenced, work upon it shall be begun as soon as stoping is commenced and shall be diligently prosecuted until the same is completed and means of escapement other than the main shaft shall be provided to and connected with the lowest workings in the mine. The escapement shaft or opening shall be of sufficient size to afford an easy passageway, and shall be provided with good and substantial ladders from the deepest workings to the surface. With the exception of any erection used solely as a shaft-house, no permanent building, for any purpose, shall be erected within fifty feet of the mouth of a mine, unless there is such an auxiliary exit. No boiler shall be installed within one hundred feet of the collar of any shaft except with the written permission of the Inspector of Mines;

Proviso.

Provided that where the timber and wood in the hoisting shaft of a mine are constantly wet, and in the opinion of the Inspector it is not necessary for the safety of the workmen that the escapement shaft or opening be continued to and connected with the lowest workings, he may in writing so certify, and thereupon such requirement shall not apply to such mine, but the Inspector may require any other precautions to be taken which he may deem necessary.

(94) All timber not in use in a mine shall, as soon as practicable, be taken from the mine and shall not be piled up and permitted to decay therein. ^{Old timber to be removed.}

(95) All oil and other inflammable material shall be stored in a suitable manner and at a safe distance from any powder magazine, thaw house or shaft house. ^{Oil storage.}

(96) Calcium carbide shall be stored on the surface only in a suitable dry place and in its original container. It shall only be taken into a change house or shaft house in sufficient quantity for the day's use, and such precautions shall be taken as will ensure its being safely handled. No carbide shall be taken underground except in watertight containers. ^{Storage of carbide.}

Signals.

(97) Every working shaft which exceeds fifty feet in depth, unless otherwise permitted in writing by the Inspector, shall be provided with some suitable means of communicating by distinct and definite signals from the bottom of the shaft and from every level for the time being in work between the surface and the bottom of the shaft, to the hoist room. ^{Signalling.}

(98) All methods of signalling in a mine shall be printed and posted up in the engine house or hoist house and also at the top of the shaft and at the entrance of each level. ^{Code of signals.}

The following code of mine signals shall be used at every mine:

Code of Mine Signals.

- | | |
|--------------|---------------------------------|
| 1 bell | Stop immediately—if in motion. |
| 1 bell | Hoist. |
| 2 bells..... | Lower. |
| 3 bells..... | Men about to ascend or descend. |

The 3-bell signal must be given before men enter the cage. When the hoistman receives this signal, he must not move cage for ten seconds after he has received the balance of the signal. In case he is unable to act within one minute of the time he has received the signal, he shall not move hoist until he receives fresh signal. When the hoistman receives a 3-bell signal he shall remain at his levers until the full signal has been received and the act of hoisting or lowering completed.

- 4 bells Blasting signal. Engineer must answer by raising bucket, skip or cage a few feet and letting it back slowly, then one bell, hoist men away from blast.
- 9 bells..... Danger signal in case of fire or other danger. Then ring number of station where danger exists.

Special signals may be used at any mine, if they have been approved by the Inspector.

Signal to be given only by authorized person.

(99) No person, unless duly authorized, shall give any signal for moving or stopping bucket, cage or skip. No signal shall be given unless the bucket, cage or skip is at the level from which the signal is to be given. No unauthorized person shall give any signal, other than the danger signal, or in any way whatsoever interfere with the signalling arrangements.

Notices to be posted showing number of men permitted to ride.

(100) A notice showing clearly the number of persons allowed to ride on, and the weight of materials allowed to be loaded on the cage or skip shall be posted at the collar of the shaft. The person authorized to give signals will be held responsible for observance of such notice. No person shall offer obstruction to the enforcement of such notice.

Protection from Machinery.

Railing or casing when required.

(101) Every fly-wheel, geared-wheel, bull-wheel, pulley or belt, and every opening through which any wheel or belt operates, shall be enclosed with a substantial railing or casing.

Uneven projections to be covered.

(102) Every key, bolt, set-screw, and every part of any wheel or other revolving machinery which projects unevenly from the surface shall be covered.

Runways, etc., used for oiling to have hand rail.

(103) Every runway and staging used for oiling or other purposes more than five feet from the floor shall be provided with hand-railing.

Protection of entrances.

(104) Every entrance to any elevator, hatchway or well-hole shall be provided with a suitable trap-door, guard-rail, or automatically closing gate.

Wearing loose clothing.

(105) Persons engaged in dangerous proximity to moving machinery shall not wear or be allowed to wear loose outer clothing.

(106)

(106) Every frog in a track, either above or below ground, ^{Frogs in tracks.} on which cars are moved by mechanical power shall have a guard block of wood or iron.

(107) Every locomotive engine, trolley or motor car used ^{Gongs, etc., on hauling engines.} for hauling material, either above or below ground shall be equipped with a gong, bell or whistle, which shall be sounded when starting and at such other times as warning of danger may be required.

(108) Power-driven grinding wheels shall be provided ^{Grinding wheels to be guarded.} with a hooded guard of sufficient strength to withstand the shock of a bursting wheel. This guard shall be adjusted close to the wheel and extend forward, over top of the wheel, to a point at least thirty degrees beyond a vertical line drawn through the centre of the wheel.

(109) Every counterweight shall be so situated or guarded ^{Counterweights.} that injury to any person would not be probable should it become detached from its fastenings.

(110) No stair exceeding five feet in height shall be built ^{Stairways.} at a greater inclination than fifty degrees from the horizontal. All stairs exceeding five feet in height shall be provided with a substantial hand-rail.

(111) Guard rails shall be placed at the approach to rail- ^{Guard rails at track approaches.} way tracks, where the view of such tracks is obstructed in one or both directions.

Boilers.

(112) (1) Every steam boiler used for generating steam ^{Steam boilers} in or about a mine shall, whether separate or one of a range—

(a) have attached to it a proper safety-valve, and also ^{Safety Valves} a proper steam-gauge and water-gauge, to show respectively the pressure of steam and the height of water in each boiler;

(b) be inspected by an Ontario Government Boiler ^{Boiler inspection} Inspector or by an Inspector of a Boiler Insurance Company at least once in every twelve months; and a certified copy of the report of the inspection shall be forwarded to the Inspector within seven days;

Mainten-
ance.

(2) Every such boiler, safety-valve, steam-gauge and water-gauge shall be maintained in proper working condition.

Dressing Rooms.

Dressing
room.

(113) If more than ten persons to each shift are ordinarily employed in the mine below ground, sufficient accommodation, including supplies of clean cold and warm water for washing, shall be provided above ground near the principal entrance of the mine, and not in the engine room, boiler room, or nearer than fifty feet to the shaft house, for enabling the persons employed in the mine to conveniently dry and change their clothes.

Aid to Injured.

Stretchers
for con-
veyance of
injured
persons.

(114) At every mine a properly constructed stretcher shall be kept for the purpose of conveying to his place of abode any person who may be injured while in the discharge of his duties at the mine.

Supplies
for first
aid.

(115) A supply of articles suitable for first aid shall be kept accessible at every mine for the treatment of anyone injured, including the following:—antiseptic gauze, carbolated vaseline, sponges, soap, carbolic acid, tablets of bichloride of mercury, linseed oil, bandages, towels and a wash basin, or such first-aid service as is required by the Workmen's Compensation Board of Ontario.

Antidotes
and washes.

(116) At every mine or works where poisonous or dangerous compounds, solutions or gases are used or produced there shall be kept in a conspicuous place as near the same as practicable, a sufficient supply of satisfactory antidotes and washes for treating injuries received from such compounds, solutions or gases. Such antidotes and washes shall be properly labelled, and explicit directions for their use affixed to the boxes containing them.

Prevention of Dust.

Removal
of dust.

(117) In every mill or plant where, by reason of dry crushing or otherwise, there is in the air of the building dust in quantity to be injurious to health, suitable apparatus shall be installed for its removal.

Keeping
water sup-
ply to lay
dust.

(118) Every dusty place where work is being carried on in a mine shall be adequately supplied at all times with clean water under pressure or other approved appliances for laying the dust caused by drilling or blasting operations.

(119)

(119) The times for blasting shall be so fixed that the workmen shall be exposed as little as practicable to dust and smoke. Time for blasting.

(120) Workmen employed at metallurgical works shall be supplied with suitable shields and appliances to protect them as far as possible from being burned with molten material. Shields for protection against burning.

Sand and Gravel Pits.

(121) In open-pit workings of sand and gravel the method of removing material by undermining shall not be allowed. No vertical working place shall have a height of more than ten feet; where the thickness of material to be excavated exceeds ten feet in depth, the work shall be done in terraces, or at an angle of safety. This rule shall not apply to pits where the material is excavated solely by mechanical means. Undermining forbidden.

(122) All hoisting ropes used on cranes shall be subject to the same rules as are laid down for hoisting ropes at mines. Rules for crane ropes.

(123) The owner or manager shall depute some qualified person or persons to examine daily such parts of the cranes or apparatus pertaining thereto upon the proper working of which the safety of persons depends. A record of such examinations shall be kept. Daily examination of cranes.

(124) Every crane shall be equipped with suitable devices to prevent overwinding. Overwinding devices.

(125) No person under the age of eighteen years shall be allowed to operate an elevator. Age of elevator operator.

(126) No person under the age of eighteen years shall be allowed to operate a crane. Age of crane operator.

(127) When a hoistway is not enclosed in walls, access to the hoistway by means of an adjacent stairway, platform or floor, which is not an authorized landing, shall be prevented by means of a partition to a height of at least six feet. Guarding hoistway.

(128) Every entrance to a hoistway shall be provided with a substantial door or doors or gate or gates at least six feet in height. All folding gates over three feet wide shall have top and bottom centre braces. Folding gates.

(129) All guide rails for cars and counterweights shall be of substantial construction, and shall be securely fastened to the sides of hoistway, and the bottom ends shall rest on a secure foundation, and be firmly fixed in that position. Guide rails.

**Clearance
for car**

(130) On every elevator hereafter installed a clear space of not less than three feet shall be provided between the bottom of the hoistway and the lowest point of the car when the car is at its lowest landing, and between the top of the car and the sheave when the car is at its top landing, and also between the top of the counterweight and the sheave when the car is at its lowest landing.

Lighting

(131) Every hoistway landing and place where machinery is erected shall be well lighted.

**Protection
on elevator.**

(132) Every elevator on which any person travels shall be provided with side casing, and shall have a door or doors extending at least five feet above the bottom of elevator, and the top shall be covered with suitable protective roofing.

**Safety
catches.**

(133) Every elevator on which any person travels shall be provided with efficient safety catches capable of holding the elevator and twice the maximum load in any position in the hoistway. When the safety catches are operated through shafts, all the levers and safety catches shall be keyed to the shafts.

**Automatic
safety
devices.**

(134) Every elevator shall be provided with automatic devices at the top and bottom of the travel of a car in the hoistway, so arranged that the car will be stopped before it has travelled two feet above the top landing, or two feet below the bottom landing, and all drum hoists shall, in addition, be fitted with automatic stop motions to prevent overwinding.

**Protecting
counter-
weights.**

(135) All counterweights shall have their sections strongly bolted together, and shall be so situated that they cannot fall upon any part of the elevator or machinery, and shall be suspended in their guides in such a manner that they will run freely without danger of being detached. Where counterweights run in the same hoistway as the car they shall be protected with a substantial screen of iron or steel from top of guides to a point fifteen feet below.

Blast Furnaces.

Ventilation.

(136) At all furnaces of the hand-filled type the room at the furnace top where workmen are engaged shall be adequately ventilated, and there shall be provided and maintained in good order a stairway equipped with hand-rail, from the top of the furnace to the ground level below, affording a safe means of exit in case of danger from any cause.

(137) Whenever it is necessary for a workman to go up on the bustle pipe for any purpose, he shall first notify the furnace keeper or some other responsible person, whose duty it shall be to remain on watch during the period the workman is engaged on the bustle pipe.

Protecting
workmen.

(138) All bustle pipes shall be provided with safe working platforms, equipped with hand-rails, at least three feet six inches in height, and wherever practicable the platform shall not rest directly on the bustle pipe, but be supported on angle bars, so that the floor plate will not become sufficiently hot to cause burns to a workman falling on it. Access to the platform shall be by stairway provided with hand-rails.

Protection
from
bustle
pipes.

(139) Whenever it becomes necessary for a workman to go on top of the furnace for oiling, cleaning or other duty, he shall notify the foreman or other responsible person, who shall see that not less than two men go on top for any purpose. It shall be the duty of one workman to act as watcher and to give the alarm to the stock house, cast house, or bell operator, and render every possible assistance in case of danger from gassing or other causes.

Guarding
workmen
on top of
furnace.

(140) Life lines and belts, in good order, shall be provided and kept in some secure and readily accessible place for immediate use in case it becomes necessary to rescue a workman from the top rigging, and also for use by any workman whose duties require him to work in an atmosphere which is liable to become gaseous.

Life lines.

(141) A proper and adequate line of communication by telephone, gong or other mechanical means shall be maintained between the furnace top and all other dangerous places, and the cast house, skip operator's room, or other place where workmen are continuously on duty.

Line of
communica-
tion.

(142) All stairways shall be inclined at an angle not greater than 50 degrees from the horizontal, and provided with landings or turn-outs, at intervals of 25 feet, so that it will not be possible for a workman to fall from the top to the foundation landing below.

Stairways
protected.

(143) Every foreman shall personally supervise or appoint a competent assistant to supervise any work around the furnace involving unusual accident hazard, such as work in gas mains or cleaners, tearing out linings, work in the cast house, about the stoves when blowing in or blowing out, and any work about the bells or stock line. He shall also, when the furnace is known to be hanging and liable to slip, see that no workman is allowed on top for any purpose.

Supervision
of hazard-
ous work.

**Inspection
of stock
piles**

(144) Stock piles of ore, limestone, coke or other material shall be inspected daily by some authorized person whose duty it shall be to see that they are in a safe working condition.

**Protection
around
bell**

(145) Whenever ore becomes frozen in the hopper and workmen are required to bar the same into the furnace, a proper guard-rail shall be provided to prevent workmen slipping on to the bell, and all workmen so engaged shall be equipped with belt and life line.

**Rescue
apparatus**

(146) There shall be maintained at all blast furnaces in a readily accessible place breathing apparatus and portable resuscitating apparatus of approved type, with an adequate supply of oxygen and absorbent material. There shall always be on duty in each working shift a workman or workmen appointed by the superintendent and trained in the use of the breathing and resuscitating apparatus.

RULES GOVERNING USE OF ELECTRICITY.

Definitions.

**"Electrical
Supply
Station"**

Electrical Supply Station means any building, room, or separate space within which is located electrical supply equipment and which is accessible, as a rule, only to properly qualified persons. This includes generating stations and substations, and generator, storage battery and transformer rooms.

**"Utilization
Equipment"**

Utilization Equipment means equipment, devices, and connected wiring, which utilize electrical energy for mechanical, chemical, lighting, testing, or similar purposes and are not a part of supply equipment.

"Voltage"

Voltage or Volts means the highest effective voltage between the conductors of the circuit concerned, except that in grounded multiwire circuits, not exceeding 750 volts between outer conductors, it means the highest effective voltage between any wire of the circuit and the ground.

In ungrounded, low-voltage circuits, voltage to ground means the voltage of the circuit.

"Grounded"

Grounded means connected to earth or to some extended conducting body which serves instead of earth. This ground connection may be at one or more points.

"Cut-out"

Cut-out means any device, such as a fuse or circuit-breaker, by which the electrical continuity of a conductor may be automatically broken by changes in current or voltage.

Switch

Switch means a device for opening or closing or changing ^{"Switch."} the connections of a circuit manually. In these rules a switch is always to be understood as operated manually, unless otherwise stated.

Disconnecter means a switch which is intended to open ^{"Disconnector."} a circuit only after the load has been thrown off by some other means.

Re-construction means replacement of any portion of an ^{"Re-construction."} existing installation by new equipment or construction, but does not include ordinary maintenance replacements.

Wire Gauge, Brown and Sharpe (B. & S.) is the standard. ^{"Wire Gauge."}

Switchboard means a large single panel or assembly of ^{"Switchboard."} panels on which are mounted switches, fuses, busses, and usually instruments, and accessible both in front and in rear. Circuits and machinery of relatively large capacity are controlled from such boards.

Panelboard means a single panel containing busses, fuses ^{"Panel-board."} and switches to control lights, and devices of small individual as well as aggregate capacity, placed in or against a wall or partition and accessible only from the front.

GENERAL RULES.

(147) Where electrical apparatus or machinery is used ^{Competent person in charge.} at any mine it shall be in charge of an authorized person, who shall be qualified by experience to handle such apparatus or machinery. Every person operating or having charge of electrical apparatus shall have been instructed in his duty and shall be competent for the work that he is set to do. Repairs, extensions and changes shall be made to existing electrical equipment and conductors only by authorized persons.

(148) No person, other than the person authorized by the owner, manager, or superintendent, shall enter an electrical ^{Supply stations to be inaccessible to unauthorized persons.} supply station or interfere with the workings of any machine, transformer, motor, or apparatus connected therewith, and when the authorized person is not present the door of such room shall be kept securely locked.

(149) All electrical equipment shall be of such construction and so installed and maintained as to reduce the life and ^{General requirements.} fire hazard as far as practicable.

Inspection
and
repairs.

(150) Electrical equipment shall comply with these rules when placed in service, and shall thereafter be periodically inspected and, when necessary, cleaned. Defective equipment shall be put in good order or permanently disconnected. Defective wiring shall be repaired or removed.

When
electrical
utilization
equipment
is to be deemed
supply
station.

(151) Electrical utilization equipment as well as generating equipment, if enclosed in a separate room which is inaccessible to unauthorized persons, and when in service is under the control of a qualified electrical operator whose attention is not distracted by other processes, shall be considered as electrical supply station equipment, and such exceptions as are made to the general rules for supply stations shall apply to these installations.

Identifi-
cation of
equipment.

(152) All electrical equipment shall be suitably identified where necessary for safety. The voltage and intended use shall be shown, where important.

GENERAL GROUNDING RULES.

Circuits
to be
grounded.

(153) All circuits not over 150 volts shall be grounded if exposed to leakage from higher voltage circuits either through overhead construction or through transformers having primary voltage exceeding 750 volts. Three-wire single-phase circuits and three-wire direct-current circuits not exceeding 300 volts between outer conductor shall have the neutral grounded.

Equipment
to be
grounded.

(154) Electrical equipment shall, when practicable, have the exposed non-current-carrying parts such as frames of motors, generators, switchboards, cases of transformers, oil switches and instruments and casings or wiring and conductors permanently grounded:

1. For all equipment over 150 volts;

2. For all equipment where metal parts are within reach of exposed grounded surfaces, such as metal frames of other machines, plumbing fixtures, conducting floors or walls (such as damp wood, concrete or rock underground). Grounded surfaces within 5 feet horizontally of the parts considered, or within 8 feet vertically of the floor shall be considered within reach.

Equipment
and wire
runways.

(155) The point at which ground conductor is attached to the equipment or wire runways shall, if practicable, be readily accessible.

(156)

(156) The ground conductor shall be of copper or other ^{Material} metal which will not corrode excessively under the existing ^{and con-} conditions and, if practicable, shall be continuous. Ground ^{tinuity of} connections from circuits shall not be made to jointed piping ^{ground} within buildings, except that water or air piping beyond any ^{conductor.} point which is liable to disconnection may be used.

(157),—(a) For grounding circuits the ground conductors ^{Size of} must have a carrying capacity equal to that of the circuit ^{ground} and must never be less than No. 6 B. and S. ^{conductor.}

(b) For electrical equipment the current-carrying capacity of a ground conductor shall not be less than that provided by a copper wire of the size indicated in the following table. When there is no cut-out protecting the equipment, the size of the ground wire will be determined by the design and the operating conditions of the circuit.

Capacity of nearest automatic cut-out.	Required size ground conductor B. and S. gauge.
200 to 500 amperes.....	4
100 to 200 ".....	6
30 to 100 ".....	10
10 to 30 ".....	14

In portable cord to portable equipment protected by fuses not greater than 10-ampere capacity, No. 16 ground wire may be used.

(158) Ground conductors shall have mechanical protec- ^{Protecting} tion and insulating guards extending for a distance of not ^{ground} less than eight feet above any ground, platform or floor. If ^{wire.} attached to buildings ground conductors shall be supported on insulators and must be protected by porcelain bushings through floors, partitions or walls.

(159) Main water or air lines may be used for grounds, ^{Character} provided that connection is made at a point where pipe is ^{of ground.} not liable to disconnection for alteration or repairs. Main water or air lines may be substantially bound together for this purpose, but shall, unless connected to a buried piping system of considerable extent, be connected to an artificial ground.

(160) The ground connection to metallic piping systems ^{Method of} shall be made by sweating a ground wire into a lug attached ^{connection.} to a suitable clamp and firmly bolting the clamp to the pipe, after all rust and scale have been removed, or by any other equivalent method.

(161)

**Artificial
grounds.**

(161) Artificial grounds shall be located, where practicable, below the permanent moisture level, or failing this at least six feet deep. Each ground shall present not less than four square feet of surface to the exterior soil. Areas where ground water level is close to the surface shall be used where available.

**Where
separate
ground
conductors
required.**

(162) Ground conductors shall be run separately to the ground (or to a sufficiently heavy grounding bus or system ground cable which is connected to ground at more than one place) from equipment and circuits of each of the following classes: (1) lightning arresters; (2) secondaries connected to low-voltage lighting or power circuits; (3) secondaries of current and potential transformers and cases of instruments on these secondaries; (4) equipment operating in excess of 750 volts; (5) frames of utilization equipment or wire runways other than covered by item (4).

**Lightning
arrester
grounds.**

(163) Lightning arrester ground connections shall not be made to the same artificial ground (driven pipe or buried plate) as circuits or equipment, but shall be well spaced and, where practicable, at least 20 feet from other artificial grounds.

WORKING SPACE ABOUT ELECTRICAL EQUIPMENT.

**Utilization
equipment.**

(164)—(a) Suitable working space shall be provided and maintained about all electrical equipment. Where adjacent to exposed live parts such working spaces shall be so arranged that they will not be used as passageways. The working spaces shall, where practicable, have minimum horizontal dimensions, where adjacent to exposed live parts within 8 feet of the floor, as follows: (1) Parts above 150 volts to ground, if on one side 2.5 feet; if on two sides, 4 feet; (2) parts below 150 volts to ground, if on one side, 1.5 feet; if on two sides, 2.5 feet.

**Supply
station
equipment.**

(b) In supply station equipment the following clearances only need be maintained: (1) Parts from 300 up to 750 volts, if on one side, not less than 2.5 feet; if on two sides, not less than 3 feet; (2) parts above 750 volts, if on one side, not less than 3 feet; if on two sides, not less than 5 feet.

GUARDING OR ISOLATING LIVE PARTS.

**Guarding
current-
carrying
parts.**

(165) In supply station equipment current-carrying parts shall be guarded unless they are maintained at the following distances above floors which may be occupied by persons:

Voltage

Voltage of Conductors.		Elevation in Feet.
300 to	750	7
750 to	2,500	7.5
2,500 to	7,500	8
7,500 to	30,000	9
30,000 to	70,000	10
70,000 to	100,000	12

(166)—(a) All exposed current-carrying parts of electrical equipment such as bus bars, conductors and terminals operating at over 150 volts and not isolated by elevation at least eight feet shall, where practicable, be provided with suitable permanent enclosures or other guards arranged so as to prevent persons or conducting objects from inadvertently coming (or being brought) in contact with the parts in question.

Guarding
current-
carrying
parts.

(b) Where the current-carrying parts at over 150 volts or in supply stations at over 300 volts, to ground must necessarily be exposed (unguarded) within eight feet, or in supply stations within the limits called for in rule 165, from the floor line all surrounding conducting floors shall be covered with suitable insulating platforms, mats or other insulating devices.

(c) Where the current-carrying parts operate at over 7,500 volts, inclosing or barrier guards shall always be provided, even when insulating mats are also provided.

STORAGE BATTERIES.

(167) Storage batteries in rooms used also for other purposes shall be adequately guarded or enclosed. Means shall be provided, if necessary, to prevent dangerous accumulation of inflammable gas. Batteries whose operating voltage exceeds 50 volts shall be installed in conformity with the general rules covering equipment.

Protection
of storage
batteries.

TRANSFORMER RULES.

(168)—(a) Secondary circuits of current transformers shall be provided with means for short-circuiting them which can be readily connected while the primary is energized, and which are so arranged as to permit the removal of any instrument or other device from such circuits without opening the circuits.

Protecting
instrument
trans-
formers.

(b) When primaries are above 7,500 volts secondary circuits of current and potential transformers, unless otherwise adequately protected from injury or contact of persons, shall be in permanently grounded conduit.

(c)

(c) The low-voltage circuit of all instrument transformers shall be permanently grounded unless the circuits are installed and guarded as required for the high-voltage circuits of the transformers.

Construction of transformers

(169) Oil immersed transformers must not be attached to any building other than a transformer house not of fireproof construction or mounted on or above combustible roofs, and if within a building other than a transformer house must be in a fireproof compartment suitably drained and ventilated to outdoors, the door openings to be provided with not less than six-inch non-combustible sills.

Location of transformer stations

(170) Transformer stations must be at least fifty feet distant from other buildings if not entirely of fireproof construction, or if containing over fifty imperial gallons of oil.

LIGHTNING ARRESTER RULES.

Inaccessible to unauthorized persons

(171) If the operating voltage of the circuit exceeds 750, the lightning arresters shall be made inaccessible to unauthorized persons.

Location

(172) Lightning arresters, when installed inside of buildings, shall be located, as far as practicable from all other equipment and from combustible parts of the building.

Provisions for disconnecting

(173) Lightning arresters on circuits over 7,500 volts and all lightning arresters which may require work to be done upon them from time to time, shall be so arranged, isolated, and equipped that they may be readily disconnected from conductors to which they are connected by air-brake manual disconnectors.

Ground wires

(174) Ground wires shall be run as directly as possible and be of low resistance and ample capacity. In no case shall ground wires be less than No. 6 copper wire. Ground conductors for lightning arresters shall not pass through iron or steel conduits unless electrically connected to both ends of such conduits.

Grounding non-current carrying parts

(175) All non-current carrying parts of the arresters shall be grounded, unless effectively isolated by elevation, or guarded as required for live parts of the voltage of the circuit to which the arrester is connected, and suitably identified as to that voltage.

Guarding live parts

(176) All current-carrying parts of arresters on circuits above 750 volts, unless effectively isolated by elevation, shall be adequately guarded to protect persons from inadvertent contact with them, or from injury by arcing. Guarding shall comply with rules 166 and 179.

CONDUCTORS

CONDUCTORS.

(177)—(a) Conductors shall be suitable for the location, use and voltage and each conductor (except neutral conductors, ground wires, and conductors of circuits, the opening of which may cause special hazard by interruption of service or removal of protection), shall be protected against excessive current by suitable automatic cut-out or by the design of the system. Electrical protection of conductors.

(b) All conductors normally grounded for the protection of persons shall be arranged without automatic cut-outs interrupting their continuity between the sources of electrical supply and the point at which the ground wire is attached, unless the cut-out opens all the conductors of the system with one operation. Cut-outs omitted.

(178) All conductors where not protected by conduit or armouring must have approved insulation and must be mounted on cleats, porcelain knobs or insulators and must be separated from contact with floors, walls or partitions by tubes of incombustible insulating material. Insulating conductors.

(179) All fixed conductors operating at over 300 volts or in supply stations at over 750 volts unless isolated by an elevation of at least eight feet shall be enclosed in grounded metal conduit, grounded metal sheathing or shall be guarded by permanent screens or enclosures. Isolating conductors.

(180) Bare conductors shall be used only for switchboard, panelboard storage-battery connections or for open wiring at voltages exceeding 2,400 volts in supply stations or for electrolytic low-voltage furnaces and similar connections, or for trolley wires and other contact conductors. Except at points where permanent ground connections are made such conductors within buildings shall be kept insulated from the ground. Use of bare conductors.

(181) Temporary wiring and equipment, which is not in compliance with these rules, may be used, but only when under competent supervision, or protected by suitable barriers or warning signs while it or neighbouring wiring is alive and accessible to unauthorized persons. Temporary wiring.

FUSES, CUT-OUTS, SWITCHES AND CONTROLLERS.

(182) All switches, automatic cut-outs, controllers, start-General ing rheostats, auto starters and other control devices shall be readily and safely accessible to authorized persons; they shall requirement of switches.

be so located, labelled or marked as to afford means of identifying circuits or equipment supplied through them, or whether they are open or closed. They shall be so installed, where practicable, that they cannot be closed by gravity and such switches as close by gravity shall be provided with a proper stopblock or latch to prevent accidental closing.

Switches
required
for equip-
ment

(183)—(a) Suitable switches shall be inserted in all circuit leads to generators, motors, transformers, storage batteries, electric furnaces and similar equipment except between parts or pieces of apparatus intended to operate as a unit.

Switches
for tem-
porary
in feeders.

(b) Suitable switches shall be inserted in all feeder conductors connecting utilization installations to service connections from either overhead or underground lines. These switches shall be readily accessible, and as close as practicable to the point of connection with the overhead or underground lines.

Switches
for tem-
porary
wiring.

(c) Switches or plug connectors shall be placed in all circuit leads at the point where temporary wiring or portable conductors are connected to the permanent wiring.

Capacity
of
switches.

(184)—(a) Switches used otherwise than as disconnectors shall have a rated capacity such as to insure safe interruption, at the working voltage, of the greatest current which they will be required to carry continuously, and shall be marked with the current they can safely interrupt.

Switches
have suffi-
cient rup-
turing
capacity.

(b) All cut-outs, switches, circuit breakers and other apparatus used for opening or closing an electric circuit shall be of such design as to operate safely on the system from which the circuit is energized.

Discon-
nectors.

(c) Disconnectors shall be of suitable voltage and ampere rating for the circuit in which they are installed and shall be accessible only to qualified persons. They shall also be protected by signs warning against opening the switch while carrying current in excess of the safe opening limit.

Locking or
blocking
switches.

(d) Means shall be provided so that switches controlling apparatus can be locked or blocked in the open position or plainly tagged to prevent careless closing while work is being done on the equipment unless all live and moving parts of the equipment are in plain sight of the switch.

(e) Switches, controllers and rheostats shall be so constructed as to make and maintain good contact. Knife switches shall maintain such alignment under service conditions that they may be closed with a single unhesitating motion.

Good contact required on switches.

(f) Unless a switch, operating on a circuit above 750 volts, makes an air break there shall, if equipment controlled by such switch requires adjustment or repairs while the conductors leading to such switch are still alive, be installed between it and the source of energy supply a suitable air-break disconnecter.

When air-break switches needed

(185)—(a) All manual switches over 150 volts to ground or in supply stations over 300 volts to ground shall have suitable casings or guards protecting the operator from danger of contact with current-carrying parts or being burned by arcing at the switch.

Enclosing live parts of switches.

(b) All switches interrupting circuits over 750 volts shall be operated by means of remote control mechanism or be provided with suitable casings protecting the operator from danger of contact with current-carrying parts, except as provided in clause *d* of this rule. The control device for switches shall indicate whether the switches are open or closed.

Guarding switches above 750 volts.

(c) Switches shall, if practicable, be so connected that switch blades will not be alive when in the open position.

Connections to switches.

(d) Where switches, disconnectors, and fuses above 750 volts are ordinarily guarded by covers or enclosed in separate rooms, but must occasionally be operated without such protection, either by removal of the covers or by entrance into the rooms, adequate working space shall be provided about the live parts, so that the operator will not be required to bring any part of his body within the following horizontal distances:

Working spaces about ordinarily guarded switches above 750 volts.

Voltage of parts.		Distance in feet.
750 to	7,500	1
7,500 to	30,000	2
30,000 to	50,000	3
50,000 to	70,000	4
70,000 to	100,000	5

(186)—(a) On circuits up to 300 volts to ground, where fusible cut-outs are not so arranged that they are necessarily disconnected from all sources of electrical energy before the ungrounded current-carrying parts can be touched, switches shall always be so placed or arranged that opening them will disconnect the fuses from all sources of electrical energy.

Switches to be placed before fusible cut-outs.

(b)

Protecting
fusible
cut-outs
above
300 volts.

(b) Fusible cut-outs above 300 volts to ground shall be in a cabinet or otherwise made inaccessible to all but authorized persons and switches shall be so placed and arranged that opening them will disconnect the fuses from all sources of electrical energy.

Fuses in
fireproof
cabinets.

(c) All fusible cut-outs shall be installed in approved fire-proof cabinets.

Capacity of
fuses

(d) The rated capacity of the fuses shall not exceed the allowable carrying capacity of the conductor.

SWITCHBOARDS.

Switch-
boards to
be readily
accessible.

(187)—(a) Switchboards and panelboards shall have all switches arranged so that the means of control are readily accessible to the operator.

Switch-
boards to
be conven-
ient for
operation.

(b) Instruments, relays, or other devices requiring reading or adjustment shall be so placed that the work can be readily performed from the working space provided.

Location
and light-
ing of
switch-
boards.

(188) Switchboards shall, where practicable, be so placed that the person operating them will not be endangered by machinery or equipment located near the board. Means for adequate illumination shall be provided.

Protecting
against
short cir-
cuiting on
switch-
boards.

(189) Exposed bare parts of different potentials on any switchboard or panelboard shall be as few as practicable and these shall be effectively separated.

Guarding
current-
carrying
parts of
switch-
boards.

(190)—(a) All switchboards and panelboards having exposed current-carrying parts operating at over 150 volts to ground shall, when practicable, be suitably encased in locked cabinets, screens, or rooms, or other enclosures to make them inaccessible to other than authorized operators. Conducting floors about such boards, and in supply stations about boards having equipment operating at over 300 volts to ground, shall be provided with suitable insulating platforms or mats so placed that no person can inadvertently touch live parts unless standing on the insulating platform or mats.

Switch-
boards
below 150
volts
accessible
to unautho-
rized
persons.

(b) Where switchboards or panelboards at voltages below 150 to ground are accessible to other than authorized operators, they shall, where practicable, be enclosed in cabinets or screens as an effective precaution against accidental short circuit at times when no operation of the board necessitates the opening of the cabinet or screen.

MOTOR CONTROL DEVICES.

(191)—(a) Manually controlled starters for all D.C. ^{Motor control devices.} motors and for all A.C. motors over 5 h.p. shall be so designed and the circuits so arranged that they return automatically to the "off" position upon the failure of the energy supply, except where the motors and their starting devices are, during operation, under the supervision of qualified persons and equivalent protection is otherwise provided.

(b) Each motor must be protected against excessive over- ^{Protecting motors against overload.} load current by cut-out or automatic circuit breaker, and overload device should interrupt the circuit at 50 per cent. over normal motor-current rating. An auto starter which disconnects all wires of the circuit automatically under overload when in the running position may be used as circuit breaker.

ILLUMINATING SUPPLY STATIONS.

(192)—(a) Rooms and spaces shall have good artificial ^{Lighting for supply stations.} illumination. Arrangement of permanent fixtures and plug receptacles shall be such that the portable cords need not be brought into dangerous proximity of live electrical apparatus. All lamps shall be arranged to be controlled, replaced, or trimmed from readily accessible places.

(b) A separate emergency source of illumination, from ^{Emergency lighting for supply stations.} an independent generator, storage battery, lanterns or other suitable source, shall be provided in every station where an attendant is located.

FIRE FIGHTING APPLIANCES.

(193) Each room or space where an operator is in attend- ^{Fire fighting appliances.} ance shall be provided with an adequate approved fire extinguishing appliance, conveniently located and conspicuously marked. Any such appliance which has not been approved for use on live parts shall be plainly and conspicuously marked with a warning to that effect whenever placed in rooms containing exposed live parts over 300 volts to ground.

POWDER MAGAZINES AND THAWS.

(194)—(a) All electric wiring in powder magazines and ^{Wiring in powder magazines and thaws.} thaws shall be installed in rigid conduit with screwed, waterproof joints, and such conduit shall be permanently grounded.

(b) The switches and fuses for lighting, heating or tele- ^{Switches to be outside of powder magazines building and thaws.} phone circuits for powder magazines or thaws shall be installed in a locked fireproof cabinet on the outside of the

building. The fuses for power used shall be such that they will interrupt the current at 25 per cent. over the normal load. Fuses for lighting circuits shall not exceed 10-ampere capacity.

Electric heating of powder thaws.

(c) Where water is the medium used for distribution of electrically generated heat for powder thaws the radiation pipes must be permanently grounded. If wire or grid type heaters are used they shall be installed in a fireproof compartment or box, separate from the room in which explosives are thawed.

LIGHTING FIXTURES.

Guarding current-carrying parts of lighting fixtures.

(195)—(a) Electric fixtures, such as lamp sockets and lamp bases, plugs, receptacles, etc., shall be so installed that no current-carrying parts will normally be exposed externally when these parts are within reach of grounded surfaces (see rule 166.) The high-temperature current-carrying parts of radiant heaters are exempted.

(b) Portable lamps shall not be connected to circuits operating at over 300 volts to ground.

Portable conductors exposed to injury.

(196)—(a) In locations where exposed to dampness or mechanical injury, portable conductors shall be of reinforced weatherproof cord, and, when necessary, armoured.

Style of portable lamps permitted.

(b) In locations where exposed to dampness or mechanical injury, portable lamps shall have their sockets enclosed in wood or composition handles, through which the conductor shall be carried, and shall have a substantial wire cage which encloses the lamp. A hook for hanging lamp shall be attached either to the cage or to the handle.

TROLLEYS AND PORTABLE APPARATUS.

Guarding trolley or crane collector wires.

(197)—(a) Trolley or crane collector wires, whether indoors or out, shall, where practicable, be elevated at least eight feet above the rail level and be provided with suitable guards so arranged that persons cannot inadvertently touch the current-carrying parts while in contact with the ground or with conducting material connected to the ground.

(b) In tunnels or under bins or in similar locations where trolley wires are necessarily less than eight feet above the rail level, the operating voltage shall not exceed 300 and the wires shall be efficiently guarded to prevent accidental contact of person.

(198)

(198) Portable and pendant conductors shall not be installed or used on circuits operating at over 300 volts to ground, unless they are accessible only to persons authorized to approach them. In such cases they shall be of a type suitable to the voltage and conditions.

CRANES AND ELEVATORS.

(199)—(a) Readily accessible means shall be provided whereby all conductors and equipment located in or on cars or cranes can be disconnected entirely from the source of energy at a point as near as possible to the trolley or other current collector.

(b) A circuit breaker or switch, capable of interrupting the circuit under heavy loads, shall be used unless the current collector can be safely removed, under heavy loads, from the trolley wire.

TELEPHONE EXPOSED BY SUPPLY LINES.

(200) Telephone or other signal apparatus which must be handled by persons and which is connected to overhead signal circuits exposed by supply lines over 400 volts to ground must be protected as follows:

- (1) By fuses and arresters.
- (2) All exposed non-current-carrying metal parts must be permanently grounded.
- (3) The apparatus shall be installed in such a way that a person using it will be obliged to stand on a suitably insulated platform, in a suitably insulated booth or on other insulating surfaces.

(201) Telephone or signal apparatus which is connected to a line which parallels a supply circuit of high voltage in such a manner as to be exposed to induced voltage shall be protected by transformers and shall comply with the requirements of Rule 200.

TRANSMISSION LINES.

(202) All electrical supply lines and equipment shall be of suitable design and construction for the service and the conditions under which they are to be operated, and all lines shall be so installed and maintained as to reduce the life hazard as far as practicable.

Guarding
supply
lines

(203) Conductors and other current-carrying parts of supply lines shall be so arranged as to provide adequate clearance from the ground or other space generally accessible, or shall be provided with guards so as to effectively isolate them from accidental contact by such persons.

Entrance to
buildings

(204) Where supply lines over 300 volts to ground are attached to any buildings for entrance they must be permanently guarded if accessible.

Clearance
required
by supply
lines over
railways.

(205) Supply lines carried over railways operated by steam, electric or other motive power and on which standard equipment, such as freight cars, is used shall have the style of construction and clearances overhead as called for in the rules of the Board of Railway Commissioners of the Dominion of Canada. Supply lines crossing over railways on which standard equipment is not used and lines crossing over roadway shall have ample clearance for the operating conditions and shall be substantially supported.

UNDERGROUND.

Restrictions
on use of
motors
under-
ground.

(206) Except with the written permission of the Chief Inspector of Mines, who shall prescribe such conditions as he may deem fit:—

(a) No motor over 750 volts to ground shall be used underground;

(b) The voltage supply for electrical traction underground shall not exceed 300;

(c) No electrical energy higher than 750 volts to ground shall be transmitted underground.

In under-
ground in-
stallations
switch to be
placed at
surface.

(207) Where electrical energy is taken underground provision shall be made that the current can be cut off, on the surface, close to the point where it is led underground. The cut-off switch or switches shall be situated in a separate locked building or compartment, and same shall be accessible only to an authorized person or persons.

Conduits
required.

(208) All cables over 300 volts transmitting power underground shall be armoured or enclosed in standard conduit and substantially supported.

Conduits
or insula-
tors for
lighting
circuits.

(209) Wires carrying not over 300 volts to ground for lighting and signal circuits shall either be in standard conduits or casings, or suspended from and securely tied to porcelain or glass insulators, so that they do not touch any timbering or metal. On no account shall staples be used.

(210) The armouring or casing of cables, mentioned in the two next preceding rules, shall be bonded together so as to be electrically continuous, and shall be connected at some point or points to a satisfactory ground. **Grounding of casings.**

(211) All rules governing grounding of electrical apparatus in general work shall apply equally to underground work. **Method of grounding.**

(212) All proper precautions shall be taken to prevent electric signal or telephone wires, whether insulated or not, coming into contact with other electrical conductors. **Precautions to protect signal and telephone wires.**

(213)—(a) Electricity from lighting or power cables shall not be used for firing shots, except when a special firing plug or switch is provided which plug or switch shall be placed in a fixed locked box, and shall only be accessible to the authorized shot firer. **Using electricity for firing shots.**

(b) The firing cables or wires shall not be connected to this box until immediately before they are required for the firing of shots, and shall be disconnected immediately after the shots are fired. **Connection and disconnection.**

(c) The firing cables or wires used for firing shots at one working place shall not be used for firing shots in another working place until all proper precautions have been taken to insure that such firing cables or wires have not any electrical connection with the leads from the first working place. **Firing cables.**

(214) When shot-firing cables or wires are used in the vicinity of power or lighting cables, sufficient precautions shall be taken to prevent the shot-firing cables or wires coming in contact with the lighting or power cables. **Precautions in using shot-firing cables.**

RULES GOVERNING ELECTRIC HOISTS.

(215) All electric hoists fitted with mechanically operated brakes shall be so installed that:—

(a) The mechanically operated brakes will be applied automatically the moment the power supply fails; **Automatic brakes.**

(b) In case of a heavy overload, such as would be caused by the shaft conveyance leaving the rails or becoming jammed in the shaft, a circuit breaker will cut off the power and thus allow the mechanically operated brakes to come into play; **Circuit breaker.**

(c)

Overwind
device.

- (c) A suitable overwind device, which can be set to engage shaft conveyance at any point in the head-frame, will cut off the current, in case of an overwind past this point, and thus allow the mechanically operated brakes to come into play. In default of a device of this nature the hoist shall be equipped with some other form of satisfactory and dependable overwind device. Such devices shall be tested out by the hoist man at least once a shift;

Brakes
operated
by mechanical
means.

- (d) The brakes shall, on failure of the power supply, be put into play by mechanical means, preferably gravity, and shall in no case be operated by an auxiliary electric current.

Testing for
over-loading.

- (216) When the Inspector has cause to believe that the shaft conveyance operated by any electric hoist is being overloaded he shall have the power to order a test to be made.

EXEMPTIONS.

Continuing
use of
certain
appliances.

- (217) Notwithstanding anything contained in these rules, any electrical plant or apparatus installed or in use, on or before the first day of January, 1920, may be continued in use, unless the Chief Inspector shall otherwise direct.

DAMAGE TO PROPERTY.

Wilful
damage.

- (218) No person shall wilfully damage, or without proper authority remove or render useless, any fencing, casing, lining, guide, means of signalling, signal, cover, chain, flange, horn, brake, indicator, ladder, platform, steam-gauge, water-gauge, safety-valve, electrical equipment or other appliance or thing provided in any mine in compliance with this Act.

GENERAL.

Persons
under the
influence of
or carrying
liquor.

- (219) No person under the influence of or carrying intoxicating liquor shall enter any mine or be in the proximity of any working place on the surface or near any machinery in motion.

Duty of
officials to
know
Mining
Act.

- (220) It shall be the duty of every manager, superintendent, mine captain, shift boss and every person in charge of workmen, explosives, machinery or electrical apparatus in or about a mine to know such of these rules as affect the work in which he is engaged.

(221)

(221) There shall always be enforced and observed by the owner and the agent of a mine, and by every manager, superintendent, contractor, captain, foreman, workman and other person engaged in or about the mine, such care and precaution for the avoidance of accident or injury to any person in or about the mine as the particular circumstances of the case require; and the machinery, plant, appliances and equipment and the manner of carrying on operations shall always, so far as can be foreseen, conform to the strictest considerations of safety.

(222) An abstract of the rules and regulations contained in this Act, authorized by the Chief Inspector of Mines, shall be posted up in suitable places at the mine or works where the same can be conveniently read and the owner or agent of the mine shall maintain such abstract, duly posted, and the removal or destruction of the same shall be an offence against this Act.

PAYMENT OF WAGES.

165.—(1) No wages shall be paid to any person employed in or about any mine to which this part applies at or within any tavern, shop or place where spirits, wine, beer or other spirituous or fermented liquors are sold or kept for sale, or within any office, garden, or place belonging or contiguous thereto or occupied therewith.

(2) Every person who contravenes or permits any person to contravene this section shall be guilty of an offence against this Act, and in the event of any such contravention by any person whomsoever the owner and agent of the mine in respect of which the wages were paid shall also each be guilty of an offence against this Act, unless he proves that he had taken all reasonable means to prevent such contravention by publishing and to the best of his power enforcing the provisions of this section.

166. In mining operations no person or company shall, without right or authority, cause damage or injury to the holder of any other mining property by throwing earth, clay, stones, or mining material thereon, or by causing or allowing water which may be pumped or bailed or which may flow from a mining claim or other mining property of such person, to flow into or upon such other mining property, and the offender in addition to any civil liability shall incur a penalty of not more than \$10 for every day such damage or injury continues, and in default of payment of the penalty and costs, may be imprisoned for any period not exceeding one month.

PARTY WALL.

Party walls,
thickness of.

167.—(1) Unless the owners agree to dispense therewith, in all mining operations there shall be left between all adjoining properties a party wall at least fifteen feet thick (being seven and one-half feet on each property), to the use of which the adjoining owners shall be entitled in common.

Use in
common.

(2) The owners shall be entitled to use such party wall in common as roadway for all purposes, and such roadway shall not be obstructed by the throwing of soil, rock or other material thereon, or in any other way, and any person obstructing the same in addition to any civil liability shall incur a penalty of not more than \$10 for every day such obstruction continues.

Dispensing
with.

(3) Any such adjoining owners may, in any case, apply to the Commissioner, who may make an order dispensing with such party wall or roadway, or providing for the working of any material therein, or otherwise, as he may deem just. 8 Edw. VII, c. 21, s. 167.

NOTICE OF ACCIDENTS.

Accidents
causing
death or
serious
injury.

168.—(1) Where, in or about any mine, whether above or below ground, any accident occurs which causes loss of life to any person employed in or about the mine, the owner, agent, manager or superintendent of the mine shall immediately notify, by telephone or telegraph, the Deputy Minister of Mines.

(2) Where, in or about any mine, whether above or below ground, any accident occurs which causes fracture or dislocation of any of the bones of the body, or any other serious personal injury, to any person employed in or about the mine, the owner, agent, manager or superintendent of the mine shall within three days next after the accident send notice in writing to the Inspector of Mines resident in that district on the form prescribed for such purpose.

"Serious
personal
injury,"
meaning
of.

"Serious personal injury" shall mean such an injury as in the opinion of the attending physician may result in the injured person being incapacitated for work for at least seven days.

Accidents.

(3) Where in or about any mine;

Over-
winding.

(a) Any case of overwinding a skip or cage;

Breakage
in cables.

(b) Any breakage of a rope or cable used for hoisting;

Inrush of
water.

(c) Any inrush of water from old workings or otherwise;

(d)

(d) Any outbreak of fire below ground; or

Fire below
ground.

(e) Any premature or unexpected explosion occurs,

Explosions.

whether or not loss of life or personal injury is caused thereby, the owner, agent, manager, or superintendent shall, within twenty-four hours next after the occurrence, send notice in writing to the Inspector resident in the district and shall furnish such particulars in respect thereof as may assist the Inspector in making inquiry into the circumstances.

Notice to
Inspector.

169. Where mining operations have been commenced upon any mine, claim, location or works or where such operations have been discontinued, or where such operations have been recommenced after an abandonment or discontinuance for a period exceeding two months, or where any change is made in the name of a mine or in the name of the owner or agent thereof, or in the officers of any incorporated company which is the owner thereof, the owner or agent of such mine, claim, location or works shall give notice thereof to the Deputy Minister within two months after such abandonment, discontinuance, recommencement or change, and if such notice is not given the owner or agent shall be guilty of an offence against this Act. 8 Edw. VII, c. 21, s. 169.

Notice of
changes in
connection
with the
working of
a mine or in
respect of
its officers.

STATISTICAL RETURNS.

170.—(1) For the purpose of their tabulation under the instructions of the Minister the owner or agent of every mine, quarry or other works to which this Act applies shall, on or before the 15th day of January in every year, send to the Bureau of Mines a correct return for the year which ended on the 31st day of December next preceding, showing the number of persons ordinarily employed below and above ground respectively, and distinguishing the different classes and ages of the persons so employed whose hours of labour are regulated by this Act, the average rate of wages of each class and the total amount of wages paid during the year, the quantity in standard weight of the mineral dressed, and of the undressed mineral which has been sold, treated or used during such year, and the value or estimated value thereof, and such other particulars as the Minister may by regulation prescribe.

Statistical
returns by
owners and
agents of
mines.

(2) The owner or agent of every metalliferous mine shall, if required, make a similar return for the month or quarter at the end of each month or quarter of the calendar year.

Monthly or
quarterly
returns.

Penalty.

(3) Every owner or agent of a mine, quarry or other works who fails to comply with this section, or makes any return which is to his knowledge false in any particular, shall be guilty of an offence against this Act.

PLANS OF WORKING.

Plans to be produced on inspection of mine.

171.—(1) On any examination or inspection of a mine the owner shall, if required, produce to the Inspector, or to any other person authorized by the Minister or Deputy Minister an accurate plan and sections of the workings of the same.

Making subsequent progress on plan.

(2) The plan and sections shall show the workings of the mine up to within six months of the time of the examination or inspection, and the owner shall, if required by the Inspector or other authorized person, cause to be marked on the plan the progress of the workings of the mine up to the time of the examination or inspection, and shall also permit him to take a copy or tracing thereof.

Plan of working mines to be filed.

(3) An accurate plan on a scale of not more than 50 feet to the inch of every working mine in which levels, crosscuts or other openings have been driven from any shaft, adit or tunnel, and of every mine consisting of a tunnel or shaft fifty feet or more in length shall be made and a certified copy filed in the Bureau of Mines on or before the 31st day of January in each year, showing the workings of the mine up to and including the 31st day of December next preceding.

Plans to be filed before abandonment.

(4) Before a mine or any part of a mine is abandoned, closed down or otherwise rendered inaccessible, all underground plans and sections shall be brought up to date and a certified copy filed in the Bureau of Mines.

Failure to furnish plans.

(5) Failure on the part of the owner or agent of the mine to comply with any provision of this section shall be an offence against this Act.

Plans to be treated as confidential.

(6) Every such plan shall be treated as confidential information for the use of the officers of the Bureau of Mines, and shall not be exhibited nor shall any information contained therein be imparted to any person except with the written permission of the owner or agent of the mine.

Penalty.

(7) Every owner or agent of a mine, quarry or other works who fails to comply with this section, or makes any return which is to his knowledge false in any particular, shall be guilty of an offence against this Act.

Commencement of Act.

14. With the exception of sections 1 to 12 inclusive, this Act shall come into force and effect on the first day of January, 1920.

CHAPTER 13.

An Act respecting Natural Gas.

Assented to 24th April, 1919.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. This Act may be cited as *The Natural Gas Act, 1919*. Short title.
2. In this Act:—

Interpreta-
tion.

 - (a) "Minister" shall mean the Minister of Lands, ~~M~~inister
Forests and Mines;

This Agreement dated the 22nd day of January, 1919.

Between

Hydro-Electric Power Commission of Ontario, herein called the
"Commission," party of the first part;

and

Municipal Corporation of the Village of Chippawa, herein called
the "Corporation," party of the second part.

Whereas the City of Toronto and other municipalities named
in column 1 of the schedule of the agreement dated 4th May, 1908,
hereto attached and marked "A," have agreed with the Commission
for a supply of power from Niagara Falls;

And whereas the Corporation, under the provisions of the *Power
Commission Act* and amendments thereto, Revised Statutes of
Ontario, chapter 39, has applied to the Commission for a supply
of power and has passed a by-law, No. 352, passed the 26th day of
July, 1918, to authorize the execution of an agreement therefor;

Now this indenture witnesseth that in consideration of the
premises the Commission agrees to supply to the Corporation
twenty-five (25) horsepower of electrical power upon the terms
and conditions set forth in said agreement of 4th May, 1908, and
the Corporation agrees with the Commission upon the said terms
and conditions therein set out. Provided that the said terms and
conditions may be modified pursuant to paragraph 11 of the said
agreement, but subject to such modifications, the Corporation shall
be deemed to have been a party to the said agreement, and the
figures set forth in the columns of the schedule of the said agree-
ment hereto attached opposite the name of the Village of Chippawa
shall be deemed to have been inserted therein at the date thereof.

In witness whereof the Commission and the Corporation have
respectively affixed their Corporate seals and the hands of their
proper officers.

HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO.

(Signed) W. W. POPE, *Secretary*.

CORPORATION OF THE VILLAGE OF CHIPPAWA.

(Signed) CHARLES KISTER, *Reeve*.

(SEAL.)

(Signed) CHAS. WAINBRUNNER, *Clerk*.

This Indenture made the 4th day of May, 1908.

Between

The Hydro-Electric Power Commission of Ontario, acting here-
in on its own behalf and with the approval of the Lieutenant-
Governor in Council (hereinafter called the Commission),
party of the first part;

and

The Municipal Corporations of Toronto, London, Guelph, Strat-
ford, St. Thomas, Woodstock, Berlin, Galt, Hespeler, St. Mary's,
Preston, Waterloo, New Hamburg, and Ingersoll (hereinafter
called the Corporations), parties of the second part.

Whereas, pursuant to "An Act to provide for transmission of
electrical power to municipalities," the Corporations applied to
the

the Commission to transmit and supply such power from Niagara Falls, and the Commission entered into contracts, hereto attached, with the Ontario Power Company of Niagara Falls (hereinafter called the Company), for such power at the prices set forth in the schedule, hereto attached, and the Commission furnished the Corporations with estimates, as shown in the schedules of the total cost of such power, ready for distribution within the limits of the Corporations, and the electors of the Corporations assented to by-laws authorizing the Corporations to enter into a contract with the Commission for such power, and the Commission have estimated the line cost and the cost to construct, operate, maintain, repair, renew and insure a line to transmit, nominally, 30,000 horsepower with a total capacity of 60,000 horsepower of such power to the Corporations, and have apportioned the part of such cost to be paid by each Corporation as shown in said schedule;

Now therefore this Indenture witnesseth that in consideration of the premises and of the agreements of the Corporations herein set forth, subject to the provisions of said Act and of the said contracts, the Commission agrees with the Corporations respectively:—

1.—(a) To construct a line to transmit the quantities of electric power, shown in column 2 of the said schedule from Niagara Falls to the Corporations shown in column 1, respectively.

(b) On the 1st day of July, 1919, or on any earlier day on which the Commission shall be prepared to supply the same, to supply said power in quantities set forth in column 2 of said schedule, or as a minimum 40 per cent. less, if written notice of minimum required is given on or before 19th July, 1919, to the Corporations within the limits thereof, ready for distribution at approximately the number of volts set forth in column 4 of said schedule, and approximately 25 cycles per second frequency.

(c) At the expiration of three months' written notice, which may be given by the Corporations or any of them from time to time during the continuance of this agreement, to supply from time to time to the Corporations in blocks of not less than 1,000 horsepower each, additional power until the total amount so supplied shall amount to 30,000 horsepower.

(d) At the expiration of nine months' like notice, which may be given by the Corporations or any of them from time to time during the continuance of this agreement, to supply from time to time to the Corporations in blocks of not less than 1,000 horsepower each, additional power until the total amount so supplied shall amount to 100,000 horsepower.

(e) To use at all times first-class, modern, standard, commercial apparatus and plant and to exercise all due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Corporations.

In consideration of the premises and of the agreements herein set forth, each of the Corporations for itself, and not one for the other, agrees with the Commission:—

2.—(a) Subject to the provisions of paragraph 2 (g), hereof, to pay the Commission for the quantities of power shown in column 2 of said schedule, or 40 per cent. less as a minimum, to be supplied at said date, and for such additional power supplied or held in reserve upon such notices, the price set forth in column 3 of said schedule in twelve monthly payments, in gold coin of the present standard of weight and fineness, and bills shall be rendered by the Commission on or before the fourth and paid by the Corporation on or before the fifteenth of each month. If any bill remains unpaid for 15 days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of such power to the Corporations in default until said bill is paid. No such dis-
continuance

continuance shall relieve the Corporation in default from the performance of the covenants, provisoes, and conditions herein contained. All payments in arrears shall bear interest at the legal rate.

(b) To take electric power exclusively from the Commission during the continuance of this agreement; provided, if the Commission is unable to supply said power as quickly as required, the Corporations may obtain the supply otherwise until the Commission has provided such supply, thereupon the Corporations shall immediately take from the Commission; and the Corporations may generate, store or accumulate electric power for emergencies, or to keep down the peak load of the power taken from the Commission; and nothing herein contained shall affect existing contracts between the Corporations and other parties for a supply of electric power, but the Corporations shall determine said contracts at the earliest dates possible.

(c) To pay, annually, interest upon its proportionate part of the moneys expended by the Commission on capital account for the construction of the said line, transformer stations and other necessary works, shown, respectively, in column 6 of said schedule, subject to adjustment under paragraph 10.

(d) To pay an annual sum for its proportionate part of the cost of the construction of said line, stations and works, shown, respectively, in column 6 of said schedule, subject to adjustment under paragraph 10, so as to form in thirty years a sinking fund for the retirement of the securities to be issued by the Province of Ontario.

(e) To bear its proportionate part of the lines loss and pay its proportionate part of the cost to operate, maintain, repair, renew and insure the said line, stations and works, shown, respectively, in column 7 of said schedule, subject to adjustment under paragraph 10.

(f) To keep, observe and perform the covenants, provisoes and conditions set forth in said contracts, intended by the Commission and the Company to be kept and observed and performed by the Corporations.

(g) To pay for three-fourths of the power supplied and held in reserve at said date and upon said notices, whether the said power is taken or not, and when the greatest amount of power taken for twenty consecutive minutes in any month shall exceed three-fourths of the amount during such twenty consecutive minutes, so supplied and held in reserve, to pay for this greater amount during that entire month. When the power factor of the greatest amount of power taken for said twenty minutes falls below 90 per cent., the Corporations shall pay for 90 per cent. of said power divided by the power factor.

(h) To take no more power than the amount to be supplied and held in reserve at said date and upon said notices.

(i) To use at all times first-class, modern, standard, commercial apparatus and plant to be approved by the Commission.

(j) To exercise all due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Commission and the Company.

3. If, as therein provided, the said contracts are continued until 19th December, 1939, this agreement shall remain in force until that date.

4. Said power shall be three-phase, alternating, commercially continuous twenty-four-hour power every day of the year except as provided in paragraph 6 hereof, and shall be measured by curve-drawing meters, subject to test as to accuracy by either party hereto.

5. The engineers of the Commission, or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time during the continuance of this agreement to inspect the apparatus, plant and property of the Corporations, and take records at all reasonable times on giving to the Corporation six hours' notice of the intention to make such inspection. The Corporations shall have a like right on giving a like notice to inspect the apparatus, plant and property of the Commission.

6. In case the Commission or the Company shall at any time or times be prevented from supplying said power, or any part thereof, or in case the Corporations shall at any time be prevented from taking said power, or any part thereof, by strike, lock-out, riot, fire, invasion, explosion, act of God or the King's enemies, or any other cause reasonably beyond their control, then the Commission shall not be bound to deliver such power during such time and the Corporations shall not be bound to pay the price of said power at Niagara Falls during such time, but the Corporations shall continue to make all other payments, but as soon as the cause of such interruption is removed the Commission shall without any delay supply said power as aforesaid and the Corporations shall take the same and each of the parties hereto shall be prompt and diligent in removing and overcoming such cause or causes of interruption.

7. If, and so often as, any interruption shall occur in the service of the Company due to any cause or causes, other than those provided for by the next preceding paragraph hereof, the Commission shall recover and pay to the Corporations as liquidated and ascertained damages and not by way of penalty, as follows:—For any interruption less than one hour, double the amount payable for power which should have been supplied during the time of such interruption; and for any interruption of one hour or more, the amount payable for the power which should have been supplied during the time of such interruption and twelve times the last mentioned amount in addition thereto, and all moneys payable under this paragraph when the amount thereof is settled between the Commission and the Company may be deducted from any moneys payable by the Corporations to the Commission, but such right of deduction shall not in any case delay the said monthly payments.

8. The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the substation in the limits of the Corporation shall constitute the supply of all power involved herein and the fulfilment of all operating obligations hereunder; and when voltage and frequency are so maintained, the amount of the power, its fluctuations, load factor, power factor, distribution as to phases, and all other electric characteristics and qualities are under the sole control of the Corporations, their agents, customers, apparatus, appliances and circuits.

9. In case any municipal corporation, or any person, firm or corporation which shall contract with the Commission or with any municipal corporation for a supply of power furnished to the Commission by the Company shall suffer damages by the act or neglect of the Company, and such municipal corporation, person, firm or corporation would, if the Company had made the said contracts directly with them, have had a right to recover such damages or commence any proceedings or any other remedy, the Commission shall be entitled to commence any such proceeding or bring such action for or on behalf of such municipal corporation, person, firm, or corporation, and notwithstanding any acts, decision or rule of law to the contrary, the Commission shall be entitled to all the rights and remedies of such municipal corporation, person, firm or corporation, including the right to recover such damages, but no action shall be brought by the Commission until such municipal corporation, person, firm or corporation shall have agreed with the Commission to pay any costs that may be adjudged to be paid if

such

such proceeding or action is unsuccessful. The rights and remedies of any such municipal corporation, person, firm or corporation shall not be hereby prejudiced.

10. The Commission shall at least annually adjust and apportion the amounts payable by municipal corporations for such power and such interest, sinking fund, line loss, and cost of operating, maintaining, repairing, renewing and insuring the line and works.

11. If at any time, any other municipal corporation, or pursuant to said Act, any railway or distributing company or any other corporation or person, applies to the Commission for a supply of power, the Commission shall notify the applicant and the Corporations, parties hereto, in writing, of a time and place and hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favour of the applicants as to the price to be paid, for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporations, parties hereto, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

No such application shall be granted if the said line is not adequate for such supply, or if the supply of the Corporations, parties hereto, will be thereby injuriously affected, and no power shall be supplied within the limits of a municipal corporation taking power from the Commission at the time of such application, without the written consent of such corporation.

In determining the quantity of power supplied to a municipal corporation, the quantity supplied by the Commission within the limits of the Corporation to any applicant other than a municipal corporation, shall be computed as part of the quantity supplied to such corporation, but such corporation shall not be liable to pay for the power so supplied, or otherwise in respect thereof. No power shall be supplied by any municipal corporation to any railway or distributing company, or any other corporation or person without the written consent of the Commission.

12. It is hereby declared that the Commission is to be a trustee of all property held by the Commission under this agreement for the Corporations and other municipal corporations supplied by the Commission, but the Commission shall be entitled to a lien upon said property for all moneys expended by the Commission under this agreement and not repaid. At the expiration of this agreement the Commission shall determine and adjust the rights of the Corporations and other municipal corporations, supplied by the Commission, having regard to the amounts paid by them, respectively, under the terms of this agreement, and such other considerations as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

13. Each of the Corporations agrees with the other:—

(a) To take electric power exclusively from the Commission during the continuance of this agreement, subject to the provisions above set forth in paragraph 2 (b).

(b) To co-operate, by all means in its power, at all times, with the Commission, to increase the quantity of power required from the Commission, and in all other respects to carry out the objects of this agreement and of the said Act.

14. If differences arise between the Corporations, the Commission may upon application fix a time and place to hear all representations that may be made by the parties and the Commission shall, in a summary manner, when possible, adjust such differences and such adjustment shall be final. The Commission shall have all the powers

powers that may be conferred upon a Commissioner appointed under *The Act respecting Enquiries concerning Public Matters*.

15. This agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto.

In witness whereof the Commission and the Corporations have, respectively, affixed their corporate seals and the hands of their proper officers.

SCHEDULE

SCHEDULE "B."

This Indenture made in duplicate the 10th day of June, in the year of our Lord 1918.

Between

The Hydro-Electric Power Commission of Ontario, hereinafter called the "Commission," party of the first part;

and

The Municipal Corporation of the Village of Neustadt, hereinafter called the "Corporation," party of the second part.

Whereas, pursuant to an Act to provide for the transmission of electrical power to municipalities known as the *Power Commission Act*, and amendments thereto, the Corporation applied to the Commission for a supply of power, and the Commission furnished the Corporation with estimates of the total cost of such power, ready for distribution within the limits of the Corporation (and the electors of the Corporation assented to the by-law authorizing the Corporation to enter into a contract with the Commission for such power);

1. Now therefore this indenture witnesseth that in consideration of the premises and of the agreement of the Corporation herein set forth, subject to the provisions of the said Act and amendments thereto, the Commission agrees with the Corporation:

(a) To reserve and deliver at the earliest possible date one hundred (100) H.P. or more of electrical power to the Corporation;

(b) At the expiration of reasonable notice in writing, which may be given by the Corporation from time to time during the continuance of this agreement, to reserve and deliver to the Corporation additional electric power when called for;

(c) To use at all times first-class, modern, standard, commercial apparatus and plant, and to exercise all due skill and diligence so as to secure satisfactory operation of the plant and apparatus of the Corporation;

(d) To deliver commercially continuous 24-hour power every day in the year to the Corporation at the Corporation's limits.

2. In consideration of the premises and of the agreement herein set forth, the Corporation agrees with the Commission:

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement so as to be able to receive power when the Commission is ready to deliver same;

(b) To pay annually, interest at rate payable by the Commission upon the Corporation's proportionate part (based on the quantity of electrical energy or power taken), of all monies expended by the Commission on capital account for the acquiring of properties and rights, the acquiring and construction of generating plants, transformer stations, transmission lines, distributing stations, and other works necessary for the delivery of said electrical energy or power to the Corporation under the terms of this contract.

Also to pay an annual sinking fund instalment of such amount as to form at the end of 30 years, with accrued interest, a sinking fund sufficient to repay the Corporation's proportionate part, based as aforesaid, of all monies advanced by the Province of Ontario, for the acquiring of properties and rights, the acquiring and construction of generating plants, transformer stations, transmission lines, distributing stations and other work necessary for the delivery

delivery of said electrical energy or power, delivered to the Corporation under the terms of this contract. Also to pay the Corporation's proportionate part, based as aforesaid, of the cost of lost power and of the cost of operating, maintaining, repairing, renewing and insuring said generating plants, transformer stations, transmission lines, distributing stations and other necessary work. Subject to adjustment under clause 6 of this agreement;

(c) The amounts payable under this contract shall be paid in twelve monthly payments, in gold coin of the present standard of weight and fineness, at the offices of the Commission at Toronto. Bills shall be rendered by the Commission on or before the 5th day and paid by the Corporation on or before the 15th day of each month. If any bill remains unpaid for fifteen days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Corporation until said bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisoes and conditions herein contained. All payments in arrears shall bear interest at the legal rate;

(d) To take electric power exclusively from the Commission during the continuance of this agreement;

(e) To co-operate by all means in its power at all times with the Commission to increase the quantity of power required from the Commission, and in all other respects to carry out the objects of this agreement, and of the said Act;

(f) To pay for three-fourths of the power ordered from time to time by the Corporation and held in reserve for it as herein provided, whether it takes the same or not. When the highest average amount of power taken for any twenty consecutive minutes during any month shall exceed during the twenty consecutive minutes three-fourths of the amount ordered by the Corporation and held in reserve, then the Corporation shall pay for this greater amount during the entire month;

(g) If the Corporation during any month takes more than the amount of power ordered and held in reserve for it, as determined by an integrated peak, or highest average, for a period of twenty consecutive minutes, the taking of such excess shall thereafter constitute an obligation on the part of the Corporation to pay for, and on the part of the Commission to hold in reserve, such increased quantity of power in accordance with the terms and conditions of this contract;

(h) When the power factor at any time falls below ninety per cent. (90%), the Corporation shall pay for ninety per cent. (90%) of the kilovolt amperes, providing that said ninety per cent. (90%) of said kilovolt amperes is greater than the maximum kilowatts for any twenty (20) minute period during the month;

(i) To use at all times first-class, modern, standard, commercial apparatus and plant, to be approved by the Commission;

(j) To exercise all due skill and diligence so as to secure satisfactory operation of the plant and apparatus of the Commission and of the Corporation.

3. This agreement shall remain in force for thirty years from date of the first delivery of power under this contract.

4. The power shall be alternating, three phase, having a periodicity of approximately 60 cycles per second and shall be delivered as aforesaid at a voltage suitable for local distribution.

(a) That the meters with their series and potential transformers shall be connected at the point of delivery;

(b)

(b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the sub-station in the limits of the Corporation shall constitute the supply of all power involved therein and the fulfilment of all operating obligations hereunder, and when voltage and frequency are so maintained, the amount of power, its fluctuations, load factor, power factor, distribution as to phases and all other electric characteristics and qualities, are under the sole control of the Corporation, their agents, customers, apparatus, appliances and circuits.

5. The Engineers of the Commission, or one or more of them, or any other person or persons appointed for this purpose by the Commission shall have the right from time to time during the continuance of this agreement to inspect the apparatus, plant and property of the Corporation and take records at all reasonable hours.

6. The Commission shall at least annually adjust and apportion the amount or amounts payable by the Municipal Corporation or Corporations for such power and such interest, sinking fund, cost of lost power and cost of generating, operating, maintaining, repairing, renewing and insuring said works.

If at any time any other Municipal Corporation, or pursuant to said Act, any railway or distributing company, or any other Corporations or person, applies to the Commission for a supply of power, the Commission shall notify the applicant and the involved Corporation or Corporations in writing, of a time and place to hear all representations that may be made as to the terms and conditions of such supply.

Without discrimination in favour of the applicants as to the price to be paid, for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

No such application shall be granted if the said works or any part thereof are not adequate for such supply, or if the supply of the Corporation will be thereby injuriously affected, and no power shall be supplied within the limits of a Municipal Corporation taking power from the Commission at the time of such application without the written consent of such Corporation.

In determining the quantity of power supplied to a Municipal Corporation, the quantity supplied by the Commission within the limits of the Corporation to any applicant, other than a Municipal Corporation shall be computed as part of the quantity supplied to such Corporation, but such Corporation shall not be liable for payment for any portion of the power so supplied. No power shall be supplied by the Municipal Corporation to any railway or distributing Company without the written consent of the Commission. Power shall not be sold for less than the cost and there shall be no discrimination as regards price and quantity.

7. It is hereby declared that the Commission is to be a trustee of all property held by the Commission under this agreement for the Corporation or Corporations supplied by the Commission, but the Commission shall be entitled to a lien upon said property for all monies expended by the Commission under this agreement and not repaid. At the expiration of this agreement the Commission shall determine and adjust the rights of the Corporation and any other (if any) supplied by the Commission having regard to the amounts paid by them respectively under the terms of this agreement, and such other consideration as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

8. If differences arise between Corporations to which the Commission is supplying power, the Commission may upon application fix a time and place and hear all representations that may be made by the parties and the Commission shall, in a summary manner, when possible, adjust such differences and such adjustment shall be final. The Commission shall have all the powers that may be conferred upon a Commissioner appointed under *The Act respecting Enquiries concerning Public Matters*.

9. This agreement shall extend to, be binding upon, and enure to the benefit of the successors and assigns of the parties hereto.

In witness whereof the Commission and the Corporation have respectively affixed their corporate seals and the hands of their proper officers.

SCHEDULE "C."

This Indenture made in duplicate this 10th day of June, 1918.

Between

The Hydro Electric Power Commission of Ontario, (hereinafter called the Commission) of the first part;

and

The Corporation of the Village of Neustadt (hereinafter called the Corporation) of the second part.

Whereas the Commission has owned and has been operating an electric light system in the Village of Neustadt in the County of Grey, and has agreed to sell to the Corporation all the said electric light system for the sum of Fifteen Hundred Dollars (\$1500.00);

And whereas the Corporation have agreed to accept the said offer, and the same has been duly approved of and authorized by the rate-payers of the Village of Neustadt under the authority of By-laws Numbers 39 and 40 of the said Village of Neustadt;

Now, this indenture witnesseth:

That in pursuance of the said agreement and in consideration of the sum of Fifteen Hundred Dollars of lawful money of Canada now paid by the said Corporation, to the said Commission (the receipt whereof is hereby by it acknowledged) the said Commission doth bargain, sell, assign, transfer and set over, and by these presents doth bargain, sell, assign and transfer unto the said Corporation, its successors and assigns, all the electric light distribution system of the said Village of Neustadt, as the same now stands, and has been operated by the said Commission as a going Concern, and being all the property owned by the said Commission in connection with the said System in the Village of Neustadt. It being understood and agreed between the parties that this bill of sale covers the distribution system only

through

through the said Village of Neustadt, together with all poles, wires, guys, cross arms, transformers, insulators, meters, lights, lamps and appliances of every nature and kind used by the said Commission in the distribution and sale of electric light in the said Village of Neustadt.

To have and to hold the aforesaid electric light distribution system and all and every part thereof with the appurtenances, and all right, title and interest of the said Commission thereto and therein as aforesaid unto and to the use of the Corporation, its successors and assigns forever.

The said Commission covenants and agrees with the said Corporation that the said Commission is now rightfully and absolutely possessed of and entitled to the said electric light distribution system and has good right to assign same to the said Corporation in the manner aforesaid. That the said Corporation shall hereafter peacefully and quietly possess and enjoy the same without any manner of hindrance, interruption, molestation, claim or demand whatsoever by the said Commission, free and clear of all encumbrances.

It is expressly agreed between the parties hereto that this agreement shall be binding on the respective parties hereto, their successors and assigns.

In witness whereof, the Commission have hereunto affixed their seal and the Chairman and Secretary thereof have hereunto set their hands, in the City of Toronto, in the County of York, on the day and year first above written.

SCHEDULE "E."

This Agreement made this 6th day of August, A.D. 1918.

Between:

The Hydro-Electric Power Commission of Ontario, herein called the "Commission," party of of the first part,

and

The Municipal Corporation of the Township of East Flamboro, herein called the "Corporation", party of the second part.

Whereas pursuant to an Act to provide for the transmission of electrical power to Municipalities, the Corporation applied to the Commission for a supply of power;

And whereas the Commission has entered into contracts with the Ontario Power Company of Niagara Falls (hereinafter called the Company), for such power;

And whereas the Corporation under the provisions of *The Power Commission Act* and amendments thereto and *The Power Commission Act of 1911* being "An Act to Provide for the Local Distribution of Electrical Power," has, at the request of a number of rate-payers (petitioners) applied to the Commission for a supply of electrical power or energy, and has passed a By-law No. 638 to authorize the execution of an agreement therefor;

1. Now therefore this Indenture witnesseth:

That in consideration of the premises and of the agreements of the Corporation set forth, subject to the provisions of said Act and amendments and of the said contract, the Commission agrees with the Corporation:—

(a) To reserve and deliver at the earliest possible date electrical power to the Corporation as required by the Corporation;

(b) At the expiration of thirty (30) days notice in writing which may be given by the Corporation from time to time during the continuance of this agreement, to reserve and deliver to the Corporation additional electrical power as may be required from time to time;

(c) To use at all times first-class, modern, standard, commercial apparatus and plant, and to exercise due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Corporation;

(d)

(d) Power shall be delivered to the Corporation at approximately 2200 or 4000 volts, or at any other primary voltage that may be available for the Corporation's use;

(e) To supply and construct all 2200, 4000 or other lines at primary voltage made necessary by contracts for electric service made between the Corporation and residents or users, within the Township, from the Commission's transformer station or stations to the service transformers of the Corporation, located at such points as the Commission may approve.

2. In consideration of the premises and of the covenants and agreements herein set forth, the Corporation agrees with the Commission:—

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement, so as to be able to give notice as specified in paragraph 1 (b);

(b) Subject to the provisions of paragraph 2 (g) herein, to pay to the Commission monthly, for all power taken, the cost of the power delivered to the Commission, plus the charges in connection with the delivery of the power to the Municipality as outlined in Clauses 2 (c) and (d);

(c) To pay, annually, in twelve monthly instalments interest upon its proportionate part of the moneys expended by the Commission on capital account for the construction of lines, transformer stations and other necessary works for the delivery of power to the Corporation; to pay an annual sum for its proportionate part of the cost of the said construction, so as to form in thirty years a sinking fund for the retirement of securities issued by the Province of Ontario; and to bear its proportionate part of the line loss and pay its proportionate part of the cost to operate, maintain, repair, renew and insure the said lines, stations and works. All payments under this paragraph shall be subject to adjustment under paragraph 7;

(d) In addition to the cost of power, and the cost of delivering it to the Corporation as provided for in paragraphs 2 (b) and (c), to pay to the Commission in half yearly instalments, interest and sinking fund on a thirty year basis on all capital invested by the Commission in 2200, 4000 or other lines of primary voltage as provided for in paragraph 1 (e), and to maintain, repair, renew and operate the said lines, and set aside a depreciation fund at the rate of 5 per cent. per annum on all capital expended by the Commission on such construction;

(e) The amounts payable in accordance with clause 2 (b), (c) and (d) shall be paid in gold coin of the present standard of weight and fineness, at the office of the Commissioner at Toronto, and bills shall be rendered by the Commission on or before the 5th day and paid by the Corporation on or before the 15th day of each month, except that payments under clause 2 (d) shall be made half yearly. If any bill remains unpaid for fifteen days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Corporation until said bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisos and conditions herein contained. All payments in arrears shall bear interest at the legal rate;

(f) To take power exclusively from the Commission during the continuance of this agreement;

(g) To pay for three-fourths of the power ordered from time to time by the Corporation and held in reserve for it as herein provided whether it takes the same or not. When the highest average amount of power taken for any twenty consecutive minutes during

during any month shall exceed during the twenty consecutive minutes three-fourths of the amount ordered by the Corporation and held in reserve, then the Corporation shall pay for this greater amount during the entire month.

If the Corporation during any month takes more than the amount of power ordered and held in reserve for it, as determined by an integrated peak, or highest average, for a period of twenty consecutive minutes, the Corporation shall pay for this greater amount of power during the entire month. The taking of such excess shall thereafter constitute an obligation on the part of the Corporation to pay for and on the part of the Commission to hold in reserve an additional block of power in accordance with the terms and conditions of this contract.

When the power factor of the greatest amount of power taken for said twenty consecutive minutes falls below 90 per cent., the Corporation shall pay for 90 per cent. of said power divided by the power factor;

(h) To use at all times first-class, modern, standard, commercial apparatus and plant to be approved by the Commission and to exercise all due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Commission and of the Company;

(i) To co-operate, by all means in its power, at all times, with the Commission, to increase the quantity of power required from the Commission and in all other respects to carry out the objects of this agreement and of the said Act.

3. If, as therein provided, the said contracts are continued until the 19th day of December, 1939, this agreement shall remain in force until that date.

4. The power shall be three phase, alternating commercially continuous twenty-four hour every day of the year except as provided in paragraph 6, having a periodicity of approximately 25 cycles per second, and shall be delivered as aforesaid at a voltage suitable for distribution within the municipality.

(a) That the meters with their series and potential transformers shall be connected at the point of delivery, and shall be subject to test as to accuracy by either party hereto;

(b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery to the Corporation shall constitute the supply of all power involved herein and the fulfilment of all operating obligations hereunder; and when voltage and frequency are so maintained, the amount of power, its fluctuations, load factor, power factor, distribution as to phases, and all other electrical characteristics and qualities are under the sole control of the Corporation, their agents, customers, apparatus, appliances and circuits.

5. The Engineers of the Commission, or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time during the continuance of this agreement, to inspect the apparatus, plant and property of the Corporation and take records at all reasonable hours.

6. In case the Commission should at any time or times be prevented from supplying said power, or any part thereof, or in case the Corporation shall at any time be prevented from taking said power, or any part thereof, by strike, lockout, fire, invasion, explosion, act of God, or the King's enemies or any other cause reasonably beyond their control then the Commission shall not be bound to deliver such

power during such times, and the Corporation shall not be bound to pay the price of said power, during such time.

7. The Commission shall at least annually adjust and apportion the amounts payable by municipal corporations for such power and such interest, sinking fund, line loss, and cost of operating, maintaining, repairing renewing and insuring the line and works.

8. It is hereby declared that the Commission is to be a trustee of all property held by the Commission under this agreement for the Corporation and other municipal corporations supplied by the Commission, but the Commission shall be entitled to a lien upon said property for all moneys expended by the Commission under this agreement and not repaid. At the expiration of this agreement the Commission shall determine and adjust the rights of the Corporation and other municipal corporations, supplied by the Commission, having regard to the amounts paid by them, respectively, under the terms of this agreement, and such other considerations, as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

9. If at any time any other municipal corporation or pursuant to said Act, any railway or distributing company, or any other corporation or person, applies to the Commission for a supply of power, the Commission shall notify the applicant and the Corporation in writing, of a time and place and hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favour of the applicants as to the price to be paid, for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

10. In case any municipal corporation, or any person, firm or corporation which shall contract with the Commission or with any municipal corporation for a supply of power furnished to the Commission by the Company shall suffer damages by the act or neglect of the Company, and such municipal corporation, person, firm or corporation would, if the Company had made the said contracts directly with them, have had a right to recover such damages or commence any proceedings or any other remedy, the Commission shall be entitled to commence any such proceedings to bring such action for or on behalf of such municipal corporation, person, firm or corporation, and notwithstanding any act, decision or rule of law to the contrary, the Commission shall be entitled to all the rights and remedies of such municipal corporation, person, firm or corporation, including the right to recover such damages, but no action shall be brought by the Commission until such municipal corporation, person, firm or corporation shall have agreed with the Commission to pay any costs that may be adjudged to be paid if such proceedings or action is unsuccessful. The rights and remedies of any such municipal corporation, person, firm or corporation shall not be hereby prejudiced.

11. If differences arise between corporations to whom the Commission is supplying power, the Commission may upon application fix a time and place to hear all representations that may be made by the parties and the Commission shall, in a summary manner when possible, adjust such differences and such adjustment shall be final.

The Commission shall have all the powers that may be conferred upon a Commissioner appointed under *The Act respecting enquiries concerning Public Matters*.

12. This agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto.

SCHEDULE "F."

This Agreement made this 10th day of March, A.D. 1917.

Between

The Hydro-Electric Power Commission of Ontario, herein called the "Commission" party of the first part;

and

The Municipal Corporation of the Township of Brock, herein called the "Corporation" party of the second part.

Whereas pursuant to an Act to provide for the transmission of electrical power to municipalities, the Corporation applied to the Commission for a supply of power;

And whereas the Corporation, under the provisions of *The Power Commission Act* and amendments thereto and *The Power Commission Act*, Revised Statutes of Ontario, 1914, chapter 39, part 2, being "An Act to provide for the supply of electrical energy or power to individual users" has, at the request of a number of rate-payers (petitioners) applied to the Commission for a supply of electrical power or energy, and has passed a By-law No. 654 to authorize the execution of an agreement therefor;

And whereas the Commission has entered into contracts with power companies for such power, or has acquired or constructed generating plants, transformer stations, transmission lines, distributing stations and other works necessary for the delivery of electrical energy or power to municipalities;

Now, therefore, this indenture witnesseth that in consideration of the premises and of the agreement herein set forth, subject to the provisions of the said Act and amendments thereto, the parties hereto agree each with the other as follows:—

1. The Commission agrees:

(a) To reserve and deliver at the earliest possible date electrical power to the Corporation as required by the Corporation;

(b) At the expiration of thirty (30) days' notice in writing, which may be given by the Corporation from time to time during the continuance of this agreement, to reserve and deliver to the Corporation additional electrical power as may be required from time to time;

(c) To use at all times first-class, modern, standard, commercial apparatus and plant, and to exercise due skill and diligence so as
to

to secure the most perfect operation of the plant and apparatus of the Corporation;

(d) Power shall be delivered to the Corporation at approximately 2,200 or 4,000 volts, or at any other primary voltage that may be available for the Corporation's use;

(e) To supply and construct 2,200, 4,000 or other lines at primary voltage made necessary by contracts for electric service made between the Corporation and residents or users, within the township, from the Commission's transformer station or stations to the service transformers of the Corporation, located at such points as the Commission may approve.

2. The Corporation agrees:

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement, so as to be able to give notice as specified in paragraph 1 (b);

(b) Subject to the provisions of paragraph 2 (g) herein, to pay to the Commission monthly, for all power taken, the cost of the power delivered to the Commission, plus the charges in connection with the delivery of the power to the Municipality as outlined in clauses 2 (c) and (d);

(c) To pay, annually, in twelve monthly instalments, interest upon its proportionate part of the moneys expended by the Commission on capital account for the acquiring of properties and rights, and acquiring and construction of generating plants, transformer stations, transmission lines, distributing stations and other necessary works for the delivery of power to the Corporation; to pay an annual sum for its proportionate part of all moneys expended by the Commission on capital account for the acquiring of the said properties and rights, and the cost of the said construction, so as to form in thirty years a sinking fund for the retirement of securities issued by the Province of Ontario; and to bear its proportionate part of the line loss, and pay its proportionate part of the cost to operate, maintain, repair, renew, and insure the said lines, generator and transformer stations and works. All payments under this paragraph shall be subject to adjustment under paragraph 7;

(d) In addition to the cost of power, and the cost of delivering it to the Corporation as provided for in paragraphs 2 (b) and (c), to pay to the Commission in half-yearly instalments, interest and sinking fund on a thirty-year basis on all capital invested by the Commission in 2,200, 4,000 or other lines of primary voltage as provided for in paragraph 1 (e), and to maintain, repair, renew and operate the said lines, and set aside a depreciation fund at the rate of 5 per cent. per annum on all capital expended by the Commission on such construction;

(e) The amounts payable in accordance with clauses 2 (b), (c) and (d) shall be paid in gold coin of the present standard of weight and fineness, at the office of the Commission at Toronto, and bills shall be rendered by the Commission on or before the 5th day and paid by the Corporation on or before the 15th day of each month, except that payments under clause 2 (d) shall be made half-yearly. If any bill remains unpaid for fifteen days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Corporation until said bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisions and conditions herein contained. All payments in arrears shall bear interest at the legal rate;

(f)

(f) To take power exclusively from the Commission during the continuance of this agreement;

(g) To pay for three-fourths of the power ordered from time to time by the Corporation and held in reserve for it as herein provided whether it takes the same or not. When the highest average amount of power taken for any twenty consecutive minutes during any month shall exceed during the twenty consecutive minutes, three-fourths of the amount ordered by the Corporation and held in reserve, then the Corporation shall pay for this greater amount during the entire month.

If the Corporation during any month takes more than the amount ordered and held in reserve for it, as determined by an integrated peak, or highest average, for a period of twenty consecutive minutes, the Corporation shall pay for this greater amount of power during the entire month. The taking of such excess shall thereafter constitute an obligation on the part of the Corporation to pay for and on the part of the Commission to hold in reserve an additional block of power in accordance with the terms and conditions of this contract.

When the power factor of the greatest amount of power taken for said twenty consecutive minutes falls below 90 per cent., the Corporation shall pay for 90 per cent. of said power divided by the power factor;

(h) To use at all times first-class, modern, standard, commercial apparatus and plant to be approved by the Commission and to exercise all due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Commission and of the Company;

(i) To co-operate, by all means in its power, at all times, with the Commission, to increase the quantity of power required from the Commission and in all other respects to carry out the objects of this agreement and of the said Act.

3. This agreement shall remain in force for thirty (30) years from the date of the first delivery of power under this contract.

4. The power shall be three-phase, alternating, commercially continuous twenty-four hour power every day in the year except as provided in paragraph 6, having a periodicity of approximately 60 cycles per second, and shall be delivered as aforesaid at a voltage suitable for distribution within the Municipality.

(a) That the meters with their series and potential transformers shall be connected at the point of delivery, and shall be subject to test as to accuracy by either party hereto;

(b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery to the Corporation shall constitute the supply of all power involved herein and the fulfilment of all operating obligations hereunder; and when voltage and frequency are so maintained, the amount of the power, its fluctuations, load factor, power factor, distribution as to phases, and all other electric characteristics and qualities are under the sole control of the Corporation, their agents, customers, apparatus, appliances and circuits.

5. The engineers of the Commission, or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time during the continuance of this agreement, to inspect the apparatus, plant and property of the Corporation and take records at all reasonable hours.

6. In case the Commission should at any time or times be prevented from supplying said power, or any part thereof, or in case the Corporation shall at any time be prevented from taking said power, or any part thereof, by strike, lock-out, fire, invasion, explosion, act of God, or the King's enemies, or any other cause reasonably beyond their control, then the Commission shall not be bound to deliver such power during such times, and the Corporation shall not be bound to pay the price of said power, during such time.

7. The Commission shall at least annually adjust and apportion the amounts payable by municipal corporations for such power and such interest, sinking fund, line loss, and cost of operating, maintaining, repairing, renewing and insuring the line and works.

8. It is hereby declared that the Commission is to be a trustee of all property held by the Commission under this agreement for the Corporation and other municipal corporations supplied by the Commission, but the Commission shall be entitled to a lien upon said property for all moneys expended by the Commission under this agreement and not repaid. At the expiration of this agreement the Commission shall determine and adjust the rights of the Corporation and other municipal corporations, supplied by the Commission, having regard to the amounts paid by them, respectively, under the terms of this agreement, and such other considerations as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

9. If at any time any other municipal corporation or pursuant to said Act, any railway or distributing company, or any other corporation or person, applies to the Commission for a supply of power, the Commission shall notify the applicant and the Corporation in writing, of a time and place and hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favour of the applicants as to the price to be paid, for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

10. In case any municipal corporation or any person, firm or corporation, which shall contract with the Commission or any municipal corporation, for a supply of power furnished to the Commission by a power company shall suffer damages by the act or neglect of the company, and such municipal corporation, person, firm or corporation would, if the company had made the said contracts directly with them, have had a right to recover such damages or commence any proceedings or any other remedy, the Commission shall be entitled to commence any such proceedings to bring such action for or on behalf of such municipal corporation, person, firm or corporation, and notwithstanding any act, decision or rule of law to the contrary, the Commission shall be entitled to all the rights and remedies of such municipal corporation, person, firm or corporation, including the right to recover such damages, but no action shall be brought by the Commission until such municipal corporation, person, firm or corporation shall have agreed with the Commission to pay any costs that may be adjudged to be paid if such proceedings or action is unsuccessful. The rights and remedies of any such municipal corporation, person, firm or corporation shall not be hereby prejudiced.

11. If differences arise between corporations to whom the Commission is supplying power, the Commission may upon application fix a time and place to hear all representations that may be made by the parties and the Commission shall, in a summary manner
when

when possible, adjust such differences and such adjustment shall be final.

This Agreement made this 23rd day of February, A.D. 1918,

Between

The Hydro-Electric Power Commission of Ontario, herein called the "Commission," party of the first part;

and

The Municipal Corporation of the Township of Wilmot, herein called the "Corporation," party of the second part.

Whereas pursuant to an Act to provide for the transmission of electrical power to municipalities, the Corporation applied to the Commission for a supply of power;

And whereas the Commission has entered into contracts with the Ontario Power Company of Niagara Falls (hereinafter called the Company), for such power;

And whereas the Corporation under the provisions of the *Power Commission Act* and amendments thereto and the *Power Commission Act*, Revised Statutes of Ontario, 1914, chapter 39, part 2 being "An Act to Provide for the supply of electrical energy or power to individual users," has, at the request of a number of ratepayers (petitioners) applied to the Commission for a supply of electrical power or energy, and has passed a By-law No. 552 to authorize the execution of an agreement therefor;

1. Now, therefore, this Indenture witnesseth that in consideration of the premises and of the agreements of the Corporation set forth, subject to the provisions of said Act and amendments and of the said contract, the Commission agrees with the Corporation:

2. In consideration of the premises and of the covenants and agreements herein set forth, the Corporation agrees with the Commission:

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement, so as to be able to give notice as specified in paragraph 1 (b);

(b) Subject to the provisions of paragraph 2 (g) herein, to pay to the Commission monthly, for all power taken, the cost of the power delivered to the Commission, plus the charges in connection with the delivery of the power to the municipality as outlined in clauses 2 (c) and (d);

(c) To pay, annually, in twelve monthly instalments, interest upon its proportionate part of the moneys expended by the Commission on capital account for the construction of lines, transformer stations and other necessary works for the delivery of power to the Corporation; to pay an annual sum for its proportionate part of the cost of the said construction so as to form in thirty years a sinking fund for the retirement of securities issued by the Province of Ontario; and to bear its proportionate part of the line loss and pay its proportionate part of the cost to operate, maintain, repair, renew and insure the said lines, stations and works. All payments under this paragraph shall be subject to adjustment under paragraph 7;

(d) In addition to the cost of power, and the cost of delivering it to the Corporation as provided for in paragraphs 2 (b) and (c), to pay to the Commission in half-yearly instalments, interest and sinking fund on a thirty-year basis on all capital invested by the Commission in 2,200, 4,000 or other lines of primary voltage as provided for in paragraph 1 (e), and to maintain, repair, renew and operate the said lines, and set aside a depreciation fund at the rate of 5 per cent. per annum on all capital expended by the Commission on such construction;

(e) The amounts payable in accordance with clause 2 (b), (c) and (d) shall be paid in gold coin of the present standard of weight and fineness, at the office of the Commission at Toronto, and bills shall be rendered by the Commission on or before the 5th day and paid by the Corporation on or before the 15th day of each month, except that payments under clause 2 (d) shall be made half-yearly. If any bill remains unpaid for fifteen days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Corporation until said bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisoes and conditions herein contained. All payments in arrears shall bear interest at the legal rate;

9. If at any time any other municipal corporation, or pursuant to said Act any railway or distributing company, or any other corporation or person, applies to the Commission for a supply of power, the Commission shall notify the applicant and the Corporation in writing, of a time and place and hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favour of the applicants as to the price to be paid for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

10. In case any municipal corporation or any person, firm or corporation, which shall contract with the Commission or with any municipal corporation, for a supply of power furnished to the Commission by the company shall suffer damages by the act or neglect of the company, and such municipal corporation, person, firm or corporation would, if the company had made the said contracts directly with them, have had a right to recover such damages or commence any proceedings or any other remedy, the Commission shall be entitled to commence any such proceedings to bring such action for or on behalf of such municipal corporation, person, firm or corporation, and notwithstanding any act, decision or rule of law to the contrary, the Commission shall be entitled to all the rights and remedies of such municipal corporation, person, firm or corporation, including the right to recover such damages, but no action shall be brought by the Commission until such municipal corporation, person, firm or corporation shall have agreed with the Commission to pay any costs that may be adjudged to be paid if such proceedings or action is unsuccessful. The rights and remedies of any such municipal corporation, person, firm or corporation shall not be hereby prejudiced.

11. If differences arise between corporations to whom the Commission is supplying power, the Commission may upon application

fix a time and place to hear all representations that may be made by the parties and the Commission shall, in a summary manner when possible, adjust such differences and such adjustment shall be final.

The Commission shall have all the powers that may be conferred upon a Commissioner appointed under the *Act respecting Enquiries concerning Public Matters*.

12. This agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto.

(d) Power shall be delivered to the Corporation at approximately 2,200 or 4,000 volts, or at any other primary voltage that may be available for the Corporation's use;

(e) To supply and construct all 2,200, 4,000 or other lines' at primary voltage made necessary by contracts for electric service made between the Corporation and residents or users, within the township, from the Commission's transformer station or stations to the service transformers of the Corporation, located at such points as the Commission may approve.

2. In consideration of the premises and of the covenants and agreements herein set forth, the Corporation agrees with the Commission:

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement, so as to be able to give notice as specified in paragraph 1 (b);

(b) Subject to the provisions of paragraph 2 (g) herein, to pay to the Commission monthly, for all power taken, the cost of the power delivered to the Commission, plus the charges in connection with the delivery of the power to the municipality as outlined in paragraph 2 (c) and (d);

(c) To pay, annually, in twelve monthly instalments, interest upon its proportionate part of the moneys expended by the Commission on capital account for the construction of lines, transformer stations and other necessary works for the delivery of power to the Corporation; to pay an annual sum for its proportionate part of the cost of the said construction so as to form in thirty years a sinking fund for the retirement of securities issued by the Province of Ontario; and to bear its proportionate part of the line loss and pay its proportionate part of the cost to operate, maintain, repair, renew and insure the said lines, stations and works. All payments under this paragraph shall be subject to adjustment under paragraph 7;

(d) In addition to the cost of power, and the cost of delivering it to the Corporation as provided for in paragraph 2 (b) and (c), to pay to the Commission in half-yearly instalments, interest and sinking fund on a thirty-year basis on all capital invested by the Commission in 2,200, 4,000 or other lines of primary voltage as provided for in paragraph 1 (e), and to maintain, repair, renew and operate the said lines, and set aside a depreciation fund at the rate of 5 per cent. per annum on all capital expended by the Commission on such construction;

(e) The amounts payable in accordance with paragraph 2 (b), (c) and (d) shall be paid in gold coin of the present standard of weight and fineness, at the office of the Commission at Toronto, and bills shall be rendered by the Commission on or before the 5th day and paid by the Corporation on or before the 15th day of each month, except that payments under paragraph 2 (d) shall be made half-yearly. If any bill remains unpaid for fifteen days, the Commission may, in addition to all other remedies and without notice, discontinue the

the supply of power to the Corporation until said bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisos and conditions herein contained. All payments in arrears shall bear interest at the legal rate;

(f) To take power exclusively from the Commission during the continuance of this agreement;

(g) To pay for three-fourths of the power ordered from time to time by the Corporation and held in reserve for it as herein provided whether it takes the same or not. When the highest average amount of power taken for any twenty consecutive minutes during any month shall exceed during the twenty consecutive minutes three-fourths of the amount ordered by the Corporation and held in reserve, then the Corporation shall pay for this greater amount during the entire month.

If the Corporation during any month takes more than the amount of power ordered and held in reserve for it, as determined by an integrated peak, or highest average, for a period of twenty consecutive minutes, the Corporation shall pay for this greater amount of power during the entire month. The taking of such excess shall thereafter constitute an obligation on the part of the Corporation to pay for and on the part of the Commission to hold in reserve an additional block of power in accordance with the terms and conditions of this contract.

When the power factor of the greatest amount of power taken for said twenty consecutive minutes falls below 90 per cent. the Corporation shall pay for 90 per cent. of said power divided by the power factor;

(h) To use at all times first-class, modern, standard, commercial apparatus and plant to be approved by the Commission and to exercise all due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Commission and of the Company;

(i) To co-operate, by all means in its power, at all times, with the Commission, to increase the quantity of power required from the Commission and in all other respects to carry out the objects of this agreement and of the said Act.

3. If, as therein provided, the said contracts are continued until the 19th day of December, 1939, this agreement shall remain in force until that date.

4. The power shall be three-phase, alternating commercially continuous twenty-four-hour power every day of the year except as provided in paragraph 6, having a periodicity of approximately 25 cycles per second, and shall be delivered as aforesaid at a voltage suitable for distribution within the municipality.

(a) That the meters with their series and potential transformers shall be connected at the point of delivery, and shall be subject to test as to accuracy by either party hereto;

(b) The maintenance of the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery to the Corporation shall constitute the supply of all power involved herein and the fulfilment of all operating obligations hereunder; and when voltage and frequency are so maintained, the amount of the power, its fluctuations, load factor, power factor, distribution as to phases, and all other electric characteristics and qualities are under the sole control of the Corporation, their agents, customers, apparatus, appliances and circuits.

5. The Engineers of the Commission, or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time during the continuance of this agreement, to inspect the apparatus, plant and property of the Corporation and take records at all reasonable hours.

6. In case the Commission should at any time or times be prevented from supplying said power, or any part thereof, or in case the Corporation shall at any time be prevented from taking said power, or any part thereof, by strike, lockout, fire, invasion, explosion, act of God, or the King's enemies, or any other cause reasonably beyond their control, then the Commission shall not be bound to deliver such power during such times, and the Corporation shall not be bound to pay the price of said power during such time.

7. The Commission shall at least annually adjust and apportion the amounts payable by municipal corporations for such power and such interest, sinking fund, line loss, and cost of operating, maintaining, repairing, renewing and insuring the line and works.

8. It is hereby declared that the Commission is to be a trustee of all property held by the Commission under this agreement for the Corporation and other municipal corporations supplied by the Commission, but the Commission shall be entitled to a lien upon said property for all moneys expended by the Commission under this agreement and not repaid. At the expiration of this agreement the Commission shall determine and adjust the rights of the Corporation and other municipal corporations, supplied by the Commission, having regard to the amounts paid by them, respectively, under the terms of this agreement, and such other considerations as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

9. If at any time any other municipal corporation, or pursuant to said Act, any railway or distributing company, or any other corporation or person, applies to the Commission for a supply of power, the Commission shall notify the applicant and the Corporation in writing, of a time and place and hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favour of the applicants as to the price to be paid for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

10. In case any municipal corporation or any person, firm or corporation, which shall contract with the Commission or with any municipal corporation, for a supply of power furnished to the Commission by the company shall suffer damages by the act or neglect of the company, and such municipal corporation, person, firm or corporation would, if the company had made the said contracts directly with them, have had a right to recover such damages or commence any proceedings or any other remedy, the Commission shall be entitled to commence any such proceedings to bring such action for or on behalf of such municipal corporation, person, firm or corporation, and notwithstanding any act, decision or rule of law to the contrary, the Commission shall be entitled to all the rights and remedies of such municipal corporation, person, firm or corporation, including the right to recover such damages, but no action shall be brought by the Commission until such municipal corporation, person, firm or corporation shall have agreed with the Commission to pay any costs that may be adjudged to be paid if such proceedings or action is unsuccessful.

The rights and remedies of any such municipal corporation, person, firm or corporation shall not be hereby prejudiced.

11. If differences arise between corporations to whom the Commission is supplying power, the Commission may upon application fix a time and place to hear all representations that may be made by the parties and the Commission shall, in a summary manner when possible, adjust such differences and such adjustment shall be final.

The Commission shall have all the powers that may be conferred upon a Commissioner appointed under the *Act respecting Enquiries concerning Public Matters*.

12. This agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto.

In witness whereof the Commission and the Corporation have respectively affixed their corporate seals and the hands of their proper officers.

SCHEDULE "I."

This Agreement made this 3rd day of September, A.D. 1918.

Between

The Hydro-Electric Power Commission of Ontario, herein called the "Commission," party of the first part;

and

The Municipal Corporation of the Township of East Nissouri, herein called the "Corporation," party of the second part.

Whereas pursuant to an Act to provide for the transmission of electrical power to municipalities, the Corporation applied to the Commission for a supply of power;

And whereas the Commission has entered into contracts with the Ontario Power Company of Niagara Falls (hereinafter called the Company), for such power;

And whereas the Corporation under the provisions of *The Power Commission Act* and amendments thereto and *The Power Commission Act* of 1911, being "An Act to Provide for the local distribution of electrical power," has, at the request of a number of ratepayers (petitioners) applied to the Commission for a supply of electrical power or energy, and has passed a By-law No. 492 to authorize the execution of an agreement therefor;

1. Now, therefore, this Indenture witnesseth that in consideration of the premises and of the agreements of the Corporation set forth,
subject

subject to the provisions of said Act and amendments and of the power to the Corporation as required by the Corporation;

(a) To reserve and deliver at the earliest possible date electrical power to the Corporation as required by the Corporation.

(b) At the expiration of thirty (30) days' notice in writing which may be given by the Corporation from time to time during the continuance of this agreement, to reserve and deliver to the Corporation additional electrical power as may be required from time to time;

(c) To use at all times first-class, modern, standard, commercial apparatus and plant and to exercise due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Corporation;

(d) Power shall be delivered to the Corporation at approximately 2,200 or 4,000 volts, or at any other primary voltage that may be available for the Corporation's use;

(e) To supply and construct all 2,200, 4,000 or other lines at primary voltage made necessary by contracts for electric service made between the Corporation and residents or users, within the township, from the Commission's transformer station or stations to the service transformers of the Corporation, located at such points as the Commission may approve.

2. In consideration of the premises and of the covenants and agreements herein set forth, the Corporation agrees with the Commission:

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement, so as to be able to give notice as specified in paragraph 1 (b);

(b) Subject to the provisions of paragraph 2 (g) herein, to pay to the Commission monthly, for all power taken, the cost of the power delivered to the Commission, plus the charges in connection with the delivery of the power to the municipality as outlined in paragraph 2 (c) and (d);

(c) To pay, annually, in twelve monthly instalments, interest upon its proportionate part of the moneys expended by the Commission on capital account for the construction of lines, transformer stations and other necessary works for the delivery of power to the Corporation; to pay an annual sum for its proportionate part of the cost of the said construction so as to form in thirty years a sinking fund for the retirement of securities issued by the Province of Ontario; and to bear its proportionate part of the line loss and pay its proportionate part of the cost to operate, maintain, repair, renew and insure the said lines, stations and works. All payments under this paragraph shall be subject to adjustment under paragraph 7;

(d) In addition to the cost of power, and the cost of delivering it to the Corporation as provided for in paragraph 2 (b) and (c), to pay to the Commission in half-yearly instalments, interest and sinking fund on a thirty-year basis on all capital invested by the Commission in 2,200, 4,000 or other lines of primary voltage as provided for in paragraph 1 (e), and to maintain, repair, renew and operate the said lines, and set aside a depreciation fund at the rate of 5 per cent. per annum on all capital expended by the Commission on such construction;

(e) The amounts payable in accordance with paragraph 2 (b), (c), and (d) shall be paid in gold coin of the present standard of weight
and

and fineness, at the office of the Commission at Toronto, and bills shall be rendered by the Commission on or before the 5th day and paid by the Corporation on or before the 15th day of each month, except that payments under paragraph 2 (d) shall be made half-yearly. If any bill remains unpaid for fifteen days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Corporation until said bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisoes and conditions herein contained. All payments in arrears shall bear interest at the legal rate;

(f) To take power exclusively from the Commission during the continuance of this agreement;

(g) To pay for three-fourths of the power ordered from time to time by the Corporation and held in reserve for it as herein provided whether it takes the same or not. When the highest average amount of power taken for any twenty consecutive minutes during any month shall exceed during the twenty consecutive minutes three-fourths of the amount ordered by the Corporation and held in reserve, then the Corporation shall pay for this greater amount during the entire month.

If the Corporation during any month takes more than the amount of power ordered and held in reserve for it, as determined by an integrated peak, or highest average, for a period of twenty consecutive minutes, the Corporation shall pay for this greater amount of power during the entire month. The taking of such excess shall thereafter constitute an obligation on the part of the Corporation to pay for and on the part of the Commission to hold in reserve an additional block of power in accordance with the terms and conditions of this contract.

When the power factor of the greatest amount of power taken for said twenty consecutive minutes falls below 90 per cent. the Corporation shall pay for 90 per cent. of said power divided by the power factor;

(h) To use at all times first-class, modern, standard, commercial apparatus and plant to be approved by the Commission and to exercise all due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Commission and of the Company;

(i) To co-operate, by all means in its power, at all times, with the Commission, to increase the quantity of power required from the Commission and in all other respects to carry out the objects of this agreement and of the said Act.

3. If, as therein provided, the said contracts are continued until the 19th day of December, 1939, this agreement shall remain in force until that date.

4. The power shall be three-phase, alternating commercially continuous twenty-four-hour power every day of the year except as provided in paragraph 6, having a periodicity of approximately 25 cycles per second, and shall be delivered as aforesaid at a voltage suitable for distribution within the municipality.

(a) That the meters with their series and potential transformers shall be connected at the point of delivery, and shall be subject to test as to accuracy by either party hereto;

(b) The maintenance of the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery to the Corporation shall constitute the supply of all power involved herein and the fulfilment of all operating obligations

tions hereunder; and when voltage and frequency are so maintained, the amount of the power, its fluctuations, load factor, power factor, distribution as to phases, and all other electric characteristics and qualities are under the sole control of the Corporation, their agents, customers, apparatus, appliances and circuits.

5. The Engineers of the Commission, or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time during the continuance of this agreement, to inspect the apparatus, plant and property of the Corporation and take records at all reasonable hours.

6. In case the Commission should at any time or times be prevented from supplying said power, or any part thereof, or in case the Corporation shall at any time be prevented from taking said power, or any part thereof, by strike, lockout, fire, invasion, explosion, act of God, or the King's enemies, or any other cause reasonably beyond their control, then the Commission shall not be bound to deliver such power during such times, and the Corporation shall not be bound to pay the price of said power, during such time.

7. The Commission shall at least annually adjust and apportion the amounts payable by municipal corporations for such power and such interest, sinking fund, line loss, and cost of operating, maintaining, repairing, renewing and insuring the line and works.

8. It is hereby declared that the Commission is to be a trustee of all property held by the Commission under this agreement for the Corporation and other municipal corporations supplied by the Commission, but the Commission shall be entitled to a lien upon said property for all moneys expended by the Commission under this agreement and not repaid. At the expiration of this agreement the Commission shall determine and adjust the rights of the Corporation and other municipal corporations, supplied by the Commission, having regard to the amounts paid by them, respectively, under the terms of this agreement, and such other considerations as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

9. If at any time any other municipal corporation, or pursuant to said Act, any railway or distributing company, or any other corporation or person, applies to the Commission for a supply of power, the Commission shall notify the applicant and the Corporation in writing, of a time and place and hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favour of the applicants as to the price to be paid for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

10. In case any municipal corporation or any person, firm or corporation, which shall contract with the Commission or with any municipal corporation, for a supply of power furnished to the Commission by the company shall suffer damages by the act or neglect of the company, and such municipal corporation, person, firm or corporation would, if the company had made the said contracts directly with them, have had a right to recover such damages or commence any proceedings or any other remedy, the Commission shall be entitled to commence any such proceedings to bring such action for or on behalf of such municipal corporation, person, firm or corporation, and notwithstanding any act,

decision or rule of law to the contrary, the Commission shall be entitled to all the rights and remedies of such municipal corporation, person, firm or corporation, including the right to recover such damages, but no action shall be brought by the Commission until such municipal corporation, person, firm or corporation shall have agreed with the Commission to pay any costs that may be adjudged to be paid if such proceedings or action is unsuccessful. The rights and remedies of any such municipal corporation, person, firm or corporation shall not be hereby prejudiced.

11. If differences arise between corporations to whom the Commission is supplying power, the Commission may upon application fix a time and place to hear all representations that may be made by the parties and the Commission shall, in a summary manner when possible, adjust such differences and such adjustment shall be final.

The Commission shall have all the powers that may be conferred upon a Commissioner appointed under the *Act respecting Enquiries concerning Public Matters*.

SCHEDULE "J."

This Agreement made this 2nd day of October, A.D. 1916,

Between

The Hydro-Electric Power Commission of Ontario, herein called the "Commission," party of the first part;

and

The Municipal Corporation of the Township of Vaughan, herein called the "Corporation," party of the second part.

Whereas pursuant to an Act to provide for the transmission of electrical power to municipalities, the Corporation applied to the Commission for a supply of power;

And whereas the Commission has entered into contracts with the Ontario Power Company of Niagara Falls (hereinafter called the Company), for such power;

And whereas the Corporation under the provisions of *The Power Commission Act* and amendments thereto and *The Power Commission Act* of 1911, being "An Act to Provide for the local distribution of electrical power," has, at the request of a number of rate-

payers

payers (petitioners) applied to the Commission for a supply of electrical power or energy, and has passed a By-law No. 982 to authorize the execution of an agreement therefor;

1. Now, therefore, this Indenture witnesseth that in consideration of the premises and of the agreements of the Corporation set forth, subject to the provisions of said Act and amendments and of the said contract, the Commission agrees with the Corporation:

(a) To reserve and deliver at the earliest possible date electrical power to the Corporation as required by the Corporation;

(b) At the expiration of thirty (30) days' notice in writing which may be given by the Corporation from time to time during the continuance of this agreement, to reserve and deliver to the Corporation additional electrical power as may be required from time to time;

(c) To use at all times first-class, modern, standard, commercial apparatus and plant and to exercise due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Corporation;

(d) Power shall be delivered to the Corporation at approximately 2,200 or 4,000 volts, or at any other primary voltage that may be available for the Corporation's use;

(e) To supply and construct all 2,200, 4,000 or other lines at primary voltage made necessary by contracts for electric service made between the Corporation and residents or users within the township, from the Commission's transformer station or stations to the service transformers of the Corporation, located at such points as the Commission may approve.

2. In consideration of the premises and of the covenants and agreements herein set forth, the Corporation agrees with the Commission:

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement, so as to be able to give notice as specified in paragraph 1 (b);

(b) Subject to the provisions of paragraph 2 (g) herein, to pay to the Commission monthly, for all power taken, the cost of the power delivered to the Commission, plus the charges in connection with the delivery of the power to the municipality as outlined in paragraph 2 (c) and (d);

(c) To pay annually, in twelve monthly instalments, interest upon its proportionate part of the moneys expended by the Commission on capital account for the construction of lines, transformer stations and other necessary works for the delivery of power to the Corporation; to pay an annual sum for its proportionate part of the cost of the said construction so as to form in thirty years a sinking fund for the retirement of securities issued by the Province of Ontario; and to bear its proportionate part of the line loss and pay its proportionate part of the cost to operate, maintain, repair, renew and insure the said lines, stations and works. All payments under this paragraph shall be subject to adjustment under paragraph 7;

(d) In addition to the cost of power, and the cost of delivering it to the Corporation as provided for in paragraph 2 (b) and (c), to pay to the Commission in half-yearly instalments, interest and sinking fund on a thirty-year basis on all capital invested by the Commission in 2,200, 4,000 or other lines of primary voltage as provided for in paragraph 1 (e), and to maintain, repair, renew
and

and operate the said lines, and set aside a depreciation fund at the rate of 5 per cent. per annum on all capital expended by the Commission on such construction;

(e) The amounts payable in accordance with paragraph 2 (b), (c), and (d) shall be paid in gold coin of the present standard of weight and fineness, at the office of the Commission at Toronto, and bills shall be rendered by the Commission on or before the 5th day and paid by the Corporation on or before the 15th day of each month, except that payments under paragraph 2 (d) shall be made half-yearly. If any bill remains unpaid for fifteen days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Corporation until said bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisos and conditions herein contained. All payments in arrears shall bear interest at the legal rate;

(f) To take power exclusively from the Commission during the continuance of this agreement;

(g) To pay for three-fourths of the power ordered from time to time by the Corporation and held in reserve for it as herein provided whether it takes the same or not. When the highest average amount of power taken for any twenty consecutive minutes during any month shall exceed during the twenty consecutive minutes three-fourths of the amount ordered by the Corporation and held in reserve, then the Corporation shall pay for this greater amount during the entire month.

(a) That the meters with their series and potential transformers shall be connected at the point of delivery, and shall be subject to test as to accuracy by either party hereto;

(b)

(b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery to the Corporation shall constitute the supply of all power involved herein and the fulfilment of all operating obligations hereunder; and when voltage and frequency are so maintained, the amount of the power, its fluctuations, load factor, power factor, distribution as to phases, and all other electric characteristics and qualities are under the sole control of the Corporation, their agents, customers, apparatus, appliances and circuits.

5. The Engineers of the Commission or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time during the continuance of this agreement, to inspect the apparatus, plant and property of the Corporation and take records at all reasonable hours.

6. In case the Commission should at any time or times be prevented from supplying said power, or any part thereof, or in case the Corporation shall at any time be prevented from taking said power, or any part thereof, by strike, lockout, fire, invasion, explosion, act of God, or the King's enemies, or any other cause reasonably beyond their control, then the Commission shall not be bound to deliver such power during such times, and the Corporation shall not be bound to pay the price of said power, during such time.

7. The Commission shall at least annually adjust and apportion the amounts payable by municipal corporations for such power and such interest, sinking fund, line loss, and cost of operating, maintaining, repairing, renewing and insuring the line and works.

8. It is hereby declared that the Commission is to be a trustee of all property held by the Commission under this agreement for the Corporation and other municipal corporations supplied by the Commission, but the Commission shall be entitled to a lien upon said property for all moneys expended by the Commission under this agreement and not repaid. At the expiration of this agreement the Commission shall determine and adjust the rights of the Corporation and other municipal corporations, supplied by the Commission, having regard to the amounts paid by them, respectively, under the terms of this agreement, and such other considerations as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

9. If at any time any other municipal corporation or pursuant to said Act, any railway or distributing company, or any other corporation or person, applies to the Commission for a supply of power, the Commission shall notify the applicant and the Corporation in writing, of a time and place and hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favour of the applicants as to the price to be paid for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

10. In case any municipal corporation or any person, firm or corporation, which shall contract with the Commission or with any municipal corporation, for a supply of power furnished to the Commission by the company shall suffer damages by the act or neglect of the company, and such municipal corporation, per-

son, firm or corporation would, if the company had made the said contracts directly with them, have had a right to recover such damages or commence any proceedings or any other remedy, the Commission shall be entitled to commence any such proceedings to bring such action for or on behalf of such municipal corporation, person, firm or corporation, and notwithstanding any act, decision or rule of law to the contrary, the Commission shall be entitled to all the rights and remedies of such municipal corporation, person, firm or corporation, including the right to recover such damages, but no action shall be brought by the Commission until such municipal corporation, person, firm or corporation shall have agreed with the Commission to pay any costs that may be adjudged to be paid if such proceedings or action is unsuccessful. The rights and remedies of any such municipal corporation, person, firm or corporation shall not be hereby prejudiced.

11. If differences arise between corporations to whom the Commission is supplying power, the Commission may upon application fix a time and place to hear all representations that may be made by the parties and the Commission shall, in a summary manner when possible, adjust such differences and such adjustment shall be final.

The Commission shall have all the powers that may be conferred upon a Commissioner appointed under the *Act respecting Enquiries concerning Public Matters*.

12. This agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto.

SCHEDULE "K."

This Indenture made the 10th day of April, one thousand nine hundred and eighteen.

Between:

Hydro-Electric Power Commission of Ontario, hereinafter called the "Commission," of the first part;

and

His Majesty the King, represented herein by the Minister of Railways and Canals of Canada, acting under the authority of an Order in Council dated November 19th, 1917, hereinafter called "His Majesty," of the second part.

Whereas, in connection with the construction of the Severn Division of the Trent Canal, a marine railway is being provided at

at Big Chute, on the Severn River, for the double purpose of making it possible for small boats to pass the Big Chute before the lock is built and, afterwards, avoid the necessity of operating the lock to admit of the passage of such small boats;

And whereas the Commission has offered to supply the power necessary to operate the said marine railway on the terms and conditions hereafter set forth and by said Order in Council of November 19th, 1917, authority has been obtained to accept such offer;

Now therefore this indenture witnesseth that the parties hereto hereby covenant, promise and agree, each with the other, as follows:

1. That, from and after the first day of May, A.D. 1918, until the cancellation hereof as hereinafter provided, the Commission shall transmit to, furnish and supply His Majesty with all the electrical energy or power necessary for the operation of the said marine railway.

2. That, for and in consideration of the supply of electrical energy or power as aforesaid, His Majesty shall pay to the Commission, monthly, on the written certificate of the chief engineer of the Department of Railways and Canals, at the following rate or rates, namely:

One (\$1.00) dollar per horsepower on the total maximum demand per month, plus a K.W. hour rate of one cent per K.W.H. with a prompt payment discount of 10 per cent. if bill is paid within two weeks after being rendered, the power to be paid for only during the months used, and if used for a portion of any one month the service charge of one dollar per month to be charged on the basis of the whole month.

3. That, for the purpose of measuring the amount of electrical energy or power used, the Commission shall, at its own cost and expense, supply and instal a meter or meters which will satisfactorily indicate the amounts of electrical energy supplied to the marine railway at Big Chute.

4. That the said electrical energy or power shall be supplied continuously, and shall be available for the purposes hereinbefore specified at any and all times during the twenty-four (24) hours of each and every day of each week, Sunday included, during the months required. The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery shall constitute the supply of power involved herein and a fulfilment of all the operating obligations hereunder, and when the voltage and frequency are so maintained, the amount of power, its fluctuations, load factor, power factor, distribution as to phases, and all other characteristics and qualities are under the sole control of the customer, his agent, apparatus, appliances and circuits. In case the Commission shall at any time or times be prevented from delivering said power or any part thereof, by strikes, lock-outs, riot, fires, invasion, explosion, act of God, the King's enemies or any other cause or causes reasonably beyond its control, then the Commission shall not be bound to deliver such power during such time. The Commission shall be prompt and diligent in removing the cause of such interruption and as soon as the cause of such interruption is removed, the Commission shall, without any delay, deliver the said power as aforesaid and the customer shall take and use the same.

5. That this indenture may be terminated at any time by either of the parties giving to the other six (6) months' notice, in writing, of its desire and intention to terminate the same.

In witness whereof the Commission has executed these presents, and these presents have been signed on behalf of His Majesty the King by the Minister and by the Secretary of the Department of Railways and Canals, and the seal of the said Department has been hereto affixed the day and year first above written.

SCHEDULE "L."

This Indenture made in duplicate the third day of August, in the year of our Lord, nineteen hundred and seventeen (1917).

Between:

The Hydro-Electric Power Commission of Ontario, hereinafter called the "Commission," party of the first part;

and

The National Portland Cement Company, Limited, of Durham, Ontario, hereinafter called the "Customer," party of the second part.

Whereas the Commission acting under the Power Commission Act, R.S.O. 1914, has available sufficient electrical power or energy for the purpose of this agreement;

And whereas the Customer has applied to the Commission for a supply of electrical power or energy;

And whereas the Customer is carrying on business in the Town of Durham, County of Grey, Province of Ontario, with Head Office at Durham;

Now therefore this indenture witnesseth:

That in consideration of the premises and of the agreements of the parties hereto, each agree with the other as follows:

1. The Commission agrees:

(a) To reserve for and deliver to the Customer one thousand horsepower (1,000 H.P.) of electrical power or energy at the point of delivery hereinafter specified, beginning on the day and date when power is first taken and extending for the period of this agreement;

(b) To use at all times first-class, modern, standard, commercial apparatus

apparatus and plant, and to exercise all due skill and diligence so that the service rendered to the Customer hereunder shall be satisfactory;

(c) To deliver commercially continuous twenty-four (24) hour power every day in the year, except provided for herein, at, as herein defined the terminals of the switch controlling the output on the motor side of the motor generator or frequency changer through which the load is supplied on the premises of the Customer.

2. The Customer agrees:

(a) To use all diligence by every lawful means in his power to prepare for the receipt and use of the power covered by this agreement, so as to be able to receive power on the date herein set forth;

(b) To pay to the Commission for all power used or held in reserve in monthly payments in gold coin at Toronto under the following schedule or rate:

Thirty-nine dollars (\$39.00) per electrical horsepower per annum, and each month's payments to be made as though the maximum amount taken during that month was taken for the whole month, save that paragraph (e) section 2 hereof, shall govern the minimum;

(c) To take power exclusively from the Commission for the term of this agreement, and not to sell or dispose of said power, or any part thereof, directly or indirectly without the written consent of the Commission;

(d) If the Customer during any month takes more than the amount of power ordered and held in reserve for it for ten (10) consecutive minutes, the taking of such excess power shall thereafter constitute an obligation on the part of the Customer to pay for, and on the part of the Commission, as long as this greater amount does not exceed the maximum hereunder, to hold in reserve such increased quantity of power in accordance with the terms and conditions of this agreement;

(e) To pay each month to the Commission as a minimum for seventy-five per cent. (75%) of the power held in reserve for the Customer at the rates fixed herein except as provided for in section 5, paragraph "b" hereof;

(f) At all times to take and use the three-phase power in such a manner that the current will be equally taken from the three phases, and in no case shall the difference between any two phases be greater than ten per cent. (10%);

(g) At all times to take and use the three-phase power in such a manner that the power factor thereof will be as near one hundred per cent. (100%) as possible, but whenever it is not possible to take power at one hundred per cent. (100%) power factor and the said power factor falls below ninety per cent. (90%) the Customer shall pay for ninety per cent. (90%) of the kilovolt amperes, providing that said ninety per cent. (90%) of said kilovolt amperes is greater than the maximum kilowatts for any ten (10) minute period during the month;

(h) Bills shall be rendered by the Commission to the Customer on or before the tenth day, and paid by the Customer on or before the twentieth day of each calendar month.

If any bill remains unpaid for sixty (60) days after the date thereof, the Commission may, in addition to all other remedies, and without notice, discontinue the supply of power to the Customer until the said bill is paid, and no such discontinuance by the Commission shall relieve the Customer from the performance of the covenants, provisions and conditions herein contained.

All payments in arrears shall bear interest at the legal rate;

(i) To use at all times modern, standard, commercial apparatus and plant to be approved by the Commission from time to time, and to so operate and conduct the plant and apparatus as to cause minimum disturbances or fluctuations to the Commission's supply, and to exercise all due skill and diligence so as to secure the satisfactory operation of the plant and apparatus of both the Commission and the Customer;

(j) Should it be expedient or necessary for the Commission, in order to deliver power hereunder, to construct, or build poles, lines, cables, transformers, switches or other appliances or devices on, over or through the property of the Customer, or on, over or through any other adjoining property, the Customer hereby agrees to supply and arrange for such necessary rights-of-way free of cost, and satisfactory to the Commission for the life of this agreement, or renewals thereof, and for thirty (30) days thereafter, so that the Commission may build, erect, construct, operate, repair, maintain and remove any of the said apparatus or devices belonging to the Commission.

3. The power delivered hereunder shall be alternating, three-phase, and supplied through a motor generator or frequency changer having a periodicity of approximately 60 cycles per second on the motor side and approximately 25 cycles per second with a pressure of approximately 550 volts between phase wires on the generator side except as hereinafter mentioned, subject to normal variations in both frequency and voltage, the customer to be responsible for the operation of the said motor generator or frequency changer and other apparatus located on the Customer's premises.

4 (a) Measurement of the power held in reserve or taken by the Customer hereunder shall be made by means of a standard poly-phase integrating maximum demand watt-hour meter, and other meters as required, so arranged as to accurately measure and record the power taken by the Customer.

The greatest average or integrated power demand made by the Customer for ten consecutive minutes in any month, as shown by the aforementioned instruments shall be used as the basis of billing and paying for the power taken by the Customer hereunder;

(b) The point of measuring the power covered by this agreement shall be as near as possible to the point of delivery on the 60-cycle side of the motor generator or frequency changer, and the said instruments, with the necessary current and potential transformers for the measurement of power hereunder shall be provided, installed and maintained correct by the Commission;

(c) Should the point of measurement be located on the premises of the Customer no rental charge shall be made to the Commission for the location of said instruments or transformers on the Customer's premises;

(d) Access to said instruments and transformers belonging to the Commission shall be free to the Commission at any and all times and the Commission may test, calibrate or remove said measuring instruments and transformers at any reasonable time, but when possible the Customer shall be advised at least seven days in advance of the Commission's intention to re-calibrate, remove or change the measuring instruments;

(e) The Customer shall have the right to test any such measuring instruments in the presence of a representative of the Commission by giving to the Commission seven days' previous notice in writing of its desire to test such measuring instruments;

(f)

(f) The Commission shall repair or replace and re-test defective meters or measuring equipment within a reasonable time, but during the time there is no meter in service it shall be assumed that the power consumed is the same as for other days of the same month on which a similar load existed;

(g) The Customer shall be responsible for any damage to the property or apparatus furnished by the Commission for the purpose of supplying or measuring power hereunder and installed on the Customer's property, providing such damage originates from a source external to the said apparatus of the Commission, and is not due to defects in the apparatus of the Commission.

5 (a) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery as per section 3 herein, shall constitute the supply of power involved herein and a fulfilment of all the operating obligations hereunder, and when the voltage and the frequency are so maintained the amount of power, its fluctuations, load factor, power factor, distribution as to phases, and all other characteristics, and qualities are under the sole control of the Customer, his agents, apparatus, appliances and circuits;

(b) In case the Commission shall at any time or times be prevented from delivering said power or any part thereof by strikes, lockouts, riot, fire, invasion, explosion, act of God, the King's enemies, or any other cause or causes reasonably beyond its control, then the Commission shall not be bound to deliver such power during such time. The Commission also shall not be bound to deliver power between December 15th and the 1st day of April of each year following during the term of this agreement, that is to say, during the last half of the month of December and the months of January and February immediately following.

Nor shall the Customer be bound to pay for power during this period of each year (December 15th to March 1st following) on the basis of clause (e), section 5, herein.

To provide for minor operations of the Customer's plant during the period of suspension as mentioned herein, viz.: December 15th to March 1st of each year following. The Commission agrees to permit the delivery of such power as may be available on the Commission's system at the time, but the amount to be used shall be determined by the Commission and the Customer shall pay for such power used during such period on the basis of the highest average maximum demand established during any ten (10) minute period of each month, at the rate set forth in clause (b) section 2 herein, and in accordance with all other terms and provisos governing the use of power by the customer and the supplying of same by the Commission herein contained;

(c) The Commission shall be prompt and diligent in removing the cause of such interruption as set out in the first paragraph of paragraph 5 (b) herein, but the customer shall not be bound to pay for such power during such time. As soon as the cause of such interruption is removed, the Commission shall, without any delay, deliver the said power as aforesaid, and the Customer shall take and use the same;

(d) It is further agreed hereby that the Commission shall have the right at reasonable times, and when possible after due notice has been given to the Customer to discontinue the supply of power to the Customer for purposes of safeguarding life or property, or for the purpose of making repairs, renewals, or replacements to the lines or apparatus of the Commission, but all such interruptions shall be of a minimum duration and when possible arranged for at a time least objectionable to the Customer.

Such

Such interruptions shall not release the Customer from his obligations to pay for or resume the use of power when service is restored.

6. A representative or Engineer of the Commission appointed for this purpose, may, at any reasonable time during the continuance of this agreement, have access to the premises of the Customer for the purpose of inspecting the electrical apparatus, plant or property of the Customer and to take records therefrom as required here.

7. It is mutually agreed:

That in case of any dispute arising between the parties thereto relative to the fulfilment of any of the terms, provisoes, or conditions of this agreement, or as to the method or accuracy of the measurement of power, or any other question which may arise under this agreement, the same shall be promptly referred to arbitration under the Arbitration Act, R.S.O., 1914, and the findings of such arbitrator or arbitrators shall be binding upon both parties hereto. Either party may appeal from the said findings, but in no event shall such appeal be carried beyond the Appellate Division of the Supreme Court of Ontario.

8. This agreement shall be binding upon both parties hereto for a period of ten (10) years beginning on the day and date when power is first delivered to the customer.

9. (a) The Commission shall be entitled at the termination of this agreement or any extension thereof, or within thirty (30) days thereafter, to remove from the Customer's premises any and all plant or equipment which may have been installed by the Commission for the supply or measurement of power hereunder;

(b) The Commission agrees to sell to the Customer at any time during the continuance of this agreement the motor generator set, the transformer, or transformers and the step-down switching and protective equipment installed in the Customer's buildings by the Commission. The price to be paid for this apparatus will be the capital cost of same, less any amount set by for sinking fund and depreciation that has not been required for renewals or repairs.

10. The Customer shall contemporaneously with the execution of this agreement furnish as security to the Commission for the due carrying out thereof by the customer, a guarantee from a reliable and responsible party satisfactory to the Commission to the extent of one year's power bill, the said one year to be considered as consisting of a period of 12 calendar months, dating from the first day on which power is delivered by the Commission and taken and used by the Customer, and the said yearly power bill is estimated to be thirty thousand dollars (\$30,000.00).

The Customer shall also furnish to the Commission a prior lien on the power plant equipment now installed on the Customer's premises and used for purposes of generating and supplying power or energy to operate the mill. The said prior lien shall be given in writing and shall contain a release, also to be given in writing, by the Standard Bank of Canada undertaking that the Commission's lien shall rank first of any claim or claims in the form of liens or otherwise which the said Standard Bank of Canada may have on such equipment.

The said lien to be furnished by the Customer to the Commission shall cover a period of three years—of 12 calendar months to each year, dating from the day on which power is delivered by the Commission and taken and used by the Customer, and shall cover the equipment as described and set out in Schedule (A) attached hereto and forming part of this agreement.

No

No part, parts, or portion of said equipment as herein set out in said Schedule (A) shall be disposed of or sold by the Customer or removed from the Customer's premises without the written consent of the Commission, and should the sale of such equipment, or any part or portion of same, be made with the said consent of the Commission, the Standard Bank of Canada shall agree to continue the guarantee to the Commission of the amount realized by such sale or disposal for the remaining unexpired portion of the said three years as herein contained.

It is hereby understood and agreed that the title, ownership and right to the possession of the property for which said lien is given, shall remain at the Company's own risk in their works at Durham until the contract covered by the said lien is fully carried out, and in case the Company fail to carry out the said contract, the Commission shall have full power to declare this lien, or any other securities given in connection therewith, due and payable forthwith, and the Commission may take possession of the property without recourse, and hold the same until all moneys remaining unpaid of the sum expended by the Commission in the construction and installation of the equipment and works for the supply of power to the Company, have been fully paid, or sell the said property at public or private sale and the proceeds thereof be applied in the reduction of the amount unpaid and outstanding, or any costs or charges in connection therewith. And the Commission notwithstanding taking such possession or sale, shall have forthwith the right to proceed against the said Company and recover any balance that may be found due thereunder.

11. This agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto.

In witness whereof the parties hereto have affixed their seals and the hands of their proper officers.

SCHEDULE "M."

This Indenture made in duplicate the 2nd day of September, in the year of our Lord, nineteen hundred and eighteen (1918),

Between

The Hydro-Electric Power Commission of Ontario, hereinafter called the "Commission," party of the first part;

and

The National Abrasive Company, hereinafter called the "Customer," party of the second part.

Whereas the Commission acting under *The Power Commission Act* and amendments thereto is prepared to enter into an agreement for the supply of electrical power or energy for the purpose of this agreement;

And whereas the Customer has applied to the Commission for a supply of electrical power or energy under the said Act or amendments thereto;

And whereas the Customer is duly incorporated under the laws of Massachusetts. . . . and is carrying on business for the manufacture of abrasive materials in the City of Niagara Falls, Ontario, Canada, . . . with Head Office at 5 Dorchester Avenue Extension, Boston, . . . Massachusetts. . . .

Now therefore this Indenture witnesseth:—

That in consideration of the premises and of the agreements of the parties hereto each agree with the other as follows:

1. The Commission agrees:

(a) To reserve for and deliver to the Customer twenty-five hundred (2,500) horsepower of electrical power or energy at the point of delivery hereinafter specified, beginning on or after October fifteenth, 1918, and extending for the period of this agreement;

(b) To reserve for and deliver to the Customer additional twenty-five hundred (2,500) horsepower when the work of building the new Queenston development, which is now being constructed, has been completed and is ready to deliver power;

(c) To use at all times first-class, modern, standard, commercial apparatus and plant and to exercise all due skill and diligence so that the service rendered to the Customer hereunder shall be in accordance with the best commercial standards;

(d)

(d) To deliver commercially continuous twenty-four (24) hour power every day in the year, except as provided for herein, at the point of delivery, herein defined as the entrance bushings of the Customer's substation, located on Stanley Street, Niagara Falls, Ontario, Canada.

2. The Customer agrees:

(a) To use all diligence by every lawful means in his power to prepare for the receipt and use of the power covered by this agreement, so as to be able to receive power on the date herein set forth:

(b) To pay to the Commission for all power used or held in reserve for him in monthly payments in gold coin of the present standard weight and fineness at Toronto under the following schedule or rate based on ten-minute integrated demand and ninety per cent. (90%) minimum power factor as provided for herein:—

Eighteen dollars (\$18.00) per horsepower per year, except as hereinafter provided.

It is understood and agreed, however, that if after the Queenston development has been completed and in operation, should the Commission make contracts with and deliver power to companies or persons similarly situated at Niagara Falls and using power under like conditions to the Customer at a rate less than \$18.00 per horsepower per year, the rate for power supplied to the Customer shall then be so reduced that the rate to the Customer shall not be more than the rate charged from time to time to such companies or persons, but in no event shall the said rate for power supplied be less than cost of supplying same to the Customer by the Commission.

Each month's payments are to be made as though the maximum amount taken during the month were taken for the whole month, save that paragraphs 2 (a) and 2 (g) hereof shall govern the minimum payments;

(c) To purchase power exclusively from the Commission for the term of this agreement, and not to sell or dispose of said power, or any part thereof, directly or indirectly without the written consent of the Commission;

(d) If the Customer during the month takes more than the amount of power ordered and held in reserve for him for ten (10) consecutive minutes the taking of such excess power shall thereafter constitute an obligation on the part of the Customer to pay for, and on the part of the Commission (as long as this greater amount does not exceed the maximum hereunder) to hold in reserve such increased quantity of power in accordance with the terms and conditions of this agreement;

(e) To pay each month to the Commission as a minimum for seventy-five per cent. (75%) of the power held in reserve for the Customer at the rates fixed herein except as provided for in clause 5 (b) hereof.

Where a differential or K.W. hour rate is specified herein and when no kilowatt hours are used during any month, the minima provided for herein shall apply only to the service charge portion of said rate;

(f) At all times to take and use the three-phase power in such a manner that the current will be equally taken from the three phases, and in no case shall the difference between any two phases be greater than five per cent. (5%). If the difference be greater than 5 per cent. the Customer, upon instructions from the Commission, shall so adjust his load as to comply with this requirement;

(g)

(g) At all times so to take and use the three-phase energy that the ratio of the kilowatts to the kilovolt amperes (read simultaneously) is unity, but when this is not possible the Customer shall pay for ninety per cent. (90%) of the maximum kilovolt amperes (considered as true power or kilowatts) when that amount is in excess of the maximum kilowatts taken. The maximum in kilowatts or kilovolt amperes shall be taken as the maximum average or integrated demand over any ten consecutive minutes.

The kilowatts, kilovolt amperes or any other factors or quantities shall be determined directly or indirectly from metering equipment provided for in clauses 4 (a) and 4 (b) hereof and University of Toronto electrical standards shall be used as final reference as to the accuracy of measuring equipment;

(h) Bills shall be rendered by the Commission to the Customer on or before the fifth and paid by the Customer on or before the twentieth of each calendar month.

If any bill remains unpaid for sixty days after the date thereof the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Customer until the said bill is paid, and no such discontinuance by the Commission shall relieve the Customer from the performance of the covenants, provisos, and conditions herein contained.

All payments in arrears shall bear interest at the legal rate;

(i) To use at all times modern, standard, commercial apparatus and plant to be approved by the Commission from time to time, and to so operate and conduct the plant and apparatus as to cause minimum disturbances or fluctuations to the Commission's supply, and to exercise all due skill and diligence so as to secure the satisfactory operation of the plant and apparatus of both the Commission and the Customer;

(j) Should it be expedient or necessary for the Commission, in order to deliver power hereunder, to construct, build or install poles, lines, cables, transformers, switches or other appliances or devices on, over or through the property of the Customer, or on, over or through any other adjoining property, the Customer hereby agrees to supply and arrange for such necessary right-of-way free of cost, and satisfactory to the Commission for the life of this agreement, or renewals thereof, and for thirty (30) days thereafter, so that the Commission may build, install, erect, construct, operate, repair, maintain and remove any of said apparatus or devices belonging to the Commission;

(k) The Customer shall erect a suitable fireproof substation in which shall be located the transformers for receiving power supplied as specified herein; and all necessary switching, protective and measuring equipment approved by the Commission and shall supply, install and operate the electrical equipment therein as instructed by the Commission.

3. The power delivered hereunder shall be alternating, three-phase, having a periodicity of approximately twenty-five cycles per second and a pressure of approximately twelve thousand (12,000) volts between phase wires, subject to normal variations in both frequency and voltage not to exceed five per cent. (5%).

4. (a) Measurement of the power held in reserve or taken by the Customer hereunder shall be made by means of suitable polyphase recording meters provided by the Commission and so arranged as to accurately measure and record the power taken by the Customer.

The greatest average or integrated power demand made by the Customer for any ten (10) consecutive minutes in any month as shown by the aforementioned instruments shall be used as basis of billing and paying for the power taken by the Customer hereunder during said month, but subject at all times to the minimum provided for in clauses 2 (e) and 2 (g) hereof;

(b) The point of measuring the power covered by this agreement shall be in the Customer's substation on the twelve thousand (12,000) volt side of the Customer's transformers, and the instruments, with necessary current and potential transformers for the measurement of power hereunder shall be provided, installed and maintained correct by the Commission.

Records from said meters shall be dated and forwarded promptly by the Customer to the Commission, and such records on file with the Commission shall be available to the Customer for inspection at all reasonable times;

(c) Whenever the said measuring instruments are connected at other than the point of delivery their readings shall be subject to a correction and shall be corrected to give readings such as would be obtained by instruments connected at the point of delivery. Such corrections shall be based upon tests or calculations by the Commission;

(d) Should the point of measurement be located on the premises of the Customer he shall provide a safe and suitable location, to be approved by the Commission, for the installation of the Commission's instruments and transformers, and no rental charge shall be made to the Commission for the location of said instruments or transformers on the Customer's premises;

(e) Access to said instruments and transformers belonging to the Commission shall be free to the Commission at any and all times and the Commission may test, calibrate or remove said measuring instruments and transformers at any reasonable time, but when possible the Customer shall be advised at least three days in advance of the Commission's intention to re-calibrate, remove or change the measuring instruments;

(f) The Customer shall have the right to test any such measuring instruments in the presence of a representative of the Commission by giving to the Commission seven days' previous notice in writing of its desire to test such measuring instruments;

(g) The Commission shall repair or replace and re-test defective meters or measuring equipment within a reasonable time, but during the time there is no meter in service it shall be assumed that the power consumed is the same as for other days of the same month on which a similar load existed;

(h) The Customer shall be responsible for any damage to the property or apparatus furnished by the Commission for the purpose of supplying or measuring power hereunder and installed on the Customer's property, providing such damage originates from a source external to the said apparatus of the Commission, and is not due to defects in the apparatus of the Commission.

5. (a) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery shall constitute the supply of power involved herein and a fulfilment of all the operating obligations hereunder, and when the voltage and the frequency are so maintained the amount of power, its fluctuations, load factor, power factor, distribution as to phases, and all other characteristics and qualities are under the sole control of the Customer, his agents, apparatus, appliances and circuits;

(b) In case the Commission shall at any time or times be prevented from delivering said power or any part thereof by strikes, lockout, riot, fire, invasion, explosion, act of God, the King's enemies, or any other cause or causes reasonably beyond its control, then the Commission shall not be bound to deliver such power during such time and the customer shall not be bound to pay for such power during such time;

(c) The Commission shall be prompt and diligent in removing the cause of such interruption, and as soon as the cause of such interruption is removed the Commission shall, without any delay, deliver the said power as aforesaid, and the Customer shall take and use the same:

(d)

(d) It is further agreed hereby that the Commission shall have the right at reasonable times, and when possible after due notice has been given to the Customer, to discontinue the supply of power to the Customer for the purposes of safeguarding life or property, or for the purpose of making repairs, renewals, or replacements to the lines or apparatus of the Commission, but all such interruptions shall be of a minimum duration and when possible arranged for at a time least objectionable to the Customer;

Such interruptions shall not release the Customer from his obligations to pay for or resume the use of power when service is restored.

6. One or more representatives or engineers of the Commission appointed for this purpose, may, at any reasonable time during the continuance of this agreement, have access to the premises of the Customer for the purpose of inspecting the electrical apparatus, plant or property of the Customer and to make records therefrom as required.

7. It is further mutually agreed that in case of any dispute arising between the parties hereto relative to the fulfilment of any of the terms, provisos or conditions of this agreement, or as to the method or accuracy of the measurement of power, or any other question which may arise under this agreement, the same shall be promptly referred to arbitration under the *Arbitration Act*, and the finding of said arbitrator or arbitrators shall be final and binding upon both parties hereto.

8. This agreement shall be binding upon both parties hereto upon its execution and extending for a period of twenty (20) years, beginning on the day and date when power is first taken hereunder, and this agreement may be extended for one (1) further term of ten (10) years upon the mutual agreement of both parties hereto made six (6) months before the expiration of this agreement or any extension or renewal period.

9. The Commission shall be entitled at the termination of this agreement or any extension thereof, or within thirty (30) days thereafter, to remove from the Customer's premises any and all plant or equipment which may have been installed by the Commission for the supply or measurement of power hereunder.

10. This agreement shall extend to and be binding upon and enure to the benefit of the successors and assigns of the parties hereto.

In witness whereof the Commission and the Customer have hereunto respectively affixed their corporate seals and the hands of their proper officers.

SCHEDULE "N."

This Indenture made in duplicate the 4th day of July in the year of our Lord, Nineteen Hundred and Eighteen,

Between

The Hydro-Electric Power Commission of Ontario, hereinafter called the "Commission," party of the first part,

and

The Department of Education of the Province of Ontario, hereinafter called the "Customer," party of the second part.

Whereas the Commission, acting under *The Power Commission Act*, R.S.O. 1914, chapter 34, has available sufficient electrical power or energy for the purpose of this agreement.

And whereas the Customer has applied to the Commission for a supply of electrical power or energy;

And whereas the Customer is conducting a school for the education of the deaf, in the City of Belleville, Province of Ontario, with head office at Toronto, Ontario;

Now, therefore, this Indenture witnesseth:

That in consideration of the premises and of the agreements of the parties hereto each agrees with the other as follows:

1. The Commission agrees:

(a) To reserve for and deliver to the Customer fifty (50) horsepower of electrical power or energy at the point of delivery, hereinafter specified, on the 1st day of July, 1918, and extending for the period of this agreement;

(b) To reserve for and deliver to the Customer additional horsepower in blocks of twenty-five (25) horsepower each, after the expiration of sixty days' notice in writing, up to a maximum of one hundred (100) horsepower;

(c) To use at all times first-class, modern, standard, commercial apparatus and plant and to exercise all due skill and diligence so that the service rendered to the Customer hereunder shall be satisfactory;

(d) To deliver commercially continuous twenty-four (24) hour power every day in the year, except as provided for herein, at the point of delivery, herein defined as the line entrance on the outside of the wall of the Customer's substation in Belleville, Ontario.

2. The Customer agrees:

(a) To use all diligence by every lawful means in his power to prepare for the receipt and use of the power covered by this agreement, so as to be able to receive power on the date herein set forth;

(b) To pay to the Commission for all power used or held in reserve in monthly payments in gold coin, at Toronto, under the following schedule or rate:—

Service

Service Charge—

Ninety cents (90c.) per month per horsepower of maximum demand,

PLUS

Consumption charges of—

One and twenty-five one-hundredths cents (1.25c.) per K.W.H. for all consumption up to the first 50 hours' monthly use of maximum demand.

One and twenty-five one-hundredths cents (1.25c.) per K.W.H. for the next 50 hours' monthly use of maximum demand;

Fifteen one-hundredths cent (0.15c.) per K.W.H. for all consumption in excess of 100 hours' monthly use of maximum demand;

and each month's payments to be made as though the maximum amount taken during that month had been taken for the whole month, save that paragraph (e) hereof shall govern the minimum.

The amount of power taken or held in reserve under this agreement shall be taken as the maximum average amount of power for any ten consecutive minutes (the 10 minute integrated demand) as shown by meter.

From the gross bill computed as above will be allowed the following discount:

A "prompt payment" discount of ten per cent. (10%) if the bill is paid by the date set forth hereunder.

(c) To take power exclusively from the Commission for the term of this agreement, and not to sell or dispose of said power, or any part thereof, directly or indirectly, without the written consent of the Commission;

(d) If the Customer during any month takes more than the amount of power ordered and held in reserve for him for ten (10) consecutive minutes the taking of such excess power shall thereafter constitute an obligation on the part of the Customer to pay for, and on the part of the Commission, as long as this greater amount does not exceed the maximum hereunder, to hold in reserve such increased quantity of power in accordance with the terms and conditions of this agreement;

(e) To pay each month to the Commission as a minimum for seventy-five per cent. (75%) of the power held in reserve for the Customer at the rates fixed herein, except as provided for in Clause 5 (b) hereof;

(f) At all times to take and use the three-phase power in such a manner that the current will be equally taken from the three phases, and in no case shall the difference between any two phases be greater than ten per cent. (10%);

(g) At all times to so take and use the three-phase power that the ratio of the kilowatts to the kilovolt amperes is a maximum, but in any event the Customer shall pay for at least ninety per cent. (90%) of the maximum kilovolt-amperes considered as true power or kilowatts. The maximum demand in kilovolt-amperes or kilowatts shall be taken as the maximum average or integrated demand over any ten consecutive minutes.

One horsepower is defined as 0.746 kilowatts.

One kilowatt is defined as the product of the instantaneous current, voltage and power factor of the load as shown by a standard polyphase wattmeter and divided by 1,000.

One kilovolt-ampere is defined as the product of the simultaneous average current per phase times the average voltage between phases, times, 1.732 and divided by 1,000.

For the purpose of this agreement, the kilovolt-amperes may be determined either directly by current and voltage measurements or by the Power Factor as may be approved by the Commission.

The Power Factor is defined as kilowatts divided by kilovolt-amperes;

(h) Bills shall be rendered by the Commission to the Customer on or before the fifth day, and paid by the Customer on or before the twenty-fifth day of each calendar month.

If any bill remains unpaid for thirty (30) days after the date thereof the Commission may, in addition to all other remedies, and without notice, discontinue the supply of power to the Customer until the said bill is paid, and no such discontinuance by the Commission shall relieve the Customer from the performance of the covenants, provisions and conditions herein contained.

All payments in arrears shall bear interest at the legal rate;

(i) To use at all times modern, standard, commercial apparatus and plant to be approved by the Commission from time to time and to so operate and conduct the plant and apparatus as to cause minimum disturbance or fluctuations to the Commission's supply and to exercise all due skill and diligence so as to secure the satisfactory operation of the plant and apparatus of both the Commission and the Customer;

(j) Should it be expedient or necessary for the Commission in order to deliver power hereunder, to construct, install or build poles, lines, cables, transformers, switches or other appliances or devices on, over or through the property of the Customer, or on, over or through any other adjoining property, the Customer hereby agrees to supply and arrange for such necessary rights-of-way free of cost and satisfactory to the Commission for the life of this agreement, or renewals thereof, and for thirty (30) days thereafter, so that the Commission may build, erect, construct, operate, repair, maintain and remove any of said apparatus or devices belonging to the Commission;

(k) The Customer shall erect a substation approved by the Commission and shall supply, install and operate the electrical equipment therein as instructed by the Commission.

3. The power delivered hereunder shall be alternating, three phase, having a periodicity of approximately sixty (60) cycles per second and a pressure of approximately two thousand two hundred volts between phase wires, subject to normal variations in both frequency and voltage not to exceed five per cent. (5%).

4. (a) Measurement of the power held in reserve or taken by the Customer hereunder shall be made by means of a standard polyphase integrating-demand watt-hour meter, and other meters as required, so arranged as to accurately measure and record the power taken by the Customer;

(b) The point of measuring the power covered by this agreement shall be as near as possible to the point of delivery, and the instruments, with the necessary current and potential transformers for the measurement of power hereunder, shall be provided, installed and maintained correct by the Commission.

Records from said meters shall be on file with the Commission and shall be available to the Customer for inspection at all reasonable times;

(c) Whenever the said measuring instruments are connected at other than the point of delivery their reading shall be subject to a correction and shall be corrected to give a reading such as would be obtained by instruments connected at the point of delivery. Such correction shall be based upon tests or calculations by the Commission;

(d) Should the point of measurement be located on the premises of the Customer no rental charge shall be made to the Commission for the location of said instruments, transformers or other equipment on the Customer's premises;

(e) Access to said instruments and transformers belonging to the Commission shall be free to the Commission at any and all times, and the Commission may test, calibrate or remove said measuring instruments and transformers at any reasonable time, but when possible the Customer shall be advised at least seven days in advance of the Commission's intention to re-calibrate, remove or change the measuring instruments;

(f) The Customer shall have the right to test any such measuring instruments in the presence of a representative of the Commission by giving to the Commission seven days' previous notice in writing of its desire to test such measuring instruments;

(g) The Commission shall repair or replace and re-test defective meters or measuring equipment within a reasonable time, but during the time there is no meter in service, it shall be assumed that the power consumed is the same as for other days of the same month on which a similar load existed;

(h) The Customer shall be responsible for any damage to the property or apparatus furnished by the Commission for the purpose of supplying or measuring power hereunder and installed on the Customer's property, providing such damage originates from a source external to the said apparatus of the Commission, and is not due to defects in the apparatus of the Commission.

5. (a) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery shall constitute the supply of power involved herein and a fulfillment of all the operating obligations hereunder, and when the voltage and the frequency are so maintained the amount of power, its fluctuations, load factor, power factor, distribution as to phases, and all other characteristics and qualities are under the sole control of the Customer, his agents, apparatus, appliances and circuits;

(b) In case the Commission shall at any time or times be prevented from delivering said power or any part thereof by strikes, lockouts, riot, fire, invasion, explosion, act of God, the King's enemies, or any other cause or causes reasonably beyond its control, then the Commission shall not be bound to deliver such power during such time and the Customer shall not be bound to pay for such power during such time;

(c) The Commission shall be prompt and diligent in removing the cause of such interruption, and as soon as the cause of such interruption is removed the Commission shall, without any delay, deliver the said power as aforesaid, and the Customer shall take and use the same;

(d) It is further agreed hereby that the Commission shall have the right at reasonable times, and when possible after due notice
has

has been given to the Customer, to discontinue the supply of power to the Customer for the purposes of safeguarding life or property, or for the purpose of making repairs, renewals or replacements to the lines or apparatus of the Commission, but all such interruptions shall be of a minimum duration and when possible arranged for at a time least objectionable to the Customer.

Such interruptions shall not release the Customer from his obligations to pay for or resume the use of power when service is restored.

6. A representative or engineer of the Commission appointed for this purpose may, at any reasonable time during the continuance of this agreement, have access to the premises of the Customer for the purpose of inspecting the electrical apparatus, plant or property of the Customer and to take records therefrom as required.

7. It is mutually agreed:

That in case of any dispute arising between the parties hereto relative to the fulfilment of any of the terms, provisos or conditions of this agreement, or as to the method or accuracy of the measurement of power, or any other question which may arise under this agreement, the same shall be promptly referred to arbitration under *The Arbitration Act*, and the finding of said arbitrator or arbitrators shall be final and binding upon both parties thereto.

8. This agreement shall be binding upon both parties hereto for a period of five (5) years, beginning on the day and date when power is first taken hereunder, and this agreement will be considered as being automatically renewed from year to year thereafter, unless notice of cancellation is given by either party hereto to the other one month before the expiration of the first period or any succeeding yearly period.

9. The Commission shall be entitled at the termination of this agreement or any extension thereof, or within thirty (30) days thereafter, to remove from the Customer's premises any and all plant or equipment which may have been installed by the Commission for the supply or measurement of power hereunder.

10. This agreement shall extend to and be binding upon and enure to the benefit of the successors and assigns of the parties hereto respectively.

In witness whereof the parties hereto have affixed their seals and the hands of their proper officers.

SCHEDULE

SCHEDULE "O."

Memorandum of agreement, made in triplicate this 22nd day of May, A.D., 1918.

Between:

Essex County Light and Power Company, Limited, hereinafter called the "Vendor," of the first part;

The Hydro-Electric Power Commission of Ontario, hereinafter called the "Purchaser," of the Second part;

and

The Detroit Edison Company, of the City of Detroit, in the State of Michigan, one of the United States of America, hereinafter called "The Edison Company," of the third part.

Whereas the Vendor is engaged in the business of producing and distributing in the County of Essex electrical energy for the purpose of light, heat and power and the Vendor has agreed to sell to the Purchaser, the freehold and leasehold lands of the Vendor, together with the plant, machinery, contracts, easements, licenses and agreements hereinafter referred to and its light, heat and power business as aforesaid as a going concern, and

Whereas the Edison Company is the owner of a majority of the capital stock of the Vendor and as such is interested in the making and carrying out of the sale hereinbefore referred to and has undertaken that the Vendor shall carry out the Vendor's obligations hereinafter set forth for the purpose of enabling the Vendor to complete the said sale,

Now this agreement witnesseth as follows:

1. The Vendor shall sell and the Purchaser shall purchase all the property, assets and undertakings of every kind and nature of the Vendor as the same existed on the 31st day of December, 1917, as follows:

(a) The good will of the said business;

(b) All the freehold and leasehold lands, easements and interests in lands owned by the Vendor;

(c) All the plant, machinery, furniture, patents, licenses, stock in trade, stores, goods, chattels, property and effects to which the Vendor is entitled or which are in use by the Vendor or to which the Vendor is entitled in connection with the said business;

(d) The franchises, contracts and engagements of the Vendor, as set out in Schedule "A" hereto attached and forming part of this agreement, all the rights of the Vendor thereunder and the full benefit thereof and all other pending contracts and engagements or existing franchises to which the Vendor is or may be entitled with its said business;

(e) All the other property to which the Vendor is entitled in connection with the said business, except all the Vendor's cash, promissory notes, book accounts and other bills and accounts receivable to which the Vendor is entitled on the 31st. (W.W.P.) day of May (W.W.P.), 1918.

2. From the property hereinbefore described the Vendor excepts and reserves the following properties which are not hereby sold or agreed to be sold to the Purchaser, namely:

(a)

(a) All the real estate owned by the Vendor in the Town of Sandwich;

(b) The substation and substation equipment located in the Town of Sandwich;

(c) The steam turbine plant and condensor equipment, piping and all other equipment, the property of the Vendor, installed in the plant of the Canadian Salt Company, Limited, at Sandwich, Ontario;

(d) The overhead lines connecting the substation of the Vendor with the Vendor's said equipment installed on the property of the Canadian Salt Company, Limited, in Sandwich, Ontario;

(e) The overhead lines connecting the said substation of the Vendor with the steam plant of the Canadian Salt Company, Limited, in their works in the City of Windsor, but where such overhead lines are carried on 22,000-volt pole lines of the Vendor, only the connecting wires above referred to are excluded from the sale and are to remain the property of the Vendor, the poles and 22,000-volt wires becoming the property of the Purchaser;

(f) The stock of wiring material, electric appliances and supplies of any kind or nature handled by the Vendor in its merchandise business in stock at its various offices on the date hereinafter provided for the completion of the purchase. The intent of this provision is that spare parts for substation or line equipment, or material kept in stock for repairs of lines and substations are to be included in the purchase, but material or supplies intended to be sold to customers and which, therefore, would not become additions to the property, are to be excluded from the said purchase.

3. Part of the consideration for the sale shall be two hundred and twenty-six thousand dollars (\$226,000) and shall be paid and satisfied as follows:

(a) The sum of two hundred thousand dollars (\$200,000) by the delivery to the Vendor of the debentures of the Purchaser guaranteed as hereinafter provided for, of the par value of two hundred thousand dollars (\$200,000), bearing the date hereinafter fixed for completion in denominations of one thousand dollars each, or such denominations being multiples of one hundred dollars (\$100) as the Vendor shall in writing require, payable forty years from the date of issue and bearing interest at the rate of four per cent. (4 per cent.) payable half-yearly;

(b) The sum of twenty-six thousand dollars (\$26,000) by the delivery to the Vendor of the debentures of the Purchaser guaranteed as hereinafter provided for, for the sum of twenty-six thousand dollars (\$26,000) bearing the date hereinafter fixed for completion, in denominations of one thousand dollars (\$1,000) each, or such denominations being multiples of one hundred dollars (\$100) as the Vendor shall in writing require, payable ten years from the date thereof and bearing interest at the rate of five per cent. (5 per cent.) payable half-yearly.

4. All of the debentures referred to in section 3 hereof, shall be payable both as to principal and interest at the chief office of the Bank of Montreal, at Toronto, Ontario, and shall be in the words and figures following:

5. The assets and undertakings hereby sold are to be free from all liens, charges or incumbrances, but as regards leaseholds subject to the rents and covenants contained in any leases or agreement for leases under which the same are held, and as regards all Municipal Franchises, subject to the obligations therein expressed to be performed or done after the date herein fixed for completion. Should it happen that at the date herein fixed for completion the Vendor is unable to satisfy any liens, charges or incumbrances on the property sold, or any portion thereof, the Vendor agrees that the Purchaser, as a guarantee for the due payment and discharge of such liens, charges or incumbrances, by the Vendor, may retain an amount of the said debentures of the Purchaser equal to (W.W.P.) one hundred and fifty (150) per centum of the principal of said liens, charges or incumbrances, as of the date hereinafter provided for the completion of the purchase, to protect the Purchaser against any loss due to the Vendor not satisfying and discharging any of the said liens, charges or incumbrances as the same become due and payable, together with any interest thereon and any costs, damages or expenses which the Purchaser may be compelled to pay by reasons of the Vendor's default.

6. As the balance of the consideration, the Purchaser shall assume the contracts and agreements of the Vendor in connection with its said business, a list of which is hereto attached as Schedule "A." It being understood, however, that the Purchaser shall assume only such obligations in connection with the said contracts as may be within the power of the Purchaser under *The Power Commission Act of Ontario*, and amendments thereto.

7. The Vendor shall allow the Purchaser the use of the said substation building and equipment therein belonging to the Vendor, located in the Town of Sandwich, Ontario, for one year from the date of completion, or such earlier period of time as the Purchaser requires to change equipment and construct electric transmission lines necessary to supply power to the customers of the Vendor from the electric power supply of the Purchaser. For the use of the said substation and equipment the Purchaser agrees to pay to the Vendor at the rate of fifty dollars (\$50.00) per month, payable monthly, and the Purchaser shall deliver to the said Vendor the said substation and equipment at the expiration of such period of time in as good condition as the said substation and equipment are at the date the Purchaser takes possession of the same under the terms of this agreement, ordinary wear and tear excepted.

8. The Vendor agrees that the Canadian Salt Company, Limited, may operate the steam turbine and auxiliary equipment therewith now in the premises of the Canadian Salt Company, Limited, at Wind-

sor, and also the electric transmission line connecting the said sub-station with the steam plant of the Canadian Salt Company, Limited, at Sandwich, Ontario, during the period mentioned in the last preceding section of this agreement, and may thereby supply such quantity of power to the Purchaser as may be required by the Purchaser, for the service of the district now covered by the operations of the Vendor Company in order to enable the Purchaser to carry on during the period limited in the last preceding section and continue the business and operation of the Vendor Company in the district now served by the Vendor Company; it being the intention of the parties hereto that the Purchaser may thereby obtain from the Canadian Salt Company, Limited, such a supply of power as will enable it to continue the Vendor's business as a going concern.

9. In order to enable the Canadian Salt Company, Limited, to generate and supply power as hereinbefore provided, the Vendor shall allow the Canadian Salt Company, Limited, to use the steam turbine and auxiliary equipment therewith, the property of the Vendor, and also the electric transmission line connecting the sub-station with the steam plant of the Canadian Salt Company, Limited, in Sandwich, Ontario, during the period mentioned in section 7 of this agreement and shall make all necessary arrangements with the Canadian Salt Company, Limited, as to the use of the said steam turbine and auxiliary equipment and transmission line.

10. The Vendor shall also supply to the Canadian Salt Company, Limited, of Windsor, at its plant in the said Town of Sandwich, from time to time, sufficient coal to operate the said steam turbine and auxiliary equipment to produce the necessary power to supply the customers of the Vendor, which are hereby taken over by the Purchaser and to continue the business of supplying light, heat, and power in the district heretofore covered by the operations of the Vendor, during the period limited in section 7 hereof.

11. The Vendor shall transfer, assign, surrender and give up to the Purchaser the franchises and agreements in Schedule "A" hereto referred to, and the full benefit thereof and all rights of whatever nature enjoyed by the Vendor or to which the Vendor may be entitled under any such franchises, agreements and the right to use and occupy the highways or any portion of the same within the limits of the said County of Essex, in the Province of Ontario, and the right to furnish electric light, heat, power and energy to any inhabitant thereof or to any person, firm or corporation within the said limits of the County of Essex, so as to confer upon the Purchaser the full right and authority to carry on the business of supplying electric light, heat, power or energy as fully and effectually as the Vendor has heretofore carried on the said business within the said County of Essex.

12. The purchase shall be completed at the office of the Hydro-Electric Power Commission of Ontario, 190 University Avenue, Toronto, Ontario, on (W.W.P.) Saturday, the first day of June, 1918 (W.W.P.), when possession of the premises shall as far as practicable be given to the Purchaser, and the Vendor shall execute and deliver to the Purchaser due and proper conveyances, transfers and assignments of all the property and rights hereby sold by the Vendor to the Purchaser, and the consideration shall be paid and satisfied save the retention by the Purchaser of such part of the debentures as may be necessary to secure the due discharge of any liens, charges or incumbrances as hereinbefore provided, and thereafter the Vendor and all necessary parties shall at the expense of the Purchaser execute and do all assurances and things as may be necessary to vest the said premises in the said Purchaser and giving to the Purchaser the full benefit of this agreement as may be reasonably required.

13. And in consideration of the purchase by the Purchaser from the Vendor, as hereinbefore provided, the Edison Company hereby undertakes and agrees that the Vendor shall duly grant, transfer and assign

assign the property, rights and franchises hereby agreed to be sold to the Purchaser and duly and punctually perform all the agreements and obligations hereby undertaken by the Vendor and that in default thereof the Edison Company undertakes to perform and satisfy the same.

14. This agreement shall be binding upon the successors and assigns hereto.

In witness whereof the parties hereto have hereunto caused these presents to be signed by their proper officers in their behalf and their respective corporate seals to be affixed hereto.

(W.W.P.)

SCHEDULE "P."

This Agreement, dated the 1st day of September, 1918,

Between:

Hydro-Electric Power Commission of Ontario, herein called the "Commission," of the first part,

and

The Wolverton Milling Company, Limited, Wolverton, Ont., herein called the "Customer," of the second part.

Witnesseth:

1. The Commission agrees with the Customer on the 1st day of September, 1918, to deliver or hold in reserve for the Customer's use, for the term or terms hereinafter provided for, seventy-five (75) H.P. of electrical power at the 550 volt building entrance of the Customer's mill load on the Customer's property at Wolverton, in the Township of Blenheim, County of Oxford, Ontario.

2. The Customer agrees with the Commission:

(a)

(a) To take power exclusively from the Commission for the term of five (5) years from the date of this agreement, September 1st, 1918, and not to sell or dispose of said power, or any part thereof, directly or indirectly without the written consent of the Commission;

(b) To pay for such power as may be taken, the accounts to be rendered by the Commission each month, and each month's bill to be on the assumption that the maximum amount of power taken as determined by an integrated peak or highest average for any ten (10) consecutive minutes in that month has been taken for the whole month, and the rate to be forty-three dollars (\$43.00) per electrical horsepower per annum;

(c) To pay each month as a minimum for seventy-five (75) per cent. of the power held in reserve for the Customer at the rate fixed by clause 2 (b), except as provided in clause 3 (d);

(d) When power is first available for the Customer's use, written notice shall be sent, not, however, earlier than September 1st, 1918, and not later than October 1st, 1919, by the Commission to the Customer advising that power is available and delivery subject to clause (e) of this section shall begin within thirty (30) days of the date of this notice;

(e) At all times to take and use the three-phase power in such a manner that the current will be equally taken from the three phases, and in no case shall the difference between any two phases be greater than three (3) per cent. The Customer shall at all times take and use three-phase power in such a manner that the power factor will be as near one hundred (100) per cent. as possible, but whenever it is not possible to take the current at one hundred (100) per cent. power factor and the power factor of the greater amount of power taken for said ten (10) minutes is less than ninety (90) per cent. the Customer shall pay for ninety (90) per cent. of the said power divided by the power factor;

(f) Said power shall be measured at the point of delivery to the Customer. The meter for the measurement of this electric power shall be provided, installed, and kept in repair by the Commission;

The representatives of the Customer shall at all reasonable times have access to the meter records filed with the Commission.

The Commission shall repair or replace and retest a defective meter within a reasonable time; during the time there is no meter in service, it shall be assumed that the power consumed is the same as for the other days of the month on which a similar load existed;

(g) The Commission shall be entitled at the termination of this agreement to remove from the Customer's premises any electrical equipment including meters, transformers, and any equipment of whatsoever kind or nature shall have been installed and paid for by the Commission;

(h) The Customer shall be responsible for any damage to the property furnished by the Commission and installed on his property, which may originate from a source external to this apparatus, that is, all damage not due to defects in the apparatus or of the apparatus;

(i) This agreement shall continue in force after the term herein mentioned from term to term until terminated by a notice in writing given by either party hereto at least one month before the end of the term, or any five-year term thereafter.

3. The Commission agrees with the Customer:—

(a)

(a) If at any time the demands of the Customer for power exceed for ten (10) consecutive minutes the amount held in reserve, or any amount greater than that permissible by the terms of this agreement, the amount held in reserve shall thereafter, with the consent of the Commission, be increased by an amount equal to such excess above the specified or permissible amount held in reserve, and a minimum of seventy-five (75) per cent. of such increased amount shall thereafter be purchased and paid for until a greater amount shall be taken in accordance with the terms of this contract, or by, or on account of, another demand for power above that permissible by the terms of this contract;

(b) Payment shall be made in gold coin of the present standard of weight and fineness, and bills shall be rendered by the Commission on or before the fifth and paid by the Customer on or before the fifteenth of each month. If any bill remains unpaid for fifteen (15) days, the Commission may in addition to all other remedies and without notice, discontinue the supply of such power to the Customer in default until such bill is paid. No such discontinuance shall relieve the Customer in default from the performance of the covenants, provisos and conditions herein contained. All payments in arrears shall bear interest at the legal rate;

(c) Said power shall be three-phase, alternating at a periodicity of approximately 25 cycles, and at approximately 550 volts, and shall be commercially continuous 24-hour power every day in the year except as provided for hereunder.

The maintenance by the Commission of approximately the agreed voltage, at approximately the agreed frequency at the point of delivery, shall constitute a supply of all power involved herein and the fulfilment of all the operating obligations hereunder, and when the voltage and the frequency are so maintained, the amount of power, its fluctuations, load factor, power factor, distributions as to phases, and all other characteristics and qualities are under the sole control of the Customer, his agents, apparatus, appliances and circuits;

(d) In case the Commission shall at any time or times be prevented from delivering said power, or any part thereof, by strike, lockout, riot, fire, invasion, accident, explosion, act of God or the King's enemies, or any other cause reasonably beyond its control, then the Commission shall not be bound to deliver such power, during such time, and the Customer shall not be bound to pay for such power during such time, but as soon as the cause of such interruption is removed the Commission shall without any delay deliver the said power as aforesaid and the Customer shall take same and the Commission shall be prompt and diligent in removing and overcoming such cause or causes of interruption;

(e) It is agreed that in case any dispute shall arise relating to the question of the performance and fulfilment of any of the terms, provisos or conditions of this agreement, or as to the method or accuracy of the measurement of the power, or as to any question which may arise under this agreement, the same shall be determined by two independent persons, one to be chosen by each of the parties to such dispute, and such person before proceeding with the reference shall appoint a third arbitrator to act with them, and the decision of the said three arbitrators, or a majority of them, shall be conclusive on both parties except as hereinafter provided, and in case either of the said parties shall neglect or fail to appoint an arbitrator within thirty (30) days after the request in writing by the other party, then the arbitrator appointed by the other party may proceed alone and his award shall be conclusive on both parties except as hereinafter provided. The award shall be made within four (4) months after the appointment of the first

of such arbitrators, and in the event of the two arbitrators appointed as aforesaid being unable or unwilling to agree upon a third arbitrator for two weeks after their appointment, or the appointment of the one of them who was last appointed, then said third arbitrator shall be chosen and appointed by the Chief Justice, for the time being, of the King's Bench Division of the High Court of Justice for the Province of Ontario, or in the event of the said Chief Justice being ill, absent from the Province or otherwise unable or refusing to act, then such third arbitrator shall be appointed by any Judge of the High Court Division of the Supreme Court of Ontario, or any Judge other than a local Judge. It is agreed that there may be an appeal by either party from any decision or award of such arbitrators to the Supreme Court of Ontario in accordance with the provisions of *The Arbitration Act* in that behalf;

(f) This agreement shall extend to, and be binding upon and enure to, the benefit of the successors and assigns of the parties hereto respectively.

4. The Customer shall supply a bond which shall be satisfactory to the Commission for the sum of Fifteen Hundred Dollars (\$1,500.00); this bond to be for the purpose of guaranteeing the Commission against loss on equipment installed to supply power to the Customer under this contract should the Customer fail to fulfil the terms and conditions as set forth in this contract.

Should the Commission be under a loss in supplying power to the Customer by the Company's failure to fulfil the terms and conditions set forth in this contract, the amount of such loss shall be paid for by the Company and shall be according to estimates made by the engineers of the Commission, and should there be any dispute in regard to the settlement of such amount the dispute shall be decided according to the arrangement set forth in paragraph 3 (c) of this contract.

In witness whereof the parties hereto have affixed their seals and the hands of their proper officers.

1. That I was personally present together with Messrs. Norman Scott Russell and Dudley Northall Laurie, two of the Directors of the said British Empire Trust Company, Limited, having its registered office at No. 34 Nicholas Lane aforesaid, and did see the Common Seal of the said Company affixed to the annexed Instrument, and that it was affixed thereto pursuant to a Resolution of the Board
of

of Directors of the said Company and that the Seal thereto affixed is the genuine Common Seal of the said Company.

2. That I personally know the said Norman Scott Russell and Dudley Northall Laurie.

3. That the said Instrument was in all respects duly executed by the said Company at No. 34 Nicholas Lane aforesaid on the thirteenth day of December, One thousand nine hundred and eighteen.

4. That I am the Secretary of the said Company and that my name, address and calling are correctly set forth as above.

5. And that the signature "N. Scott Russell," "D. Northall Laurie," and "R. W. Bartlett," respectively set and subscribed at the foot of the said Instrument are of the respective proper handwriting of the said Norman Scott Russell, Dudley Northall Laurie and of me, this deponent.

This Agreement made this fourteenth day of November, 1918.

Between

The Toronto Suburban Railway Company, hereinafter called the "Vendor," of the first part;

The Hydro-Electric Power Commission of Ontario, hereinafter called the "Purchaser," of the second part;

and

The British Empire Company, Limited, Mortgagees, of the third part.

1. Witnesseth the Vendor has agreed to sell and the Purchaser agreed to buy, for the sum of Fifteen Hundred Dollars (\$1,500.00).

All and singular the electrical distribution system lying in and adjacent to the district known as the Hamlet of Thistletown, in the Township of Etobicoke, County of York, the said distribution system consisting of all nominally 2,200 volt primary lines and all secondary lines on the highways in the said district, including poles, wires, transformers and other apparatus with all service connections, including meters, to the properties of the customers receiving electrical energy from the said lines, all as set forth in the inventory attached hereto, together with any apparatus, services or lines properly belonging to the said distribution system, and which may have been omitted from the said inventory, excepting wires on the

short

short highway (hereinafter called "side street"), running between the Vendor's substation and the Albion Road, a distance of approximately 230 feet, and the street lighting fixtures now on the corner of the said side street and Albion Road, which shall remain the property of the Vendor and which the Vendor shall have the right to maintain so long as the Vendor continues to supply such lighting free of charge. The above description is not intended to include or affect the Vendor's substation at Thistletown, nor any of the wiring, transformers, or equipment used in the operation of the Vendor's railway.

2. The Vendor agrees with the Purchaser—

(a) To remove all wires from the said side street excepting two (2) weatherproof conductors carrying not more than two hundred and fifty (250) volts for supplying free street lighting on the said side street, and to use the said two wires for no other purpose but to give the said free street lighting;

(b) To maintain at the expense of the Vendor the said two wires and street lighting fixtures in good and safe condition and in a position on the poles as requested by the Purchaser, but if the position of the said wires or fixtures is changed at the request of the Purchaser, the change shall be made by the Purchaser without expense to the Vendor, but the fixture shall not be placed in such a position as to lessen the efficiency of the light. The Vendor may, however, remove the said wires and street lighting fixtures and discontinue the street lighting at any time without notice;

(c) Within thirty (30) days after ceasing to give free street lighting to remove the said two wires and street fixtures, or failing to do so, to allow the purchaser to remove the same without notice and at the expense of the Vendor;

(d) To deliver over to the Purchaser with the said distribution system all agreements for electric service between the Vendor and the Customer receiving service from the said system, the Vendor to have the right to collect all accounts for light and power up to the time of the transfer and until they discontinue to supply the consumers;

(e) To deliver over to the Purchaser at the time the Purchaser is prepared to give service the said distribution system free of all claims, liens or other encumbrances;

(f) To assist the Purchaser, at the time the distribution system is taken over, to maintain the service with as little inconvenience as possible to the customers on the system.

3. The Purchaser hereby agrees to continue the contracts for service as per schedule attached, to the discharge of the Vendor in respect thereof.

4. It is further mutually agreed that the Purchaser shall pay the Vendor the full amount of Fifteen Hundred Dollars (\$1,500.00) at the time the agreement is finally executed, and upon such payment, the Vendor shall turn over to the Purchaser the entire plant and business as herein described, which shall not be later than the first day of January, 1919.

5. The British Empire Trust Company, Limited, joins herein for the purpose of releasing and discharging, and it hereby releases and discharges the properties herein agreed to be sold and every part thereof from the mortgage and charge created by an Indenture of Trust made between the Toronto Suburban Railway Company and The British Empire Trust Company, Limited, under date the fifteenth day of July, A.D. 1911.

In witness whereof the parties hereto have hereunto set their respective corporate seals.

(b) To maintain at the expense of the Vendor the said two wires
and street lighting fixtures in good and safe condition and in a
position on the poles as requested by the Purchaser, but if the posi-
tion of the said wires or fixtures is changed at the request of the
Purchaser, the change shall be made by the Purchaser without
expense to the Vendor, but the fixture shall not be placed in such
a position as to lessen the efficiency of the light. The Vendor may,
however, remove the said wires and street lighting fixtures and
discontinue the street lighting at any time without notice;

(c) Within thirty (30) days after ceasing to give free street light-
ing to remove the said two wires and street fixtures, or failing to do
so, to allow the purchaser to remove the same without notice and
at the expense of the Vendor;

(d) To deliver over to the Purchaser with the said distribution
system all agreements for electric service between the Vendor and
the customers receiving service from the said system, the Vendor to
have the right to collect all accounts for light and power up to the
time of the transfer, and until they discontinue to supply the
consumers;

(e) To deliver over to the Purchaser at the time the Purchaser is prepared to give service the said distribution system free of all claims, liens or other encumbrances;

(f) To assist the Purchaser at the time the distribution system is taken over to maintain the service with as little inconvenience as possible to the customers on the System.

3. The Purchaser hereby agrees to continue the contracts for service as per schedule attached, to the discharge of the Vendor in respect thereof.

4. It is further mutually agreed that the Purchaser shall pay the Vendor the full amount of Fifteen Hundred Dollars (\$1,500.00), at the time the agreement is finally executed, and upon such payment, the Vendor shall turn over to the Purchaser the entire plant and business as herein described, which shall not be later than the first day of January, 1919.

Memorandum of agreement, made in triplicate this first day of October, A.D., 1918.

Between:

James Battle, of the Town of Thorold, in the County of Welland, hereinafter called the "Vendor," of the first part;

and

The Hydro-Electric Power Commission of Ontario, hereinafter called the "Commission," of the second part.

Whereas the Vendor is engaged in the business of distributing in the Township of Thorold, and Town of Thorold, County of Welland, electrical energy for the purpose of light, heat and power and the Vendor has agreed to sell to the Commission, the freehold and leasehold lands of the Vendor, together with the plant, machinery, contracts, franchises, easements, licenses and agreements hereinafter referred to and his light, heat and power business as aforesaid as a going concern;

Now this agreement witnesseth as follows:

1. The Vendor shall sell and the Commission shall purchase all the property, assets and undertakings of every kind and nature of the Vendor in connection with his electrical business as the same existed on the seventeenth day of October, 1917, as follows:

(a) The good will of the said business;

(b)

(b) All the freehold and leasehold lands, easements and interests in land owned by the Vendor and used in connection with the said business;

(c) All the plant, machinery, furniture, patents, licenses, franchises, stock-in-trade, stores, goods, chattels, property and effects to which the Vendor is entitled or which are in use by the Vendor or to which the Vendor is in any way interested in connection with the said business;

(d) The franchises, contracts and engagements of the Vendor, as set out in "Schedule A" hereto attached and forming part of this agreement, together with all the rights of the Vendor thereunder and the full benefit thereof and all other pending contracts and engagements or existing franchises to which the Vendor is or may be entitled in connection with his said business;

(e) All the other property of whatsoever nature to which the Vendor is entitled in connection with the said business, except all the Vendor's cash, promissory notes, book obligations and other bills and accounts receivable to which the Vendor is entitled on the first day of December, 1918.

2. From the property hereinbefore described the Vendor excepts and reserves the following properties which are not hereby sold or agreed to be sold to the Commission, namely:

All the bare copper wire, which was obtained by the Vendor in his dealings with the Confederation Construction Company.

3. The consideration for the sale transferred and delivered hereunder shall be One Hundred Thousand Dollars (\$100,000.00) and shall be paid and satisfied as follows:

The said sum of One Hundred Thousand Dollars (\$100,000.00) by the delivery to the Vendor of the debentures of the Purchaser guaranteed as hereinafter provided for, of the par value of One Hundred Thousand Dollars (\$100,000.00) bearing the date hereinafter fixed for completion, in denominations of (\$1,000.00) One Thousand Dollars each, payable forty years from the date of issue and bearing interest at the rate of four per cent. (4 per cent.) payable half-yearly.

4. All the debentures referred to in section three hereof shall be payable both as to principal and interest at the chief office of the Bank of Montreal, at Toronto, Ontario, and shall be in the words and figures following:

DOMINION OF CANADA.

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO.

-----	---------------------	-----

Four per cent. Forty Year Gold Debentures.

The Hydro-Electric Power Commission of Ontario, hereinafter called the "Commission," for value received hereby promises to pay to the bearer, or if registered to the registered holder hereof, on the first day of December, 1958, on presentation and surrender of this debenture, the sum of One Thousand Dollars at the chief office of the Bank of Montreal, in Toronto, Canada, with interest thereon until paid, at the rate of four per centum, per annum, payable half-yearly on the first day of June and the first day of December, in each year, on presentation and surrender of the interest coupons hereto annexed as they severally become due: each payment of principal and interest to be made in gold coin of the Dominion of Canada of the present standard of weight and fineness, or its equivalent.

This

This debenture shall pass by delivery, but may be registered as to principal in the name of the holder in a register which shall be kept by the Commission at its office in Toronto, Canada, in which case it can only be transferred by an instrument in writing, signed by the registered holder or his lawful attorney and registered in the said register. A transfer to bearer may subsequently be registered, after which this debenture shall be transferable by delivery alone until again registered in the name of the holder. Notwithstanding registration, interest coupons shall continue payable to bearer.

This debenture is issued under the authority of an Act of the Legislative Assembly of the Province of Ontario, entitled *The Power Commission Act, 1917*, and being Chapter 20, of the Statutes of Ontario (1917), passed in the seventh year of the reign of His Majesty King George V.

In witness whereof, the Commission has caused its corporate seal to be hereunto affixed and this debenture to be signed by its Chairman and countersigned by its Secretary, this first day of December, 1918.

.....
Chairman

.....
Secretary.

And the said debenture shall have attached thereto coupons covering the respective payments of interest, from the date thereof until the maturity of the said debenture, in the words and figures following:

James Battle Issue.

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO.

Will pay to the bearer on the day of
\$ dollars at the chief office
of the Bank of Montreal, in Toronto, Canada, such payment to be made in gold coin of the Dominion of Canada of the present standard of weight and fineness or its equivalent and being the half year interest on debenture.

Payable on the day of 1958.

Coupons No. No.

Dated the day of 1918.

.....
Secretary

The signature of the Chairman of the Commission may be written, lithographed or engraved on each of the said debentures and the signature of the Secretary of the Commission may be lithographed, printed or engraved on each of the said coupons and such signatures shall for all purposes be deemed to be the signatures of the Chairman and Secretary.

The Commission shall take all necessary legal steps to have the payment of said debentures, both principal and interest, guaranteed by the Province of Ontario, according to law, which guarantee shall be in the words and figures following:

GUARANTEE OF THE PROVINCE OF ONTARIO.

By virtue of powers conferred by the Legislature of the Province of Ontario, Canada, the Province of Ontario hereby guarantees to the holder of the within bond for the time being and to the holder for the time being of any of the coupons attached thereto, due payment

ment of the principal of the within debenture and of the interest thereon, according to the tenor of the said debenture and of the coupons attached thereto.

.....
Assistant Treasurer of Ontario.

5. The assets and undertakings hereby sold are to be free from all liens, charges or incumbrances, but as regards leaseholds subject to the rents and covenants contained in any leases under which the same are held, and as regards all Municipal Franchises, subject to the obligations therein expressed to be performed or done after the date herein fixed for completion. Should it happen that at the date herein fixed for completion the Vendor is unable to satisfy any liens, charges or incumbrances on the property sold, or any portion thereof, the Vendor agrees that the Commission, as a guarantee for the due payment and discharge for such liens, charges or incumbrances by the Vendor, may retain an amount of the said debentures of the Commission equal to one hundred and fifty (150) per centum. of the principal of said liens, charges or incumbrances as of the date hereinafter provided for the completion of the purchases, to protect the Commission against any loss due to the Vendor not satisfying and discharging any of said liens, charges or incumbrances as the same become due and payable, together with any interest thereon and any costs, damages, or expenses which the Commission may be compelled to pay by reason of the Vendor's default.

6. As the balance of the consideration, the Commission shall assume the contracts and agreements of the Vendor in connection with this said business, a list of which is hereto attached as Schedule "A," it being understood, however, that the Commission shall assume only such obligations in connection with the said contract as may be within the power of the Commission under *The Power Commission Act* of Ontario and amendments thereto.

7. The Vendor shall transfer, assign, surrender and give up to the Commission the franchises and agreements in Schedule "A" hereto referred to, and the full benefit thereof and all rights of whatever nature enjoyed by the Vendor or to which the Vendor may be entitled under any such franchises, agreements and the right to use and occupy highways or any portion of the same within the limits of the said Township of Thorold, in the Province of Ontario, and the right to furnish electric light, heat, power and energy to any inhabitant thereof or to any person, firm or corporation within the said limits of the Township of Thorold, or the Town of Thorold, so as to confer upon the Commission the full right and authority to carry on the business of supplying electric light, heat, power or energy as fully and effectually as the Vendor has heretofore carried on the said business within the said Township of Thorold, and the Town of Thorold.

8. The purchase shall be completed at the office of The Hydro-Electric Power Commission of Ontario, 190 University Avenue, Toronto, Ontario, on the first day of December, 1918, when possession of the premises shall as far as practicable be given to the Commission, and the Vendor shall execute and deliver to the Purchaser, due and proper conveyances, transfers and assignments of all the property and rights hereby sold by the Vendor to the Commission and the consideration shall be paid and satisfied save the retention by the Commission of such part of the debentures as may be necessary to secure the due discharge of any liens, charges or incumbrances as hereinbefore provided and thereafter the Vendor and all necessary parties shall at the expense of the Commission execute and do all assurances and things as may be necessary to vest the said premises in the said Commission and giving to the Purchaser the full benefit of this agreement as may be reasonably required.

This

This agreement shall be binding upon the successors and assigns hereto.

In witness whereof, the parties hereto have hereunto caused these presents to be signed by their proper officers on their behalf and their respective corporate seals to be affixed hereto.

The Vendor shall transfer, assign, surrender and give up to the Commission the franchises and agreements in Schedule "A" hereto referred to, and the full benefit thereof and all rights of whatever nature enjoyed by the Vendor or to which the Vendor may be entitled under any such franchises, agreements and the right to use and occupy highways or any portion of the same within the limits of the said Township of Thorold, in the Province of Ontario, and the right to furnish electric light, heat, power and energy to any inhabitant thereof or to any person, firm or corporation within the said limits of the Township of Thorold, or the Town of Thorold, so as to confer upon the Commission the full right and authority to carry on the business of supplying electric light, heat, power or energy as fully and effectually as the Vendor has heretofore carried on the said business within the said Township of Thorold and the Town of Thorold.

8. The purchase shall be completed at the office of the Hydro-Electric Power Commission of Ontario, 190 University Avenue, Toronto, Ontario, on the first day of December, 1918, when possession of the premises shall as far as practicable be given to the Commission, and the Vendor shall execute and deliver to the Purchaser, due and proper conveyances, transfers and assignments of all the property and rights hereby sold by the Vendor to the Commission, and the consideration shall be paid and satisfied save the retention by the Commission of such part of the debentures as may be necessary to secure the due discharge of any liens, charges or incumbrances as hereinbefore provided, and thereafter the Vendor and all necessary parties shall at the expense of the Commission execute and do all assurances and things as may be necessary to vest the said premises in the said Commission and giving to the Purchaser the full benefit of this agreement as may be reasonably required.

This agreement shall be binding upon the successors and assigns hereto.

In witness whereof the parties hereto have hereunto caused these presents to be signed by their proper officers on their behalf and their respective Corporate Seals to be affixed hereto.

SCHEDULE "S."

This Agreement, dated 22nd day of February, 1917,

Between

Hydro-Electric Power Commission of Ontario, herein called the "Commission," of the first part,

and

The Canadian Salt Company, Limited, herein called the "Customer," of the second part.

Witnesseth:

1. The Commission agrees with the Customer on the day of _____, 1917, to deliver or hold in reserve for the Customer's use, for the term or terms hereinafter provided for, two thousand

thousand (2,000) H.P. of electrical power at the 26,400 volt building entrances of the Customer's substation building located on the Customer's property in the Town of Sandwich, in the Township of Sandwich West, County of Essex, Ontario.

2. The Customer agrees with the Commission:

(a) To take power exclusively from the Commission for the term of twenty (20) years from the date of this agreement

and not to sell or dispose of said power, or any part thereof, directly or indirectly without the written consent of the Commission;

(b) To pay for such power as may be taken, the accounts to be rendered by the Commission each month, and each month's bill to be on the assumption that the maximum amount of power taken as determined by an integrated peak or highest average for any ten (10) consecutive minutes in that month has been taken for the whole month, and the rate to be Thirty-one Dollars (\$31.00) per electrical horsepower per annum, and in addition thereto the customer shall pay an additional annual charge which shall be equal to twelve per cent. (12%) per annum on the total cost to the Commission of all equipment in place complete and ready for operation which the Commission shall purchase and install to transform and convert the high tension power supplied to approximately two hundred and fifty (250) volts direct current power;

(c) To pay each month as a minimum for seventy-five (75) per cent. of the power held in reserve for the Customer at the rate fixed by paragraph 2 (b) except as provided in paragraph 5 (d);

(d) When power is first available for the Customer's use, written notice shall be sent, not, however, earlier than September 1st, 1917, and not later than December 31st, 1917, by the Commission to the Customer advising that power is available and delivery subject to clause (e) of this section shall begin within thirty (30) days of the date of this notice;

(e) At all times to take and use the three-phase power in such a manner that the current will be equally taken from the three phases, and in no case shall the difference between any two phases be greater than three (3) per cent. The Customer shall at all times take and use three-phase power in such a manner that the power factor will be as near one hundred (100) per cent., as possible, but whenever it is not possible to take the current at one hundred (100) per cent. power factor and the power factor of the greater amount of power taken for said ten (10) minutes is less than ninety (90) per cent., the Customer shall pay for ninety (90) per cent. of the said power divided by the power factor;

(f) Said power shall be measured at the point of delivery to the Customer. The meters for the measurement of this electric power shall be provided, installed, and kept in repair by the Commission. The Customer shall have the right to witness tests on any such meters at any time on giving thirty (30) days' notice in writing of his desire to do so to the Commission.

The representatives of the Customer shall at all reasonable times have access to the meter records filed with the Commission.

The meters with their series and potential transformers may be connected to the high tension side or low tension side of the Commission's transformers, or some connected to one side and some connected to the other, as the Commission may elect. Whenever connected

connected at other than the point of delivery their readings shall be subject to a correction and shall be corrected to give a reading such as would be obtained by instruments connected at that point. Such corrections shall be based upon tests made upon the step-down transformers and transmission line by the Commission, or on other tests upon them acceptable to the Commission as to efficiency, regulation, or any other constant of the transformers and transmission lines necessary for said correction. Such tests, when made by the Commission, are to be in the presence of the representative or representatives of the Customer, if so desired.

The Commission shall repair or replace and retest a defective meter within a reasonable time; during the time there is no meter in service, it shall be assumed that the power consumed is the same as for the other days of the month on which a similar load existed;

(g) The Customer shall also provide the right-of-way selected by the Commission for the transmission line across the property owned by the Customer and keep the same clear of all buildings, trees, brush, etc., for a distance of one rod on either side of the transmission line during the continuance of this contract;

(h) The Commission shall be entitled at the termination of this agreement to remove from the Customer's premises any electrical equipment, including meters, transformers, and all electric machines and any equipment of whatsoever kind or nature which shall have been installed and paid for by the Commission;

(i) The Customer shall be responsible for any damage to the property furnished by the Commission and installed on his property, which may originate from a source external to this apparatus, that is, all damage not due to defects in the apparatus or of the apparatus;

(j) The Customer shall erect a substation building according to plans supplied and approved by the Commission and shall operate the electrical equipment installed by the Commission at the Customer's expense in the same manner as instructed by the Commission. The Customer shall be responsible for the proper inspection, operation and ordinary maintenance of all the station equipment and apparatus installed by the Commission.

3. The Commission agrees with the Customer:

To purchase and install in the Customer's substation building the necessary high tension transformers and switching equipment, and also two (2) rotary converter sets of two thousand (2,000) kilowatt capacity each, together with the necessary rotary converter transformer and switching equipment in connection therewith.

4. It is further agreed that the Customer shall supply, according to plans to be supplied and approved by the Commission, all foundations and other alterations or extensions to substation or power plant buildings of the Company necessary in connection with the installation of equipment as set out in clause three (3) of this agreement.

5. It is further agreed:

(a) If at any time the demands of the Customer for power exceed for ten (10) consecutive minutes the amount held in reserve, or any amount greater than that permissible by the terms of this agreement, the amount held in reserve shall thereafter, with the consent of the Commission, be increased by an amount equal to such excess above the specified or permissible amount held in reserve, and a minimum of seventy-five (75) per cent. of such increased

creased amount shall thereafter be purchased and paid for until a greater amount shall be taken in accordance with the terms of this contract, or by, or on account of, another demand for power above that permissible by the terms of this contract;

(b) Payment shall be made in gold coin of the present standard of weight and fineness, and bills shall be rendered by the Commission on or before the fifth and paid by the Customer on or before the fifteenth of each month. If any bill remains unpaid for fifteen (15) days, the Commission may in addition to all other remedies and without notice, discontinue the supply of such power to the Customer in default until such bill is paid. No such discontinuance shall relieve the Customer in default from the performance of the covenants, provisoes and conditions herein contained. All payments in arrears shall bear interest at the legal rate;

(c) Said power shall be three-phase, alternating at a periodicity of approximately 25 cycles, and at approximately 26,400 volts, and shall be commercially continuous 24-hour power every day in the year except as provided for hereunder.

The maintenance by the Commission of approximately the agreed voltage, at approximately the agreed frequency at the point of delivery, shall constitute a supply of all power involved herein and the fulfilment of all the operating obligations hereunder, and when the voltage and the frequency are so maintained, the amount of power, its fluctuations, load factor, power factor, distributions as to phases, and all other characteristics and qualities are under the sole control of the Customer, his agents, apparatus, appliances and circuits;

(d) In case the Commission shall at any time or times be prevented from delivering said power, or any part thereof, by strike, lock-out, riot, fire, invasion, accident, explosion, act of God or the King's enemies, or any other cause reasonably beyond its control, then the Commission shall not be bound to deliver such power, during such time, and the Customer shall not be bound to pay for such power during such time, but as soon as the cause of such interruption is removed the Commission shall without any delay deliver the said power as aforesaid and the Customer shall take same and the Commission shall be prompt and diligent in removing and overcoming such cause or causes of interruption;

(e) The payment of the annual charge of twelve (12) per cent. on the amount expended by the Commission in connection with equipment to supply the Company with power as set out in paragraph 2 (b) shall not be affected by the terms set forth in paragraph 3 (d); this amount shall be paid in twelve equal monthly payments and such amounts shall be billed to the Company by the Commission with the regular monthly power bills, according to terms set forth in paragraph 2 (b) of this agreement;

(f) The Customer shall select and use transformers and apparatus suitable to receive the electric power produced by the apparatus of the Commission. The Customer's transmitting, transforming, translating and wherever possible all other apparatus and devices upon its circuits, shall be first-class, modern, standard design and construction in commercial use and shall be operated and maintained with special reference to securing high efficiency and good operation, not only of the Commission's apparatus and transmission system, but also of the apparatus of the Customer when receiving power from the Commission; and the Customer shall install upon and equip its circuits with such approved protective devices as are in commercial use and operate its circuits in such a manner as will to the then greatest extent protect the apparatus and circuits from lightning, short circuiting and otherwise; all apparatus, machinery and wiring to be approved of by the Commission;

(g) It is agreed that in case any dispute shall arise relating to the question of the performance and fulfilment of any of the terms, provisoes or conditions of this agreement, or as to the method or accuracy of the measurement of the power, or as to any question which may arise under this agreement, the same shall be determined by two independent persons, one to be chosen by each of the parties to such dispute, and such persons before proceeding with the reference shall appoint a third arbitrator to act with them, and the decision of the said three arbitrators, or a majority of them, shall be conclusive on both parties except as hereinafter provided, and in case either of the said parties shall neglect or fail to appoint an arbitrator within thirty (30) days after the request in writing by the other party, then the arbitrator appointed by the other party may proceed alone and his award shall be conclusive on both parties except as hereinafter provided. The award shall be made within four (4) months after the appointment of the first of such arbitrators, and in the event of the two arbitrators appointed as aforesaid being unable or unwilling to agree upon a third arbitrator for two weeks after their appointment, or the appointment of the one of them who was last appointed, then said third arbitrator shall be chosen and appointed by the Chief Justice, for the time being, of the King's Bench Division of the High Court of Justice for the Province of Ontario, or in the event of the said Chief Justice being ill, absent from the Province or otherwise unable or refusing to act, then such third arbitrator shall be appointed by any Judge of the High Court Division of the Supreme Court of Ontario, or any Judge other than a local Judge. It is agreed that there may be an appeal by either party from any decision or award of such arbitrators to the Supreme Court of Ontario in accordance with the provisions of the *Arbitration Act* in that behalf;

(h) This agreement shall extend to, and be binding upon and enure to the benefit of the successors and assigns of the parties hereto respectively.

6. The Customer shall supply a bond which shall be satisfactory to the Commission for the sum of Fifty Thousand Dollars (\$50,000); this bond to be for the purpose of guaranteeing the Commission against loss on equipment installed to supply power to the Customer under this contract should the Customer fail to fulfil the terms and conditions as set forth in this contract.

Should the Commission be under a loss in supplying power to the Customer by the Company's failure to fulfil the terms and conditions set forth in this contract, the amount of such loss shall be paid for by the Company and shall be according to estimates made by the engineers of the Commission, and should there be any dispute in regard to the settlement of such amount the dispute shall be decided according to the arrangement set forth in paragraph 5 (g) of this contract.

In witness whereof the parties hereto have affixed their seals and the hands of their proper officers.

for registra-
tion after
thirty days.

(2) The Lieutenant-Governor in Council may make regulations for the registration of marriages which have not been registered under the foregoing provisions of this Act. R.S.O., 1914, c. 49, s. 21.

REGISTRATION OF DEATHS.

Body not to
be removed,
etc., with-
out permit.

30.—(1) The body of any person whose death occurs in Ontario shall not be removed for burial, interment, deposited in a vault or tomb, cremated or otherwise disposed of or removed from or into any registration division until a permit for that purpose has been properly issued by the division registrar of the division in which the death occurs after notice of the death has been filed with him in the prescribed form.

Deaths out
of Ontario.

(2) Where the death has occurred out of Ontario, or the burial or other disposition of the body is to take place in a registration division other than that in which the death has occurred, a certificate, signed by the division registrar or other proper officer of the municipality or place in which the death occurred shall be sufficient authority for the burial or other disposition of the body.

Duty of
medical
practitioner.

31. The legally qualified medical practitioner who was last in attendance during the illness of any person shall within twenty-four hours after having knowledge of the death of such person, deliver or transmit to the division registrar of the division a notice of the death in the prescribed form.

Duty of oc-
cupier of
premises.

32. The occupier of the house in which a person dies, or if the occupier be the person who has died, then every adult person residing in the house in which the death took place, or if the death has not taken place within a house, then every person present at the death or having knowledge of the circumstances of the same shall, within twenty-four hours after having knowledge of such death, give notice of the death to the registrar of the division in the prescribed form. R.S.O., 1914, c. 49, s. 22 (1) *part*.

Registration
in division
other than
that in
which death
occurs.

33.—(1) Where a death has occurred and it is impracticable to register the same, by reason of distance, with the division registrar of the division in which the death occurred,

notice

notice of the death may be given to the nearest division registrar or sub-registrar who, upon the payment of a fee of 25 cents by the applicant, shall register the same in the prescribed form and issue a burial permit which shall be sufficient, and such division registrar or sub-registrar shall forward the return to the division registrar of the division in which the death occurred.

(2) The division registrar issuing the burial permit shall be entitled to the fee for his own use. R.S.O., 1914, c. 49, s. 22 (2) (3). Fee of division registrar for burial permit.

34. Where a death occurs in a camp or mine, before the removal of the body from the camp or mine, or its burial or other disposition, the manager or other person in charge shall, within twenty-four hours after the death, give notice thereof to the division registrar in the prescribed form, and where further particulars of a death occurring in a camp or mine are required by the division registrar, the same shall be immediately furnished by the owner of such camp or mine, or other person to the best of his knowledge and belief. Deaths in mines, camps, etc.

35.—(1) Where a person has died without medical attendance no burial permit shall be issued by a division registrar unless and until notice has been given to him by the coroner that he has examined the body and made enquiry into the circumstances of the death as provided by *The Coroner's Act*, or until an inquest has been held and the coroner has furnished the particulars required in the prescribed form. Where no medical attendance at death.

(2) Notwithstanding anything contained in subsection 1. Regulations. the Registrar-General may make regulations providing for the issue of a burial permit where a death has taken place and there has been no legally qualified medical practitioner in attendance.

36. Except as otherwise provided by this Act a division registrar shall immediately upon registering a death, deliver without charge to any person requiring the same for the purpose of burial or other disposition of a body, a burial permit in the prescribed form. R.S.O., 1914, c. 49, s. 26. Burial permit.

37.—(1) When upon proper representation to the Registrar-General, he is of opinion that in any section of Ontario, the registration of deaths for the purpose of burial would be facilitated he may appoint a sub-registrar for the special purpose of issuing a burial permit upon the payment by the applicant of a fee of 25 cents. Sub-registrars.

Registration
by sub-
registrars.

(2) The sub-registrar shall register the death upon a special form of schedule provided and shall forthwith transmit the original form to the division registrar of the division in which the death occurred for registration by him, and the sub-registrar shall make monthly returns to the Registrar-General in compliance with the provisions of section 15 of this Act. R.S.O., 1914, c. 49, s. 22 (4), (5).

Registration
of death of
infant.

38. In the case of the death of an infant under one year of age the division registrar shall not issue a burial permit until he has ascertained the place of birth of the child, and if the birth has taken place in the division of which he is registrar, he shall not issue a burial permit until he is satisfied that the birth has been registered.

Caretaker,
etc., and
clergyman
not to allow
burial with-
out permit.

39.—(1) A caretaker or owner of a cemetery or burial ground, whether public or private, or a clergyman or other person having charge of a church to which a cemetery or burial ground is attached shall not permit the interment of the body of any person in the cemetery or burial ground over which he has charge until he has received a burial permit from the proper division registrar.

Returns
from ceme-
teries, etc.

(2) Every such caretaker, owner, clergyman or other person shall on or before the tenth day of each month in every year transmit to the division registrar of the division in which the cemetery or burial ground is situated, a return in the prescribed form of the burials therein during the previous month up to and including the last day of the month next preceding, for subsequent transmission to the Registrar-General.

Where there
is no care-
taker, etc.,
of cemetery.

40. Where there is no person in charge of a cemetery or burial ground the undertaker or other person in charge of the burial or other disposition of the body shall write across the face of the burial permit the words "No person in charge," and shall append his signature thereto and shall return the burial permit so marked to the division registrar of the division in which the burial took place.

LATE REGISTRATIONS.

Registration
after one
year.

41. Where a birth, marriage or death has not been registered with the division registrar within one year after such birth or death took place, or such marriage was solemnized, the birth, marriage or death shall not be registered thereafter by the division registrar, but the Registrar-General may register the same upon being furnished with the required information in the prescribed form.

PENALTIES AND EXPENSES.

42. If a division registrar neglects to make any return, as ^{Default by} required by this Act, he shall be notified by registered letter ^{division} of such neglect by the Registrar-General, and if after notification, he fails to make such return within ten days the Registrar-General may refuse to issue certificate for the payment of the fees due to the division registrar even though the return should be made at a later date, and such division registrar shall also incur a penalty of \$50. R.S.O., 1914, c. 49, s. 30.

43. Tax to be
payable
once only

entered in more than one registry office or land titles office, or in a registry office and land titles office, the tax imposed by any such by-law shall be payable once only in respect of any one transaction for securing money by way of mortgage or charge, or by mortgage and charge, and shall be payable upon delivering to the registrar, or lodging in the land titles office the first instrument registered or lodged in such transaction.

No tax on
collateral
instrument

- (8) Where an instrument purports to be executed concurrently with or as collateral security to a mortgage or charge already registered, the registrar or master shall register or enter such concurrent or collateral instrument without requiring the payment of the tax.

Tax not to
be collected
when receipt
for payment
on prior
registration
produced.

- (9) Where lands upon which a sum of money is secured are registered under *The Land Titles Act*, and other lands upon which the same sum of money is secured are subject to *The Registry Act*, and the instruments are registered or lodged and appear to be executed as part of the same transaction for securing such sum of money, and it appears by the production of the receipt of the master or registrar that the tax has been paid upon the registering or lodging of one of such instruments, the master or registrar shall not require any further payment of the tax before registering or entering the instrument delivered to him.

Tax not to
be collected
on assign-
ment of
lease as
collateral
security.

- (10) Where any sum of money is charged upon freehold lands and leasehold lands, and a mortgage or assignment of the lease is registered or lodged as security in addition to and separately from the mortgage or charge upon the freehold lands, and the person delivering the mortgage or charge to the registrar or master produces a receipt for payment of the tax upon the registration of any other mortgage or charge or assignment, given as security for the same sum, the registrar or master shall receive and register or enter the mortgage, charge or assignment without requiring the payment of the tax.

Tax not to
be collected
on renewal
except as
to additional
amount.

- (11) Where a mortgage or charge recites that it is given as a renewal of a mortgage or charge already registered, no tax shall be payable upon the registration of such renewal mortgage or charge

charge, except to the extent by which the amount secured by such renewal, mortgage or charge exceeds the amount secured by the original mortgage or charge, but the registrar or master, before registering or entering such renewal, mortgage or charge, may require such further proof of the facts as he may deem necessary.

- (12) Where a mortgage or charge recites that it is given to secure moneys, a portion of which moneys is required to pay off a prior mortgage or charge already registered, no tax shall be payable upon the registration of such mortgage or charge except to the extent by which the amount secured by such mortgage or charge exceeds the amount required to pay off the prior mortgage or charge, but the registrar or master, before registering or entering such new mortgage or charge, may require such further proof of the facts as he may deem necessary.

- (13) Where the lands upon which any sum of money is charged are partly in one registry division and partly in another, or parts of the lands are registered under *The Land Titles Act*, and parts are subject to *The Registry Act*, the registrar or master receiving the tax shall retain the percentage mentioned in subsection 3, and shall pay over to the registrar or master in whose office any mortgage or charge is subsequently registered or entered for securing the same sum of money, such proportion of the percentage as may be agreed upon between them, and in case of disagreement, the amount to be paid shall be determined by the Inspector of Registry Offices.

- (14) Where the right of the registrar or master to require the payment of the tax under this section or any portion thereof, is disputed, by the person registering or lodging a mortgage or charge, the tax may be paid under protest, and the registrar or master shall give a receipt in writing signed by him, for the amount paid, and shall state that the same has been received subject to protest, and shall thereupon refer the matter to the decision of the Inspector of Registry Offices, who may order the refund of the tax or any portion thereof to the person paying the same.

CHAPTER 26.

An Act to amend The County Judges Act.

Assented to 24th April, 1919.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Short title.

1. This Act may be cited as *The County Judges Act, 1919.*

Rev. Stat.,
c. 58, s. 5,
repealed.

2. Section 5 of *The County Judges Act* is repealed and the following substituted therefor:—

Junior
judges.

5. A junior judge may be appointed for each of the Counties of York and Wentworth.

Saving as
to appoint-
ments,
heretofore
made.

3. The repeal of the said section shall not affect any appointment of a junior judge heretofore made.

Rev. Stat.,
c. 58,
amended.

4. *The County Judges Act* is amended by adding thereto the following sections:—

County
court
districts.

20.—(1) The Lieutenant-Governor in Council may order that any two or more counties in Ontario shall form a county court district for the purposes of this Act, and that the district so formed shall be erected and established as from a day to be named by the Lieutenant-Governor by his proclamation in the *Ontario Gazette*.

Rearrange-
ment of
districts.

(2) Any district so formed may from time to time be dissolved, re-established, altered or re-arranged by the Lieutenant-Governor in Council, and the dissolution, re-establishment, alteration or re-arrangement shall take effect from a day to be named by proclamation in the *Ontario Gazette*.

21. After the erection of a county court district, the several county courts, courts of general sessions, division courts, courts for the hearing of appeals and complaints under *The Assessment Act* or *The Voters' Lists Act*, and all other courts which a county judge may hold in each county shall be held by the judges, including the junior judges in the district, in rotation so far as may be practicable in view of the respective general length of service and strength of the other judges, and the special duties assigned to junior judges as well as in view of other offices, if any, held by any of the judges, and all other circumstances. Holding courts in districts.
22. The judges in each county court district shall meet together at least once in every year, and the judges present or a majority of them, shall arrange and appoint which of the said courts in the district shall be held by each of the judges of the district throughout the ensuing year, and what other judicial work each shall discharge in the respective counties of the district throughout the year. Annual meeting for assignment of duties.
23. Every judge to whom any duty is assigned at such meeting shall perform the duty so assigned to him, and if he is, by reason of illness or other cause, unable to perform the same, he shall so far as possible, arrange to have the duty performed by another person competent by law in that behalf. Judges to perform duties assigned.
24. Where by reason of the absence or illness of a judge, or from any other cause, it is impossible for the arrangements made at such meeting to be carried out with respect to any duty belonging to a county court judge, the judges of the district shall see that the deficiency is supplied by some other person competent by law in that behalf, and shall forthwith communicate what they do therein to the Secretary of the Province. Absence or illness of judge.
25. The judge of any county forming part of a district may exercise and perform in any part of the district any power or duty assigned to the judge of a county court by any statute of Ontario or any judicial act affecting the courts or Judge to have jurisdiction throughout district.

business of the county of which his commission designates him as judge, and being within the legislative authority of Ontario.

Where
vacancy
occurs and
business
does not
warrant new
appointment.

26. Where a vacancy occurs in the office of the judge of the county court in any county included in a county court district, and the Lieutenant-Governor declares that, owing to the lack of sufficient business, it is unnecessary that the vacancy should be filled, the remaining judges in the district shall arrange for the performance of the duties of the judge of the county court of the county in which the vacancy occurs by one of themselves or by some other person competent by law in that behalf, and every judge or other person so acting shall have the like powers, and shall perform the like duties as a judge or other person competent by law in that behalf appointed or authorized for that purpose may exercise and perform under any statute of Ontario in the county in which the vacancy has occurred.

Annual
allowance
to county
and district
judges.

5.—(1) Except as to any judge of the county courts of the Counties of York, Wentworth, Middlesex and Carleton who holds office at the time of the commencement of this Act, there shall be paid to the judge of every county and district court, and where there are more judges than one, to the senior judge of the county or district court and to each of the junior judges in the County of York, and the junior judge in the County of Wentworth, an annual allowance of \$1,000 payable monthly, and the said allowance shall be payable out of and chargeable upon the Consolidated Revenue Fund.

Amount of
allowance
to present
judges of
certain
counties.

(2) In the County of York there shall be payable to the senior judge holding office at the time of the commencement of this Act, an annual allowance of \$2,600, and to each of the junior judges in the said county holding office at the said date, an annual allowance of \$1,600; in the County of Wentworth there shall be payable to the senior judge holding office at the said date, an annual allowance of \$1,500, and to the junior judge holding office at the said date, an annual allowance of \$1,000; in the County of Middlesex there shall be payable to the senior judge holding office at the said date, an annual allowance of \$1,300, and to the junior judge holding office at the said date an annual allowance of \$1,000; and in the County of Carleton there shall be payable to the senior judge holding office at the said date, an annual allowance of \$1,300, and to the junior judge holding office at the said

said date, an annual allowance of \$1,000, and the said allowances shall be payable monthly out of the Consolidated Revenue Fund.

- (a) Upon any judge mentioned in this subsection ceasing to hold office his successor, if any, shall be entitled only to the annual allowance provided for in subsection 1.

(3) The said annual sums shall be in lieu of all fees and allowances payable to the judge of a county or district court for any services performed by him under any Act of this Legislature, including fees as Judge of the Surrogate Court and as Local Master of the Supreme Court, and where such fees are payable by the parties to any proceedings before the judge, or upon any order or certificate made or given by him, they shall hereafter be payable in law stamps and shall form part of the Consolidated Revenue Fund, and except as hereinafter provided, the judge of a county or district court shall not be entitled to receive any fees whatever under any Act of this Legislature. Judges not to receive fees.

(4) Nothing in the foregoing subsections shall apply to or affect the payment of any allowance or fees to the judge of a county or district court with respect to any office which may be lawfully held by him in addition to his office as judge, to which any annual allowance or salary may be attached, or in the performance of his duties as an arbitrator or referee under *The Municipal Act*, *The Public Works Act*, *The Ontario Railway Act*, *The Arbitration Act*, or any other statute designating him by his name of office as an arbitrator or referee. Exceptions as to arbitrators, etc.

(5) The foregoing provisions of this section shall not apply to junior judges except those to whom an annual allowance is payable under subsection 1 or subsection 2, and a junior judge other than those mentioned in the said subsections shall be entitled to receive the same amount of surplus surrogate fees as he would have been entitled to had this Act not been passed and the same shall be payable out of any moneys appropriated by the Legislature for commutation of fees of Surrogate Judges. Exception as to junior judges.

(6) Nothing in this section contained shall affect or prevent the payment to the judge of a county or district court of his travelling or other expenses when called upon to perform any duty outside the county or district town of the county or district. Travelling expenses not affected.

6. This Act shall come into force and take effect on a day to be named by the Lieutenant-Governor by his Proclamation Commencement of Act.

CHAPTER 27.

An Act to amend The Surrogate Courts Act.

Assented to 24th April, 1919.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Provisional certificates.

10. The certificate shall at all times be exposed to view in the engine or boiler-room in which the holder thereof is employed. The registration certificate to be exposed to view in the engine or boiler-room also. Failure to keep such certificate exposed shall be *prima facie* evidence of the lack of qualification under this Act. Certificates to be kept displayed.

Application
of Act to
other per-
sons than
engineers.

11. This Act shall not apply to firemen, who have had less than six months' experience, or other workmen acting under the personal direction or supervision of any engineer holding a certificate under this Act, who is actually in charge of a steam plant, or to the employees of engine builders or steam plant contractors engaged in installing, setting up or testing a boiler or steam plant. This section shall not apply to hoisting engineers.

Appeal to
Minister
from Board.

12. Any person who deems himself aggrieved by the decision of the board may appeal therefrom to the Minister, upon giving such notice as the Minister may prescribe and the decision of the Minister shall be final.

Annual re-
port of
Board.

13. The board shall on or before the 15th day of November in every year make to the Minister a report in writing for the year ending on the 31st day of October of the previous year, showing:

(c) That with their independent opinion so formed and according to the best of their information and the explanations given them, they certify that in their opinion the statement sets forth fairly and truly the state of the affairs of the corporation;

(d) That all transactions of the corporation that have come within their notice have been within the powers of the corporation.

Affidavit of
president,
etc.

(3) Such annual statement shall also be proved by the affidavit of the president or vice-president and of the managing director, or some other principal officer of the corporation and shall be accompanied with a certified copy of a resolution of the directors showing that the same had been adopted by them.

Time for
filing with
Registrar.

(3a) Such annual statement shall be filed with the Registrar on or before the 1st day of March then next ensuing.

Extending
time for
filing of
statement.

(3b) On sufficient cause shown and upon payment of the prescribed fee, the Registrar may by writing under his hand and seal, before or after the 1st of March, extend the time for the filing of the statement.

Rev. Stat.,
c. 184, s. 11),
ss. 5,
repealed.

17. Subsection 5 of section 110 of *The Loan and Trust Corporations Act* is repealed and the following substituted therefor:—

What re-
quired in
case of an
extra-pro-
vincial
corpora-
tion not
borrowing
monies
in Ontario.

5. Where it is made to appear to the Registrar that an extra-provincial corporation does not borrow monies in Ontario by the sale of its bonds, debentures or other securities or by accepting deposits or other monies for investment and does not exercise in Ontario any of the powers of a trust corporation other than the loaning of money in Ontario, the Registrar may direct that the provisions of this section shall not apply to such corporation in which, case such corporation shall make such returns and give such information as the Registrar shall from time to time require.

Rev. Stat.
c. 184,
amended.

18. *The Loan and Trust Corporations Act* is amended by adding thereto the following section:

132a.—(1) Every person who makes any wilfully false <sup>False state-
ments or</sup> or deceptive statement in any account, statement, ^{returns.} return, report or other document respecting the affairs of a corporation shall be guilty of an ^{Penalty.} offence and shall be liable, on conviction thereof, to imprisonment for a term not exceeding five years.

CHAPTER 45.

An Act to amend The Hydro-Electric Railway Act,
1914, and to confirm Certain Contracts and
By-laws.

Assented to 24th April, 1919.

HIS MAJESTY, by and with the advice and consent
of the Legislative Assembly of the Province of On-
tario, enacts as follows:—

Short title.

1. This Act may be cited as *The Hydro-Electric Railway Act, 1919*.

6 Geo. V,
c. 37, s. 9,
repealed.

2. Section 9 of *The Hydro-Electric Railway Act, 1916*, is repealed.

By-laws
confirmed.

3. (1)—The by-laws the forms of which are respectively set out in Schedule “A” and Schedule “B” to this Act, and which have been heretofore respectively submitted to the vote of the municipal electors of the municipalities named in the schedules to the said by-laws are declared to have been so submitted in due compliance with the provisions of *The Hydro-Electric Railway Act, 1914*, and when finally passed by the council of any of the municipalities named in the contracts appended to each of the said by-laws shall be legal, valid and binding upon the corporation and the ratepayers thereof, anything in any general or special Act of this Legislature to the contrary notwithstanding.

4 Geo. V,
c. 31.

Council to
pass by-law
when
assented
to.

(2)—It shall be the duty of the council of every municipality in which either of such by-laws have been approved, or shall hereafter be approved by the electors, to finally pass the by-law and give effect to the same.

Contracts
confirmed.

4.—(1) The contracts set out in Schedule “A” and Schedule “B” to this Act and purporting to be made respectively between the Hydro-Electric Power Commission of Ontario of the First Part, and certain municipal corporations shall be deemed to have been made in pursuance of *The Hydro-Electric*

Electric Railway Act, 1914, and to comply with the provisions thereof, and the said contracts shall respectively be legal, valid and binding upon the Commission and upon every municipal corporation a party thereto and executing the same, anything in the said Act or in any other general or special Act of this Legislature to the contrary notwithstanding.

(2)—It shall be the duty of the head and the clerk or treasurer of each of the said municipal corporations party to either of the said contracts to sign the contracts and affix the seal of the corporation thereto forthwith after the passing of the by-law approving of the same, whether the same shall have been so submitted before or after the passing of this Act.

5. The by-laws enumerated in Schedule "C" to this Act are confirmed and declared to be legal, valid and binding upon the respective corporations named in Schedule "C" and the ratepayers thereof, anything in any general or special Act relating to any such corporation to the contrary notwithstanding.

6. Schedule "B" to *The Hydro-Electric Railway Act, 1916*, is amended by adding thereto the following:

6 Geo. V.
c. 37,
Sched. "B"
amended.

By-law No. , 1916, of the Municipal Corporation of the Township of Blanshard, to authorize a certain agreement made between the Hydro-Electric Power Commission of Ontario and other municipal corporations, for the construction, equipment and operation of an electric railway under *The Hydro-Electric Railway Act, 1914*, and amendments thereto.

By-law of
Township
of Blanshard
added to
schedule.

7. The by-law referred to in the next preceding section is confirmed and declared to be and to have been from the day of the passing thereof, legal, valid and binding upon the Municipal Corporation of the Township of Blanshard and the ratepayers thereof, anything in any general or special Act relating to any such corporation to the contrary notwithstanding.

By-law
confirmed.

8. *The Hydro-Electric Railway Act, 1914*, is amended by adding thereto the following section:—

4 Geo. V.
c. 31,
amended.

Municipal corporation not to enter into certain agreements after contract with Commission.

17a—(1) Where a municipal corporation has entered into an agreement with the commission for the construction and operation of a railway under the provisions of this Act, the corporation shall not enter into any agreement or arrangement with, nor grant any bonus, license or other inducement to any railway or transportation company without the written consent of the commission, and where any such corporation controls or holds shares or stock in a company operating a railway, an electric railway or street railway, the transfer of the control of such company or of stock or shares therein or securities thereof to any person or corporation shall be deemed to be an agreement or arrangement within the meaning of this section;

Agreement to be void.

(2) Every agreement or arrangement entered into by a municipal corporation in violation of subsection 1 shall be null and void.

Where by-law approving contract defeated in some municipalities and carried in others.

9.—(1) Notwithstanding anything in *The Hydro-Electric Railway Act, 1914*, or any amendments thereto, or in any contract or by-law made or passed, or purporting to be made or passed under the authority of the said Act or the amendments thereto, where any municipal corporation named as a party to any such agreement has failed to pass the necessary by-law and to execute the agreement, and it appears to the Lieutenant-Governor in Council that the amount for which such municipal corporation would be liable under the agreement does not exceed ten per cent. of the estimated cost of the construction and equipment of the railway, and that the remaining municipal corporations parties to the agreement have by resolution of their respective councils, expressed the desire to proceed with the undertaking notwithstanding the failure of such first-mentioned municipal corporation to execute the agreement, the Lieutenant-Governor in Council may authorize the Commission to proceed with the construction, equipment and operation of the railway provided for in the agreement, and to issue bonds from time to time for the amount required for the undertaking, and may authorize the Treasurer of Ontario for and on behalf of the Province to guarantee such bonds as provided in *The Hydro-Electric Railway Act, 1914*, and amendments thereto, and in such case the municipal corporations which have executed the agreement shall deposit with the Commission additional debentures in the respective proportions in which they undertake by the agreement to contribute to the cost of the undertaking, to the amount required to replace the debentures which would have been deposited by the first-mentioned municipal corporation.

(2) Should any municipal corporation which has so failed to execute the agreement subsequently execute the same and deposit debentures as required by *The Hydro-Electric Railway Act, 1914*, and amendments thereto, the Commission shall return to the municipal corporations the additional debentures deposited under subsection 1, and such debentures may be cancelled by the respective corporations.

(3) Until a municipal corporation party to any agreement for the construction and operation of a railway under *The Hydro-Electric Railway Act, 1914*, has executed the agreement and deposited debentures with the Commission as required by the said Act, and the agreement, the Commission shall not be bound to construct, equip, maintain or operate within the limits of the corporation any works contemplated by the agreement except such as may be necessary for the construction, equipment and maintenance of the railway in passing through the municipality to and from municipalities the corporations of which have executed the agreement and deposited debentures to the amounts stated therein.

10. This Act shall come into force and take effect upon the day upon which it receives the Royal Assent.

MUNICIPALITY OF THE OF

By-law No.

A by-law to authorize a certain agreement made between The Hydro-Electric Power Commission of Ontario and the Municipal Corporation of the of , and other municipal corporations, for the construction, equipment and operation of an electric railway under *The Hydro-Electric Railway Act, 1914*, and amendments thereto:

Whereas it is expedient that the Corporation of the of and other municipal corporations should enter into an agreement under *The Hydro-Electric Railway Act, 1914*, and amendments thereto, with the Hydro-Electric Power Commission of Ontario, hereinafter called the Commission, for the construction, equipment and operation of an electric railway in and through the Municipality of the of , and certain other municipalities, upon the terms and conditions and subject to the provisions set forth and contained in the agreement set out in this by-law, and according to the routes set forth in schedule "A" to the said agreement;

And whereas the estimated cost of the work under the said agreement is \$11,360,363; and whereas the portion of the cost of the construction and equipment of the line to be borne by the Corporation of the Municipality of the of is estimated at \$, as set out in schedule "B" to the said agreement, subject to adjustments and apportionment between the corporations by the Commission from time to time, as provided by the said agreement;

And whereas the total amount estimated to be required for the maintenance of the railway, apart from operating expenses, is \$152,193 (the operating revenue being estimated at \$1,362,000, and operation and maintenance at \$722,482);

And whereas the total annual amount estimated to be required, for the period of ten years immediately following the date of the issue

issue of the bonds to be issued under the said agreement, for interest on the said bonds is \$568,018; and thereafter, for the next ensuing forty years, the annual amount estimated to be required for sinking fund charges for the retirement of the said bonds is \$113,604, and for interest on the said bonds \$568,018;

And whereas the portion to be borne by the Municipality of the of the said annual amounts estimated to be required for maintenance, sinking fund charges and interest is estimated at \$ for the first ten years, as aforesaid, and thereafter at \$ on the same basis as the portion of the cost of construction and equipment, as aforesaid, subject to adjustments and apportionment between the corporations by the Commission from time to time as provided by the said agreement;

And whereas the amount of the whole rateable property of the corporation according to the last revised assessment roll is \$ and the amount of the debenture debt of the corporation is \$, of which neither principal nor interest is in arrear;

And whereas only a portion of the Municipality of the of as enumerated in schedule "C" to the said agreement, is served by said railway.

Therefore, the Municipal Council of the Corporation of the of enacts as follows:—

1. It shall be lawful for the Corporation of the of , and the said corporation is hereby authorized to enter into the following agreement with the Hydro-Electric Power Corporation of Ontario and other corporations, the said agreement being hereby incorporated into and forming a part of this by-law, and the and clerk of the corporation are hereby authorized and directed to execute the said agreement upon behalf of this corporation and to attach the seal of the corporation thereto.

2. Only those duly qualified electors residing in the of in the district enumerated in schedule "C" of said agreement shall be entitled to vote on the by-law, and any rate required to be levied for payment of debentures or interest thereon shall be raised, levied and collected from the rateable property in such district only.

AGREEMENT HEREINBEFORE REFERRED TO.

This indenture made the day of in the year of our Lord, one thousand nine hundred and

Between

The Hydro-Electric Power Commission of Ontario (hereinafter called the "Commission") of the first part,

and

The Municipal Corporations of the Township of Toronto, the Township of Trafalgar, the Township of Nelson, the Township of East Flamboro, the Township of West Flamboro, the Township of Barton, the Township of Saltfleet, the Township of North Grimsby, the Township of Clinton, the Township of Louth, the Township of Grantham, the Village of Grimsby, the Village of Beamsville, the Town of Oakville, the Town of Burlington, the City of Hamilton and the City of St. Catharines.

Whereas pursuant to *The Hydro-Electric Railway Act, 1914*, and amendments thereto the Commission was requested to enquire into, examine

examine, investigate and report upon the cost of construction and operation of an electric railway or railways to be constructed through certain districts in which the corporations are situated, together with the probable revenue that would result from the operation of such railway or railways;

And whereas the Commission has furnished the corporations with such a report showing (1) the total estimated cost, operating revenue and expenses of the railway or railways, and (2) the proportion of the capital cost to be borne by each of the corporations as set forth in schedule "B" attached hereto;

And whereas on receipt of the said report the corporation requested the Commission to construct, equip and operate a system of electric railways (hereinafter called the railway) over the routes laid down in schedule "A" attached hereto, upon the terms and conditions and in the manner herein set forth;

And whereas the Commission has agreed with the corporations on behalf of the corporations to construct, equip and operate the railway upon the terms and conditions and in the manner herein set forth; but upon the express conditions that the Commission shall not in any way be liable by reason of any error or omission in any estimates, plans or specifications for any financial or other obligation or loss whatsoever by virtue of this agreement or arising out of the performance of the terms thereof;

And whereas the electors of each of the corporations have assented to by-laws authorizing the corporations to enter into this agreement with the Commission for the construction, equipment and operation of the railway as laid down in the said schedules, subject to the following terms and conditions;

And whereas the corporations have each issued debentures for the amounts set forth in schedule "B" attached hereto, and have deposited the said debentures with the Commission;

Now, therefore, this indenture witnesseth:—

1. In consideration of the premises and of the agreements of the corporations herein contained, and subject to the provisions of the said Act and amendments thereto, the Commission agrees with the corporations respectively:—

(a) To construct, equip and operate the railway through the districts in which the corporations are situate on behalf of the corporations;

(b) To construct and operate the railway over the routes laid down in schedule "A";

(c) To issue bonds, as provided in paragraph 3 of this agreement, to cover the cost of constructing and equipping the railway;

(d) To furnish as far as possible first-class modern and standard equipment for use on the railway, to operate this equipment so as to give the best service and accommodation possible, having regard to the district served, the type of construction and equipment adopted and all other equitable conditions, and to exercise all due skill and diligence so as to secure the most effective operation and service of the railway consistent with good management;

(e) To regulate and fix the fares and rates of toll to be collected by the railway for all classes of service;

(f) To utilize the routes and property of the railway for all purposes from which it is possible to obtain a profit;

(g)

(g) To combine the property and works of the railway and the power lines of the Commission where such combination is feasible and may prove economical to both the railway and the users of the power lines;

(h) To permit and obtain interchange of traffic with other railways wherever possible and profitable;

(i) To supply electrical power or energy for operation of the railway at rates consistent with those charged to municipal corporations;

(j) To apportion annually the capital costs and operating expenses of all works, apparatus and plant used by the railway in common with the Commission's transmission lines in a fair manner, having regard to the service furnished by the expenditure under consideration;

(k) To apply the revenue derived from operation of the railway and any other revenue derived from the undertaking to the payment of operating expenses (including electrical power), the cost of administration, and annual charges for interest and sinking fund on the money invested, and such other deductions as are herein provided for;

(l) To set aside from any revenue thereafter remaining an annual sum for the renewal of any works belonging in whole or in part to the undertaking;

(m) To pay over annually to the corporations, if deemed advisable by the Commission in the interests of the undertaking, any surplus that may remain after providing for the items above mentioned. The division of such surplus between the corporations to be fixed by the Commission on an equitable basis, having regard in the case of each corporation to the capital invested, the service rendered, the comparative benefits derived, and all other like conditions;

(n) To take active steps for the purpose of constructing, equipping and operating the railway at the earliest possible date after the execution of this agreement by the corporations and the deposit of the debentures as called for under clause 2 (b) hereof and to commence operation of each section as soon as possible after its completion;

(o) To make such extensions to the railway described in schedule "A" as may appear advantageous and profitable from time to time.

2. In consideration of the premises and of the agreements herein set forth, each of the corporations for itself, and not one for the other, agrees with the Commission:—

(a) To bear its share of the cost of constructing, equipping, operating, maintaining, repairing, renewing and insuring the railway and its property and works as established by the Commission, subject to adjustments and apportionment between the corporations by the Commission from time to time;

(b) To issue debentures for the amounts set forth in schedule "B" maturing in fifty years from the date of issue thereof, and payable yearly at the Bank, at Toronto, Ontario. Such debentures shall be deposited with the Commission previous to the issuing of the bonds mentioned above, and may be held or disposed of from time to time by the Commission, as provided for in clause 4 hereof, in such amounts, at such rates of discount or premium, and on such terms and conditions as the Commission in its sole discretion shall deem to be in the interests of the railway, the proceeds of such debentures being used solely for the purposes herein contained. The amount of debentures of each corporation sold or disposed

disposed of from time to time shall be such proportion as may be fixed by the Commission of the total amount of debentures, due regard being given to the capital invested, the service rendered, the comparative revenue derived, and all other equitable conditions;

(c) To make no agreement or arrangement with, and to grant no bonus, license or other inducement to any other railway or transportation company without the written consent of the Commission;

(d) To keep, observe and perform the covenants, provisoes and conditions set forth in this agreement intended to be kept and observed and performed by the corporations, and to execute such further or other documents and to pass such by-laws as may be requested by the Commission for the purpose of fully effectuating the objects and intent of this agreement;

(e) To furnish a free right of way for the railway and for the power lines of the Commission over any property of the corporations upon being so requested by the Commission, and to execute such conveyance thereof or agreement with regard thereto as may be desired by the Commission.

3. It shall be lawful and the Commission is hereby authorized to create or cause to be created an issue of bonds, and to sell or dispose of the same on behalf of the corporations. Such bonds to be charged upon and secured by the railway, and all the assets, rights, privileges, revenues, works, property and effects belonging thereto or held or used in connection with the railway constructed, acquired, operated and maintained by the Commission under this agreement, and to be for the total amounts mentioned in schedule "B" hereto attached; provided that the Commission may, upon obtaining the consent as herein defined of the majority of the corporations, increase the said bond issue by any amount necessary to cover the capital cost of extending the railway, and may also without such consent increase the said bond issue to cover the cost of additional works or equipment of any kind for use on the railway to an extent not exceeding ten per cent. (10%) of the bonds issued from time to time. In order to meet and pay such bonds and interest as the same becomes due and payable the Commission shall in each year after the expiration of ten years from the date of the issue of the bonds out of the revenue of the railway after payments of operating expenses (including electrical power) and the cost of administration set aside a sufficient sum to provide a sinking fund for the purpose of redeeming the same at maturity. Debentures issued by the corporations in compliance with clause 2 (b) hereof, shall, to the extent of the par value of any bonds outstanding from time to time, be held or disposed of by the Commission in trust for the holders of such bonds as collateral security for payment thereof, it being understood and agreed that in the event of any increase of the said bond issue each corporation shall, upon the request of the Commission deposit with the Commission additional debentures as described in clause 2 (b) hereof, to be held or disposed of by the Commission as collateral security for such increase of the said bond issue, and that any debentures held by the Commission in excess of the par value of the outstanding bonds from time to time may be held or disposed of by the Commission to secure payment of any deficit arising from the operation of the railway.

4. In the event of the revenue derived from the operation of the undertaking being insufficient in any year to meet the operating expenses (including electrical power), the cost of administration and the annual charges for interest and sinking fund on the bonds, and for the renewal of any works belonging in whole or in part to the railway, such deficit shall be paid to the Commission by the corporations upon demand of and in the proportion adjusted by the Commission. In the event of the failure of any corporation to pay its share of such a deficit as adjusted by the Commission, it shall be lawful for the Commission in the manner provided in clause 2

(b) to dispose of debentures held by the Commission as security for any such deficit. Any arrears by any corporation shall bear interest at the legal rate.

5. Should any corporation fail to perform any of the obligations to the Commission under this agreement, the Commission may, in addition to all other remedies and without notice, discontinue the service of the railway to such corporation in default until the said obligation has been fulfilled, and no such discontinuance of service shall relieve the corporation in default from the performance of the covenants, provisoes and conditions herein contained.

6. In case the Commission shall at any time or times be prevented from operating the railway or any part thereof by strike, lockout, riot, fire, invasion, explosion, act of God, or the King's enemies, or any other cause reasonably beyond its control, then the Commission shall not be bound to operate the railway or such part thereof during such time; but the corporations shall not be relieved from any liability or payment under this agreement, and as soon as the cause of such interruption is removed the Commission shall, without any delay, continue full operation of the railway, and each of the corporations shall be prompt and diligent in doing everything in its power to remove and overcome any such cause or causes of interruption.

7. It shall be lawful for, and the corporations hereby authorize the Commission to unite the business of the railway with that of any other railway system operated in whole or in part by the Commission, and to exchange equipment and operators from one system to the other, proper provision being made so that each system shall pay its proportionate share of the cost of any equipment used in common.

8 If at any time any other municipal corporation applies to the Commission for an extension of the railway into its municipality the Commission shall notify the applicant and the corporations, in writing, of a time and place to hear all representations that may be made as to the terms and conditions relating to such proposed extension. If, on the recommendation of the Commission, such extension shall be authorized, without discrimination in favour of the applicant, as to the cost incurred or to be incurred for or by reason of any such extension, the Commission may extend the railway upon such terms and conditions as may appear equitable to the Commission.

No such application for an extension of the railway into any municipality the corporation of which is not a party to this agreement shall be granted if it is estimated by the Commission that the cost of service of the railway to the corporations parties hereto will be thereby increased or the revenue and accommodation be injuriously affected without the written consent of the majority of the corporations parties hereto.

9. The consent of any corporation required under this agreement shall mean the consent of the council of such corporations, such consent being in the form of a municipal by-law duly passed by the council of the corporation.

10. The Commission shall at least annually, adjust and apportion between the corporations the cost of construction, equipment, operation, interest, sinking fund, and also the cost of renewing the property of the railway.

11. Every railway and all the works, property and effects held and used in connection therewith, constructed, acquired, operated and maintained by the Commission under this agreement and the said Act shall be vested in the Commission on behalf of the corporations; but the Commission shall be entitled to a lien upon the same for all money expended by the Commission under this agreement and not repaid.

12. Each of the corporations covenants and agrees with the other:—

(a) To carry out the agreements and provisions herein contained;

(b) To co-operate by all means in its power at all times with the Commission to create the most favourable conditions for the carrying out of the objects of this agreement and of the said Act, and to increase the revenue of the railway and ensure its success.

13. In the event of any difference between the corporations the Commission may, upon application, fix a time and place to hear all representations that may be made by the parties, and the Commission shall adjust such differences, and such adjustments shall be final. The Commission shall have all the powers that may be conferred upon a commissioner appointed under the *Act Respecting Enquiries Concerning Public Matters*.

14. This agreement shall continue and extend for a period of fifty years from the date hereof, and at the expiration thereof be subject to renewal, with the consent of the corporations from time to time for like periods of fifty years, subject to adjustment and re-apportionment as herein provided for the purposes of this agreement as though the terms hereof had not expired. At the expiration of this agreement the Commission shall determine and adjust the rights of the corporations, having regard to the amounts paid or assumed by them respectively under the terms of this agreement, and such other considerations as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

15. It is understood and agreed that the rates imposed for the share of the cost to be borne by those municipalities listed in schedule "C" attached hereto, shall be imposed upon the rateable property set forth respectively in the said schedule.

16. This agreement shall not come into effect until it has been sanctioned by the Lieutenant-Governor in Council.

In witness whereof the Commission and the Corporations have respectively affixed their corporate seals and the hands of their proper officers.

SCHEDULE "A."

ROUTES

Port Credit—Hamilton Section:

From a point approximately one mile west of the Village of Port Credit on the projected Toronto-London line it is proposed to parallel the Grand Trunk Railway to a point near Clarkson, thence in a south-westerly direction across the Toronto-Hamilton highway to the middle of concession 3, thence through the centre of the same concession to the Town of Oakville, at which point the Oakville Creek will be crossed in the neighbourhood of Sheddon Avenue. From Oakville the line will strike straight for the Hamilton Radial crossing of the Bronte Creek, from which point it is proposed to parallel the Hamilton Radial to Burlington. Through Burlington the line will cross through the town in the neighbourhood of Wellington Avenue and thence direct to a crossing of the old Des Jardins Canal at Valley Inn.

Hamilton City Section:

Through the City of Hamilton it is proposed to parallel the main line of the Grand Trunk on the west side between the railway and the existing highway. Through Harvey Park and Dundurn Park the line will be south of and as close to the Grand Trunk as possible, and will continue easterly, crossing Barton south

south side of Barton Street to the corner of Tiffany Street, where it will cross Barton and continue in a north-easterly direction across Bay, Park, Murray and McNab Streets, and James Street between Murray and Stuart Streets; thence in the same general direction across Hughson, Mary, Catharine, Ferguson and Wellington Streets, at which latter point it turns and follows south of Ferrie Street, across Victoria and Emerald to a point just north of the T.H. & B. Railway spur, which it parallels on the north side to Sherman Avenue. From Sherman Avenue the line bears north-easterly to the south side of the Hamilton and North-Western Railway, which it parallels to the city limits.

Hamilton-St. Catharines Section:

From a point on Kenilworth Avenue of the City of Hamilton, just south of the Hamilton and North-Western Railway, the line turns and bears south-easterly to a point midway between the Grand Trunk Railway station of Stoney Creek and the village of the same name, thence to a point about one-quarter of a mile north of Fruitland, thence at about the same distance north of the Hamilton Stone Road as far as Winona, from which point it will parallel the Grand Trunk on the south side through the Village of Grimsby and as far east as the Grimsby and Clinton town line. From this latter point the line will bear south-easterly to the Village of Beamsville, to a point just north of the Hamilton Stone Road, and thence paralleling same to Jordan Village. From Jordan to the town line between Louth and Grantham it is proposed to follow in the neighbourhood of the road allowance between concessions 4 and 5; thence parallel to the road allowance between concessions 6 and 7 of the Township of Grantham, to a point where it crosses the Grand Trunk Railway; thence south-easterly to a point near Victoria and Permilla Streets; thence along Permilla Street to the west end of the new bridge over the old Welland Canal.

(e) To furnish a free right of way for the railway and for the power lines of the Commission over any property of the corporations upon being so requested by the Commission, and to execute such conveyance thereof or agreement with regard thereto as may be desired by the Commission.

3. It shall be lawful and the Commission is hereby authorized to create or cause to be created an issue of bonds, and to sell or dispose of the same on behalf of the corporations. Such bonds to be charged upon and secured by the railway, and all the assets, rights, privileges, revenues, works, property and effects belonging thereto or held or used in connection with the railway constructed, acquired, operated and maintained by the Commission under this agreement, and to be for the total amounts mentioned in schedule "B" hereto attached; provided that the Commission may, upon obtaining the consent as herein defined of the majority of the corporations, increase the said bond issue by any amount necessary to cover the capital cost of extending the railway, and may also without such consent increase the said bond issue to cover the cost of additional works or equipment of any kind for use on the railway to an extent not exceeding ten per cent. (10%) of the bonds issued from time to time. In order to meet and pay such bonds and interest as the same become due and payable the Commission shall in each year after the expiration of ten years from the date of the issue of the bonds out of the revenue of the railway after payments of operating expenses (including electrical power) and the cost of administration set aside a sufficient sum to provide a sinking fund for the purpose of redeeming the same at maturity. Debentures issued by the corporations in compliance with clause 2 (b) hereof, shall, to the extent of the par value of any bonds outstanding from time to time, be held or disposed of by the Commission in trust for the holders of such bonds as collateral security for payment thereof, it being understood and agreed that in the event of any increase of the said bond issue each corporation shall, upon the request of the Commission, deposit with the Commission additional debentures as described in clause 2 (b) hereof, to be held or disposed of by the Commission as collateral security for such increase of the said bond issue, and that any debentures held by the Commission in excess of the par value of the outstanding bonds from time to time may be held or disposed of by the Commission to secure payment of any deficit arising from the operation of the railway. —

4. In the event of the revenue derived from the operation of the undertaking being insufficient in any year to meet the operating expenses (including electrical power), the cost of administration and the annual charges for interest and sinking fund on the bonds, and for the renewal of any works belonging in whole or in part to the railway, such deficit shall be paid to the Commission by the corporations upon demand of and in the proportion adjusted by the

Commission.

Commission. In the event of the failure of any corporation to pay its share of such a deficit as adjusted by the Commission, it shall be lawful for the Commission in the manner provided in clause 2 (b) to dispose of debentures held by the Commission as security for any such deficit. Any arrears by any corporation shall bear interest at the legal rate.

5. Should any corporation fail to perform any of the obligations to the Commission under this agreement, the Commission may, in addition to all other remedies and without notice, discontinue the service of the railway to such corporation in default until the said obligation has been fulfilled, and no such discontinuance of service shall relieve the corporation in default from the performance of the covenants, provisos and conditions herein contained.

6. In case the Commission shall at any time or times be prevented from operating the railway or any part thereof by strike, lockout, riot, fire, invasion, explosion, act of God, or the King's enemies, or any other cause reasonably beyond its control, then the Commission shall not be bound to operate the railway or such part thereof during such time; but the corporations shall not be relieved from any liability or payment under this agreement, and as soon as the cause of such interruption is removed the Commission shall, without any delay, continue full operation of the railway, and each of the corporations shall be prompt and diligent in doing everything in its power to remove and overcome any such cause or causes of interruption.

7. It shall be lawful for, and the corporations hereby authorize the Commission to unite the business of the railway with that of any other railway system operated in whole or in part by the Commission, and to exchange equipment and operators from one system to the other, proper provision being made so that each system shall pay its proportionate share of the cost of any equipment used in common.

8. If at any time any other municipal corporation applies to the Commission for an extension of the railway into its municipality the Commission shall notify the applicant and the corporations, in writing, of a time and place to hear all representations that may be made as to the terms and conditions relating to such proposed extension. If, on the recommendation of the Commission, such extension shall be authorized, without discrimination in favour of the applicant, as to the cost incurred or to be incurred for or by reason of any such extension, the Commission may extend the railway upon such terms and conditions as may appear equitable to the Commission.

No such application for an extension of the railway into any municipality the corporation of which is not a party to this agreement shall be granted if it is estimated by the Commission that the cost of service of the railway to the corporations parties hereto will be thereby increased or the revenue and accommodation be injuriously affected without the written consent of the majority of the corporations parties hereto.

9. The consent of any corporation required under this agreement shall mean the consent of the council of such corporations, such consent being in the form of a municipal by-law duly passed by the council of the corporation.

10. The Commission shall, at least annually, adjust and apportion between the corporations the cost of construction, equipment, operation, interest, sinking fund, and also the cost of renewing the property of the railway.

11. Every railway and all the works, property and effects held and used in connection therewith, constructed, acquired, operated

and

and maintained by the Commission under this agreement and the said Act shall be vested in the Commission on behalf of the corporations; but the Commission shall be entitled to a lien upon the same for all money expended by the Commission under this agreement and not repaid.

12. Each of the corporations covenants and agrees with the other;

(a) To carry out the agreements and provisions herein contained:—

(b) To co-operate by all means in its power at all times with the Commission to create the most favourable conditions for the carrying out of the objects of this agreement and of the said Act, and to increase the revenue of the railway and ensure its success.

13. In the event of any difference between the corporations the Commission may, upon application, fix a time and place to hear all representations that may be made by the parties, and the Commission shall adjust such differences, and such adjustments shall be final. The Commission shall have all the powers that may be conferred upon a commissioner appointed under the *Act Respecting Enquiries Concerning Public Matters*.

14. This agreement shall continue and extend for a period of fifty years from the date hereof, and at the expiration thereof be subject to renewal, with the consent of the corporations from time to time for like periods of fifty years, subject to adjustment and re-apportionment as herein provided for the purposes of this agreement as though the terms hereof had not expired. At the expiration of this agreement the Commission shall determine and adjust the rights of the corporations, having regard to the amounts paid or assumed by them respectively under the terms of this agreement, and such other considerations as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

15. It is understood and agreed that the rates imposed for the share of the cost to be borne by those municipalities listed in schedule "C" attached hereto, shall be imposed upon the rateable property set forth respectively in the said schedule.

16. This agreement shall not come into effect until it has been sanctioned by the Lieutenant-Governor in Council.

In witness whereof the Commission and the corporations have respectively affixed their corporate seals and the hands of their proper officers.

- (7) In the event of any dispute as to the amount of fees payable under the foregoing subsection, the same shall be referred to the board, whose determination with relation thereto shall be final and binding.

CHAPTER 54.

An Act to provide for the Erection of Dwelling Houses.

Assented to 24th April, 1919.

WHEREAS the Government of the Dominion of Canada ^{Preamble.} has made provision for lending money for twenty years with interest at the rate of 5 per cent. per annum to the Provinces of Canada for the purpose of promoting the erection of dwelling houses; and whereas the Province of Ontario desires to borrow from the Dominion of Canada a portion of the fund for the purpose of lending the same to municipal corporations to promote the erection of dwelling houses throughout Ontario; and whereas the Province of Ontario also desires to borrow from any person such further sums as may be deemed necessary for the purposes of this Act;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. This Act may be cited as *The Ontario Housing Act*, ^{Short title.} 1919.

2. This Act shall apply to any local municipality the council of which passes a by-law declaring that it shall apply. ^{Application of Act.}

3. In this Act,—

<sup>Interpre-
tation.</sup>

(a) “Commission” shall mean a Housing Commission <sup>“Commis-
sion.”</sup> appointed by a municipal corporation for the purposes of this Act;

(b) “Company” shall mean a company incorporated ^{“Company.”} under *The Housing Accommodation Act*; <sup>Rev. Stat.,
c. 220.</sup>

(c) “Director” shall mean the Director of the Bureau ^{“Director.”} of Municipal Affairs, or such other person or body as may be designated by the Lieutenant-Governor in Council;

(d)

"House."

(d) "House" shall include all necessary improvements and conveniences.

Power to borrow from the Dominion.

4. The Lieutenant-Governor in Council, for the purposes of this Act, other than loans to farmers as provided by section 13, may from time to time borrow from the Dominion of Canada such sum of money as the Dominion of Canada may be willing to lend to it, payable within a period not exceeding twenty years from the date of the loan, and bearing interest at the rate of 5 per cent. per annum, payable half-yearly.

Power to borrow from any person.

5.—(1) The Lieutenant-Governor in Council, for the purposes of this Act, may also from time to time borrow from any person other than the Dominion of Canada such further sums of money as he may deem necessary.

(2) The money so borrowed shall be payable within a period not exceeding twenty years, and shall bear interest at such rate as may be fixed by the Lieutenant-Governor in Council.

Money borrowed to form part of Consolidated Revenue Fund.

6. The money borrowed under sections 4 and 5 shall be charged upon the Consolidated Revenue Fund of Ontario, and shall be paid into and form part of that fund.

Loans by Province to municipal corporation.

7. The Lieutenant-Governor in Council may from time to time lend to a municipal corporation the full cost of the land acquired and the houses erected by its commission under the provisions of this Act, as fixed and determined by the director, and all money required to enable its commission to make the loans provided for by sections 12 and 13 and payment on account of the cost of such houses and on account of such loans shall be made by the province to the corporation from time to time during the progress of the work on estimates furnished by the commission to and approved by the director.

Restriction on money borrowed from Dominion.

8. No part of the money borrowed from the Dominion of Canada shall be applied in making loans to farmers, provided for by section 13.

Power of municipal corporations to borrow without assent of electors.

9.—(1) A municipal corporation, for the purposes of this Act may, without obtaining the assent of the electors, pass by-laws from time to time for borrowing from the Province of Ontario such money as the director may approve of, and may issue debentures for the payment of the money borrowed.

Limit of borrowing powers not affected.

(2) Any money borrowed by a municipal corporation under the provisions of this Act shall not be counted in ascertaining whether the limit of its borrowing powers has been reached under any general or special Act.

10.—(1) The council shall, by the by-law declaring that this Act shall apply or by another by-law forthwith appoint a commission to be known as the Housing Commission of the (*naming the municipality*) for the purpose of carrying out the provisions of this Act.

(2) Such commission shall be a body corporate and shall be composed of the head of the council for the time being and two or four persons resident in the municipality who are not members of the council.

(3) The members of the commission, other than the head of the council, shall hold office for two years and until their successors are appointed, except that in making the first appointment the council shall designate one of the two members or two of the four members, as the case may be, who shall hold office for one year.

(4) In a city having a population of not less than 100,000 the commission may be composed of five persons resident in the municipality who are not members of the council, who shall hold office for five years and until their successors are appointed except that in making the first appointment the council shall designate one who shall hold office for one year, one who shall hold office for two years, one who shall hold office for three years, one who shall hold office for four years and one who shall hold office for five years.

(5) In the case of a vacancy in the office of a member before the expiration of his term, the council shall appoint a person to fill the vacancy for the unexpired term.

(6) The members of the commission may be paid such salary or other remuneration as the council may think proper and shall be eligible for re-appointment.

(7) The commission shall elect a chairman and a vice-chairman, who shall preside at all meetings of the commission in the absence of the chairman.

(8) The commission shall have a corporate seal and all agreements of sale, conveyances and other documents shall be executed by the chairman, or vice-chairman and by the secretary under the corporate seal, but where by oversight the seal has not been affixed, it may be affixed at any time afterwards, and, when so affixed the agreement of sale, conveyance or other document shall be as valid and effectual as if it had been originally sealed.

Municipal
officers to
perform
duties.

(9) The clerk, assessment commissioner, assessor, treasurer, architect, engineer and other officers of the municipality shall, at the request of the commission, do and perform all such duties under this Act as they would do and perform for the council in the like case if the carrying out of the provisions of this Act had been conferred on the council.

Payment
out of
money by
treasurer.

(10) The money borrowed from the province by the corporation shall be paid out by the treasurer of the corporation on the certificate or order of the commission.

Separate
Accounts.

(11) The treasurer shall keep separate accounts of all money borrowed by the corporation or loaned by the commission.

Limit of
powers of
commission.

(12) The council may, by the by-law appointing the commission, or by another by-law, with the approval of the director, limit the powers of the commission to any one or more of the purposes set out in sections 11, 12 and 13.

Erection of
dwelling
houses for
certain
persons.

11.—(1) A commission may erect on land acquired by it, within the limits of the municipality, and any company may erect on land acquired by it in any municipality to which this Act applies, dwelling-houses of a class suitable for the accommodation of persons who have been on active service during the present war with the naval or military forces of Great Britain or her allies, and who are residents of Ontario, and working men and working women and men and women of moderate means.

CHAPTER 55.

An Act respecting the Establishment of Community Halls and Athletic Fields in Rural Districts.

Assented to 24th April, 1919.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Short title. **1.** This Act may be cited as *The Community Halls Act, 1919.*

Interpre- **2.** In this Act,—
tation.

"Minister." (a) "Minister" shall mean Minister of Agriculture;

"Regulations." (b) "Regulations" shall mean regulations made under the authority of this Act.

Grant to township for community hall and athletic field. **3.**—(1) The Minister may grant aid to the municipal corporation of a township for the purpose of assisting in providing for a community hall and the establishment and laying out in connection therewith of an athletic field, but such grant shall not exceed an amount equal to twenty-five per cent. of the cost of the building or of that part of the building designed for a community hall and exclusive of the cost of the lands required for buildings and grounds, nor shall such grant exceed the sum of \$2,000 in any one case, but grants may be made for the establishment of more than one community hall and athletic field by the corporation of any one township.

How payable. (2) The grant shall be payable out of such sums as may be appropriated by the Legislature for the purpose of aiding in the establishment of community halls.

Property vested in township. **4.** All the property acquired for the purposes of this Act shall, except as hereinafter provided, be vested in the municipal corporation of the township.

5.—(1) The council of a township may by by-law provide ^{By-laws.} for the establishment of a community hall and athletic field in accordance with the provisions of this Act in the township or in any incorporated village adjacent or contiguous thereto, and may acquire by purchase or otherwise real and personal property for that purpose and may enter into an agreement with the council of any adjoining township or village for the joint use of the community hall and athletic field by the inhabitants of the municipalities upon such terms as to contribution to the cost of the hall and athletic field and as to the maintenance thereof as may be agreed upon, but notwithstanding any such agreement the aid to be granted under this Act shall not exceed the amount mentioned in section 3.

(2) The corporation of the township may issue debentures ^{Debentures.} for the purposes of subsection 1 in the manner provided by *The Municipal Act*.

6.—(1) Every community hall and athletic field established by the corporation of a township under this Act shall ^{Board of management.} be under the management and control of a board appointed by the council of the township composed as follows:—

(a) Two members of the township council; and

(b) Five members selected by the council from amongst the officers of the local organizations in the township, not being religious or fraternal organizations, for the use of which the hall is established, and in selecting such representatives the council shall have regard to the contribution by each organization to the erection and maintenance of the community hall.

(2) The council may fill any vacancy arising on the board from among the class of representatives in which the ^{Vacancies.} vacancy occurs.

(3) The representatives of the township council shall be ^{Term of office.} appointed annually and shall hold office until their successors are appointed, and every other officer of the board shall hold office for two years from the date of his appointment and until his successor is appointed.

7. Any municipal corporation entering into an agreement ^{Aid from local organizations.} for the joint use of a community hall and athletic field, and any of the societies or other bodies by which the community hall may be used under the regulations, may make grants out of any moneys in their hands in aid of the erection and maintenance of a community hall and athletic field established under this Act.

Agreements
with con-
solidated
school
boards.

8. The Minister shall have power to make grants to the board of trustees of any consolidated school which provides athletic grounds of satisfactory area, and a community hall in or in connection with the school, on the same terms as herein set forth, except that such grounds and community halls shall be managed and conducted under the regulations of the Department of Education, and such property shall be vested in the board of the consolidated school, provided always that the community halls and athletic grounds shall be available for the purposes permitted by the regulations.

Regulations.

9. The Lieutenant-Governor in Council, upon the recommendation of the Minister, may make regulations respecting the terms and conditions upon which aid may be granted under this Act, the uses to which a community hall may be put, and the accommodation which may be provided therein, and generally for the better carrying out of the provisions of this Act.

Commence-
ment of
Act.

10. This Act shall come into force and take effect on the day upon which it receives the Royal Assent.

CHAPTER 61.

An Act to provide for a Referendum upon
Certain Questions.*Assented to 24th April, 1919.*

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Short title.

1. This Act may be cited as *The Temperance Referendum Act, 1919*.

6 Geo. V,
c. 50,
s. 147,
repealed.

2. Section 147 of *The Ontario Temperance Act* and section 49 of *The Ontario Temperance Amendment Act, 1917*, are repealed, and the following substituted therefor:—

Questions
to be
submitted
to electors.

147.—(1) On such day as shall be fixed by proclamation of the Lieutenant-Governor in Council there shall be submitted to the vote of the electors of Ontario in the manner provided by law with respect to voting at the election of members to serve in the Assembly, the following questions:

Yes. No.

1. Are you in favour of the repeal of the Ontario Temperance Act?
2. Are you in favour of the sale of light beer containing not more than two and fifty-one one hundredths per cent. alcohol weight measure through Government agencies and amendments to the Ontario Temperance Act to permit such sale?
3. Are you in favour of the sale of light beer containing not more than two and fifty-one one hundredths per

cent.

cent. alcohol weight measure in standard hotels in local municipalities that by a majority vote favour such sale and amendments to *The Ontario Temperance Act* to permit such sale?

4. Are you in favour of the sale of spirituous and malt liquors through Government agencies and amendments to *The Ontario Temperance Act* to permit such sale?

(2) The lists of voters to be used at the voting upon such questions shall be the last lists of voters prepared and certified under *The Ontario Election Act, 1918*, and amendments thereto, and the persons qualified to vote upon the said questions shall be the persons qualified to vote at the election of a member to serve in the Assembly.

Lists of voters to be used.
Who may vote.

(3) Every voter shall vote on every one of the said questions, otherwise his entire ballot shall be void and shall be rejected.

Voter to vote on each question.

(4) The returning officer appointed for each electoral district shall make his return to the Clerk of the Crown in Chancery, showing the number of votes polled for the affirmative and negative of each of the said questions in each municipality in such electoral district, and upon the receipt of the last of such returns the Clerk of the Crown in Chancery shall make the return to the Lieutenant-Governor in Council and shall give notice thereof in the *Ontario Gazette*, showing the number of votes polled in Ontario for the affirmative and negative of each of the said questions.

Return of result of vote.

(5) The Lieutenant-Governor in Council may from time to time, by Order-in-Council, give such directions and make such regulations as may appear to him to be necessary to carry out the provisions of this section, and for the guidance of returning officers and other persons charged with the duty of taking the vote, and may by such directions or regulations modify or alter any of the provisions applicable to the taking of the vote when compliance therewith appears to be inconvenient

venient and impracticable, and may make due provision for circumstances which may arise and which are not provided for or contemplated by this section.

Forms.

- (6) The forms to be used at the taking of the vote upon the questions to be submitted under this Act shall be the same as nearly as may be as the forms used at an election to the Assembly, but such forms may be modified and altered to comply with the provisions of this section or any regulation made thereunder.

Fees and expenses.

- (7) The fees and expenses to be allowed to returning officers and other officers and servants for services performed under this section, and the expenses incurred in carrying out the provisions of this section shall be payable in the same manner, and shall be subject to the same provisions as to the issue of accountable warrants and the auditing and certifying of accounts as in the case of fees and expenses under *The Ontario Election Act, The Ontario Election Act, 1918*, and amendments thereto.

Rev. Stat.
c. 9,
§ Geo. V,
c. 3.

Effect of majority in affirmative on first question

- (8) If the returns made by the Clerk of the Crown in Chancery show that the majority of the voters voting thereon voted in favour of the affirmative to the first question, *The Ontario Temperance Act* shall be repealed, and such repeal shall take effect on such date as may be fixed by the Lieutenant-Governor in Council by proclamation, and upon the date fixed by the proclamation of the Lieutenant-Governor in Council, *The Liquor License Act* as amended prior to the passing of *The Ontario Temperance Act*, shall be revived and shall be in force in Ontario, and all by-laws and regulations made thereunder, including any by-laws and regulations passed or made under section 137 of the Act, or any provision for which the said section was substituted, shall be in force and shall have effect until altered or modified by lawful authority, as if *The Ontario Temperance Act* had not been passed.

Majority in affirmative on second question.

- (9) If the said returns shall show that a majority of the voters voting thereon voted in favour of the affirmative to the second question, light beer as hereinafter defined, shall be sold by sales agen-

cies established by the Board of License Commissioners for Ontario subject to such regulations as the Board, with the approval of the Lieutenant-Governor in Council may from time to time prescribe, respecting such sale, anything in this Act to the contrary notwithstanding.

- (10) If the said returns shall show that a majority of the voters voting thereon voted in favour of the affirmative to the third question, licenses may be issued by the Board of License Commissioners for Ontario under and subject to such regulations as the Board may, with the approval of the Lieutenant-Governor in Council from time to time prescribe, authorizing the sale of light beer, as hereinafter defined, in standard hotels in any municipality where a majority of the voters voting thereon shall have voted in favour of the affirmative to the third question.
- Majority in affirmative on third question.
Issue of licenses for light beer to standard hotels in municipalities having majority in affirmative.

- (11) If the said returns shall show that a majority of the voters voting thereon voted in favour of the affirmative to the third question, then at any time after the 31st day of December, 1921, by-laws may be submitted to the electors of any municipality in the manner and subject to the conditions prescribed by section 137 and the following sections of *The Liquor License Act*, chapter 215 of the Revised Statutes of Ontario, 1914, respecting the submission of local option by-laws and the repeal thereof, and the said sections shall for the purposes of this subsection be deemed to be revived and shall apply *mutatis mutandis*, but the by-law to be submitted under this subsection,—
- Local option by-laws as to sale of light beer in standard hotels.

(a) In the case of a municipality in which licenses have not been issued for the sale of light beer in standard hotels—shall be a by-law authorizing the sale of light beer in duly licensed standard hotels in the municipality; or

(b) In the case of a municipality in which licenses have been issued for the sale of light beer in standard hotels—shall be a by-law prohibiting the sale of light beer in duly licensed standard hotels in the municipality,

and if a majority of the voters voting upon

a by-law submitted under clause (a) approves of the same, licenses may be issued by the Board under and subject to such regulations as the Board may with the approval of the Lieutenant-Governor in Council from time to time prescribe, authorizing the sale of light beer in standard hotels in the municipality, anything in this Act to the contrary notwithstanding, and if a majority of the voters voting upon a by-law submitted under clause (b) approves of the same, such by-law shall come into force and take effect as from the 1st day of May next after the passing thereof, and any licenses theretofore issued by the Board authorizing the sale of light beer in standard hotels in such municipality shall upon said date be revoked and cancelled.

Majority in affirmative on fourth question.

- (12) If the said returns shall show that a majority of the voters voting thereon voted in favour of the affirmative to the fourth question, liquor or liquors as defined in this Act shall be sold by sales agencies established by the Board of License Commissioners for Ontario, subject to such regulations as the Board, with the approval of the Lieutenant-Governor in Council may from time to time prescribe respecting such sale, anything in this Act to the contrary notwithstanding.

"Light beer"
—meaning
of.

- (13) For the purposes of this section, "light beer" shall mean and include beer and any other malt liquor containing not more than two and fifty-one one hundredths per cent. alcohol weight measure in accordance with the alcoholometric tables prepared by Sir Edward Thorpe.

16.—(1) Subject to the regulations the Fire Marshal or a district Deputy Fire Marshal or an assistant or inspector may, upon the complaint of any person interested, or when he deems it necessary so to do, without such complaint, inspect all buildings and premises within his jurisdiction, and for such purpose may at all reasonable hours enter into and upon such buildings and premises for the purpose of examination, taking with him if necessary, a peace officer or such other assistance as he may deem proper.

Orders on
inspection.

(2) If, upon such inspection, it is found that a building or other structure is for want of proper repair or by reason of age and dilapidated condition or any other cause especially liable to fire, or is so situated as to endanger other buildings or property, or so occupied that fire would endanger persons or property therein, or that there are in or upon the buildings or premises combustible or explosive materials or conditions dangerous to the safety of such buildings or premises or to adjoining property, the officer making such inspection may order—

(a)

- (a) The removal of such buildings or the making of such structural repairs or alterations therein;
- (b) The removal of such combustible or explosive material, or the removal of anything that may constitute a fire menace.
- (3) If the occupant or owner of any such buildings or premises deems himself aggrieved by any order made by an officer other than the Fire Marshal made under this section, then in case the order is made under clause *a* of the next preceding subsection, the person aggrieved may appeal within ten days from the making of the order to the Fire Marshal, who shall examine such order and affirm, modify or revoke the same and cause a copy of his decision to be served upon the party appealing. Appeal to Fire Marshal from order of subordinate.
- (4) If the party appealing is dissatisfied with the decision of the Fire Marshal, he may within five days after the service of such decision, apply by way of originating notice according to the practice of the court, to the judge of the County or District Court of the county or district in which the property is situate, for an order modifying or revoking the order or extending the time for compliance therewith, and the Judge, upon such application, may affirm, modify or revoke such order and his decision shall be final. Appeal from Fire Marshal to county judge.
- (5) In the case of an order made under clause *b* of this section by an officer other than the Fire Marshal, the occupant or owner shall have the like right of appeal to the Fire Marshal as in the case of an order made under clause *a*, and the decision of the Fire Marshal upon such appeal shall be final and binding and shall not be subject to appeal. When appeal to Fire Marshal to be final.
- (6) Every person who neglects or refuses to obey an order made under this section after the time allowed for appeal therefrom has elapsed, shall incur a penalty of not less than \$100 per day for every day during which such default continues, and such penalty shall be recoverable before a Police Magistrate or two or more Justices of the Peace under *The Ontario Summary Convictions Act*. - (b) In the case of a village, by a vote of the ratepayers who are public school supporters in the village, upon a question to be submitted in the manner provided by *The Municipal Act*;
- (c) In the case of a union school section comprising a part or the whole of an incorporated village and a portion of a township—
- (i) By a resolution of the ratepayers of each school section or portion of a school section included in a union school section lying in the township, to be passed at a meeting of the ratepayers of the section or portion of the section specially called for that purpose, in the manner provided by this Act with respect to public school meetings in rural school sections; and
- (ii) By a vote of the ratepayers in the village or part of a village included in the union school section, to be taken in the manner provided by clause *b*.
- (4) The agreement shall provide for the apportionment and distribution of the assets and liabilities of the respective boards to be consolidated, Apportionment and distribution of assets and liabilities. and may provide for the levying of a special rate for a term of years in any part of the consolidated school section, in order to give effect

to such apportionment and distribution, or the agreement may provide for such apportionment and distribution and for the fixing of any such special rate by a board of arbitrators, to be composed of the inspector, the judge of the county or district court of the county or district, and one person to be named by the council of the local municipality or by the councils of each of the local municipalities in which the consolidated school section or any part thereof is situated, and in case the number of arbitrators so chosen is an even number, an additional arbitrator may be appointed by the Minister.

Where
territory
included
lies in
two or more
townships.

(5) Where a consolidated school section includes territory lying in two or more townships—

(a) the agreement for forming the consolidated school section shall determine what proportion of the cost of establishing and maintaining the school shall be borne by each township, or shall provide that such proportion shall be determined by the award of the arbitrators mentioned in subsection 4; and the same shall be annually raised, levied and collected upon the property liable to taxation for public school purposes in that portion of the consolidated school section lying within the boundaries of the township; and

(b) the proportions of the sums to be raised under section 93 for consolidated schools by the corporation of each of the townships interested shall be determined by agreement between the corporations of the townships, or in default of such agreement, by the board of arbitrators provided for in subsection 4.

Where
village or
portion of
village
included.

(6) Where a consolidated school section includes a village or a portion of a village, the agreement shall determine—

(a) what proportion of the cost of establishing and maintaining the school shall be borne by the village and by the township or townships, and that the same shall be annually raised, levied and collected by the village and by the township or each of the town-

ships

ships respectively, upon the property liable to taxation for public school purposes in that portion of the consolidated school section lying within the boundaries of the municipality;

- (b) the proportion of the sums raised under section 93, which shall be borne by the corporation of the township or of each of the townships interested.

Or the agreement shall provide that the matters referred to in clauses *a* and *b* shall be determined by the award of the arbitrators mentioned in subsection 4.

- (7) Where a consolidated school section includes a village or a portion of a village or a police village or a portion of a police village, the agreement may provide for the election of a member or members of the board of trustees of the consolidated school section by the ratepayers of the village or police village or that portion of the village or of the police village lying within the consolidated school section and for the election of the remaining trustees by the ratepayers of that portion of the consolidated school section lying within the township or townships and for the term of office of each of the trustees first elected and their retirement and the election of their successors as far as possible in conformity with the provisions of subsections 10 and 11. Election of trustees where village included.
- (8) The agreement for consolidation shall not come into force or take effect until it has been submitted to and approved by the Minister, and no application for the establishment of a consolidated school shall be considered unless it is received by the Minister before the 1st day of June in the year in which the resolution approving of the agreement was passed. Approval of Minister

CHAPTER 77.

An Act respecting Compulsory School Attendance.

Assented to 24th April, 1919.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Short title. **1.** This Act may be cited as *The School Attendance Act, 1919.*

Inter-pretation. **2.** In this Act—

"Inspector." (a) "Inspector" shall mean inspector of public or separate schools;

"Principal." (b) "Principal" shall mean head teacher of a public or separate school;

"Regulations." (c) "Regulations" shall mean regulations made under the authority of *The Department of Education Act* or of this Act;

"School." (d) "School" shall mean public or separate school.

School attendance required. **3.** Every child between eight and fourteen years of age shall attend school for the full term during which the school of the section or municipality in which he resides is open each year, unless excused for the reasons hereinafter mentioned.

Duty of person in loco parentis. **4.** A person who has received into his house another person's child under the age of fourteen, who is resident with him or in his care or legal custody, shall be subject to the same duty with respect to the instruction of the child during such residence as a parent, and shall be liable to be proceeded against as in the case of a parent if he fails to cause such child to be instructed as required by this Act, but the duty of the parent under this Act shall not be thereby affected or diminished.

5.—(1) A parent, guardian or other person shall not be liable to any penalty imposed by this Act in respect of a child if,—

- (a) The child is under efficient instruction in reading, spelling, writing, grammar, geography and arithmetic;
- (b) The child is unable to attend school by reason of sickness or other unavoidable cause;
- (c) There is no public or separate school which the child has the right to attend within two miles measured by the nearest highway from such child's residence, if he is under ten years of age, or within three miles if he is over that age, and transportation is not provided by the school board for the children going to and from the public or separate school of the section or municipality;
- (d) There is not sufficient accommodation in the school which the child has the right to attend;
- (e) The child has been excused as hereinafter provided by the school attendance officer, or by a Justice of the Peace, or by the principal of the public or separate school which the child is entitled to attend; or
- (f) The child has passed the university matriculation examination in Arts, or has completed the examination for admission to the normal schools or a course which gives him an equivalent standing.

(2) The fact that a child is blind or deaf shall not be deemed an unavoidable cause within the meaning of clause b of section 5 if the child is a fit subject for admission to the Ontario School for the Blind or the Ontario School for the Deaf.

(3) The provincial school attendance officer may inquire as to the instruction given to any child who is not attending school or as to any other reason or excuse for non-attendance of a child at school, and as to the general educational proficiency of such child, and the other circumstances of the case, and may by order in writing signed by him, determine whether or not the child shall be exempt from school attendance, and if he deems the instruction given to the child is

inadequate

inadequate, or that there is no valid reason why the child should not attend school, he may by such order direct that the child shall attend school, and thereafter, and so long as such order remains in force, the child shall not be excused from school attendance under the provisions of subsection 1 of this section.

Children attending school before eight years of age.

(4) Where a child over five years of age but under eight has been enrolled as a pupil in a public or separate school, the provisions of this Act shall apply during the school term for which the child is enrolled as if he was of an age between the ages of eight and fourteen.

Employment of children during school hours.

6.—(1) Except as provided by subsection 2, no child under the age of fourteen years shall be employed by any person during school hours, and any person who employs a child in contravention of this section shall incur a penalty not exceeding \$20.

Certificate authorizing employment.

(2) Where in the opinion of the school attendance officer or of a justice of the peace, or of the principal of the school attended by any child, the services of such child are required in husbandry, or in urgent and necessary household duties, or for the necessary maintenance of such child or of some person dependent upon him, the school attendance officer, justice of the peace or principal may by certificate setting forth the reasons therefor, relieve such child from attending school for any period not exceeding six weeks out of each school term so long as such child is required in any occupation stated in the certificate.

Appointment and duties of provincial officer.

7. The Lieutenant-Governor in Council may appoint an officer, to be known as the provincial school attendance officer, whose duty it shall be, under the direction of the Minister, and subject to the regulations, to superintend and direct the enforcement of this Act and in that behalf to perform such duties and exercise such powers as may be prescribed by this Act and the regulations.

Provincial officer acting as trustee.

8. Where it appears to the Minister that in any territory without municipal organization or in unsurveyed territory school trustees are not providing accommodation for the children entitled to attend school, or have neglected or failed to raise the necessary funds for the establishment and maintenance of a school, or have in other respects failed to comply with *The Public Schools Act* and the regulations, or that the election of trustees has been neglected and no regular board of trustees is in existence, the Minister may by commission under his hand authorize and direct the Provincial School Attendance Officer to do all things, and exercise all powers which may be necessary for the establishment and

maintenance

maintenance of a school, the erection of school buildings and providing accommodations, the opening and conducting of a school, the assessing and levying of all sums of money required for school purposes, and generally whatever may be required for the purpose of establishing, maintaining and conducting a school in accordance with *The Public Schools Act* and the Regulations, and thereupon the Provincial School Attendance Officer shall have and may exercise and perform with regard to all matters set forth in the commission, all the authority, powers and duties vested in, and to be performed by a board of school trustees under *The Public Schools Act* and the Regulations.

The clerk of the municipality shall furnish to the secretary of every public and separate school board in the municipality the particulars recorded in the book prepared by the assessor under subsection 1 of section 33 of *The Assessment Act* as to children whose parents or guardians are supporters of the schools under the control of the board.

Inquiries
as to
non-at-
tendance
and notice
to parents,
etc.

11. Every school attendance officer shall examine into every case of non-compliance with this Act within his own knowledge or when requested so to do by the inspector, or by a principal of a school, a teacher, or a ratepayer, and shall warn children not attending school in compliance with this Act and their parents and guardians, in writing of the consequences of such non-compliance, and shall also give notice in writing to the parents, guardian or other person having the authority or control of a child between the ages of eight and fourteen years who is not attending school as required by this Act, to cause the child to attend school forthwith.

Liability
of parents.

12.—(1) A parent, or guardian or other person having the charge or control of any child between the ages of eight and fourteen years, who neglects or refuses to cause such child to attend school unless such child is excused from attendance as provided by this Act, shall incur a penalty of not less than \$5 nor more than \$20.

Requiring
bond for
attend-
ance.

(2) The court may, instead of imposing a penalty, require a person convicted of an offence under this section to give a bond in the penal sum of \$100, with one or more sureties to be approved by the court, conditioned that the person convicted shall, after the expiration of five days, cause the child to attend school as required by this Act.

13. Proceedings against a parent, guardian or other person having the charge or control of a child, or against any other person violating any of the provisions of this Act shall be instituted by the school attendance officer. Proceedings to be taken by officers.

14.—(1) The teacher or the principal of every public, separate and technical school shall, once in each month of the school year, report to the school attendance officer of the municipality or section in which the school is situated, the names, ages and residences of all pupils on the school register who have not attended the school as required by this Act, together with such other information as the school attendance officer may require for the enforcement of the provisions of this Act. Report by teacher on non-attendance.

(2) The teacher or principal as the case may be, shall forthwith report to the school attendance officer every case of expulsion. Report on expulsion.

(3) Where there is no school attendance officer and a child has failed to attend school or has attended so irregularly as in the opinion of the inspector to necessitate special action, the inspector shall notify the parents or guardian of the child of the provisions of this Act. Where there is no school attendance officer.

(4) The non-attendance or irregular attendance of the child shall be ascertained by the teacher of the school which the child should attend by reference to the school register and to the particulars from the list prepared under subsection 1 of section 33 of *The Assessment Act* transmitted by the clerk of the municipality to the secretary of the board, and the teacher shall report such non-attendance or irregular attendance to the inspector. How non-attendance or irregular attendance ascertained.

(5) It shall be the duty of the inspector, when inspecting every school in his inspectorate, to see that the duties of the school attendance officer are properly performed and that the provisions of subsections 3 and 4 of this section are complied with and to report any breach thereof to the Department of Education. Duty of inspector.

15. Where any of the provisions of this Act are violated by a corporation, proceedings may be had against every officer or agent of the corporation who is a party to such violation, and such officer or agent shall be subject to the same penalties as any other person similarly offending. Violations of Act by corporations.

16. Every person and officer charged with the duty of enforcing any provision of this Act who neglects to perform the duty imposed upon him shall incur a penalty not exceeding \$10 for each offence. Penalty for neglecting to enforce Act.

CHAPTER 79.

An Act to confirm an Agreement between the
Toronto Conservatory of Music and Gov-
ernors of the University of Toronto.

Assented to 24th April, 1919.

HIS MAJESTY, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The parties to the agreement between the Toronto Conservatory of Music, therein and herein called the "Conservatory" of the first part, and the Governors of the University of Toronto, therein and herein called the "University," of the second part, a copy of which forms the schedule to this Act, are hereby respectively authorized to make and execute the same, and when executed the said agreement is hereby ratified and confirmed, and declared to be valid and binding upon the parties, and the bondholders therein named, who may sign the said agreement, and the parties are hereby respectively authorized to carry out the terms thereof.

2. The transfers, assignments and conveyances and guarantees to be executed in pursuance of the said agreement are hereby confirmed and declared to be valid and binding.

3. The Governors of the University of Toronto shall have all necessary powers for the purpose of carrying out the said agreement, according to its true intent and meaning, and for the future management and operation of the undertaking of the conservatory, and for continuing the corporation of the conservatory and operating and managing its undertaking in the name of the corporation as a going concern.

This agreement made the day of , A.D. 1919.

Between:

The Toronto Conservatory of Music, a Corporation having its Head Office in the City of Toronto, incorporated under The Ontario Companies Act, without share capital, by Letters Patent dated 5th July, 1910, hereinafter called the "Conservatory,"

Of the First Part,

—and—

The Board of Governors of the University of Toronto, hereinafter called the "University,"

Of the Second Part.

Whereas the Conservatory was incorporated to promote the cultivation of the science of music and to give instruction therein, and for the other purposes set out in its charter of incorporation;

And whereas for the purposes of its undertaking, the Conservatory acquired the property and the effects mentioned or referred to in the first part of the Schedule hereto annexed, and is now carrying on its undertaking upon said premises;

And whereas in connection with the acquisition of said property and the carrying on of its undertaking, the Conservatory made an issue of bonds, amounting in all to the sum of \$184,800, and secured the same by Trust Instrument dated January 1st, 1911, which is duly registered in the Registry Division of East Toronto as Number 49127-T;

And whereas there are now outstanding bonds of the said issue amounting to the said sum of \$184,800, and a certain special issue amounting to the sum of \$100,000, has been pledged to the Dominion Bank as security for loans, which has since been paid off but these said bonds are still in the hands of the said Dominion Bank available as security for further loans which have not yet been made;

And whereas the property described in the Schedule hereto, or parts of it, is subject to a mortgage dated the 21st day of February, 1912, to the Trustees of the Toronto General Burying Grounds, and registered in the Registry Division of East Toronto as No. 46937-P, on which the principal unpaid is \$19,000, and also to another mortgage dated the 27th day of April, 1914, to the Guardian Trust Company, Limited, and registered in the said Registry Division as No. 14125-O, on which the principal unpaid is \$12,000;

And whereas the Conservatory, believing that it would advance the cultivation of the science of music and be in the public interests if the ownership, management and control of the undertaking now carried on by the Conservatory were vested in the University, and with the approval of the majority of its members and of its bondholders, offered the same to the University, and the University agreed to take over the same on the terms and conditions herein set out;

Now this agreement witnesseth:

1. For the considerations herein contained the Conservatory will, as soon as this agreement takes effect, request its members to transfer to the University all their rights and interests as such members

members, and respectively to execute and deliver to the University, or to such Trustees therefor as the University may designate, such formal and separate transfers of their respective rights and interests as members of the Conservatory as may be required in order to vest in the University or in such Trustees the entire membership of the Conservatory, and the control thereof through such membership.

2. The Conservatory will, as soon as this agreement takes effect, request its Board of Governors to execute and deliver to the University resignations of their positions as Governors, in order that a new Board, nominated by the University, may be duly elected, such resignations to be used by the University at such meetings and at such times as may be found convenient to carry out the intentions of the resignations and the appointment of the new Board.

3. The Conservatory will, as soon as this agreement takes effect, and at such time and in such manner as the University may decide, whether before or after the appointment of the new Board of Directors, execute and deliver to the University or to Trustees nominated by the University, deeds, assignments, and conveyances of the properties and effects mentioned or referred to in the Schedule hereto, so that the same may become vested in the University or such Trustees, in fee simple, and as the absolute owners thereof, free from all encumbrances except those set out in the second part of the Schedule hereto.

4. The University hereby assumes the liabilities of the Conservatory set out in the second part of the Schedule hereto, and will guarantee to such of the bondholders respectively as sign this agreement as hereinafter provided payment of the principal and interest of their said respective bonds from time to time, as and when the same become payable. When the liability to the Dominion Bank, for which bonds are held in pledge, has been discharged, the bonds pledged shall become the property of the University.

5. Any of the bondholders may sign this agreement and thereby become parties hereto, and when this agreement has been signed by bondholders holding bonds of not less than 51 per cent. of the entire outstanding bonds and when transfers from members constituting not less than 67 per cent. of the entire membership of the Conservatory have been made under clause one hereof, any bondholder may present to the Bursar of the University his bonds to have endorsed thereon the guarantee of the University in the form set out in the third part of the Schedule hereto, or to the like effect, and such guarantee shall be endorsed thereon and signed on behalf of the University by the Chairman, Vice-Chairman or Acting Chairman or Vice-Chairman of the Board of Governors of the University, and by the said Bursar.

6. As it is believed that it will be in the public interests were the undertaking of the Conservatory carried on as a going concern in the name of and by means of the Corporation of the Conservatory though controlled and managed by the University, it is hereby declared that it is the intention of the University to continue the Corporation of the Conservatory and to operate and manage its undertaking in the name of the Corporation as a going concern, but this declaration of intention shall not limit the rights and powers of the University now or hereafter existing under which it may decide to make changes and to promote the cultivation of the science of music and carry out the other objects of the Conservatory in different ways. The University shall be free to make such arrangements with the Conservatory, its successors and assigns, in relation to the carrying out of its objects as the University may from time to time deem best. The University agrees that separate accounts shall, from time to time, be kept of the assets and liabilities relating to or connected with the carrying out of the

the intention of this clause, and that the assets or their proceeds, and any net profits which may result from the operations shall be used only in connection with the purposes aforesaid, and not for other purposes of the **University**.

7. The Government of Ontario shall be requested by the University on its own behalf, and on behalf of the other parties hereto, to promote the passing of an Act of the Legislature of Ontario confirming this agreement, and all transfers, assignments and conveyances and guarantees executed in pursuance hereof, and authorizing the University and the parties hereto to carry out the same according to its true intent and meaning, and conferring upon the University such powers with reference to the same, and to the future management and operation of the undertaking of the Conservatory as the University and the Governors may decide.

8. This agreement shall take effect after it is authorized or confirmed by Act of the Legislature of Ontario and not before. In the meantime, the Conservatory agrees to carry on its undertaking in the usual course, and not to incur liabilities other than in the ordinary course of business, save and except what may be incurred in carrying out the plan mentioned in the eighth paragraph hereof. And the Conservatory agrees not to pay or distribute any monies or assets to or among its members by way of dividend or otherwise.

9. Unless on or before the expiration of six months after this agreement takes effect as aforesaid transfers from members constituting not less than 67 per cent. of the entire membership of the Conservatory have been made under clause one of this agreement, and unless bondholders holding bonds of not less than 51 per cent. of the entire outstanding bonds have signed this agreement and presented their bonds for guarantee under clause five hereof, the University or the Conservatory may at any time thereafter withdraw from this agreement at the expiration of thirty days' written notice, of the intention to withdraw, given by one to the other, and at the expiration of such thirty days' notice this agreement shall cease and become void, but during such thirty days transfers from members may be made and bondholders may sign and present bonds for guarantee, and the deficiencies may be thereby made up and thereupon this agreement shall continue in force.

In witness whereof the said parties have hereunto set their seals under the hands of their proper officers respectively.

Signed, Sealed and Delivered
in the presence of:

CHAPTER 85.

An Act respecting the Tówn of Bowmanville.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Corporation of the Town of Bowmanville has by petition prayed for special legislation in respect of the matters hereinafter set forth; and whereas James H. McGill, late of the City of Washington, in the District of Columbia, in the United States of America, died in May, 1908, at Washington aforesaid, having previously, on the seventeenth day of October, 1906, made his last will, which was by the Supreme Court of the United States of America admitted to probate on the seventeenth day of August, 1908, and in and by said will the said deceased did devise to his wife, Jane McGill, all his real estate, to be used and enjoyed by his said wife for the term of her life, and after her death did devise the said real estate to the Corporation of the Town of Bowmanville; and whereas the said real estate consisted of two parcels of land in the said City of Washington, on one of which there was and is an office building and on the other a residence; and whereas at the time of the death of the said testator there was and now is a mortgage encumbrance existing on said real estate, or the main portion of same, created by the said testator, of \$100,000, and it is estimated that said real estate is worth \$200,000; and whereas the said Jane McGill died on the thirteenth day of December, 1910; and whereas certain disputes and differences arose between the said the Corporation of the Town of Bowmanville and the heirs-at-law of the said James H. McGill, deceased, which were settled by the said parties by which the said lands were vested in The Washington Loan and Trust Company in trust, to sell and dispose of said lands and distribute the proceeds, under which at the present time the Corporation of the Town of Bowmanville is entitled to 59 per cent. of said proceeds, and one John McGill and one Isobel Madeline Cluxton, formerly Isobel Madeline McGill, are entitled to 41 per cent. of same to be divided between them; and whereas legal questions have arisen in the said District of Columbia in connection with the right of aliens and particularly an alien municipal corporation to hold

hold and sell and make good title to real estate in the said District of Columbia; and whereas for the purpose of realizing on said real estate and making good title to same, the mortgagee or holders of the mortgage in said mortgage encumbrance mentioned have threatened to and may, for the purpose of realizing on said mortgage and making good title to said real estate in a purchaser, exercise the power of sale in said mortgage contained, and sell said real estate; and whereas the Corporation of the Town of Bowmanville has by its petition prayed that an Act may be passed placing it in a position to protect itself in case of such sale by said mortgagee, as hereinafter indicated; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The Corporation of the Town of Bowmanville is hereby invested with power and authority to and may appoint and authorize a citizen or citizens of the United States of America, or a corporation deriving its charter of incorporation in the United States of America, and by said charter having power and authority to purchase, hold, sell and give title to real estate in the said District of Columbia, to purchase said real estate in said District of Columbia, so devised to the town by the will of the said James H. McGill deceased, or any part of same, and to mortgage same to secure any part of the purchase money, and to hold and sell said real estate, on such terms and conditions as to said corporation may seem proper, and after paying the costs and charges incurred by the Corporation of the Town of Bowmanville in arranging for and carrying out said purchase,[†] and all costs and charges and commissions payable to the party so purchasing under the authority hereof, and any moneys expended by the said corporation in connection with the said purchase and holding and selling, with interest at the rate of six per cent. per annum on any sums advanced by the corporation, divide the net proceeds among the parties entitled as set out in the preamble to this Act.

Appointment
of person or
corporation
in United
States to
purchase,
mortgage
and hold
land de-
vised to
town.

2. The Corporation of the Town of Bowmanville is further invested with power and authority to and may give to said citizen or citizens of the United States of America, or corporation so appointed and authorized by it to purchase said real estate, its bond of indemnity to protect said party, parties or corporation against loss, charges or expenses in connection with the purchase and mortgaging and holding and selling said real estate, or it may apply to a guaranty

company

company to give such a bond of indemnity to said party, parties or corporation so purchasing as aforesaid, and give to the said guaranty company the bond of the Corporation of the Town of Bowmanville to indemnify the said guaranty company against loss in connection with its said bond; and in either case the bond of the said Corporation of the Town of Bowmanville shall be effective and binding when it is authorized by a by-law of the corporation of the said town enacted by the council of said town, and said bond is signed by the mayor and clerk and sealed with the seal of the said corporation.

Appointment
by by-law.

3. The said appointment referred to in section 1 shall be made under a by-law of the Corporation of the Town of Bowmanville, duly passed by the council of said town.

Power to
borrow
money with-
out assent
of electors.

4. The Corporation of the Town of Bowmanville may pass a by-law to borrow, and may borrow such moneys as the council of said town in its discretion may think proper but not exceeding \$65,000 to meet and pay such a sum or sums as said council may think necessary to meet the purchase price of said real estate at a sale of same which may be brought about by the mortgagee referred to, and legal expenses incurred thereabout and the expenses and charges of its appointee to purchase said real estate, and may borrow said moneys on its promissory note or notes and renew said notes from time to time as it may think proper; and may pass a by-law to raise said moneys by the issue of debentures therefor for any period not exceeding ten years from the date of the issue thereof, and at such rate of interest not exceeding six per cent. per annum, as the council of the said corporation may determine; the said debentures to be issued on the plan that the payments for principal and interest in each year shall be the same amount in each year during the currency of said debentures.

Question
to be
submitted.

5. The powers conferred by the preceding sections of this Act shall not be exercised until a majority of those, who vote, of the electors qualified by *The Municipal Act* to vote on money by-laws, have voted in the affirmative in answer to the question:—

Are you in favor of the Council of the Corporation of the Town of Bowmanville borrowing a sum which it deems proper, but not exceeding \$65,000, as provided by the Special Act of the Legislature, 1919?

6. It shall not be necessary that the by-laws which may be passed for the purposes mentioned in section 4 hereof shall be submitted to or receive the assent of the electors of the said town, except as provided in section 5 of this Act, but all the other provisions of *The Municipal Act* which are applicable and which are not inconsistent with the provisions of this Act shall apply to the said by-laws.

7. No irregularity in the form of any of the promissory notes or any of the debentures issued under the authority of this Act, or of any by-law authorizing the issue thereof, shall render the same invalid or be allowed as a defence to any action against the Corporation of the Town of Bowmanville for the recovery of the amount thereof, or interest thereon, or any part thereof.

8. In calculating the amount of the indebtedness of the said corporation for the purpose of ascertaining if the limit of its borrowing power has been reached, any debentures issued under the authority of this Act shall not be reckoned as part of such indebtedness, but shall be excluded in computing the same.

9. This Act shall come into force and take effect immediately on the passing of it.

CHAPTER 86.

An Act respecting the City of Brantford.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Corporation of the City of Brantford has, by its petition, prayed for special legislation in respect of the several matters hereinafter set forth; and whereas *The Municipal Act*, section 101, subsection 1, provides that the polls at municipal elections shall be open at every polling place at nine o'clock in the forenoon and shall be kept open until five o'clock in the afternoon of the same day; and by subsection 2 provides that the council of the city may, by by-law passed before the 15th day of November in any year, extend the time for keeping open the polls until seven o'clock in the afternoon; and whereas, owing to the largely increased number of voters upon the voters' list of the polling subdivisions within the City of Brantford it was deemed necessary to keep the polls open until seven o'clock in the afternoon at the annual municipal elections for the year 1919; and whereas By-law No. 1498 of the Corporation of the City of Brantford was passed for such purpose on the twenty-third day of December, 1918, and by inadvertence such by-law was not passed before the fifteenth day of November as required; and whereas the Corporation of the City of Brantford desires power to appoint three additional members to the Board of Park Management for the City of Brantford, so that such board will consist of three additional members; and whereas the Corporation of the City of Brantford desires power to appoint three additional members to the Board of Health for the City of Brantford, so that such board shall consist of three additional members; and whereas the cost of sanitary sewers and of storm sewers in the City of Brantford has been provided for heretofore by levying a uniform frontage rate of ten cents per lineal foot upon the property liable to be assessed therefor during the period of twenty years under the provisions of chapter 48 of the Acts passed in the fifth year of the reign of His Majesty King George the Fifth, and the said sum, owing to the increased cost of labour and materials and the increased rate of interest, has become insufficient to provide the cost thereof; and whereas it is desirable to provide

provide a maximum rate for sanitary and storm sewers in the City of Brantford to be levied during a uniform period; and whereas it is expedient to grant the prayer of said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. By-law No. 1498 of the Corporation of the City of Brantford is confirmed and declared to be as legal, valid and binding for all purposes as if it had been passed prior to the 15th day of November, 1918, and the election of the mayor and members of the council for the year 1919 is also confirmed and declared to be legal, valid and binding.

2. Every owner of property which is drained into any of the main sewers in the City of Brantford, and every owner of property in the City of Brantford in front of which a sanitary sewer is constructed as a local improvement shall pay a maximum tax of \$2.26 per foot frontage on each assessable foot frontage of his property, such amount shall be paid in twenty equal annual instalments of a maximum of twenty cents each per foot frontage, being a sum sufficient to pay both interest and sinking fund for that amount, and said instalments shall be payable at the same time as ordinary taxes are payable in said city, but the city treasurer may commute the said payments for a payment in cash as in the case of other local improvements.

3. Every owner of property which is drained into any of the main sewers of the City of Brantford, and every owner of property in the City of Brantford in front of which a storm sewer is constructed as a local improvement shall pay a maximum tax of \$2.26 per foot frontage on each assessable foot frontage of his property, such amount shall be paid in twenty equal annual instalments of a maximum of twenty cents each per foot frontage, being a sum sufficient to pay both interest and sinking fund for that amount, and said instalments shall be payable at the same time as ordinary taxes are payable in the City of Brantford, but the city treasurer may commute the said payments for a payment in cash as in the case of other local improvements.

4. Any person or persons or corporation desirous of connecting his or their property with any sanitary or storm sewer for which the property has not been assessed shall be assessed the same frontage tax as if the sewer were constructed in front of said property and payments shall be made at the same time and in the same manner and for a

like

like number of years as the payments in respect of property in front of which the sanitary or storm sewer is constructed.

Exemption
from the
rates.

5. Any property assessed for the privilege of connecting with a sanitary or storm sewer shall be exempt from any assessment for a like sewer constructed on the street in front of said property.

Corpora-
tion's share.

6. That the cost of any sanitary or storm sewer in excess of the total amount assessed therefor, in accordance with the foregoing provisions, shall be borne by the Corporation of the City of Brantford at large.

Amend-
ment of
by-laws.

7. It shall be lawful for the Municipal Council of the Corporation of the City of Brantford to pass a by-law or by-laws to amend its by-laws respecting sanitary and storm sewers in accordance with the foregoing provisions.

CHAPTER 87.

An Act respecting the County of Carleton.

Assented to 24th April, 1919.

WHEREAS the Municipal Corporation of the County Preamble. of Carleton has, by petition, prayed for special legislation in regard to the matters hereinafter set forth; and whereas the corporation has a statutory liability for the erection and maintenance of the bridge (colloquially known as Cummings Bridge), situate upon and across the Rideau River and connecting the easterly part of Rideau Street, in the City of Ottawa, with the westerly part of Main Street in the Town of Eastview, at a point where said river forms the boundary line between the County of Carleton and the City of Ottawa, and is required by law to satisfy the said liability; and whereas the aggregate amount of the said liability has not yet been ascertained but it is estimated will amount to over \$100,000; and whereas the corporation is at present without authority or power, statutory or otherwise, to immediately raise the money necessary to satisfy said liability; and whereas the erection of the said bridge is a permanent work, the duration of which is estimated to be seventy-five years and upwards; and whereas the corporation is not authorized to issue debentures for the purpose of raising the necessary moneys aforementioned without the assent of the electors of the County of Carleton, or for a longer period than twenty years; and whereas provision for said payment cannot be made expediently or equitably except by special authorization; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The said corporation may and is hereby authorized to provide by by-law, or by-laws, passed by and with the assent of two-thirds of the members of the council of said corporation, representing at least one-half of the total equalized assessment of said county, for the borrowing, upon the issue or issues of debentures, of a sum or sums not exceeding in the aggregate \$100,000 to provide for the corporation's share

Power to borrow \$100,000 by the issue of debentures.

share of the cost, charges, damages and expenses incurred in and incidental to the erection of a concrete and steel bridge (colloquially known as Cummings Bridge), situate upon and across the Rideau River, and connecting the easterly part of Rideau Street, in the City of Ottawa, with the westerly part of Main Street in the Town of Eastview, at a point where said river forms the boundary line between the County of Carleton and the City of Ottawa.

Confirmation of debentures.

2. All debentures issued under the authority of said by-law or by-laws and substantially complying with the provisions of the said by-law or by-laws under which the same are issued, shall be legal, valid and binding upon the said corporation and the ratepayers thereof, and it shall not be necessary for the purchaser of any of the said debentures to enquire into the validity of the by-law or by-laws under the authority of which they are issued.

Terms of payment.

3. The said debentures shall bear interest at a rate not exceeding six per cent. per annum, payable yearly or half-yearly, as may be provided by by-law or by-laws of the corporation, and shall be payable within forty years from the date of issue thereof in such amounts respectively, not less than \$100.00, that the aggregate amount payable for principal and interest in each year shall be equal as nearly as may be to the amount so payable for principal and interest in each of the other years of the said period.

Hypothecation of debentures.

4. The said corporation may, for the purposes herein mentioned, raise money by way of loan on the said debentures, or sell or dispose of the said debentures from time to time as may be deemed expedient.

Application of proceeds of debentures.

5. All moneys realized and received by the corporation from the sale, pledge or hypothecation of any of said debentures, shall be first applied in or towards the purposes hereinbefore mentioned, and all moneys raised as herein provided for the purpose of reduction or payment of said debentures, shall not be used or applied for any other purposes until the said debentures shall have been fully redeemed and paid.

By-laws not to be repealed until debt satisfied.

6. Any by-law to be passed under the provisions of this Act shall not be repealed until the debt created under the by-law, including interest and principal, shall be fully paid and satisfied.

Special rate.

7. Said corporation shall, in addition to all other rates to be levied in each year, levy and apportion annually amongst the local municipalities of the County of Carleton, according to the latest equalized assessment from time to time,

time, a further amount sufficient to pay the amount falling due annually for principal and interest, in respect of debentures issued under a by-law or by-laws purporting to be passed pursuant to this Act.

8. It shall not be necessary to obtain the assent of the electors of the said County of Carleton to the passing of any by-law which shall be passed under the provisions of this Act, or to observe the formalities in relation to the passing of by-laws prescribed by *The Municipal Act* or amendments thereto. Assent of electors not required. Rev. Stat., c. 192.

9. Any provisions in the Acts respecting municipal institutions in the Province of Ontario which are, or may be inconsistent with the provisions of this Act, shall not apply to the by-law or by-laws to be passed under the provisions of this Act, and no irregularity in the form of the said debentures or any of them authorized to be issued by this Act, or the by-law or by-laws authorizing the issue thereof, shall render the same invalid or illegal or be allowed as a defence to any action brought against the corporation for the recovery of the amount of the said debentures, or any or either of them, or any part thereof, and the purchaser or holder thereof shall not be bound to enquire as to the necessity of passing such by-laws or of the issue of such debentures, or as to the application of the proceeds thereof. Inconsistent enactments not to apply. Irregularities not to invalidate.

10. This Act may be cited as *The County of Carleton Debenture Act, 1919*. Short title.

CHAPTER 88.

An Act to constitute a Board of Commissioners of Police for the Township of Crowland.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Corporation of the Township of Crowland has, by its petition, represented that it is desirable that a Board of Commissioners of Police be constituted for the Township of Crowland with the same powers as Boards of Commissioners of Police in towns, or such other powers as may be deemed advisable; and whereas the said corporation has prayed that an Act may be passed providing for authorizing the constitution of a Board of Commissioners of Police; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Constitution
of Board of
Police Com-
missioners.

1. A Board of Commissioners of Police is hereby constituted for the Township of Crowland.

Members.

2. The Board shall consist of the reeve, the judge of the County of Welland and the police magistrate.

Absence of
magistrate.

3. If the police magistrate is absent from the Province of Ontario, the council may, by resolution, appoint a resident of the municipality to act during his absence.

Vacancies.

4. If the office of judge or that of police magistrate is vacant, the council shall fill the vacancy on the Board by appointing a resident of the municipality to act during the vacancy.

5. In case of the illness or absence from Ontario of the reeve, or of the office being vacant, the person appointed as presiding officer of the council shall act instead of the reeve. Absence of reeve.

6. The Council of the Township of Crowland may provide for the payment of a reasonable remuneration for each of the members of the Board. Remuneration.

7. The Board shall have the same power to summon and examine witnesses upon oath as to any matter connected with the execution of its duties, to enforce their attendance, and to compel them to give evidence, as is vested in any Court of Law in civil cases. Examination of witnesses.

8. It shall be the duty of every person served with a notice to attend before the Board, signed by a member of it, to attend, pursuant to the notice, and the notice shall have the same effect as a subpoena. Attendance of persons before Board.

9. The Board shall in each year, at its first meeting, held after the reeve has made the declaration of office and qualification, elect a chairman. Chairman.

10. A majority of the members of the Board shall constitute a quorum. Quorum.

11. The meetings of the Board shall be open to the public unless otherwise directed by the Board. Meetings.

12. A by-law of the Board shall be sufficiently authenticated if signed by its chairman or acting chairman, and a by-law purporting to be so signed shall be received in evidence in all courts without proof of the signature. Authentication of by-laws.

13. A copy of a by-law purporting to be certified by a member of the Board to be a true copy, shall be received in evidence in all courts without proof of its signature. Certified copy of by-law as evidence.

14. The police force of the Township of Crowland shall consist of a chief constable and as many constables and other officers and assistants as the council may deem necessary, but not less than the Board reports, to be absolutely required. Police force.

15. The members of the police force shall be appointed by and hold office during the pleasure of the Board, and shall take and subscribe an oath similar to that set out in section 20 of *The Constables' Act*. Appointment of members.

Regulations. **16.** The Board may make regulations for the government of the police force for preventing neglect or abuse, and for rendering it efficient in the discharge of its duties.

Members of force subject to Board. **17.** The members of the police force shall be subject to the government of the Board and shall obey its lawful directions.

Remuneration of members of force. **18.** The council shall appropriate for and pay such remuneration to the members of the police force as the Board may determine and shall provide and pay for such offices, watch-houses, watch-boxes, arms, accoutrements, clothing and other things, as the Board may deem requisite and require for the accommodation, use and maintenance of the force.

Indemnification of members. **19.** The council may pay any sum required for the protection, defence or indemnification of any member of the police force where an action or prosecution is brought against him, and costs are necessarily incurred, or damages are recovered, if the Board certifies that the case is a proper one for such payment or indemnity.

Levy of rate on part of township. **20.** All expenses incurred for the payment of the police commissioners and police constables, and other expenses incurred in connection with the police force, may be paid by a general rate levied on any defined section or area of the township, as defined by by-law of the Township Council, as provided by section 365 of *The Municipal Act*, as amended.

CHAPTER 89.

An Act respecting the Town of Dundas.

Assented to 24th April, 1919.

WHEREAS the Corporation of the Town of Dundas has, ^{Preamble.}
 by petition, represented that the Water Commissioners of the Town of Dundas have represented to the said Corporation that the water mains in the said town are in many cases laid along property, the owners of which do not take water or pay anything to the revenue of the water works or the sinking funds or interest on the debentures issued by the municipality therefor, although such properties are increased in value thereby, and that in consequence thereof the revenue derived from the general water rates is less than it otherwise should be and that there is now no effective way of charging any unpaid special rates against the properties benefited by mains and have requested the council to obtain legislation to authorize the Water Commissioners to levy and collect the rate upon all properties fronting on streets, lanes and alleys along which water mains are laid, and to provide that all special rates shall be a lien on all properties served with mains and with the right of distress and sale of said lands as in the case of taxes in arrears and unpaid, and the said council request that such legislation be granted, and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. Subject to section 2, the Water Commissioners of the Town of Dundas shall have power by by-law, to be passed by them, to levy and charge a special rate upon the several lands, lots or parts of lots, whether occupied or vacant, fronting or abutting upon all streets, lanes and alleys in the said municipality upon which water mains, from which the commissioners are willing to supply water, are laid, which special rates shall be an annual rate according to the frontage of the said lands, lots or parts of lots, which rate shall not exceed five cents per foot for such frontage, and may, by by-law of the Water Commissioners, be changed from time

time to time as the commissioners may determine, and the said commissioners may provide an equitable mode of assessing corner lots, triangular and other irregularly shaped pieces of land or lands unfit for building purposes where the commissioners deem it inequitable to assess the full frontage on any street, provided the special rate hereinbefore mentioned shall not be chargeable upon any occupied lands, lots, or parts of lots, where the owner or occupant of said lands, lots or parts of lots is a user of the water supplied for said lands, saving and excepting that the special rate above mentioned shall be chargeable on all frontage of any one owner or occupant in excess of fifty feet, whether such excess is occupied or vacant.

Approval
of council
to by-law.

2. The by-law for the said special rate shall not be finally passed by the commissioners until it has been submitted to and received the approval of a majority of all the members of the Municipal Council of the said Town of Dundas at a regularly called meeting thereof.

Measure-
ment of
frontage.

3. The said Water Commissioners, by by-law to be passed by them, shall also have power to employ such person as they think proper to make the measurements of frontage for the purpose hereof, in cases where the frontage of the lands, lots or parts of lots have not, in the judgment of the commissioners, been properly set out in the assessment roll, and to fix the compensation of the said person.

Time for
payment
and
collection
of special
rate.

4. The said special rate shall be payable at the time or times during each year, fixed by the Water Commissioners for payment thereof, and until paid shall be a lien and charge upon the lands, tenements, lots or parts of lots against which the same are charged or assessed, and arrears of such special rates may, with interest thereon at the rate of ten per cent. per annum from the time of default in payment be collected in the same manner and by the same officials and by the same process as arrears of taxes are collected under the provisions of *The Assessment Act*, and all rates and rents that may be received by the Town Treasurer or other officers of the said town, under the above provisions, shall be paid to the said Water Commissioners.

Rev. Stat.,
c. 195.

CHAPTER 90.

An Act respecting the Town of Dundas.

Assented to 24th April, 1919.

WHEREAS the Municipal Council of the Corporation Preamble.
of the Town of Dundas, hereinafter called the corporation, has, by petition, represented that it is desirable that certain by-laws set forth in Schedule "A" and Schedule "B" hereto, and the debentures issued or to be issued thereunder, and the rates levied or to be levied for the payment of the said debentures, should be validated and confirmed; and whereas the said corporation has prayed that an Act may be passed for the above purpose; and whereas no opposition has been offered to the said petition; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. By-law No. 837, set forth in Schedule "A" hereto, By-law No. 837 set out in Sched. "A" confirmed.
is hereby confirmed and declared to be legal, valid and binding upon the said corporation and the ratepayers thereof.

2.—(1) By-law No. 802 of the Corporation of the Town By-law No. 802 set out in Sched. "B" confirmed.
of Dundas, set forth in Schedule "B" hereto, as amended by said By-law No. 837, is confirmed and declared to be legal, valid and binding upon the said corporation and the ratepayers thereof.

(2) The rates imposed by and to be levied under the said Confirmation of rates.
by-law for the payment of the debentures authorized thereby and the interest thereon are also confirmed and declared to be valid and binding upon the Corporation of the Town of Dundas and the ratepayers thereof.

3.—(1) All debentures issued or to be issued or purporting Confirmation of debentures.
to be issued under the said By-law No. 802, as amended, are confirmed and declared to be valid and binding upon the Corporation of the Town of Dundas, and it shall not be necessary for the purchaser of such debentures to inquire into the validity of the proceedings relating to the issue of the same or to see to the application of the purchase money therefor.

(2) The debentures may be issued at any time within two years after the passing of this Act.

SCHEDULE

SCHEDULE "A."

BY-LAW No. 837, TO AMEND BY-LAW No. 802.

Whereas on the first day of January, 1917, a by-law to provide for borrowing \$55,995.50 for the construction of trunk sewers on private lands to connect with a sanitary sewage system and sewage disposal works; to pay for the land on which said sewage disposal works are to be erected; and the cost of arbitration; engineer's fees; legal expenses and other incidental expenses in connection with such construction was submitted to the electors of the Town of Dundas and received a majority of 116 of the votes polled, and on the eighth day of January, 1917, the said by-law was finally passed by the Council of the said town;

And whereas the said by-law contains a paragraph numbered six which reads as follows:

"Notwithstanding anything in this by-law hereinbefore contained, none of the debentures shall be issued nor shall any of the work be proceeded with until six months after the war is ended and peace declared."

And whereas Great Britain and her allies have been victorious in the said war, and have acceded to the request of the enemy and granted an armistice;

And whereas there remain only the terms of peace to be decided upon at a conference to be held, and which conference may not conclude its labours until some months hence;

And whereas it is the unanimous opinion of the Dominion, Provincial and municipal authorities that, pending the return of normal industrial conditions, it is advisable that all work of a public nature, which has been held up in order that the Empire's whole resources might be employed in bringing the war to a satisfactory and speedy conclusion, should be proceeded with as rapidly as possible;

And whereas the Town of Dundas is in urgent need of a sanitary sewage system;

Be it therefore resolved that the said paragraph number six in said by-law number 802 be rescinded and the construction of a sanitary sewage system for the Town of Dundas be proceeded with.

Passed this third day of February, A.D. 1919.

SCHEDULE "B."

BY-LAW NUMBER 802.

To provide for borrowing \$55,995.50 for the construction of trunk sewers on private lands to connect with a sanitary sewage system and sewage disposal works, for the construction of sewage disposal works, to pay for the land on which said sewage disposal works are to be erected, and the costs of arbitration, engineer's fees, legal expenses and other incidental expenses in connection with such construction;

Whereas It is desirable that trunk sewers should be constructed in certain parts of the town to connect with a sanitary sewage system

system and sewage disposal works, and provision made for payment of the construction of said trunk sewers and sewage disposal works and for the land required for the erection thereon of said disposal works, and to pay the costs of arbitration and the fees of engineers, legal expenses and other incidental expenses in connection with such construction;

And whereas it is desirable that the said work shall be done in accordance with the plans and specifications prepared by T. Aird Murray and T. Lowes, civil engineers, and on file in the office of the Town Clerk, and which have been approved by the Provincial Board of Health;

And whereas in order to raise the said sum of \$55,995.50 it will be necessary to issue debentures of the Town of Dundas for the said sum as hereinafter provided (which is the amount of the debt to be created by this by-law), the proceeds of said debentures to be applied to the said purpose and no other;

And whereas it is desirable that all of the said debentures should be issued at one time, and the principal of said debt made repayable by yearly sums during the currency of the said debentures, said yearly sums being of such respective amounts that the aggregate amount payable in each year for principal and interest in respect of such debt shall be as nearly as possible equal to the amount payable in each of the other years of said period;

And whereas the total amount required by *The Municipal Act* to be raised annually by special rate for paying said debt and interest is \$3,852.78;

And whereas the amount of the whole rateable property of the Town of Dundas according to the last revised assessment roll thereof is \$2,169,300.00;

And whereas the amount of the existing debenture debt of said town is \$183,934.76, whereof neither principal or interest is in arrear;

Therefore the Council of the Corporation of the Town of Dundas enacts as follows:—

1. That it shall be lawful for the Corporation of the Town of Dundas to raise by way of loan the sum of \$55,995.50 to provide for the construction of trunk sewers on private lands to connect with a sanitary sewage system and sewage disposal works in the said town, for the construction of sewage disposal works, to pay for the land on which said sewage disposal works are to be erected and costs of arbitration, engineer's fees, legal expenses and other incidental expenses in connection with such construction.

2. The said debentures shall all be issued at one time, shall be dated on the day of their issue, shall be made payable within thirty years of their issue at the office of the Treasurer of the said Town of Dundas, shall be for the amounts hereinafter named in the column headed "principal," and shall respectively become payable on the days hereinafter named.

3. Each of the said debentures shall be signed by the Mayor of the Town of Dundas or by some other person authorized by by-law so to do, and by the Treasurer of the Town, and the Clerk shall attach thereto the corporate seal of the municipality.

4. The said debentures shall bear interest at the rate of five and one half per cent. per annum, payable half yearly at the office of the Treasurer on the first days of May and November in each and every year during the currency thereof, and shall have attached to

to them coupons for the amount of said interest, which said coupons shall be signed by the Treasurer, and his signature to them may be written, stamped, lithographed or engraved.

5. During the currency of the said debentures there shall be raised annually by special rate on all the rateable property in the Town of Dundas the sum of \$3,852.78, for the purpose of paying the amount due in each of the said years for principal and interest in respect of the said debt, as follows:

SCHEDULE "A."

BY-LAW NO. 4 OF THE ESSEX BORDER UTILITIES COMMISSION.

A By-Law of the Essex Border Utilities Commission to raise by way of loan the sum of \$210,300 for the purpose of constructing the trunk sewer known as the east and south interceptors and for incidental purposes.

Whereas the *Essex Border Utilities Act* and the amendments thereto provide that the Essex Border Utilities Commission may construct one or more trunk sewers in the Towns of Ford City, Walkerville, Sandwich, Ojibway, City of Windsor and the Township of Sandwich West and in connection therewith shall construct such pumping plants and treatment plants that may be required;

And whereas, pursuant to the requirements of the said Act the commission did employ Morris Knowles as engineer to make the preliminary

preliminary examination and to file a report and an estimate of the cost;

And whereas a report was filed by Morris Knowles, the Engineer of the Commission, on or about the 21st day of July, 1917, showing an estimated cost of a trunk sewer within the said municipalities of \$210,300;

And whereas upon appeal from the said report, pursuant to the said Act the Ontario Railway and Municipal Board did apportion the cost amongst the various municipalities as follows:

Ford City	\$65,300 00
Ojibway	46,533 33
Sandwich West	28,333 33
Windsor	26,200 00
Sandwich	25,333 33
Walkerville	18,600 00
	<hr/>
	\$210,300 00

And whereas, pursuant to the said Act the construction of the said sewer was submitted to the electors of the Municipalities of the City of Windsor, Towns of Walkerville, Sandwich, Ford City and the Township of Sandwich West, on the 30th day of March, 1918, and was approved by the electors of each of the said municipalities and was also on said day approved by a majority of the Council of the Town of Ojibway;

And whereas by section 12 of *The Essex Border Utilities Act* the Essex Border Utilities Commission has authority to obtain temporary advances to meet the cost of any of the works and to issue debentures for the sum so borrowed; and whereas this by-law is passed under the authority of the said section;

And whereas the Provincial Board of Health has approved of the said sewer;

And whereas the Minister of Finance has permitted of the issue of debentures to pay for the cost thereof;

And whereas the Essex Border Utilities Commission considers it desirable under the circumstances to proceed with the construction of the said sewer;

And whereas it is therefore desirable to raise the said sum of \$210,300, being the amount of the debt intended to be created by this by-law by the issue of debentures which should be spread over a period of thirty years and be payable in thirty annual instalments during the said period, the said instalments respectively to be of such amounts that the amount payable for principal and interest in any year shall be equal as nearly as may be to that required in any other year;

And whereas it will require the sum of \$15,278.07 to be raised annually during the said period of thirty years by special rates sufficient therefor over and above and in addition to all other rates upon all the rateable property of each of the municipalities which approved of the construction of the said sewer, namely: City of Windsor, Towns of Walkerville, Sandwich, Ford City, Ojibway, and that portion of the Township of Sandwich West described in Schedule "A" of the *Essex Border Utilities Act* for the payment of the debt so to be created and the interest thereon annually at the rate of six per cent. per annum being for principal and interest in each year of said period as follows, that is to say:

Sandwich	2,490,995 00
Ford City	1,754,968 00
Ojibway	1,429,544 00
Sandwich West	1,928,000 00

exclusive of property assessed for school rates only;

And whereas the amount of the existing debentures debt of each of the said municipalities, including that portion of the Township of Sandwich West mentioned in Schedule "A" of the *Essex Border Utilities Act*, exclusive of local improvement debts secured by special rates of assessment is as follows:

Windsor	\$1,490,599 59
Walkerville	387,267 00
Sandwich	84,827 60
Ford City	80,052 80
Ojibway	None
Sandwich West	None

no part of which debt nor of the interest thereon is due or in arrear;

Therefore the Essex Border Utilities Commission enacts as follows:—

1. That for the purpose of paying for the cost of the construction of the trunk sewer, known as the East and South Interceptors, shown in the report of Morris Knowles, dated the 17th of July, 1917, and approved by the Municipal Corporations of the City of Windsor, Towns of Walkerville, Sandwich, Ford City, Ojibway and the Township of Sandwich West, the chairman of the commission shall be and he is hereby authorized and empowered to borrow from any person, company, society or bank willing to loan the same upon
the

the credit of the debentures hereinafter mentioned, a sum not exceeding the sum of \$210,300, and to issue debentures to the said amount in sums respectively as follows, that is to say:

For the sum of	\$13,597.42,	payable in the year	1947
For the sum of	\$14,413.27,	payable in the year	1948

2. That the said debentures shall be sealed with the seal of the commission and be payable on the first day of February in each year in which the same respectively under the preceding section becomes due at the Canadian Bank of Commerce in the City of Windsor.

3. That the said debentures shall have coupons attached thereto for the payment of the interest, which shall be at and after the rate of six per cent. per annum and be payable at the office of the Canadian Bank of Commerce in Windsor, yearly, namely, on the first day of the month of February in each year during the currency of the said debentures and the first of said coupons being payable on the first day of February, 1919.

4. That the money borrowed as aforesaid shall be expended for the purpose of paying for the cost of the construction of the said trunk sewer, known as the East and South Interceptors, as set out in the preamble of this by-law and for no other purpose whatever.

5. That for the purpose of redeeming the said debentures and paying the interest thereon as the same respectively becomes due a duplicate original of this by-law shall be served forthwith upon the Municipal Corporations of the City of Windsor, Towns of Walkerville, Sandwich, Ford City, Ojibway and the Township of Sandwich West, and the said corporations are hereby required under section 12 of the *Essex Border Utilities Act* to levy and collect in each and every year during the currency of the said debentures upon all the rateable property in each of the said municipalities the following annual special rates over and above and in addition to all other rates, namely:

In the Town of Walkerville a rate sufficient to produce..	\$1,351 27
In the aforesaid portion of the Township of Sandwich	
West a rate sufficient to produce	2,058 39
In the Town of Ojibway a rate sufficient to produce....	3,380 60
In the Town of Ford City a rate sufficient to produce....	4,743 97
In the City of Windsor a rate sufficient to produce....	1,903 40
In the Town of Sandwich a rate sufficient to produce..	1,840 44

The whole being sufficient to produce the annual sum of 15,278 07

6. That the money so levied and collected shall forthwith upon its payment be applied in payment of the said debentures and paying the interest thereon as the same respectively becomes due and for no other purpose whatever.

7. This by-law shall come into force and take effect on the final passing thereof.

Read the 1st, 2nd, 3rd time and finally passed 31st day of May, 1918.

CHAPTER 92.

An Act respecting the City of Galt.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Corporation of the City of Galt has, by its petition, represented that it has, by a by-law numbered 1532 of said city, duly passed after it had been approved by a majority of the electors, provided for the issue of debentures to the amount of fifteen thousand dollars (\$15,000.00), bearing interest at five and one-half per cent. per annum, and payable in fifteen annual instalments during the fifteen years next after the time when the same are issued, for the purpose of providing a Soldiers' Memorial Home in the City of Galt, to be known as "The Galt Soldiers' Memorial Home," and by the said by-law has authorized the execution on behalf of the city of an agreement with the Galt branch of the Great War Veterans' Association, setting forth the terms on which the moneys to be realized by the sale of such debentures should be disbursed by the city and the said memorial home held by the said Association; and whereas the said corporation has, by its petition, prayed for an Act ratifying and confirming the said by-law and the said agreement; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

By-law
No. 1532, to
borrow
\$15,000 for
Soldiers'
Memorial
Home, etc.,
confirmed.

1. By-law No. 1532 of the City of Galt, authorizing the issue of debentures to provide a Soldiers' Memorial Home in the City of Galt and the execution of an agreement between the City of Galt and the Galt branch of the Great War Veterans' Association, setting forth the terms on which the moneys to be realized by the sale of such debentures shall be disbursed and the said memorial home held by the said association, as passed by the council of the Corporation of the City of Galt on the third day of February, 1919, and set out in Schedule "1" to this Act is hereby confirmed and declared to be legal, valid and binding upon the Corporation of the City of Galt and the ratepayers thereof and
the

the agreement referred to as Schedule "A" of the said by-law shall, when executed by the parties thereto, be legal, valid and binding upon the Corporation of the City of Galt and the ratepayers thereof and upon the Galt branch of the Great War Veterans' Association.

2. The debentures issued or to be issued under the said by-law by the said City of Galt and the rates and assessments to be made and collected for the purpose of meeting the payments to be made in respect of the said debentures as provided for in the said by-law are hereby declared to be legal, valid and binding upon the corporation.

Confirmation of debentures.

SCHEDULE 1.

BY-LAW No. 1532 OF THE CITY OF GALT.

To authorize the issue of debentures for the sum of \$15,000, to be used to provide a Soldiers' Memorial Home in the City of Galt.

Whereas it is proposed to provide a home for returned soldiers to be located in the City of Galt and to be known as "The Galt Soldiers' Memorial Home";

And whereas it is desirable for the City of Galt to issue debentures for the sum of fifteen thousand dollars bearing interest at the rate of five and a half per cent. per annum, which is the amount of the debt intended to be created by this by-law;

And whereas it is expedient to make the principal of the said debt repayable in yearly sums during the period of fifteen years of such amounts respectively that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to the amount so payable for principal and interest in each of the other years;

And whereas it will be necessary to raise annually the sum of \$ during a period of fifteen years to pay the said yearly sums of principal and interest as they become due;

And whereas the amount of the whole rateable property of the municipality according to the last revised assessment roll is \$7,632,561.00;

And whereas the amount of the existing debenture debt of the corporation (exclusive of local improvement debentures secured by special rates or assessments) is \$1,036,754.71, and no part of the principal or interest is in arrear;

Therefore the Municipal Council of the Corporation of the City of Galt enacts as follows:

1. That for the purpose aforesaid there shall be borrowed the sum of \$15,000 and debentures shall be issued therefor in sums of not less than \$100 each, bearing interest at the rate of five and a half per cent. per annum and having coupons attached thereto for the payment of the interest.

2. The debentures shall all bear the same date and shall be issued within two years after the date on which this by-law is passed and may

may bear any date within such two years and shall be payable in fifteen annual instalments during the fifteen years next after the time when the same are issued, and the respective amounts of the principal and interest payable in each of such years shall be as follows:

No.	Principal.	Interest.	Total.
1.	\$669 39	\$825 00	\$1,494 39
2.	706 20	788 19	1,494 39

15.	1,416 48	77 91	1,494 39

3. The debentures as to both principal and interest shall be payable in gold and may be payable at any place or places in Canada or the United States.

4. The debentures shall be signed by the mayor and treasurer of the said corporation and shall be sealed with the corporate seal of the said corporation. The interest coupons attached to the said debentures shall be signed by the treasurer of the said corporation and his signature may be printed, stamped, lithographed or engraved.

5. During fifteen years, the currency of the debentures, the sum of \$1,494.39 shall be raised annually for the payment of the said debt and interest and shall be levied and raised annually by a special rate sufficient therefor over and above all other rates on all the rateable property in the municipality at the same time and in the same manner as other rates.

6. The money realized by the sale of such debentures shall be used for the purpose aforesaid and for no other purpose.

7. The said debentures may contain any clause providing for the registration thereof authorized by any statute relating to municipal debentures in force at the time of the issue thereof.

8. The mayor and clerk of the municipality are hereby authorized to sign and execute the agreement between the municipality and the Great War Veterans' Association hereto annexed as Schedule "A," and the clerk is hereby authorized to affix the corporate seal of the municipality thereto, and said agreement shall form part of this by-law and be effective and binding upon the city corporation after its execution as if it formed a part of this by-law.

9. This by-law shall not take effect unless and until the said association has become incorporated and qualified to hold real estate and enter into binding agreements in its corporate name.

Finally passed this day of , 1918.

....., Clerk.

CHAPTER 93.

An Act to confirm By-law No. 452 of the Village of Grimsby.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Corporation of the Village of Grimsby has, by petition, represented that certain expenditures were necessarily incurred by the said corporation during the year 1916 over and above the estimate adopted by the council of said corporation, and on which the tax rates were struck, being the sums of \$5,180.05 due to the corporation of the County of Lincoln, and the sum of \$4,852.73 owing to the Bank of Hamilton for money borrowed from the said bank to provide for the current expenditure of the said Village of Grimsby; and the sum of \$2,000 owing to the Water Works Commission of the said Village of Grimsby; and that the said sums are still owing and unpaid; and that, during the year 1919, there was transferred from the current account of the said corporation the sum of \$2,200 to the credit of the overdraft for the year 1916, which sum is required by the said corporation for the payment of debts incurred during the year 1918; and that, during the years 1916 and 1917 grants were made by the said corporation for patriotic purposes to the amount of \$1,736.53, and that no special rate was levied for such purposes; and that it would be unduly oppressive to the ratepayers of the said Village of Grimsby to pay these amounts and all outstanding liabilities of the said Village of Grimsby at one time, in addition to the meeting of the necessary annual expenses of the corporation, and therefore said council, on the eighth day of April, 1919, passed By-law No. 452 to provide for the issue of \$15,000 of debentures for the purpose of paying the said debts; and by its petition the said corporation has asked that said by-law be confirmed and validated; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. By-law No. 452 of the Corporation of the Village of Grimsby, set out in Schedule "A" to this Act, being a by-law to provide for the issue of debentures of the Village of Grimsby, for the sum of \$15,000, required by the said village, is hereby confirmed and declared legal, valid and binding upon the said Municipal Corporation of the said Village of Grimsby and the ratepayers thereof.

2. All debentures to be issued under the said by-law, when so issued, are hereby declared to be legal, valid and binding upon the said corporation and the ratepayers thereof, and it shall not be necessary for the purchaser of any of the said debentures to inquire into the proceedings relating to the passing of the said by-law, or the issue of such debentures.

SCHEDULE "A."

By-law No. 452, of the Village of Grimsby, being a by-law to provide for the issue of debentures of the Village of Grimsby for the sum of fifteen thousand dollars (\$15,000) required by the said Village of Grimsby.

Whereas during the year 1916 the Municipal Council of the Village of Grimsby allowed the amount due for the year 1916 to the Municipal Corporation of the County of Lincoln to remain unpaid and expended the moneys levied for this purpose for the current expenditure of the Village of Grimsby;

And whereas the said sum due to the Municipal Corporation of the County of Lincoln by the Village of Grimsby for the year 1916 is still owing and in arrears and now amounts with interest to the sum of \$5,180.05;

And whereas during the said year 1916 the Municipal Council of the Municipal Corporation of the Village of Grimsby did borrow from the Bank of Hamilton by by-law, certain sums to provide for the current expenditure of the said Village of Grimsby;

And whereas in the year 1916 the Council of the said Village of Grimsby did not levy sufficient moneys for the repayment to the Bank of Hamilton for the full amount of said loans and there is now due and owing by way of loan borrowed in the year 1916 from the Bank of Hamilton by the said Village of Grimsby, the sum of \$4,852.73;

And whereas in addition to the above-mentioned sums there were other liabilities of the said Village of Grimsby outstanding including the sum of \$2,000 due and owing to the Water Works Commission of the said Village of Grimsby for the payment of which said sums the Council of the said Village of Grimsby did not levy sufficient moneys;

And whereas, during the year 1918, there was transferred from the current account of the Corporation of the Village of Grimsby and applied in reduction of the overdraft for the year 1916 the sum of \$2,200, which said transfer was made by the said Corporation under pressure from the Bank of Hamilton and the said sum of \$2,200 is now required for the purpose of paying the liabilities incurred by the said Municipal Corporation in the year 1918;

And whereas, in the year 1916, the Corporation of the Village of Grimsby did grant the sum of \$945.64 and in the year 1917 a further sum of \$790.89, making a total of \$1,736.53 for patriotic purposes for which said sums no special rate was struck and no debentures issued and the said sum is now required to pay existing liabilities of the said municipal corporation;

And whereas it would be unduly oppressive to the ratepayers of the said Village of Grimsby to pay all the outstanding liabilities of the said village at one time in addition to the meeting of the necessary annual expenses of the said corporation;

And whereas the Municipal Council of the Village of Grimsby deem it expedient to issue debentures for the sum of \$15,000 to provide moneys for the payments of the amounts above-mentioned;

And whereas the Municipal Corporation of the Village of Grimsby did, on the twenty-first day of January, 1919, enact By-law No. 451 of the Village of Grimsby to provide for the issue of debentures for the sum of \$15,000, repayable by yearly sums during the period of fifteen years as therein stated;

And whereas the Ontario Railway and Municipal Board have given direction to the said corporation to issue debentures at one time and to make the principal of the said debt repayable by yearly sums during the period of ten years, said yearly sums being of such respective

spective amounts that the aggregate amount payable in each year for principal and interest shall be as nearly as possible equal to the amount payable in each of the other nine years of the said period as shown in Schedule "A" hereunto annexed;

And whereas the total amount required to be raised annually by the said municipality by special rate for the paying of the said debt and interest, as hereinafter provided, is \$2,038.02;

And whereas the amount of the whole rateable property of the Village of Grimsby, according to the last revised assessment roll is \$976,374;

And whereas the amount of the existing debenture debt of the said municipality exclusive of local improvement is \$116,809.49, of which no part either principal or interest is in arrears;

Now, therefore, the Municipal Council of the Municipal Corporation of the Village of Grimsby enacts as follows:

1. That By-law No. 451 of the Village of Grimsby be and the same is hereby repealed.

2. The Municipal Corporation of the Village of Grimsby shall issue debentures of the said village to the amount of \$15,000 as aforesaid, in sums of not less than \$100 each on the date of the confirmation of this by-law by the Legislative Assembly of the Province of Ontario, which debentures shall each be dated on the day of the issue thereof, and shall be payable within ten years thereafter on the date of the issue thereof, in each of the years in the amount shown on the said Schedule "A" at Grimsby, Ontario.

SCHEDULE "A."

No. of Debenture.	Interest.	Principal.	Amount.
1.	\$900 00	\$1,138 02	\$2,038 02
2.	831 72	1,206 30	2,038 02
3.	759 35	1,278 67	2,038 02
4.	682 62	1,355 40	2,038 02
5.	601 30	1,436 72	2,038 02
6.	515 09	1,522 93	2,038 02
7.	423 71	1,614 31	2,038 02
8.	326 86	1,711 16	2,038 02
9.	224 19	1,813 83	2,038 02
10.	115 36	1,922 66	2,038 02

3. Each debenture shall be signed by the Reeve of the said Village of Grimsby, or by some other person authorized by by-law to sign same and by the treasurer thereof and the village clerk shall attach thereto the corporate seal of the said municipality.

4. The said debentures shall bear interest at the rate of six per cent. per annum, payable yearly at the Bank of Hamilton on the date of the issue thereof and each and every year during the currency thereof.

5. There shall be raised annually by special rate, on all the rateable property in said Village of Grimsby, the sum of \$2,038.02 for the purpose of paying the amount due in each year of the said ten years for principal and interest in respect of the said debt as shown on Schedule "A" hereunto annexed.

6. This by-law shall not come into force unless and until it is confirmed and validated by an Act of the Legislative Assembly of the Province of Ontario and on the said Legislative Assembly passing such an Act which shall confirm and validate this by-law. This by-law shall come into force on the date it receives the assent of the Lieutenant-Governor of the Province of Ontario.

Passed in open council this 8th day of April, 1919.

CHAPTER

CHAPTER 94.

An Act respecting the City of Guelph.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Corporation of the City of Guelph has, by its petition, represented that in order to place the said corporation in the same position as other municipal corporations under the provisions of *The Municipal Act* with respect to annual rates of taxation it is desirous of having repealed that part of section 11, 1 Edward VII, chapter 53, which prohibits the council of said corporation to assess, levy or collect in any one year on the whole rateable property within the said city, a rate higher in the aggregate than fifteen mills on the dollar on the assessed value thereof, exclusive of school and local improvement rates; and whereas it has also represented by the said petition that an agreement was entered into between the Municipal Corporation of the City of Guelph, the Municipal Corporation of the Township of Guelph and the Lord Bishop of Niagara and the Rector and Church Wardens of St. George's Church, Guelph, with reference to the management by a commission of the Guelph cemetery, and that it is deemed proper and expedient by the parties thereto that the said agreement should be validated and confirmed with such powers and provisions as may be necessary in the premises; and whereas it is also represented that the watermains in the said city are in many cases laid along properties, the owners of which do not take water or pay anything to the revenue of the waterworks or the sinking funds or interest on the debentures issued by the municipality therefor, although such properties are increased in value thereby, and that in consequence thereof the general water rates are higher than they otherwise would be, and that there is now no effective way of charging any unpaid special rates against the properties benefited by watermains, and that it desires legislation to authorize the council of the said corporation to levy and collect a special rate upon all properties fronting on streets, lanes and alleys upon which watermains are laid, and to provide that all special rates shall be a lien on all properties served with mains and with the right of distress and sale of said lands as in the case of taxes in arrear and unpaid

paid; and whereas it is also represented that the Board of Light and Heat Commissioners of the City of Guelph have represented to the said council that the gas mains in the said city are in many cases laid along properties, the owners of which do not take gas or pay anything to the revenue of the gas works or sinking funds or interest on the debentures issued by the municipality therefor, although such properties are increased in value thereby, and that in consequence thereof the general gas rates are higher than they otherwise would be, and that there is now no effective way of charging any unpaid special rates against the properties benefited by mains and it desires legislation to authorize the said Board of Light and Heat Commissioners to levy and collect a special rate upon all properties fronting on streets, lanes and alleys upon which gas mains are laid, and to provide that all special rates shall be a lien on all properties served with mains and with the right of distress and sale of said lands as in the case of taxes in arrear and unpaid; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. Section 11 of *The Guelph Debt Consolidation Act*, ^{1 Edw. VII, c. 53, s. 11,} 1901, I Edward VII, chapter 53, is repealed and the following enacted in lieu thereof:—^{repealed.}

11. The amount set forth in Schedule "A" hereof shall be a first charge on the rates to be levied annually by the council of the Municipal Corporation of the City of Guelph.

2. The agreement between the Municipal Corporation of the City of Guelph, the Municipal Corporation of the Township of Guelph and the Lord Bishop of Niagara and the Rector and Church Wardens of St. George's Church, Guelph, dated December 14th, 1918, a copy of which agreement is set out in Schedule "A" to this Act, is hereby validated and confirmed. ^{Agreement re management of Guelph Cemetery by Commission confirmed.}

3. The commission referred to in the said agreement may be established in the manner and subject to the terms and conditions set forth therein and upon such establishment shall be a body corporate and politic under the name of The Guelph Cemetery Commission, and shall have all the powers and privileges and be subject to all the terms and conditions mentioned in the said agreement. ^{Incorporation of commission.}

Application
of Rev.
Stat., c. 261.

4. *The Cemetery Act* shall apply to The Guelph Cemetery Commission and the trustees thereof and to the lands held from time to time for cemetery purposes by the said commission, save as is herein otherwise specially enacted.

Property
vested in
commission.

5. Upon the establishment of the said commission and without any conveyance or assignment, there shall be vested in it for its purposes all the estate and interest of the parties to the said agreement in all funds, securities, money, chattels, personal property, tools and appliances referred to therein then held by them in connection with the said cemetery or cemetery lands.

Variance
of terms
of con-
veyance
of certain
lands.

6. The conditions, stipulations and provisions contained in a certain conveyance dated December 26th, 1853, from one William Clark, referred to in the said agreement to the Municipality of the Town of Guelph and the Municipality of the Township of Guelph and in a certain other conveyance dated December 26th, 1853, from the said William Clark to the Right Reverend John Lord Bishop of Toronto, of the said cemetery lands in so far as they are at variance with the provisions of the said agreement, shall be null and void and of no effect.

Special
rate to
meet ex-
penses of
commission.

7. The councils of the Corporation of the City of Guelph and the Corporation of the Township of Guelph shall levy and collect annually upon the taxable property subject to taxation for general purposes of all persons in the said municipalities who are Protestant ratepayers and on that part of such taxable property of firms and corporations in the said Municipalities as is not entered, rated and assessed for the purpose of Separate Schools in the annual assessment rolls of the respective municipalities such sums as may be required by the commission for its purposes and shall pay the same to the treasurer of the commission from time to time as may be required by the commission. The sum to be required annually by the commission from the said municipalities shall not exceed \$2,000 and shall be provided by the City of Guelph and Township of Guelph in proportion to the Protestant population of the respective municipalities as determined as aforesaid by the said assessment rolls.

Special
rate on
land
fronting
or abutting
on water
mains.

8.—(1) Subject to subsection 2 hereof, the council of the City of Guelph shall have power, by by-law to be passed by it, to levy and charge a special rate upon the several lands, lots or parts of lots, whether occupied or vacant, fronting or abutting upon all streets, lanes and alleys in the said municipality upon which water mains from which the city is willing to supply water are laid, which special rate shall be an annual rate according to the frontage of the said

lands

lands, lots or parts of lots, which rate shall not exceed five cents per foot for such frontage, subject to the same discount for prompt payment as shall be allowed in respect of ordinary water rates for domestic use, and may, by by-law of the council, be changed from time to time as the council may determine; and the said council may provide an equitable mode of assessing corner lots, triangular and other irregularly shaped pieces of land or lands unfit for building purposes where the council deems it inequitable to assess the full frontage thereof, or to assess at as high a rate as other land fronting on any street; provided that if the sum, rate or rent charged to the owner or occupant for the use of water shall be less than such special rate for the same period, the corporation shall remit or allow to such owner or occupant the sum, rate or rent so charged on account of the said special rate authorized in this section, and provided also that if the sum, rate or rent charged to the owner or occupant for the use of water shall, for the same period be greater than, or equal to, the said special rate, the corporation shall remit or allow to such owner or occupant the amount of said special rate on account of the said sum, rate or charge.

(2) The engineer for the time being of the Corporation ^{Measurement of} frontages. of the City of Guelph shall make the measurements of the frontages for the purposes hereof, in cases where the frontages of the lands, lots or parts of lots have not, in the judgment of the council, been properly set out in the city assessment roll.

(3) The said special rate shall be payable at the time or ^{Payment of} special rate. times during the year, fixed by the council for payment thereof, and until paid shall be a lien and charge upon the lands, tenements, lots or parts of lots against which the same are charged or assessed, and arrears of such special rates may, with interest thereon at the rate of ten per cent. per annum from the time of default in payment, be levied and collected in like manner as municipal rates and taxes are collectable.

9.—(1) Subject to subsection 2 hereof, the Board of ^{Special} rate on land ^{fronting or abutting} on gas mains. Light and Heat Commissioners of the City of Guelph shall have power, by by-law to be passed by it, to levy and charge a special rate upon the several lands, lots or parts of lots, whether occupied or vacant, fronting or abutting upon all streets, lanes and alleys in the said municipality upon which gas mains from which the Board of Light and Heat Commissioners is willing to supply gas are laid, which special rate shall be an annual rate according to the frontage of the said lands, lots or parts of lots, which rate shall not exceed

five

five cents per foot for such frontage, subject to the same discount for prompt payment as shall be allowed in respect of ordinary gas rates for domestic use, and may, by by-law of the said board, be changed from time to time as the commissioners may determine; and that the said board may provide an equitable mode of assessing corner lots, triangular and other irregularly shaped pieces of land or lands unfit for building purposes where the board deems it inequitable to assess the full frontage thereof, or to assess at as high a rate as other land fronting on any street; provided that if the sum, rate or rent charged to the owner or occupant for the use of gas shall be less than such special rate for the same period, the said board shall remit or allow to such owner or occupant the sum, rate or rent so charged on account of the said special rate authorized in this section, and provided also that if the sum, rate or rent charged to the owner or occupant for the use of gas shall, for the same period be greater than, or equal to, the said special rate, the said board shall remit or allow to such owner or occupant the amount of said special rate on account of the said sum, rate or charge.

Approval
of council
to by-law.

(2) The by-law for the said special rate shall not be finally passed by the said board until it has been submitted to and received the approval of the majority of all the members of the municipal council of the said city at a regular meeting thereof.

Measure-
ment of
frontages.

(3) The said Board of Light and Heat Commissioners, by by-law to be passed by it, shall also have power to employ such person as they think proper to make the measurements of frontages for the purposes hereof, in cases where the frontages of lands, lots or parts of lots have not, in the judgment of the said board, been properly set out in the city assessment roll, and to fix the compensation of the said person.

Payment
of special
rate.

(4) The said special rate shall be payable at the time and times during each year, fixed by the said board for payment thereof, and until paid shall be a lien and charge upon the lands, tenements, lots or parts of lots against which the same are charged or assessed, and arrears of such special rates may, with interest thereon at the rate of ten per cent. per annum, from the time of default in payment, be levied and collected in like manner as municipal taxes and rates are recoverable.

SCHEDULE "A."

Memorandum of agreement made in quadruplicate this 14th day of December, 1918,

Between:

The Municipal Corporation of the City of Guelph, hereinafter called "the City," of the first part;

The Municipal Corporation of the Township of Guelph, hereinafter called "the Township," of the second part,

and

The Right Reverend the Lord Bishop of Niagara and the Rector and Churchwardens of St. George's Church, Guelph, hereinafter called the parties of the third part.

Whereas the city and the township own the cemetery lands in the Township of Guelph, known as The Guelph Union Cemetery, and more particularly described in schedule hereunto annexed marked "A" and the Right Reverend the Lord Bishop of Niagara owns the cemetery lands adjacent to the said Guelph Union Cemetery more particularly described in schedule hereunto annexed marked "B," subject to the uses and upon the trusts that the same are to be used as and for a cemetery belonging to St. George's Church, Guelph;

And whereas the said cemetery lands were conveyed to the city and township, and to the predecessor in title of the said Lord Bishop respectively by two certain conveyances dated 26th December, 1853, made by William Clark, late of the Town of Guelph, in the County of Wellington, Esquire, deceased, subject to the provisions and conditions set out in the said conveyance;

And whereas by an arrangement with the Rector and Churchwardens of St. George's Church, Guelph, the city and township obtained a conveyance to them of the land more particularly described in schedule hereto annexed marked "C" which conveyance is dated the fifth day of January, 1901, and is from Peter Gokey and wife to the said city and township, and on which land is a spring of water;

And whereas by an agreement dated the 26th day of March, 1904, made between the Rector and Churchwardens of St. George's Church, Guelph, and the said city and township, the said rector and churchwardens agreed to pay (and have since paid) one-third of the total cost of securing the said spring and land and erecting a windmill and tanks for the purpose of supplying water to the said cemeteries and of erecting the tie-rails and posts outside the fence of the said cemeteries, and in consideration whereof the said rector and churchwardens and their successors were declared to be owners of one undivided third of said land, mill, tank and apparatus;

And whereas it has been agreed between the parties hereto that all the said cemetery lands shall be maintained and managed by a commission to be created for the purpose of managing, and maintaining the said cemetery lands as one cemetery as hereinafter set out;

Now, therefore, this indenture witnesseth that in consideration of the premises, and of the mutual agreements of the parties hereto herein contained, they, the said parties hereto, do hereby covenant and agree each with the other of them as follows:

1. A cemetery commission shall be created for the purpose of maintaining and managing the said cemetery lands as one cemetery to be called The Guelph Cemetery as hereinafter set out, and the said commission shall consist of six (6) members of whom two (2) shall be appointed by the Council of the City of Guelph, two (2) by the Council of the Township of Guelph, and two (2) by a joint meeting of the Incumbents and Churchwardens of all the churches of the Church of England in Canada, which are or hereafter may be situated within the boundaries of the City or Township of Guelph. Such joint meeting shall be called by the Churchwardens of St. George's Church, Guelph, by written notice mailed at least three days previously to the others entitled to attend such meeting, at which four shall constitute a quorum. No member of The Roman Catholic Church or of the Church of England in Canada shall be eligible for appointment to said commission by the Council of the City or of the Township of Guelph. The members of the said commission shall hold office for three years, but shall be eligible for reappointment. The said commission shall be a corporation by the name of The Guelph Cemetery Commission, which shall have the management and control of the said cemetery and of all land, money, and personal property in connection therewith. The commission shall be capable of receiving and taking from any person or body corporate by grant, gift, devise or otherwise, any real or personal property whatsoever for the use, support, or purposes of the corporation and without license in mortmain and all persons and bodies corporate shall have full and unrestricted right and power to give, grant, devise and bequeath to the corporation any real or personal property whatsoever.

2. It is the intention that after the appointment of the said commission the whole of the said cemetery lands described in schedules hereto annexed and marked "A," "B," and "C" respectively shall be managed and maintained as one cemetery to be called The Guelph Cemetery except in regard to the interment of members of the Church of England and their friends and relatives as hereinafter set out, and the Rector and Churchwardens of St. George's Church, Guelph, shall be forever freed from all payments referred to in said agreement dated March 26th, 1904.

3. At the time this agreement becomes operative by the said commission taking over the management of the said cemetery as hereinbefore set out, there shall be transferred, assigned to, and vested in the said commission all funds, securities, moneys, chattels and personal property then belonging to the parties of the first and second parts in connection with the said cemetery lands and the moneys of the said St. George's Church now in hand in connection with the said St. George's Cemetery amounting to \$490.40 and all tools and appliances and all further moneys, if any, of the said St. George's Church, which shall at the time the said agreement becomes operative as aforesaid be in hand in connection with the said St. George's Cemetery.

4. The said cemetery and all the real and personal property, revenues, expenditures, business and affairs in connection therewith, including the making of rules and regulations thereof, shall be under the government and management of the said commission.

5. It is understood and agreed that no persons other than members of the Church of England shall be interred in that part of the said cemetery now known as St. George's Cemetery and described in Schedule "B" hereto annexed except with the permission in writing of the Incumbent and Churchwardens of St. George's Church, Guelph, except that all members of the Church of England now owning lots or plots in the said St. George's Cemetery, or who may hereafter acquire lots or plots therein, and the friends and relatives of such members, may be interred in the said St. George's Cemetery, but all interments therein whatsoever shall

shall be made according to the rites of the Church of England in Canada and no other rites, ministrations or services shall at any time whatsoever be permitted therein except with the consent in writing of the Incumbent and Churchwardens of St. George's Church, Guelph.

6. In case the cemetery lands now known as St. George's Cemetery and more particularly described in schedule hereto annexed marked "B" shall at any future time not afford room therein for further interments or for the sale of any more lots or plots, and in case the said commission shall have purchased or otherwise acquired lands other than those more particularly described in said schedules and for the purpose of interments therein free of any or all restrictions set out in regard to interments in that part of the said cemetery now known as St. George's Cemetery and which are set out in paragraph five (5) hereof, it shall be the duty of said commission if and when requested by the members thereof appointed by such joint meeting to forthwith purchase or acquire further and suitable land equal in area to one-fourth of the lands so purchased or acquired and such lands shall be consecrated and set apart as said St. George's Cemetery has been consecrated and set apart and shall be subject to all the restrictions contained in said paragraph numbered five (5) hereof as if it had always formed part of said St. George's Cemetery, and so on from time to time as the lands which become subject to the restrictions of paragraph numbered five (5) hereof no longer afford room therein for further interments or for the sale of any more lots or plots.

7. The said commission shall have power to ask for and shall be entitled to receive an annual appropriation for the maintenance and upkeep of the said cemetery from the city and the township, but not exceeding the annual sum of two thousand (\$2,000) dollars to be provided by the city and township respectively in proportion to the Protestant population of the city and the township respectively from time to time, the said appropriation to be collected by taxation from the Protestant ratepayers of the city and township in the proportion aforesaid.

8. The moneys in the hands of any person or corporation for the purpose of expending the same or the interest thereon upon that part of the said cemetery now known as St. George's Cemetery, or upon any part thereof or upon any lots, plots or graves therein, may be handed over to the said commission which shall expend the same, or invest the principal and expend the interest thereon, as nearly as possible in accordance with the intentions of the respective donors.

9. The moneys in the hands of The Guelph Union Cemetery Committee for perpetual upkeep shall be expended for special care and attention as may be decided by the said commission to the burial plots of those parties who have contributed to the said fund.

10. The conditions, stipulations and provisions contained in the conveyances from the said William Clark of the said cemetery lands hereinbefore mentioned in so far as they are at variance with the provisions of this agreement shall be null and void and of no effect.

11. Save as aforesaid it shall be the duty of the said commission to make no distinction or discrimination whatsoever by way of expenditure of money or otherwise, in the maintenance, improvement and management of the said cemetery to be known as The Guelph Cemetery between the part or parts thereof which shall be subject to the restrictions contained in paragraph numbered five (5) hereof, and any other part or parts used or to be used for the purpose of interments therein but not subject to said restrictions, and all parts of said cemetery used or to be used for the purpose

purpose of interments therein shall be maintained, improved and managed alike without any distinction or discrimination whatsoever save always as hereinbefore provided, and any of the parties hereto, or their respective successors, shall have the right, without prejudice to any other rights they might otherwise have, to commence action or suit in the Supreme Court of Ontario against the said commission to compel it to rectify any said distinction or discrimination complained of, and upon proof thereof the said court shall order or adjudge that the said commission shall rectify such distinction or discrimination if and so far as possible and in order to carry into effect the true intent and meaning of this agreement, and in the same or in a separate action or suit which may be brought by any of the parties hereto, or their successors, against the said commission it shall be the duty of the said court upon proof of a breach by the commission of any of the terms or conditions of this agreement to make any order or pronounce any judgment it shall deem meet in order to carry out the true intent and meaning of this agreement and to remedy the breach if and as far as possible.

12. A special Act of the Legislature of the Province of Ontario shall be obtained for the purpose of validating this agreement and effectuating the intention thereof, and if such Act be not passed on or before the thirtieth day of June, 1920, this agreement shall be null and void and of no effect.

13. The said commission shall have all the rights and powers conferred upon the owner of a cemetery by *The Cemetery Act* (R.S.O., Cap. 261).

In witness whereof the mayor and clerk of the city and the reeve and clerk of the township have hereunto set their hands and affixed the corporate seals of the said corporations and the parties of the third part have hereunto set their hands and seals.

CHAPTER 95.

An Act respecting the City of Hamilton.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Corporation of the City of Hamilton has by petition prayed for special legislation in respect of the several matters hereinafter set forth and whereas the City Corporation has asked for authority to pass by-laws, without submitting the same to the electors, qualified to vote on by-laws for the creation of debts for the following purposes, namely: (a) To provide \$15,000 for the completion of the filling in of Sherman Inlet between the Toronto-Hamilton and Buffalo Railway Belt Line and the Grand Trunk Railway (Northern and North Western Division); (b) To provide \$7,000 amount expended in completing the west-end sewage disposal works; (c) To provide \$300,000 for improvements to the City Hospital, Barton Street, and for the erection and equipment of Nurses' Home for Mount Hamilton Hospital; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Power to
borrow
money for
certain
purposes
without
assent of
electors.

1. The Council of the Corporation of the City of Hamilton may without submitting the same to the electors qualified to vote on by-laws for the creation of debts, pass by-laws authorizing the issue of debentures for the following amounts and purposes, namely:

- (a) To provide \$15,000 for the completion of the filling in of Sherman Inlet between the Toronto-Hamilton and Buffalo Railway Belt Line and the Grand Trunk Railway (Northern and North Western Division);
- (b) To provide \$7,000 amount expended in completing the west-end sewage disposal works;

(c)

- (c) To provide \$300,000 for improvements to the City Hospital, Barton Street, and for the erection and equipment of Nurses' Home for Mount Hamilton Hospital;

and for such purposes to issue debentures of the said corporation of not less than \$100 each, the principal to be payable in twenty years at the furthest from the time or times when such debentures are issued, and to raise and levy annually by special rate on the rateable property in the said municipality such sum or sums as may be necessary for payment of the said debts and interest. The debentures to be issued under the by-law passed under this section may bear interest payable yearly or half-yearly, and at such rates as the council of the said corporation may determine.

2.—(1) The Hydro-Electric Power Commission of Ontario is authorized to survey, lay out, construct, build, equip and operate a railway: Power to construct and operate railway.

- (a) From a point on the Toronto, Hamilton and Buffalo Railway at or near Red Hill, in the Township of Saltfleet, in the County of Wentworth, in a northerly direction and across the Hamilton Beach and Burlington Beach, to a point at or near Burlington Junction, on the Grand Trunk Railway; and
- (b) From a point at or near the junction of the said proposed line of railway with the main line of the Grand Trunk Railway east of the City of Hamilton, westerly through the Township of Saltfleet and the City of Hamilton, to a point at or near the present line of the Toronto, Hamilton and Buffalo Railway, at or near the Hamilton cemetery, and construct railway yards, sidings, terminals and other facilities for railway traffic and the exchange of traffic with other railways, and to enter into agreements with railway companies for running rights over the lines of railway authorized by this section, or over the lines of such railway companies.

(2) The municipal corporation of the City of Hamilton may enter into an agreement with the Hydro-Electric Power Commission of Ontario for the construction, equipment and operation of the said railways and other works, or any of them, by The Hydro-Electric Power Commission of Ontario, at the cost and on behalf of the corporation of the City of Hamilton, and the agreement may provide for the incorporation

tion of the railways and works authorized to be constructed by subsection 1, in a system of radial railways hereafter to be constructed by the Commission under *The Hydro-Electric Railway Act, 1914*, and in the event of the incorporation of the said railways and works or any part thereof in any such radial railway system, any sums which may have been paid by the corporation of the City of Hamilton, to the Commission for the construction of railways and works or any part thereof authorized by subsection 1, may be reimbursed to the City of Hamilton or shall be allowed for and credited to the City of Hamilton on account of any sums for which it may become liable on account of such radial railway system.

(3) The Hydro-Electric Power Commission of Ontario shall have and may exercise for the purposes set out in subsection 1, all the rights, powers and privileges which it has and may exercise for the construction and operation of a railway under the provisions of *The Hydro-Electric Railway Act, 1914*, and amendments thereto.

(4) The Council of the Corporation of the City of Hamilton may pass by-laws, with the assent of the qualified electors, for the issue of debentures to raise the amounts (if any) required for the above purposes.

CHAPTER 96.

An Act Respecting the City of London.

Assented to 24th April, 1919.

WHEREAS the Corporation of the City of London has Preamble.
 prayed for special legislation in respect of the matters
 hereinafter set forth; and whereas it is desirable that By-
 laws Nos. 5844 and 5843 of the Corporation of the City of
 London should be confirmed; and whereas the said corpora-
 tion has asked for authority to issue debentures to the amount
 of \$161,000, to cover the cost of certain works and improve-
 ments of an urgent and necessary character, and the sum of
 \$200,000 to erect a building for a City Hall; and whereas

CHAPTER 97.

An Act respecting the City of Niagara Falls and the
Niagara Falls Suspension Bridge Company.*Assented to 24th April, 1919.*

Preamble

WHEREAS the Niagara Falls Suspension Bridge Company have by petition prayed that an Act may be passed to ratify, confirm and legalize By-law No. 878 of the Municipal Corporation of the City of Niagara Falls, fixing the assessment of the said company at the sum of one hundred and fifty thousand dollars (\$150,000) for ten years from and including the year 1918; and whereas the said municipality has by petition prayed for the passing of the said Act in order to settle certain differences which have existed between the said company and the said municipality regarding the right of the latter to assess and tax portions of the said company's property, as well as regarding the amount at which the said property should be assessed and taxed; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario enacts as follows:—

By-law
No. 878
confirmed.

1. By-law No. 878 of the Municipality of the City of Niagara Falls, set forth in Schedule "A" to this Act is hereby confirmed and declared legal and binding for all purposes on the said City of Niagara Falls, and the ratepayers thereof, notwithstanding anything in any Act to the contrary.

SCHEDULE "A."

CITY OF NIAGARA FALLS BY-LAW No. 878.

A by-law respecting the assessment and taxation of the Niagara Falls Suspension Bridge Company.

Whereas differences exist between the Corporation of the City of Niagara Falls and the Niagara Falls Suspension Bridge Company in reference to the assessment and taxation by the city corporation of the property belonging to the said company within the said municipality;

And

And whereas such differences exist both in respect of the legal rights of the city corporation to assess and tax portions of the said property as well as the amount for which the property should be assessed and taxed;

And whereas it has been agreed between the corporation and the said company that for the purpose of settling such differences for the next ten years the annual assessment of the property of the company shall be fixed at the sum of \$150,000 during the said period but that the legal rights of the corporation and the company shall not be affected by anything herein contained when this by-law ceases to be operative;

And whereas the corporation have agreed to petition the Legislature for an Act to validate this by-law, such legislation to be obtained at the expense of the company;

Therefore the Council of the Corporation of the City of Niagara Falls hereby enacts as follows:

1. That for a period of ten years from and including the year 1918 all the real estate, bridge, property and effects of the Niagara Falls Suspension Bridge Company within the limits of the City of Niagara Falls shall be annually assessed (including business assessment) at the sum of \$150,000 for each and every of the said years.

2. That during the said period all municipal rates, taxes, levies and assessments made or levied against the said company, except rates or taxes in respect of local improvements and except taxation for school purposes, shall be made and levied upon the said fixed assessment of \$150,000.

Passed this 20th day of January, 1919.

CHAPTER 98.

An Act to amend The Act respecting the Town of Ojibway.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Municipal Corporation of the Town of Ojibway has, by its petition represented that it was incorporated by an Act passed in the third and fourth years of the reign of His Majesty, King George V, chapter 108, under which Act the first councillors were to hold office until the thirty-first day of December, 1916; and that the said Act was amended by an Act passed 6 George V, Chapter 82, amending the said Act, under which amendment the first councillors were to hold office until the thirty-first day of December, 1919; and that it is desirable in the interests of the said corporation that the terms of office of the first councillors should be further extended; and whereas the said corporation has prayed that an Act may be passed for such purposes; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

3-4 Geo. V,
c. 108, p. 3,
amended.

1. Subsection 3 of section 3 of the Act passed in the third and fourth years of the reign of His Majesty, King George V, chapter 108, as amended by 6 George V, chapter 82, section 3, is further amended by inserting after the figures 1919 the figures 1920, 1921, 1922, 1923 and 1924. Subsection 4 of section 3 of the said Act, as amended as aforesaid, is amended by striking out the figures 1919, and substituting therefor the figures 1924.

S. 4
amended.

2. Section 4 of the said Act, as amended by 6 George V, chapter 82, section 3 is further amended by striking out the figures 1919 and substituting therefor the figures 1924.

S. 5
amended.

3. Section 5 of the said Act, as amended by 6 George V, chapter 82, section 3 is amended by striking out the figures 1919 and substituting therefor the figures 1924.

CHAPTER 99.

An Act to confirm a By-law of the Town of Orangeville to loan \$30,000 for the establishment of a Shoe Factory.

Assented to 24th April, 1919.

WHEREAS the Corporation of the Town of Orangeville, by petition, has represented that the Council thereof has unanimously given a first and second reading to a by-law of the said town to authorize the issue of debentures of the Town of Orangeville to the amount of \$30,000 in two sets of \$15,000 each to grant a bonus by way of loan of \$30,000 for the establishment of a shoe factory in the Town of Orangeville and to exempt certain property of the said factory from municipal taxation and to fix the rate for water supplied for the purposes and on the terms in the said by-law set out; and whereas the said Corporation of the Town of Orangeville has, by the said petition, prayed that an Act may be passed confirming, legalizing and validating the said by-law and the agreement therein set out; and whereas it is expedient to grant the prayer of the said petition;

Preamble.

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The said by-law of the Corporation of the Town of Orangeville, set out in Schedule "A," hereto, and all debentures to be issued thereunder, and the said agreement are hereby ratified, confirmed and declared to be legal, valid and binding upon the said corporation, the ratepayers thereof and all parties to the said agreement, subject to the said by-law receiving the assent of the electors in the manner required by *The Municipal Act* respecting Bonus By-laws, but nothing herein contained shall make the limitation of power to bonus contained in clause "D" of section 396 of *The Municipal Act* applicable to said by-law.

By-law granting bonus of \$30,000 and exemption from taxation confirmed.

Rev. Stat., c. 192.

SCHEDULE "A."

BY-LAW No.

Being a by-law to authorize the issue of debentures of the Town of Orangeville to the amount of \$30,000 in two sets of \$15,000 each to grant a bonus by way of loan of \$30,000 for the establishment of a shoe factory in the Town of Orangeville and to exempt certain property of the said factory from municipal taxation and to fix the rate for water supplied.

Whereas J. W. Hewetson Company, Limited, has entered into the agreement with the Corporation of the Town of Orangeville set out in Schedule "A" hereto, which is hereby incorporated in and is to be read and construed as part of this by-law;

And whereas it is advisable upon the said J. W. Hewetson Company, Limited, complying with the terms, provisions and conditions of the said agreement on its part to be performed prior to the grant of such bonus by way of loan that the Corporation of the Town of Orangeville should grant to the said J. W. Hewetson Company, Limited, a bonus by way of loan of the sum of \$30,000 in two sums of \$15,000 each as in the said agreement provided;

And whereas in order to provide the said bonus by way of loan it will be necessary to issue debentures of the said municipality for two sums of \$15,000 each as herein provided (which is the amount of the debt intended to be created by this by-law) the proceeds of the said debentures to be applied for the purpose aforesaid and to no other and the said debentures shall be payable as hereinafter provided;

And whereas it is intended that the proposed expenditure in connection with the said shoe factory will extend over a series of years and that for the said purpose the sum of \$15,000 will be required within two years after the final passing of this by-law and the sum of \$15,000 within five years after the final passing of this by-law, and—it being in the opinion of the Municipal Corporation of the said Town of Orangeville, undesirable to have large portions of the money to be raised under this by-law in hand unused and uninvested—it would be to the advantage of the municipality to issue the said debentures in installments as hereinafter provided, each installment of the debt thereby respectively secured together with the interest thereon being made payable in equal, annual installments extending over twenty years from the date of the issue of the debentures respectively representing the same;

And whereas it is desirable to make the principal of the said debentures payable by yearly sums during the period of twenty years after the issue of each installment being the currency of the said debentures said yearly sums being of such respective amounts that the aggregate amount payable each year for principal and interest in respect of the said debt shall be as nearly as possible equal to the amount so payable in each of the other nineteen years of said period;

And whereas the total amount required by *The Municipal Act* to be raised annually during the first of such periods of twenty years for paying the first installment of the said debt and interest thereon is \$1,307.77 and during the second of such periods of twenty years for paying the second installment of said debt and interest thereon is \$1,307.77;

And whereas the amount of the whole rateable property of the Town of Orangeville according to the last revised assessment roll thereof is \$986,095;

And

And whereas the amount of the existing debenture debt of the said municipality is the sum of \$94,867.31 whereof no principal or interest is in arrear;

And whereas there is at present no shoe factory in the said Town of Orangeville;

Therefore the Municipal Council of the Corporation of the Town of Orangeville enacts as follows:

1. That the said agreement bearing date the thirty-first day of March, 1919, made between J. W. Hewetson Company, Limited, of the first part, and The Corporation of the Town of Orangeville, of the second part, set out in Schedule "A" hereto is hereby approved of.

2. The Municipal Council of the said Town of Orangeville is hereby authorized and empowered to grant a bonus by way of loan to the said J. W. Hewetson Company, Limited, and for the purpose of raising the said sum of \$30,000 in two installments of \$15,000 each required for the purpose aforesaid, debentures of the said Town of Orangeville to the amount in all of \$30,000 in two sets of \$15,000 each in sums of not less than \$100 each bearing interest at the rate of six per cent. per annum payable yearly on the anniversary of the date of the issue thereof and having coupons attached thereto for the payment of interest shall be issued and the said principal and interest shall be payable at the Sterling Bank of Canada in the said Town of Orangeville.

3. \$15,000 of the said debentures shall be issued within two years after the date on which this by-law is passed and a further sum of \$15,000 within five years after the date on which this by-law is passed, if the terms, provisions and conditions of the hereinbefore mentioned agreement prior to the issue of the said debentures on the part of the said J. W. Hewetson Company, Limited, have been observed and performed.

4. Both sets of the said debentures shall bear date of the day of issue thereof and shall be payable in twenty annual installments during the twenty years next after the time when the same are issued and the respective amounts of principal and interest payable in each of such years shall be as follows:

Year, No.	Principal.	Interest.	Total.
1.	\$407 77	\$900 00	\$1,307 77
2.	432 23	875 54	1,307 77

20.	1,233 75	74 02	1,307 77

5. The said debentures and interest coupons shall be signed and issued by the Mayor of the said Town of Orangeville or by some other person authorized by by-law to sign the same, and by the
Treasurer

Whereas it is deemed advisable in the best interests of the corporation that certain inducements should be given to procure the location in the municipality of manufacturing plants, which would afford suitable employment for a number of its citizens, and to that intent, in consideration of the mutual covenants herein contained, it is agreed between the parties hereto as follows:

1. The contractor will procure a factory site within the limits of the said corporation and will erect thereon a modern shoe factory of brick, stone or cement construction or a combination thereof, of at least two storeys with a basement thereunder or one storey with a basement thereunder and having a floor space of not less than ten thousand square feet, and will, subject to the provisions hereof, maintain and operate, and keep the same in repair and operation during the currency of this agreement.

2. The said factory will be equipped with proper and sufficient machinery of sufficient capacity to manufacture 500 pairs of shoes per day.

3. The said factory, including the buildings, equipment and land, used in connection therewith, shall actually cost at least \$25,000, and the factory shall be completed and in operation within twenty-four months from the passing of the necessary by-law by the municipality to enter into this contract. The contractor shall furnish the corporation with a statutory declaration, showing the actual cost of such factory, including buildings, equipment and lands, and shall in addition produce all receipts, invoices, accounts and vouchers necessary to prove such cost.

4. During the currency of the mortgage herein mentioned the contractor will maintain fire insurance on the said factory and equipment, in companies approved of by the corporation to an amount \$2,000 in excess of the total indebtedness of the contractor to the corporation, from time to time under the mortgage herein mentioned, provision for which shall be incorporated in the said mortgage, and which insurance shall be payable to the corporation to the extent of the indebtedness under said mortgage.

5. Should the factory be wholly or partially destroyed by fire at any time or times during the currency of this agreement, the contractor will forthwith and with all reasonable diligence and despatch proceed to restore or repair the same, and in doing so, upon giving security to the satisfaction of the corporation that it will completely restore or repair the said factory, shall receive from the corporation the moneys obtained by it, in respect of the insurance of the said factory, by interim monthly advances of seventy per cent. of the amount expended on restoration or repairs and shall receive the balance of said insurance money when the said factory is completely restored or repaired.

6. In default of the contractor proceeding to restore or repair the said factory as aforesaid, within six weeks from the date of the total or partial destruction thereof, and continuing the same to completion with reasonable despatch, so that it will be restored or repaired within twelve months from the time of the total or partial destruction thereof, as the case may be the corporation may apply the insurance moneys received by it and unadvanced as aforesaid in payment of the amount owing on the said mortgage.

7. The contractor will, for at least ten months of each year, of the succeeding nineteen years after the expiration of one year from the commencement of the operation of said factory employ in the said factory an average of at least thirty employees per day exclusive of officers of the company, of whom one-third at least shall be male adults and all said employees shall reside within the limits of the Corporation of Orangeville.

8. The contractor agrees that the annual wages paid in the operation of said factory during the said nineteen years respectively shall be not less than seventeen thousand five hundred dollars in each year thereof.

9. The contractor will, if so required by the corporation in writing, within the last month prior to the accruing due of any payment of interest under the mortgage hereinafter mentioned in any year of the said period of nineteen years, furnish the corporation with evidence of statutory declaration, made by some person having knowledge of the facts, showing the number of employees employed in the factory and the amount of wages paid during the current year.

10. The contractor will give to the corporation a first mortgage made in pursuance of the *Short Forms of Mortgages Act* and containing the usual statutory covenants for the sum of \$15,000, in fee simple free from all encumbrances, charges, dower or liens upon the said buildings, plant and machinery and electric equipment and all additional or substituted buildings, plant and machinery, and electric equipment to be as between the parties hereto real estate and fixtures and to be incorporated in and covered by the said mortgage. The said mortgage shall be dated as of the date of the first advance hereunder and shall be conditioned to become void on payment of \$5,000 in ten equal, annual, consecutive installments of \$500 each, the first of such installments to become due and be made one year after the commencement of operation of the said factory, and the balance of \$10,000 in ten equal, annual, consecutive installments of \$1,000 each, the first of which shall become due and be made eleven years after the commencement of operation of the said factory together with interest at the rate of six per cent. per annum to be computed from one year after commencement of the operation of said factory, payable with each installment of principal on the principal moneys secured by the said mortgage from time to time remaining unpaid. The said mortgage shall among other things provide that the principal money and interest remaining unpaid shall all become due and payable in the event of the contractor failing after six months' notice in writing to keep and observe all the covenants and provisions of this agreement, in regard to employment and payment of wages unless excused under the terms hereof. Provided, however, that if the evidence required by the preceding paragraph hereof shall not be required by the corporation as aforesaid or if required shall be furnished by the contractor showing that the provisions herein contained for employment and payment of wages have been satisfied during the current year then and in either of such cases, any interest on the principal secured by the said mortgage for the current year shall be deemed paid and satisfied but nothing herein contained shall prevent the recovery of interest for the period represented by any such declaration should the said declaration afterwards be proved to be false and should it appear that the provisions herein contained for employment and payment of wages had not been satisfied during the period covered by such declaration.

11. It is agreed that any excess of labour or payment of wages in any year of said term shall not be considered as payment or part payment, or satisfaction, of the obligations of the contractor for any other period of said term.

12. Should a by-law be passed by the duly qualified electors of the corporation, authorizing the execution of this agreement, and the contractor fail to carry out the obligations to be performed hereunder on the part of the contractor, he shall pay to the corporation the sum of \$100 toward the expense of submitting the said by-law and shall not be liable for any further amount by reason of such default.

13. The corporation agrees to advance to the contractor when the said shortage is so given the costs of all labour and materials supplied and used in or about the construction of the said buildings in excess of \$5,000 to the extent of \$10,000 on the joint certificate of the architect employed by the contractor and the mayor of the said corporation or if no architect is employed then on the certificate of the said mayor and the balance of the said sum of \$15,000 upon the completion of the said buildings and the installation of all plant, machinery and electric equipment therein according to the provisions of this agreement and upon the said factory being in running operation as a going concern for one week, but the corporation shall not be required to advance any moneys until two months after the by-law to be submitted to the electors has been finally passed.

14. The corporation will grant to the contractor exemption from all municipal taxation of the lands comprised in said mortgage or used in connection with said factory and all buildings, plant and machinery and personal property therein and used in connection therewith, including any business assessment but not including school taxes and local improvement taxes for a period of twenty years from and after the going into effect of this agreement, but such exemption shall cease during any period of default hereunder upon the contractor failing for six months to carry out the terms, provisions and conditions of this agreement in respect of employment or payment of wages.

15. The corporation after providing for the requirements of its domestic water consumption and fire protection and existing contracts for water, of which the corporation shall be the sole judge, will supply to the contractor for use and operation of the said plant such quantity of water as may be required by it from time to time for such purposes at the price of three cents per 1,000 gallons. Provided, however, that the corporation shall not be required to increase the existing capacity of its waterworks plant for the purpose of so doing; but should the corporation fail to supply the contractor with water required by it as aforesaid the contractor shall thereupon be relieved from its obligation hereunder in respect of operation of said factory and payment of wages during the period of such failure.

16. The said corporation will furnish the contractor with a septic tank, and if a sewerage system be subsequently established in the Town of Orangeville agrees to connect the said factory with the same if the pipes needed to do so are not required to be laid more than 100 feet to the street line of the factory property and will also place one of its fire hydrants for fire protection on the street at a point within 100 feet of said factory.

17. The contractor hereby agrees to take from the Orangeville Hydro Commission and use electric power for all power or lighting purposes necessary for use in connection with such factory at a price to be fixed by the Hydro-Electric Commission of Ontario while the Orangeville Hydro Commission is able to supply the same, but in case of the Orangeville Hydro Commission being unable to supply same the contractor may obtain power from any other source during the period of such failure.

18. Provided also, and it is agreed that notwithstanding anything herein contained the period of time involved in any strike of workmen engaged in the construction of the said factory, or the time which the operation of the said factory may be suspended in all or in part through any strike of employees and employed therein, or through fire, tempest, insufficient supply of water or unavoidable accident shall not be included in any of the time hereinbefore fixed for the completion of the factory, or operation thereof, or otherwise, and shall not operate as default thereunder.

19. It is further agreed between the contractor and the corporation that the corporation will at any time within five years from the final passing of the said by-law advance to the contractor a further sum of \$15,000 upon receiving six months previous notice from the contractor of its intention to comply with the terms, covenants and provisions of this agreement relating to such further advance of \$15,000, subject to the provisions of paragraph 24 hereof.

20. It is agreed between the contractor and the corporation that in order to obtain such further advance of the said sum of \$15,000 the contractor shall within one year from the giving of such notice increase the size of the factory to 20,000 square feet of floor space, shall increase the actual cost of said factory to at least \$50,000, including the buildings, equipment and land used in connection therewith, shall increase the number of employees to 60 per day exclusive of officers of the company, of whom one-third at least shall be male adults and shall increase the annual wages to \$35,000.

21. The provisions of paragraph numbers 4, 5, 6, 9, 11 and 17 and all other parts of this agreement properly applicable thereto shall *mutatis mutandis* apply to the said proposed advance of \$15,000.

22. The contractor for said further advance of \$15,000 will give to the corporation a mortgage immediately subsequent to the mortgage mentioned in paragraph 10 hereof made in pursuance of the *Short Forms of Mortgages Act* and containing the usual statutory covenants for the sum of \$15,000, in fee simple, free from all encumbrances, charges, dower or liens except said first mortgage of \$15,000 upon the said buildings, plant, machinery and electric equipment and all additional or substituted buildings, plant and machinery and electric equipment to be as between the parties hereto real estate and fixtures and to be incorporated in and covered by the said mortgage. The said mortgage shall be dated as of date of the first advance on account of said further sum of \$15,000 and shall be conditioned to become void on payment of \$5,000 in ten, equal, annual, consecutive installments of \$500 each, the first of such installments to become due and be made one year after said first advance in respect of such further sum of \$15,000, and the balance of \$10,000 in ten, equal, annual, consecutive installments of \$1,000 each, the first of which shall become due and be made ten years after said first installment of \$500, together with interest at the rate of six per cent. per annum, to be computed from said first advance payable with each installment of principal on the principal moneys secured by the said mortgage from time to time remaining unpaid. The said mortgage shall among other things provide that the principal money and interest remaining unpaid shall all become due and payable in the event of the contractor failing after six months' notice in writing to keep and observe all the covenants and provisions of this agreement, in regard to employment and payment of wages, unless excused under the terms hereof. Provided, however, that if the evidence required by paragraph 9 hereof shall not be required by the corporation as aforesaid, or if required shall be furnished by the contractor, showing that the provisions herein contained for employment and payment of wages have been satisfied during the current year, then and in either of such cases, any interest on the principal secured by the said mortgage for the current year shall be deemed paid and satisfied, but nothing herein contained shall prevent the recovery of interest for the period represented by any such declaration, should the said declaration afterwards be proved to be false, and should it appear that the provisions herein contained for employment and payment of wages have not been satisfied during the period covered by such declaration.

23. The corporation agrees to advance to the contractor when the said subsequent mortgage is so given the costs of all labour and material supplied and used in and about the construction of the said enlarged buildings, in excess of \$5,000 to the extent of

\$10,000

\$10,000 on the joint certificate of the architect employed by the contractor and the mayor of the said corporation, or if no architect is employed then on the certificate of the said mayor and the balance of the said sum of \$15,000 upon the completion of the said enlarged buildings and the installation of all plant, machinery, electric equipment therein according to the provisions of this agreement and upon the said factory being in running operation at full capacity as a going concern for one week.

24. It is hereby agreed between the corporation and the contractor that should the corporation desire to bonus by way of loan or in any other way any other manufacturing industry then the corporation may at any time after three years from the final passing of the by-law in this agreement referred to, give one month's notice in writing to the contractor of its intention so to do, and if within said month the contractor does not notify the corporation in writing of its intention to carry out the terms, covenants, provisions and conditions of this agreement as to such further advance or if having given such notice shall not in good faith and with diligence carry out the same so that said enlarged factory shall be in full operation as provided for in paragraph 20 hereof within one year from the giving of said notice by the contractor then the terms, covenants, provisions and conditions of this agreement relating to such further advance shall be null and void and all obligation on the part of the corporation to make such further advance shall be at an end.

25. The word "Factory" in this agreement shall, unless inconsistent with the context, include buildings, plant, machinery and electric equipment.

26. The contractor agrees with the corporation that it will at any time within twenty years from the going into effect of this agreement, consent in writing to the granting of a bonus, loan or guarantee by the said corporation to one or more shoe factories or to one or more industries of a similar nature to that to be established under this agreement by the contractor.

27. The corporation, after legislation has been obtained for that purpose, will as soon as the same can be done, submit a by-law to the qualified electors, authorizing the execution of this agreement and providing for the borrowing of the said sums of \$15,000 and \$15,000 agreed to be loaned.

28. Should the said legislation not be obtained or the said by-law not be approved by the qualified electors or subsequently quashed, then this agreement shall be null and void.

29. It is further agreed that these presents shall enure to the benefit of and be binding upon the parties hereto their successors, and assigns respectively.

In witness whereof the contractor hath hereunto affixed its corporate seal and the signatures of its proper officers, and the said corporation hath hereunto affixed its corporate seal and the signatures of its mayor and clerk.

CHAPTER

CHAPTER 100.

An Act to amend The Act to Enable the Town of Oshawa to withdraw from the Jurisdiction of the Council of the County of Ontario.

Assented to 24th April, 1919.

Preamble

WHEREAS by an Act passed in the 6th year of the reign of King George V, chaptered 84, provision was made to enable the Town of Oshawa to withdraw from the jurisdiction of the Council of the County of Ontario; and whereas all the proceedings necessary to enable the said Town of Oshawa to withdraw from the jurisdiction of the said Council of the County of Ontario, as aforesaid, have not been taken; and whereas since the passing of the said Act the relative positions of the said town and county have been altered, and the county has prayed that the said Act be amended; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario enacts as follows:—

6 Geo. V.
c. 84, s. 2,
amended.

1. Section 3 of the said Act passed in the sixth year of the reign of His Majesty King George V, chaptered "84" is hereby amended by inserting the words "Registry Office" after the word "house" in the third line thereof, and by inserting the words "Registry Office" after the word "house" in the ninth line thereof, and by striking out the word "only" in the twentieth line thereof, and by adding the following subsections thereto:—

Share of
county
debt to
be paid
by town

- (2) Until separation from the county is completed the liability of the town to pay its share of the county debt and the costs, charges and expenses referred to in section 3 hereof shall remain unaltered, and from and after the separation of the said town from the said county, if such separation takes place on or before the 31st day of December, 1919, said town shall pay its share or proportion of the balance of the debenture debt

of

of the county remaining unpaid at the time of said separation, as the same existed on the 1st day of March, 1919, and in addition thereto its share or proportion of the balance remaining unpaid at the time of said separation of such sum not exceeding \$10,000, as may be borrowed by the county in 1919 for the purposes of good roads and bridges in connection with the County Road System, and its share or proportion of the costs, charges and expenses referred to in subsection 1, of section 3 hereof, and if separation of town from county is completed after the 31st of December, 1919, and the debenture indebtedness of the County is increased after said last mentioned date, the town shall, in addition to the amounts payable as above pay its share or proportion of the amount by which such debenture indebtedness of the county is increased subsequent to the 31st of December, 1919, and before separation of the town from the county is completed.

- (3) The charges and expenses of which the town shall bear and pay its share or proportion, as aforesaid, shall be the net charges and expenses after deducting from such charges and expenses all receipts by the county from any source on such accounts.

2. Section 8 of said Act is hereby amended by striking out ^{§ Geo. V, c. 84, s. 8, amended} of said section all words between the word "from" in the first line thereof and the word "made" in the second line thereof and substituting the following words therefor:—

"the 27th day of April, 1916, and quinquennially thereafter a new agreement or award shall be."

3. Section 9 of the said Act is hereby repealed and the ^{§ Geo. V, c. 84, s. 9, repealed} following enacted in lieu thereof:—

9. After the withdrawal of the town from the county, the county roads and bridges outside the town shall be the sole and exclusive property of the county and the roads and bridges within the town shall become the exclusive property of the town, but notwithstanding the withdrawal of the town from the county the town shall retain and continue to have the same right, title and interest in all other county property in common with the said county, as said town possessed before such withdrawal, subject nevertheless to the provisions of subsection 1 of section 3 of this Act.

6 Geo. V.
c. 84.
amended.

4. The said Act is further amended by adding the following section thereto:—

Agreement
as to
equalized
assessment.

11. The councils of the said town and county may at any time agree upon a fixed sum as the equalized assessment of the Town of Oshawa for a term of not more than five years, and thereafter the said councils may agree upon a fixed sum as the equalized assessment of the said town for a further term of not more than five years, and the making of such agreement as to fixed assessment for the Town of Oshawa shall not impair the right of the said town at the expiration of the period or periods for which such fixed sum was made, to take all or any proceedings necessary to enable the said Town of Oshawa to withdraw from the said County of Ontario, as is provided by this Act.

CHAPTER 101.

An Act respecting the Town of Oshawa.

Assented to 24th April, 1919.

WHEREAS the Municipal Corporation of the Town of Oshawa has, by petition, represented that By-law No. 567 of the said corporation was ratified and confirmed by chapter 86 of the Acts passed in the sixth year of the reign of His late Majesty, King Edward VII; that the said by-law provided that where sewers were constructed as local improvements, the abutting properties should pay a capital charge of eighty-five cents per foot frontage in thirty equal annual instalments of five cents per foot frontage; that owing to advances in the general rate of interest it is impossible to repay the said capital charge of eighty-five cents per foot and interest by an annual rate of five cents per foot frontage during a period of thirty years; that since the said by-law was ratified and confirmed by the said Act an annual rate of five cents per foot frontage during the period of thirty years has been assessed against abutting properties to pay for sewers constructed in the said town as local improvements; that it is desirable in respect of sewers hereafter to be constructed in the said town as local improvements that the abutting properties should be assessed and pay an annual rate of five cents per foot frontage during a period of thirty years; that it is accordingly necessary to repeal the said By-law No. 567 and so much of the said statute as refers to said by-law and that authority be given to the said town to pay for sewers hereafter to be constructed on the said basis, and that if the said annual rate of five cents per foot frontage during a period of thirty years should produce more than the actual cost of any sewer, the surplus should be used by the said town for general sewerage purposes; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

By-law
No. 567 and
c. Edw. VII.
c. 86
repealed.

1. By-law No. 567 of the Town of Oshawa, passed the 18th day of March, 1904, and all provisions of chapter 86 of the Acts passed in the sixth year of the reign of His late Majesty, King Edward VII, relating thereto, be and the same are hereby repealed.

Annual rate
per foot
frontage for
construction
of sewers,
Rev. Stat.,
c. 193.

2. Notwithstanding anything contained in *The Local Improvement Act*, or any other Act, it shall be lawful for the Corporation of the Town of Oshawa, when constructing any sewer as a local improvement work and borrowing money therefor by the issue of debentures, to charge lands abutting directly on said sewer or benefited thereby an annual rate of five cents per foot frontage for a period of thirty years to pay and in full satisfaction of the owners' share of the cost of such sewer and the interest thereon. The remainder of the cost of such sewer shall be borne by the Corporation of the Town of Oshawa at large, and the said corporation shall in each year during said period of thirty years impose, levy and raise such sum as may be necessary to meet the corporation's share of the said cost and interest thereon by a rate sufficient therefor, on all the rateable property in the said corporation, and it shall not be necessary for any by-law authorizing the issue of debentures to pay for any sewer constructed as a local improvement to set out by recital or otherwise the amount of the corporation or property owners' share of the cost of such work, nor to set out or provide any specific sum to be raised to meet the corporation's share of the cost of any such work and the interest thereon. The said Town of Oshawa may pass a by-law for the purposes aforesaid in the form set out in Schedule "A" to this Act, or to the like effect, and any and every such by-law shall be legal, valid and binding upon the said Town of Oshawa.

Form of
by-law.

Use of sur-
plus from
frontage
rates for
general
purposes.

3. If in respect of any sewer constructed by the said Corporation of the Town of Oshawa as a local improvement, the said annual rate of five cents per foot frontage imposed for a period of thirty years against the lands abutting on or benefited by any such sewer shall produce more than the actual cost of any such sewer, the surplus over and above the actual cost shall be used by the town for general sewerage purposes as the council of the said town may from time to time direct.

Confirma-
tion of
by-laws and
debentures.

4. Every by-law passed by the Town of Oshawa pursuant to this Act, and all assessments and rates authorized and made thereunder, and all debentures issued pursuant thereto, shall be legal, valid and binding upon the Corporation of the Town of Oshawa, and it shall not be necessary for any purchaser of any such debentures to enquire into the proceedings taken in connection with such by-law or the work authorized thereby, or the assessments made thereunder.

SCHEDULE

SCHEDULE "A."

TOWN OF OSHAWA.

By-Law No. —.

Being a by-law to provide for the borrowing of \$
upon debentures to pay for sewers constructed as local improve-
ments.

Whereas pursuant to Construction By-law No. _____, passed the
day of _____, a sewer has been
constructed on the following streets, at a total cost of \$ _____,
and a special assessment roll in respect of the owners' portion of
the cost of said work has been duly made and certified;

And whereas the estimated lifetime of the said work is thirty
years;

And whereas the said work has been approved by the Provincial
Board of Health;

And whereas it is necessary to borrow the sum of \$ _____
on the credit of the Corporation of the Town of Oshawa at large
and to issue debentures therefor bearing interest at the rate of _____
per cent. per annum, which is the amount of the
debt intended to be created by this by-law;

And whereas it is expedient to make the principal of the said
debt repayable in yearly sums during the period of thirty years
of such amounts respectively that the aggregate amount payable for
principal and interest in each year shall be equal as nearly as may
be to the amount so payable for principal and interest in each of
the other years, and to meet said annual payments it will be
necessary to raise annually the sum of \$ _____;

And whereas the amount of the whole rateable property of the
said municipality, according to the last revised assessment roll,
is \$ _____;

And whereas the amount of the existing debenture debt of the
corporation, exclusive of local improvement debts secured by special
rates or assessments, is \$ _____, and no part of the principal
or interest is in arrear;

Therefore the Municipal Council of the Corporation of the Town
of Oshawa enacts as follows:—

1. That for the purposes aforesaid there shall be borrowed on the
credit of the corporation at large the sum of \$ _____, and de-
bentures shall be issued therefor bearing interest at the rate of _____
per cent. per annum and having coupons attached thereto
for the payment of the interest.

2. The debentures shall all bear the same date and shall be issued
within two years after the day on which this by-law is passed, and
may bear any date within said two years, and shall be payable in
thirty annual instalments during the thirty years next after the
time when the same are issued, and the respective amounts of
principal and interest payable in each of such years shall be as
shewn in the schedule attached to this by-law.

3. The debentures as to both principal and interest may be made
payable at any place or places in Canada or elsewhere. The said
debentures shall be signed by the mayor and treasurer and sealed
with the Corporate Seal of the said town. The interest coupons
attached thereto shall be signed by the treasurer whose signature
may be written, stamped, lithographed or engraved.

CHAPTER 102.

An Act respecting the City of Ottawa.

Assented to 24th April, 1919.

WHEREAS the Corporation of the City of Ottawa has, Preamble.
 by its petition, prayed that special legislation be enacted in regard to the matters hereinafter set forth; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The council of the said corporation may provide by by-laws, to be passed without obtaining the assent thereto of the electors of the said city, for borrowing upon debentures, bearing interest at such rate or rates as the council may determine, and payable within twenty (20) years from the date thereof, of sums of money not exceeding the following, for the specified purposes: Power to borrow money for certain purposes without assent of electors upon debentures payable in 20 years.

- (e) \$20,000 to provide for constructing and improving weigh-houses, and for the purchase and erection of weighing machines;

- (f) \$5,000 to provide for expenditures upon the Detention Home, in excess of those previously authorized;
- (g) \$125,000 to provide for the construction and furnishing of two (2) public bathing houses and lavatories, with branch library accommodation;
- (h) \$70,000 for making payment of the mortgage to the Independent Order of Foresters, upon the Lansdowne Park premises;
- (i) \$28,000 for making payment of the mortgage to the Edinburgh Life Assurance Company upon the Lansdowne Park premises;
- (j) \$10,000 for an additional building and for furnishings for the Isolation Hospital;
- (k) \$150,000 to provide for the purchase of additional lands for improving and extending the By Ward Market, and for erecting market buildings thereon.

Power to borrow money for certain purposes without assent of electors on debentures payable in 30 years.

2. The council of the said corporation may provide by by-law, to be passed without obtaining the assent of the electors of the said city thereto, for borrowing upon debentures, bearing interest at such rate or rates as the council may determine, and payable within thirty (30) years from the date thereof, of sums of money not exceeding the following, for the specified purposes:

- (a) \$9,500 to provide for the cost of the septic tank site in excess of the amount authorized by section 2 of chapter 85 of the Acts of the year 1916;
- (b) \$10,000 to provide for the cost of completing the Pretoria Avenue Bridge;
- (c) \$50,000 in addition to the provision made by clause (b) of section 2 of chapter 72 of the Acts of 1918, to provide for the corporation's share of the cost of constructing a new bridge across the Rideau River at the easterly terminus of Rideau Street;
- (d) \$75,000 in addition to the amount authorized by By-law Number 4494, to provide for the construction of a new bridge over the Rideau River at St. Patrick Street;
- (e) \$100,000 to provide for the cost of new buildings, and equipment for the City of Ottawa Sanatorium, established by chapter 117 of the Acts of 1909.

3. The council of the said corporation may provide by by-laws, to be passed without obtaining the assent of the electors thereto, for borrowing upon debentures, bearing interest at such rate as the council may determine, and payable within ten (10) years from the date thereof, the sum of \$18,000, in order to make payment of grants of:

Power to borrow money for certain grants without assent of electors on debentures payable in 10 years.

- (a) \$5,000 to the Knights of Columbus, for the purpose of erecting Catholic Army Huts;
- (b) \$10,000 to the Governing Council of the Salvation Army in Canada, towards its work in providing hospital accommodation, comforts and assistance for Soldiers of the Canadian Expeditionary Force and their dependents;
- (c) \$3,000 to the Zionist Federation of Canada towards its work of assisting destitute Jews in Palestine.

4. The council of the said corporation may provide by by-laws, to be passed without obtaining the assent thereto of the electors of the said city, for borrowing upon debentures, bearing interest at such rate or rates as the council may determine, and payable within thirty (30) years from their date of issue, of sums of money not exceeding the following, for the specified purposes:

Power to borrow money for certain purposes without assent of electors on debentures payable in 30 years.

- (a) \$30,000 to provide for the cost of constructing water main extensions and new water services, during the years 1918 and 1919;
- (b) \$45,000 to complete the construction of the Overland Water Supply System;
- (c) \$40,000 to provide for the cost of purchasing and installing water meters.

5. For the payment of the debt and interest represented by the debentures to be issued under the authority of the immediately preceding section hereof, there shall be annually raised by the corporation during the currency of the said debentures, with the authority conferred upon the corporation in and by the Act passed in the thirty-fifth year of the reign of Her late Majesty Queen Victoria, Chaptered 80, and entitled *An Act for the Construction of Waterworks for the City of Ottawa*, from the water rates, a sum sufficient to discharge the said debt and interest when and as the same shall respectively become due, such sum to be in addition to the money required to be raised to meet the charges of maintenance and the cost of renewals in connection with the said waterworks and for the payment of the principal and interest of all debts heretofore authorized to be contracted for the purposes of the said water rates, but if at any time the moneys accruing from the said water rates shall prove insufficient

Debts incurred under section 5 to be paid out of water rates.

sufficient for the purposes aforesaid, then, when and so often as the said deficiency shall occur, there shall be raised, levied and collected by the said corporation, by a special rate upon the assessable property of the said corporation, according to the then last revised assessment roll thereof, a sum sufficient to make good such deficiency.

5 Geo. V.
c. 63, s. 1,
amended.

6. Clause (a) of section 1 of chapter 63 of the Acts passed in the fifth year of the reign of His Majesty King George V, intituled *An Act respecting the City of Ottawa*, as amended by section 12 of chapter 79 of the Act passed in the seventh year of His said Majesty, is further amended by inserting in the fourth line after the word "grounds" the words "and other buildings."

Construc-
tion of
certain
tile sewer
as a local
improve-
ment.

7.—(1) The council of the said corporation may provide by by-law, to be passed under the provisions of *The Local Improvement Act*, for constructing, and for assessing and levying the cost of a tile sewer under that portion of Glen Avenue which lies between Cayuga Street and the westerly limit of Lot Number 41, Glen Avenue, notwithstanding that the estimated lifetime of the existing local improvement sewer on Glen Avenue has not yet expired.

Corpora-
tion's
share.

(2) The corporation may assume and pay, annually, out of its general funds, all sums that remain to be raised under the provisions of By-law Number 3286, assessed and levied against the lots abutting on the said portion of Glen Avenue.

Power to
borrow
\$80,000
for Fire
Insurance
Reserve
Fund.

8.—(1) The council of the said corporation may provide by by-law, to be passed without obtaining the assent of the electors thereto, for raising upon debentures, bearing interest at such rate as the council may determine, and payable at the expiration of ten (10) years from their date of issue, the sum of \$80,000 for the purpose of creating a Fire Insurance Reserve Fund.

Special
rate.

(2) A special rate shall be levied in each year during the currency of the said debentures, upon all the rateable property in the municipality, sufficient to pay the interest upon, and to provide for a sinking fund to retire, the said debentures at their maturity.

Sale of
debentures
to meet
fire losses.

(3) Whenever and so often as any building or structure belonging to the corporation, or the contents or furnishings thereof, is destroyed or damaged by fire, the council may, by resolution, provide for the sale of the whole, or such part of the said issue of debentures as is requisite to reimburse the corporation for the loss sustained, and for the payment of the amount realized by the sale of such debentures, to the treasurer of the corporation for the uses thereof.

Investment
of proceeds
of special
rate.

(4) The treasurer of the corporation shall invest, from time to time, during the lifetime of the said debentures, the amount of the special annual rate levied for interest and sinking

sinking purposes, in such securities as a trustee is by law authorized to invest trust money in, and may from time to time vary and sell the said securities for the purpose of purchasing other trust securities, and shall keep a special account showing the amount and nature of all such investments and the total amount at the credit of the said fund.

9. The council of the said corporation, upon the application of not less than three-fourths ($\frac{3}{4}$) in number of the occupiers of shops within the municipality, belonging to the class to which such application relates, may provide by by-law, to be passed and to take effect as provided by section 84 of *The Factory, Shop and Office Building Act*, for requiring all shops within the municipality belonging to the class specified in the application to be closed, and to remain closed, on each and every day of the week, during the period of the year, and at the times and hours mentioned in the application, between six (6) o'clock in the afternoon of any day and five (5) o'clock in the forenoon of the next following lawful day.

CHAPTER 103.

An Act respecting the Municipality of Paipoonge.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Corporation of the Municipality of Paipoonge has, by petition represented that all tax sales of land situate in the said municipality and all assessments and collectors' rolls and all collectors' returns should be validated;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Assessment
and
collectors'
rolls
confirmed.

1. All assessment rolls in respect of any land situate within the limits of the Township of Paipoonge heretofore finally revised, all collectors' rolls in respect of any lands situate within the limits of the said township heretofore returned by the collectors thereof, and all collectors' returns in respect of such lands heretofore made, are hereby validated and confirmed notwithstanding any irregularity, fault or omission in the said assessments, collectors' rolls or collectors' returns or in any matter or thing done or omitted to be done in relation thereto and notwithstanding anything contained in any Act or Acts to the contrary.

Tax sales
and deeds
confirmed.

2. All sales of land situate within the limits of the Township of Paipoonge made prior to the thirty-first day of December, A.D. 1916, and which purported to have been made by the said The Corporation of the Municipality of Paipoonge, are hereby validated and confirmed, and all deeds of the lands so sold, executed by the proper officers of the said corporation, purporting to convey the said lands so sold to the purchaser thereof, or his assigns, are hereby validated and confirmed, and shall be deemed to have had the effect of vesting the lands so sold and conveyed and the same are hereby vested in the purchasers or their assigns and his and their heirs and assigns in fee simple, free from and clear of and from all right, title and interest whatsoever of the owners thereof at the time of such sale, or their assigns, and of all charges and encumbrances thereon and dower therein,
except

except taxes accrued since those for non-payment whereof the said lands were so sold.

3. This Act shall extend and apply to cases where the said corporation or any person or persons in trust for it or on its behalf, became the purchaser or grantee of any such lands. ^{Purchases by corporation.}

4. Nothing in this Act contained shall affect any action, litigation or other proceeding now pending, but the same may be proceeded with and finally adjudicated upon in the same manner and to the same extent as if this Act had not been passed. ^{Pending litigation not affected.}

5. This Act may be cited as *The Township of Paipoonge Act, 1919.* ^{Short title.}

CHAPTER 104.

An Act respecting the City of St. Catharines.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Corporation of the City of St. Catharines has, by its petition, represented that in order to promote to its fullest extent the success of Canada's Victory Loan, 1918, it subscribed thereto for the sum of \$500,000, being the amount of its sinking funds on deposit with the Treasurer of Ontario, and on deposit with the bankers of the corporation and available for such purpose, and it is necessary, in order to complete the payments upon the said subscription, to have the said sinking funds, on deposit with the Treasurer of Ontario, released and paid over to the treasurer of the corporation; and whereas the corporation has, by its petition, prayed that its said action be validated and authority given for the release and payment over of the said sinking funds for the purposes mentioned; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Short title.

1. This Act may be cited as *The City of St. Catharines Act, 1919*.

Subscription
out of
sinking fund
to Victory
Loan con-
firmed.

2. The subscription by the Corporation of the City of St. Catharines for \$500,000 to Canada's Victory Loan, 1918, out of the sinking funds of the said corporation is hereby validated and confirmed.

Payment
to city of
sinking fund
deposited
with
Province.

3. The Treasurer of Ontario is hereby authorized to release and pay over to the treasurer of the Corporation of the City of St. Catharines all sinking funds (with accrued interest thereon), deposited pursuant to the provisions of section 4 of chapter 110 of the Acts passed in the first year of the reign of His Majesty King George V upon receiving from the said corporation three months' notice in writing of its desire to withdraw the said funds.

1 Geo. V,
c. 110, s. 4,
repealed.

4. Section 4 of chapter 110 of the Statutes of Ontario, passed in the first year of the reign of His Majesty King George V, is hereby repealed.

CHAPTER 105.

An Act Respecting the City of Sault Ste. Marie.

Assented to 24th April, 1919.

WHEREAS the Municipal Council of the Corporation Preamble.
of the City of Sault Ste. Marie, hereinafter called
“ The Corporation,” has, by petition, represented that it is
desirable that certain by-laws, specified in Schedule “ A ”
hereto, and the debentures issued or to be issued thereunder,
and the assessments made or to be made, and the rates levied
or to be levied for the payment of the said debentures be
validated and confirmed, and that all sales of lands within
the City of Sault Ste. Marie made subsequent to the 31st
day of December, 1916, and prior to the 1st day of January,
1918, which purport to have been made by the said corpora-
tion for arrears of taxes in respect to lands so sold for which
tax deeds have been issued by the said corporation, be valid-
ated and confirmed; and that authority be given to the Muni-
cipal Council of the said corporation to submit a by-law at
the next municipal elections to the ratepayers for their ap-
proval thereof, to provide for the reduction of the number
of members of the Public Utilities Commission of the said
city from four to three; and whereas it is expedient to grant
the prayer of the said petition;

Therefore, His Majesty, by and with the advice and con-
sent of the Legislative Assembly of the Province of Ontario,
enacts as follows:—

1. The by-laws specified in Schedule “ A ” hereto, and all
debentures issued or to be issued thereunder, and all assess-
ments made or to be made and all rates levied or to be levied
for the payment of the said debentures are confirmed and
declared to be legal, valid and binding upon the corporation
and the ratepayers thereof.

By-laws
specified in
Sched. “A”
confirmed.

2.—(1) Notwithstanding anything contained in section
2 of the Act passed in the 7th year of the reign of His
Majesty King George the Fifth, chaptered 87 in section 3 of
the Act passed in the 8th year of the said reign, chaptered 80,

Submission
of by-laws
reducing
number of
public
utility com-
missioners.

the

the council of the said corporation may, at the municipal elections to be held on the first Monday in January, 1920, submit to the electors of the city for their assent thereto, a proposed by-law to reduce the number of Public Utility Commissioners from four to three.

Members of
commission.

(2) The mayor shall *ex-officio* be one of such members and the other two shall be appointed by the council at its first meeting after said election, in case said by-law shall be approved by a majority of the electors voting thereon.

(3) One of the appointed members shall hold office for a period of two years and the other for one year, and shall continue in office until their successors are appointed.

(4) The members who first hold office for two years and one year respectively, shall be chosen by lot in the manner provided by the said Act, and the term of office of each commissioner appointed thereafter shall be two years.

(5) The salary of each of the commissioners appointed by the council shall not exceed \$400.00 per annum.

(6) Forthwith after the said by-law has been passed by the said council, all the members of the said Public Utilities Commission as now constituted shall cease to hold office.

Application
of Rev. Stat.,
c. 204.

(7) In all other respects not hereinbefore provided, the provisions of *The Public Utilities Act* shall govern.

Confirma-
tion of tax
sales and
tax deeds.

3.—(1) All sales of lands within the City of Sault Ste. Marie made subsequent to the 31st day of December, 1916, and prior to the 1st day of January, 1918, which purport to have been made by the corporation of the said city for arrears of taxes in respect to lands so sold for which tax deeds have been issued by the said corporation, are hereby validated and confirmed and all deeds of lands so sold, executed by the mayor and treasurer of the said corporation purporting to convey the said lands so sold to the purchaser thereof or his, her or their assigns, are hereby validated and confirmed, and shall have the power of vesting the lands so sold or conveyed, or purporting to be sold or conveyed, and the same are hereby vested in the purchaser or his or her or their heirs and assigns in fee simple free and clear of and from all title or interest whatsoever of the owner or owners thereof at the time of such sale or his, her or their assigns, and all charges or encumbrances thereon except taxes accrued since those for which payment whereof the said lands were sold.

Corporation
as
purchaser.

(2) Subsection 1 of this section shall extend and apply to cases where the said city or any person or persons in trust
for

for it, or in its behalf, became the purchaser of lands at any such tax sale.

(3) Nothing in this section contained shall affect any action, litigation or other proceeding now pending, but the same may be proceeded with and finally adjudicated upon in the same manner and as fully and effectually as if this Act had not been passed. Pending litigation not affected.

4. The council of the said corporation may without obtaining the assent of the electors thereto, pass a by-law to borrow \$6,200 by the issue of debentures, payable within a period not exceeding fifteen years to pay the cost of erecting a bridge across Lansdowne Avenue in the said city. Power to borrow \$6,200 for construction of bridge.

5. This Act may be cited as *The City of Sault Ste. Marie Act, 1919.* Short title.

SCHEDULE "A."

(a) By-law No. 990 to provide for the issue of debentures to raise the sum of \$55,500.00 for the erection of an addition to the west wing of the Central School and for general improvement and equipment for schools;

(b) By-law No. 1005 to provide for borrowing \$9,226.22 upon debentures to pay for the construction of certain concrete sidewalks in the City of Sault Ste. Marie, set out in Schedule "1" hereto constructed in the year 1918;

(c) By-law No. 1004 to provide for borrowing \$24,771.50 upon debentures to pay for the construction of certain sewers in the City of Sault Ste. Marie, set out in Schedule "1" hereto constructed in the year 1918.

CHAPTER 106.

An Act respecting the Municipality of Shuniah.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Corporation of the Municipality of Shuniah, in the District of Thunder Bay, has by its petition prayed for special legislation confirming all tax sales held by it prior to the 31st day of December, 1916, and it is deemed expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Tax sales
and deeds
confirmed.

1.—(1) All sales of lands within the Municipality of Shuniah, held prior to the 31st day of December, 1916, and which purport to be made by the corporation of the said municipality or any official or officials thereof for arrears of taxes in respect to lands so sold, are validated and confirmed, and all deeds of lands so sold, executed by the reeve and treasurer of the said municipality, purporting to convey the said lands so sold to the purchaser thereof, or his assigns, are validated and confirmed, and shall have the effect of vesting the lands so sold and conveyed or purported to be sold and conveyed, and the same are vested in the purchaser or his assigns and his and their heirs and assigns, in fee simple free and clear of and from all right, title and interest whatsoever of the owners thereof at the time of such sale, or their assigns, and of all charges and encumbrances thereon, except taxes accrued since those for non-payment whereof the said lands were sold.

Purchases

by
municipality.

(2) This section shall extend and apply to cases where the municipality or any one in trust for it or on its behalf became the purchaser of the lands.

Pending
litigation

CHAPTER 107.

An Act respecting the Burnt River Bridge, in the Township of Somerville.

Assented to 24th April, 1919.

WHEREAS the Corporation of the Township of Somerville has, by its petition, shown that the bridge across the Burnt River on the Bobcaygeon Road, in the said Township of Somerville, at the Village of Kinmount, is on a deviation of the Bobcaygeon Road, which is the boundary road between the Counties of Victoria and Peterborough, to the northern boundary of the said counties and thereafter the boundary line between townships in the Provisional County of Haliburton, originally part of the said counties, and owing to physical difficulties or obstructions existing on the boundary line between the said counties, the said deviation does not return to the said boundary line until it crosses into the County of Haliburton, and the said bridge is used very largely by the inhabitants of the County of Peterborough, and has prayed that the said bridge be declared to be a bridge on the boundary line between the said counties for the purposes of sections 452 and 458 of *The Municipal Act*; and whereas upon a reference to the Ontario Railway and Municipal Board the said board has found the facts as set out in the said petition and has reported that the said bridge is a bridge on a deviation of the boundary line between the Counties of Victoria and Peterborough and has otherwise reported in favour of the said petition; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The bridge across the Burnt River on the Bobcaygeon Road at the Village of Kinmount, in the Township of Somerville, is hereby declared to be a bridge on a deviation of the boundary line between the Counties of Victoria and Peterborough within the meaning of sections 452 and 458 of *The Municipal Act*, and shall be maintained or erected, as the case may be, by the corporations of the Counties of Victoria and Peterborough, and in the same manner and to the like extent as though the said bridge were on the actual boundary line between the said counties.

Bridge.

CHAPTER 108.

An Act respecting the Township of Tay and the Village of Port McNicoll.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Municipal Corporations of the Township of Tay and the Village of Port McNicoll have, by petition, represented that in pursuance of the provisions of *The Assessment Act*, the warden and treasurer of the County of Simcoe sold certain lands in the said county in the years of 1915, 1916, 1917 and 1918 for arrears of taxes; and that the said Municipal Corporations of the Township of Tay and the Village of Port McNicoll became the purchasers of said lands at said tax sales; and whereas the cost to the said corporations of obtaining deeds to the said lands in the manner prescribed by *The Assessment Act* would be very great and a burden to the said corporations owing to the large number of lots so purchased; and whereas the said corporations have prayed that the said warden and treasurer of the said County of Simcoe be empowered and required to convey to them the said lands in the manner hereinafter set forth; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Duties of
warden
and
treasurer
as to
certain
tax sales.
Rev. Stat.,
c. 195.

1. The warden and treasurer of the County of Simcoe are hereby required and empowered, notwithstanding any provision to the contrary contained in *The Assessment Act*, or *The Registry Act* or any other Act:

Searches
and
notices
dispensed
with.

- (a) To execute and deliver in duplicate to the said Municipal Corporations of the Township of Tay and the Village of Port McNicoll, respectively, tax deeds of all lands sold for arrears of taxes in the Township of Tay and the Village of Port McNicoll in and during the years 1915, 1916, 1917, and 1918, and purchased at tax sales by either of the said municipal corporations as set

out

out in Schedule "A" hereto, or which shall hereafter be sold and so purchased upon payment of the fees as follows—For the searches in the Registry Office and in the sheriff's office, as required by subsection 1 of section 171 of *The Assessment Act* the Registrars shall be paid and accept a fee of 5c for each lot searched and the sheriff shall be paid and accept a fee of 30c for each person in respect to whom a search is made in the sheriff's office. The County Treasurer shall be paid and accept for the Notices required by subsection 21 of section 171 of *The Assessment Act* and for the postage and all other services rendered by him including the deed a fee of 50c in lieu of the fees and postage mentioned in the said section 171;

(b) To include in one deed all the lands sold, to be sold or to be conveyed to the Municipal Corporation of the Township of Tay, notwithstanding the provisions of subsection 7 of section 171 of *The Assessment Act*;
Inclusion in one deed of all land purchased by Township of Tay.

(c) To include in one deed all the lands sold, to be sold or to be conveyed to the Municipal Corporation of the Village of Port McNicoll, notwithstanding the provisions of subsection 7 of section 171 of *The Assessment Act*.
Inclusion in one deed of all land purchased by Village of Port McNicoll.

2. The said tax deeds, when so executed and delivered, shall be valid and binding to all intents and purposes.
Tax deeds confirmed.

3. The lands conveyed by such deeds shall from the execution and delivery thereof be vested in fee simple, free from all encumbrances, in the municipal corporation to which the same are conveyed by such tax deeds.
Title to lands vested in corporation.

CHAPTER 109.

An Act respecting the Town of Thorold.

Assented to 24th April, 1919.

Preamble

WHEREAS the Corporation of the Town of Thorold has, by its petition, represented that there is an outstanding floating indebtedness of the corporation, now amounting to \$40,000 which has accumulated over a period of years, and has been created, in part by the expropriation and acquirement of a large quantity of land in the said town by His Majesty the King for the Welland Ship Canal, and consequent loss of taxes of over \$5,000, imposed on the said lands, in part by war expenditures and grants to patriotic funds amounting to over \$18,300, in part by expenditures on capital account to the amount of \$12,000, for which, owing to the war, the said corporation was unable at the time of creation to make any satisfactory sale of debentures, and is now unable by lapse of time to make separate issues therefor, and as to the balance by loss of taxes now uncollectable of over \$3,700, and by unforeseen miscellaneous expenditures of over \$2,000; and the said corporation has by its petition represented that it is unable to pay the said indebtedness otherwise than by the issue of debentures therefor, and has passed By-law No. 633 authorizing the issue of debentures for the amount of \$40,000, payable by annual instalments over a period of ten years; and has petitioned that an Act may be passed to confirm and validate the said by-law, and the debentures to be issued thereunder; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

By-law
No. 630 to
borrow
\$40,000 to
pay off
floating
debt.

1. By-law No. 633 of the Corporation of the Town of Thorold, set forth in full in Schedule "A" to this Act, is hereby ratified and confirmed and declared to be legal, valid and binding upon the said corporation and the ratepayers thereof, notwithstanding any want of jurisdiction on the part of the said corporation to pass the said by-law.

Confirma-
tion of
debentures.

2. The debentures issued, or to be issued, under or in pursuance of the provisions of the said by-law, are ratified
and

and confirmed and declared to be legal, valid and binding upon the said corporation and the ratepayers thereof, notwithstanding any defect in substance or in form (if any) of the said by-law or debentures, or in the manner of passing or issuing the same, and the said corporation is authorized and empowered to do all acts and things necessary for the full and proper carrying out of the said By-law No. 633, and it shall not be necessary to submit the said by-law for the votes of the electors of the said Town of Thorold.

3. The said corporation shall for a period of five years after the passing of this Act employ as its auditor, a qualified chartered accountant, who shall carry out the duties of auditor for the said municipality as provided in *The Municipal Act*. ^{Requirement as to employment of auditor.}

SCHEDULE "A."

BY-LAW No. 633.

A by-law to provide for borrowing \$40,000 upon debentures to pay for the floating indebtedness of the Corporation.

Whereas the Corporation owes a floating indebtedness of \$40,000, which has existed for many years, and it is desirable to make proper provision for payment and redemption of same by borrowing the sum of \$40,000 upon debentures of the Corporation;

And whereas the Council deems it expedient for such purpose to pass a by-law to authorize the issue of debentures of the Corporation for the sum of \$40,000, which is the amount of the debt intended to be created by this by-law, payable as hereinafter mentioned, and to provide for payment of the same within ten years from the date thereof with interest thereon at the rate of six per centum per annum payable half yearly;

And whereas it is deemed expedient to make the principal of the said debt repayable in yearly sums during the period of ten years of such amounts respectively that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to the amount so payable for principal and interest in each of the other years;

And whereas it will be necessary to raise annually the sum of \$5,434.72 during the period of ten years to pay the said yearly sums of principal and interest as they become due by a special rate sufficient therefor over and above all other rates on all the rateable property in the said town as hereinafter provided;

And whereas the amount of the whole rateable property of the said Town of Thorold according to the last revised assessment roll is \$1,890,083.00;

And whereas the amount of the existing debenture debt of the Corporation is \$145,887.01, exclusive of any liability in respect of local improvement or other indebtedness which, by the provisions of any statutes of the Province of Ontario, is not to be reckoned as part of the indebtedness of the said Corporation for the purpose of ascertaining if the limit of its borrowing power has been reached, and no part of the principal or interest thereof is in arrear;

Therefore

Therefore the Council of the Corporation of the Town of Thorold hereby enacts as follows:

1. That for the purpose aforesaid it shall be lawful for the Council of the Corporation to borrow upon debentures of the Corporation the sum of \$40,000, and debentures shall be made and issued therefor in sums of not less than \$100 each, which debentures shall be signed by the Mayor of the Corporation, and countersigned by the Treasurer thereof, and be sealed with the Corporate seal.

2. The debentures shall all bear the same date and shall be issued within two years after the day on which this by-law is passed, and may bear any date within such two years, and shall be payable in ten annual instalments during the ten years next after the date when the same are issued, and the respective amounts of principal and interest payable in each of such years shall be as follows:

No.	Principal.	Interest.	Total.
1	\$3,034 72	\$2,400 00	\$5,434 72
2	3,216 81	2,217 91	5,434 72
3	3,409 82	2,024 90	5,434 72

10	5,127 04	307 68	5,434 72
<hr/>			
		\$40,000 00	

3. The said debentures shall bear interest at the rate of six per centum per annum, payable half yearly in each and every year during the currency thereof, and shall have attached thereto coupons for the payment of the said interest.

4. The debentures, both as to principal and interest, may be expressed in Canadian currency or sterling and be payable (in gold if required) at the Royal Bank of Canada in the said Town of Thorold.

5. During the currency of the said debentures there shall be raised and levied annually by a special rate sufficient therefor, over and above all other rates, on all the rateable property in the said town the sum of \$5,434.72 for payment of the said instalments of principal and interest.

6. By-law Number 630 of the Corporation passed on the fifth day of February, 1919, is hereby repealed and the debenture issue thereby authorized cancelled, this by-law and the debentures hereby authorized being passed in lieu thereof.

7. This by-law shall take effect immediately upon the same being ratified and confirmed by the Legislative Assembly of the Province of Ontario.

Passed the 27th day of March, A.D. 1919.

CHAPTER 110.

An Act respecting the City of Toronto.

Assented to 24th April, 1919.

WHEREAS the Corporation of the City of Toronto has, Preamble.
by petition, prayed for special legislation in respect of the several matters hereinafter set forth; and whereas, to enable the said corporation more readily and profitably to dispose of debentures, it is desirable that the by-laws specified in Schedule "A" hereto should be confirmed; and whereas no objections have been made to any of the said by-laws, and no opposition has been offered to the confirmation of the same; and whereas it is desirable to grant special powers to the said corporation as to the planting, trimming, care of and removal of trees for ornamental purposes in the highways of the said corporation; and whereas it is desirable to validate certain sales of lands for arrears of taxes, and to remove any doubts that may arise as to the validity thereof; and whereas it is desirable to impose certain restrictions upon the subdivision of vacant lands in the said municipality with reference to the cost of local improvements and other public services, a large part of which would fall upon the general ratepayers of the municipality; and whereas large tracts of land of adjoining municipalities are from time to time annexed to the said municipality, which obtain special advantages as to sewer outlets without sharing any part of the cost thereof, and it is desirable to grant special powers to recover a part of the cost thereof from the owners of such lands upon annexation thereof to the said municipality; and whereas the said corporation has, at great cost and expense, established and maintains a system of sewers, intercepting sewers and sewage disposal works which, owing to the rapid growth of the said corporation, threaten to become inadequate to provide for the needs of the said municipality; and whereas the said system and works cannot be further burdened with the care of sewage from lands without the borders of the said municipality; and whereas, under section 2 of an Act passed by this Legislature in the fifth year of His Majesty's reign, an obligation was cast upon the said municipality to allow the
Township

Township of York to connect all sewers then existing, or which might thereafter be constructed in the Township of York, to the sewer system of the said municipality; and whereas it is desirable that the ratepayers of the said municipality should not be further burdened with this obligation, and that the said Act should be repealed; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

By-laws
specified in
Sched. A
confirmed.

1. The by-laws of the said corporation, specified in Schedule "A" hereto, and all debentures issued or to be issued thereunder, and all assessments made or to be made, and all rates levied or to be levied for the payment thereof, are validated and confirmed, and the said corporation is declared to have had power to pass, issue and levy the same.

Planting
and
trimming
of trees.

2. Notwithstanding the provisions of *The Municipal Act*, or any other Act of this Legislature, the council of the said corporation may pass by-laws for authorizing the Park Commissioner, or any other officer appointed for that purpose, or a committee of the council, to:—

- (a) Plant, or cause to be planted, trees in the highways of the municipality;
- (b) Trim, or cause to be trimmed, all trees on private property, the branches of which extend over the highway;
- (c) Trim, transplant, cut down or remove, or cause to be trimmed, transplanted, cut down or removed, any trees planted or growing in any highway, square, lane, or other public communication, without notice to the owner or occupant of adjoining property and without payment of compensation therefor;
- (d) Neither the said corporation, nor any person acting under the authority of a by-law for the purposes mentioned in the preceding clauses of this section, shall incur any liability by reason of anything done under the authority of the by-law if reasonable care, skill and judgment are exercised in the doing of it;
- (e) If the owner of any property objects to the removal of any tree on the highway adjacent to his property, he shall have the right to appeal to the

the Park Commissioner within 48 hours after such work is about to commence, and no such work shall proceed until the said Commissioner has heard such complaint.

3. By-law Number 7778 of the said corporation, passed on the 5th day of March, 1917, set forth in Schedule "B" hereto, is hereby validated and confirmed, and the city council is hereby declared to have had authority to pass the same, and service of a certified copy thereof at the Head Office of the Toronto Suburban Railway Company in the City of Toronto shall be deemed good and sufficient notice thereof to the said company.

CHAPTER 111.

An Act respecting the City of Toronto.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Corporation of the City of Toronto has, by petition, prayed for special legislation in respect of the several matters hereinafter set forth; and whereas the said corporation undertook to extend Teraulay Street at a width of 86 feet, between College Street and Davenport Road, and to extend Applegrove Avenue, between Ashdale Avenue and Coxwell Avenue, as local improvements; and whereas it was deemed inexpedient to complete the said works, and the same have been abandoned; and whereas it is expedient to provide for the expenditure made upon the said works before their abandonment; and whereas to enable the said corporation more readily and profitably to dispose of debentures it is desirable that the by-laws specified in Schedule "A" hereto should be confirmed; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Power to
borrow
\$244,063 for
extension
of Teraulay
St. and
Applegrove
Ave.

1. The council of the said corporation may, without submitting the same to the electors qualified to vote on money by-laws, pass a by-law or by-laws for the issue of Toronto Consolidated Loan Debentures to raise the sum of \$244,063 to discharge the indebtedness of \$217,835. created for the purpose of extending Teraulay Street at a width of 86 feet, between College Street and Davenport Road, and the indebtedness of \$26,228 created for the purpose of extending Applegrove Avenue, between Ashdale Avenue and Coxwell Avenue, said works having been undertaken as local improvements and abandoned after the expenditure of the said sums.

Confirma-
tion of
certain
by-laws to
be passed.

2. Subject to the provision of section 4, the by-laws of the said corporation specified in Schedule "A" hereto, including any consolidating by-law or by-laws and all debentures

tures issued or to be issued thereunder and all assessments made or to be made and all rates levied or to be levied for the payment thereof are validated and confirmed, and the said corporation is declared to have had power to pass, issue and levy the same.

3. No irregularity in the form of any of the debentures issued under the authority of this Act, or in any by-law authorizing the issue thereof, shall render the same invalid, or be allowed as a defence to any action against the corporation of the City of Toronto for the recovery of the amount thereof or interest thereon, or any part thereof. Irregularity in form not to invalidate.

4. The by-laws specified in Schedule "A" shall be published once a week for three successive weeks in a newspaper published in the said city, and any ratepayer may take proceedings to quash any of the said by-laws if such proceedings are commenced within three months after the first publication of the by-laws. Provision as to motion to quash.

CHAPTER 112.

An Act respecting By-law No. 535 of the Town of Walkerville.

Assented to 24th April, 1919.

WHEREAS the Corporation of the Town of Walkerville has, by its petition, represented that the said corporation did on the 14th day of July, 1914, after submission to the votes of the electors of the Town of Walkerville, pass By-law No. 535 to provide for borrowing the sum of \$30,000 to grant aid to the Townships of Sandwich East and Sandwich South, in the County of Essex, towards improving a certain highway known as the Walker Road and the highway forming its extension from the Town of Walkerville to the Talbot Road at the Village of Oldcastle under the provisions of *The Highway Improvement Act*; and whereas, owing to the present war and other preventing circumstances, there has been delay in the improvement of the said highway and the issue of the debentures; and whereas the time for the issue of the debentures hereunder has been extended by the Order of the Ontario Railway and Municipal Board, dated the 9th day of April, 1918, until the 14th day of July, 1920; and whereas no application has been made to quash said by-law, nor is there any action pending wherein the validity of the said by-law is or may be called in question; and whereas the said corporation has prayed that an Act may be passed confirming the said by-law; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. By-law No. 535 of the Corporation of the Town of Walkerville, passed on the 14th day of July, 1914, to provide for borrowing money by the issue of debentures to the amount of \$30,000 for granting aid to the corporations of the Townships of Sandwich East and Sandwich South, in the County of Essex, towards improving the highway known as the Walker Road, set forth in Schedule "A" hereto,

By-law
No. 535
confirmed.

as amended by By-law No. 737 of the Corporation of the Town of Walkerville, passed the 2nd day of April, 1919, set forth in Schedule "B" hereto, and the debentures issued or to be issued thereunder, and all assessments made and to be made and rates levied or to be levied for payment of the said debentures are confirmed and declared to be legal, valid and binding upon the corporation of the Town of Walkerville and the ratepayers thereof.

SCHEDULE "A."

By-LAW No. 535.

OF THE CORPORATION OF THE TOWN OF WALKERVILLE.

To provide for borrowing money by the issue of debentures to the amount of \$30,000 for granting aid to the Corporations of the Townships of Sandwich East and Sandwich South, in the County of Essex, towards improving the highway known as the Walker Road, and the highways which constitute, or are to constitute, or form, or are to form, part of a highway leading to the Town of Walkerville from the Talbot Road at Oldcastle.

Whereas it is proposed by the Townships of Sandwich East and Sandwich South, and the owners of the land along the proposed route, to construct a concrete pavement from the Southerly limit of the Town to the Talbot Road at Oldcastle;

And whereas the Municipal Council of the Corporation of the Town of Walkerville deems it advisable to grant aid to the Corporations of the said Townships for the improving of the highway so to be paved, to the amount of \$30,000;

And whereas the said council is desirous of providing for such expenditures, and in order thereto it will be necessary to issue debentures of the municipality for the sum of \$30,000, as hereinafter provided which is the amount of the debt intended to be created by this by-law; the proceeds of the said debentures to be applied to the purpose of paying for the said improvement, and to no other;

And whereas it is desirable to issue the debentures at one time and to make the principal of the said debt payable by yearly sums during the period of fifteen years, being the currency of the said debentures; the said yearly sums being of such respective amounts that the aggregate amount payable in each year for principal and interest in respect of the said debt, shall be as nearly as possible equal to the amount so payable in each of the other fourteen years of said period;

And whereas the total amount required by *The Municipal Act* to be raised annually by special rate for paying the said debt and interest, as hereinafter provided, is \$2,890.27;

And whereas the amount of the whole rateable property of the said municipality, according to the last revised assessment roll thereof, is \$6,207,618;

And whereas the amount of the existing debenture debt of the said municipality is \$439,338.00, and no principal or interest is in arrear;

Therefore, the Municipal Council of the Town of Walkerville enacts as follows:

1. That it shall be lawful for the Corporation of the Town of Walkerville to raise by way of loan the sum of \$30,000 for the purposes aforesaid, and to issue debentures therefor in sums of not less than \$100, bearing interest at the rate of five per cent. per annum, and having coupons attached thereto for the payment of the interest.

2. The debentures shall all bear the same date and shall be issued within two years after the day on which this by-law is passed, and may bear any date within said two years, and shall be payable in fifteen annual instalments during the fifteen years next after the year when the same are issued at the Canadian Bank of Commerce, in the said municipality, and the respective amounts of principal and interest payable in each of such years shall be as follows:

Year.	Principal.	Interest.	Total.

3. The mayor of the corporation or some other person authorized by by-law shall sign and issue the debentures, and they shall be sealed with the seal of the corporation.

4. The coupons for the interest shall be signed by the treasurer, and his signature to them may be written, stamped, lithographed or engraved.

5. To provide for the payment of the said sum of \$30,000 and interest thereon, at the rate of five per cent. per annum, computed yearly, the sum of \$2,890.27 shall be raised and levied in each year for a period of fifteen years by a special rate sufficient therefor on all the rateable property in said municipality.

6. That the said sum of \$30,000 to be raised, as aforesaid, be laid out and expended in granting aid for the above mentioned work, and in no other way, and for no other purpose.

7. This by-law shall take effect on and from the final passing thereof.

SCHEDULE "B."

By-Law No. 737.

OF THE TOWN OF WALKERVILLE.

A BY-LAW TO AMEND BY-LAW No. 535.

Whereas By-Law No. 535, of the Town of Walkerville, passed on or about the 14th day of July, 1914, provided for the borrowing of \$30,000.00 by debentures for the extension of the pavement on the Walker Road such debentures to bear interest at the rate of Five per cent. per annum;

And whereas owing to a change in the money market the debentures cannot be sold without a substantial loss unless the rate is raised;

Therefore the Corporation of the Town of Walkerville by the Council thereof enacts as follows:

1. That whereas the preamble in said by-law recites that the total amount required by *The Municipal Act* to be raised annually by special rate for paying the said debt and interest as herein-after provided is \$2,890.27 now, therefore the said preamble is hereby amended by striking out the figures "\$2,890.27" and substituting therefor the figures "\$3,088.88."

2. That Section 1 of said by-law is hereby amended by striking out the word "five" therein and substituting therefor the word "six."

3. That Section 2 of said by-law is hereby amended by striking out the schedule of figures at the end thereof and substituting instead thereof the following schedule, that is to say:

Year.	Principal.	Interest.	Payment.
1919	\$1,288 88	\$1,800 00	\$3,088 88
1920	1,366 22	1,722 66	3,088 88

CHAPTER 113.

An Act respecting the Town of Walkerville and the Townships of Sandwich East and Sandwich South.

Assented to 24th April, 1919.

WHEREAS the Municipal Corporation of the Town of Preamble. Walkerville and the Townships of Sandwich East and Sandwich South have, by petition, represented that by Orders-in-Council dated the 28th day of July, 1915, the 10th day of May, 1916, and the 16th day of March, 1917, a Board of Trustees (hereinafter referred to as the commission) was appointed in pursuance of section 20 of *The Ontario Highways Act* for a road known as the Walker Road, from the vicinity of the Town of Walkerville to a point on the Talbot Road in the County of Essex, known as Oldcastle; and whereas the agreement set out in Schedule "A" hereto, with respect to the said road was entered into between His Majesty, represented therein by the Honourable Findlay George Macdarmid, Minister of Public Highways, and the Municipal Corporations of the Town of Walkerville and the Townships of Sandwich East and Sandwich South; and whereas in pursuance of the said agreement the commission proceeded with the said work and has constructed the portion thereof between the Third Concession Road in the Township of Sandwich East and the Townline Road between the Townships of Sandwich East and Sandwich South to the satisfaction of the Minister; and whereas by Order-in-Council, dated the 2nd day of December, 1918, the said road was denominated a "main road" under the said Act; and whereas the said municipal corporations have, by their petition in that behalf, prayed for an Act to validate the said agreement and the acts of the commission, and to confer such additional powers as may be found necessary to enable the commission to carry on and complete the work as provided by the said agreement, and to authorize the contribution by the Province of Ontario toward the cost of the work, of an amount not exceeding forty per cent. (40 per cent.) thereof, and not exceeding for the whole work the sum of \$30,500.00; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent

sent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Commission declared to be Board of Trustees.

1. The commission is hereby declared to be a Board of Trustees, duly appointed under the provisions of section 20 of *The Ontario Highways Act*, and is hereby empowered to carry on and complete the said main road as provided by the said agreement, and the said Act, and amendments thereto.

Orders-in-Council and agreement confirmed.

2. The said Orders-in-Council and the said agreement set forth in Schedule "A" to this Act, to the full extent of the provisions thereof, and to the extent that any of the said provisions require the authority or sanction of the Legislature of Ontario to make them valid, are hereby authorized, validated and confirmed.

Acts of commission confirmed.

3. The acts of the commission in the premises are hereby validated and confirmed.

Payment by Province to commission.

4. The Lieutenant-Governor in Council may direct the payment to the commission from time to time, out of the fund set apart under *The Highway Improvement Act*, of a sum equal to 40 per cent. of the cost of the construction of the said main road.

Special rate to meet excess over estimated cost.

5. In the event of the amounts to be contributed by the said municipal corporations and the Province of Ontario being found insufficient to complete the work, the balance required for that purpose shall be raised, levied and collected in the municipalities in which the work is constructed, by a special rate upon the properties benefited by the work, or fronting thereon, under the provisions of *The Local Improvement Act*, and the commission may apportion between the said townships the amounts to be so raised by them respectively.

Rev. Stat., c. 193.

SCHEDULE "A."

This agreement made in quadruplicate this seventeenth day of August, A.D. 1918,
Between:

His Majesty the King, represented herein and for the purposes hereof by the Honourable Findlay George MacdIarmid, Minister of Public Highways of the Province of Ontario, hereinafter called the "Governor," of the first part;

and

The Municipal Corporation of the Town of Walkerville, in the County of Essex, hereinafter called the "Town," of the second part;

The Municipal Corporation of the Township of Sandwich East, hereinafter called "Sandwich East," of the third part; and

The Municipal Corporation of the Township of Sandwich South, hereinafter called "Sandwich South," of the fourth part.

Whereas it is proposed to construct a concrete or other permanent pavement on what is known as the "Walker Road" and deviations thereof from the present terminus of the concrete pavement at the Third Concession in the Township of Sandwich East southerly to the Talbot Road at Oldcastle, a distance of four and one-half miles, more or less;

And whereas it is estimated that the total cost of the construction of the pavement will amount to the sum of \$76,000 or thereabouts;

And whereas it is proposed that the cost of the work shall be borne as follows:—

By a contribution from the Town of Walkerville	\$30,000
By a contribution from Sandwich East of.....	3,000
By a contribution from Sandwich South of.....	6,000
And a contribution from the Government of.....	
Forty per cent. of the cost of the work;	

Now, therefore, it is agreed by and between the several parties hereto:—

1. That the commission appointed by Order-in-Council, dated the 28th day of July, 1915, for that purpose shall, as soon as may be after the execution of this agreement, proceed with the construction of said pavement.

2. That the specifications for the construction of the pavement shall be subject to the approval of the Minister of Public Highways for the Province of Ontario, and the work of construction shall at all times be subject to inspection and approval by the said Minister of Public Highways for the Province of Ontario.

3. That the location of the road upon which the pavement is to be constructed shall be such as will avoid dangerous turns and railway crossings and no turn or curve shall have a radius of less than 300 feet.

4. That the parties hereto will contribute to the cost of the construction of the said pavement, as hereinbefore recited, and will pass all necessary by-laws and issue all necessary documents to enable them to procure and pay over to the commission their respective

spective contributions to the cost of the construction of the said pavement as hereinbefore recited, and carry out the said Order-in-Council and this agreement and will make application to the Legislature of the Province of Ontario at its next ensuing session for all legislation necessary to validate this agreement and the acts of the commission and confer such additional powers as may be found necessary to enable the commission to carry on the work as provided by this agreement, together with such legislation as may be necessary to validate the by-laws and resolutions of the parties of the second, third and fourth parts hereto respectively, and to authorize the contribution by the Province of Ontario towards the cost of the work of an amount not exceeding thirty thousand five hundred dollars (\$30,500.00).

5. That in the event of the amounts to be contributed as aforesaid, being found insufficient to complete the work, the balance required for that purpose shall be raised, levied and collected in the municipalities in which the pavement is constructed, by a special rate upon the properties benefited by the work or fronting thereon, under the provisions of *The Local Improvement Act*, the commission to apportion among the municipalities the amounts to be raised by them respectively.

6. That the said pavement shall be maintained and kept in repair by the commission at the cost of the Town of Walkerville and of Sandwich East and Sandwich South in such proportions as may be determined by the commission subject to the approval of the Minister of Public Highways of Ontario.

In witness whereof the Honourable Findlay George Macdiarmid has hereunto set his hand and seal of office and the municipal corporation parties hereto have caused the corporations' seal of each of them respectively to be hereunto affixed by the hands of the mayor and clerk of the town and of the respective reeves and clerks of Sandwich East and Sandwich South.

An Act respecting the Township of York.

Assented to 24th April, 1919.

WHEREAS by an Act passed in the sixth year of the Preamble.
 reign of His Majesty King George V, chaptered 100,
 the Municipal Council of the Township of York was em-
 powered to pass by-laws to construct, maintain and operate
 systems of waterworks over any defined sections or areas
 of the said township and for the other purposes set out
 in the said Act; and whereas the said corporation has, by
 its petition, prayed for the passing of an Act to amend the
 aforesaid Act; and whereas it is expedient to grant the
 prayer of the said petition;

Therefore, His Majesty, by and with the advice and con-
 sent of the Legislative Assembly of the Province of Ontario,
 enacts as follows:—

1. Section 5 of *An Act respecting the Township of York*, 6 Geo. V,
 passed in the sixth year of the reign of His Majesty, King c. 100, s. 5

CHAPTER 115.

An Act respecting the Berlin and Northern Railway Company.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Berlin and Bridgeport Electric Street Railway Company, Limited, was incorporated on the 7th day of December, 1901, by Letters Patent under the Great Seal of Ontario for the purposes set out in the said Letters Patent; and whereas by an Act of the Legislature of the Province of Ontario, being 2 Geo. V, chapter 131, the name of the said company was changed to The Berlin and Northern Railway Company; and whereas amongst the powers of the company, as by the said Act were more fully defined, the said company was authorized and empowered to survey, lay out, construct, complete, equip and maintain an extension of its railway line from a point in or near the Village of Bridgeport, in the Township of Waterloo and County of Waterloo to the Villages of Elora and Fergus in the Township of Nichol in the County of Wellington; and whereas *The Ontario Railway Act* was made to apply to the said company and to the railway constructed or to be constructed by it; and whereas by reason of business and financial conditions resulting directly from the war it was impossible to complete the construction, equipment and operation of the company's proposed line within the period of five years as limited by the provisions of *The Ontario Railway Act*; and whereas the said company commenced the construction of the said railway line and expended more than \$32,400 thereon within two years from the passing of the said Act; and whereas the company has, by its petition, prayed that an Act may be passed changing the name of the company to The Waterloo Wellington Railway Company and extending the time for the construction, completion, equipment and operation of the company's said line until three years from the passing of this Act; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The name of The Berlin and Northern Railway Company is changed to The Waterloo Wellington Railway Company. Change of name.

2. The said Act passed in the second year of the reign of His Majesty King George the Fifth, chaptered 131, is declared to be and to have been in force from the date of the passing thereof, notwithstanding any neglect or default on the part of the company in complying with any of the provisions of the said Act, and anything required to be done by the said Act may be done after the passing of this Act. 2 Geo. V, c. 131, be in force.

3. Notwithstanding anything contained in *The Ontario Railway Act* or in the said Act passed in the second year of the reign of His Majesty King George the Fifth, chaptered 131, the time for the completion of the railway authorized by the said Act and by this Act is extended to three years from the passing of this Act, and if the said railway is not completed and put in operation within said period of three years from the passing of this Act, then the powers granted to the company by the said Act and by this Act shall cease and be null and void as respects so much of the railway as then remains uncompleted. Time for completion extended.

CHAPTER 116.

An Act respecting Brunner Mond, Canada, Limited.

Assented to 24th April, 1919.

Preamble.

WHEREAS Brunner Mond, Canada, Limited, a company incorporated by Letters Patent under *The Companies Act*, Revised Statutes of Canada, 1906, chapter 79, has, by its petition, prayed that it be enacted as hereinafter set forth; and whereas it is expedient to grant the prayer of the said petition in order to enable the said company to transport its goods from one part of its property to the other across the 2nd Concession Road in the Township of Anderdon;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Construction
of private
tramway

1. Brunner Mond, Canada, Limited, may construct, maintain and operate a private tramway for the conveyance of merchandise, goods and chattels from the Indian Stone Quarry Reserve to the Detroit River, crossing the 2nd Concession Road in the Township of Anderdon at or near a point ten feet north of the southern limit of the said Indian Stone Quarry Reserve, being in the rear of lots 6 and 7 in the first concession of the Township of Anderdon and in front of parts of lots 2 and 3 in the 2nd concession of the said township.

Rev. Stat.,
c. 185, s. 259,
to apply.

2. The company shall comply with the provisions and conditions specified in section 259 of *The Ontario Railway Act*, and shall in the operation of the said tramway be subject to the jurisdiction and order of The Ontario Railway and Municipal Board.

By-law 617
of Township
of Anderdon
confirmed.

3. By-law No. 617 of the Township of Anderdon, which is set out in Schedule "A" hereto, is hereby confirmed.

SCHEDULE "A."

BY-LAW No. 617.

A by-law to authorize Brunner Mond, Canada, Limited, to construct, maintain and operate a tramway across the Second Concession Road in the Township of Anderdon at or near a point ten feet north of the southern limit of the Indian Stone Quarry Reserve, being in the rear of lots 6 and 7 in the first concession and in front of parts of lots 2 and 3 in the second concession of the said township.

Whereas by their charter of incorporation, Brunner Mond, Canada, Limited, are authorized and empowered to construct, maintain and operate tramways for the conveyance of merchandise, goods and chattels;

And whereas the said Brunner Mond, Canada, Limited, are owners of the Indian Stone Quarry Reserve, partly in the first concession and partly in the second concession of the Township of Anderdon, in the County of Essex, and desire to construct, maintain and operate a tramway at rail level across the second concession of said township, connecting the two portions of their property aforesaid;

And whereas the said Brunner Mond, Canada, Limited, have applied to the Municipal Council of the Township of Anderdon for their consent to the construction, maintenance and operation of the said tramway:

The Municipal Corporation of the Township of Anderdon enacts as follows:—

1. The consent of the Municipal Council of the Corporation of the Township of Anderdon is hereby given to the construction, maintenance and operation by Brunner Mond, Canada, Limited, of a tramway at rail level across the Second Concession Road of the said township at or near a point ten feet north of the southern limit of the Indian Stone Quarry Reserve.

Provided always that the consent hereby granted is subject to the provisions of section 259 of *The Ontario Railway Act*, Revised Statutes of Ontario, chapter 185, and the provisions contained in the said section are hereby incorporated in this by-law and shall apply to the said tramway in the same manner as if they had been set out herein.

Passed this 22nd day of February, 1919.

CHAPTER 117.

An Act respecting the Morrisburg and Ottawa Electric Railway Company.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Morrisburg and Ottawa Electric Railway Company was incorporated by an Act passed in the 8th year of His late Majesty's reign, chaptered 130, as amended by an Act passed in the 9th year of His late Majesty's reign, chaptered 136, and as further amended by an Act passed in the 10th year of His late Majesty's reign, chaptered 145, and as further amended by an Act passed in the 2nd year of the reign of His Majesty King George the Fifth, chaptered 142, and as further amended by an Act passed in the 4th year of the reign of His Majesty King George the Fifth, chaptered 120, for the purpose of constructing and operating an electric railway between the points set out in the said Acts; and whereas the said company has, by its petition, prayed that the time for the completion of its undertaking be extended; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Extension
of time
for com-
pletion.

1. Notwithstanding anything contained in *The Ontario Railway Act*, the railway, authorized by the said Act passed in the eighth year of His late Majesty's reign, chaptered 130, as amended by an Act passed in the ninth year of His late Majesty's reign, chaptered 136, and as further amended by an Act passed in the tenth year of His late Majesty's reign, chaptered 145, and as further amended by an Act passed in the second year of the reign of His Majesty King George the Fifth, chaptered 142, and as further amended by an Act passed in the fourth year of the reign of His Majesty King George the Fifth, chaptered 120, and by this Act shall be completed within three years after the

passing

passing of this Act; and if the railway is not completed and put in operation within three years from the passing of this Act, then the powers granted to the company by the said Acts and by this Act shall cease and be null and void as respects so much of the railway as then remains uncompleted.

CHAPTER 118.

An Act respecting the Ontario West Shore Railway Company.

Assented to 24th April, 1919.

Preamble.

WHEREAS by an Act passed in the second year of the reign of His late Majesty, King Edward VII, chaptered 78, the Huron, Bruce and Grey Electric Railway Company was incorporated for the purpose of constructing and operating an electric railway from the Town of Goderich along the route set forth in the said Act; and whereas the name of the said railway company was, by an Act passed in the third year of the reign of His said late Majesty, chaptered 98, changed to the Ontario West Shore Electric Railway Company, and again by an Act passed in the ninth year of the reign of His said late Majesty, chaptered 139, to the Ontario West Shore Railway Company; and whereas the time limited for the completion of the construction of the said railway as originally provided for by the said first mentioned Act was, by an Act passed in the sixth year of the reign of His said late Majesty, chaptered 113, extended to the fourteenth day of May, 1910, and the original Act of incorporation was also thereby revived; and whereas by an Act passed in the eighth year of the reign of His said late Majesty, chaptered 135, the time for the completion of the said railway was further extended to the fourteenth day of April, 1912; and whereas it appears that the Corporations of the Town of Goderich, the Township of Ashfield, the Town of Kincardine and the Township of Huron have guaranteed to the holders thereof the due payment of the bonds of the said the Ontario West Shore Railway Company to the extent of \$400,000 together with interest thereon at the rate of five per cent. per annum payable half-yearly; and whereas it further appears that the said railway company has made default in the completion of the said railway and in the operation of the same, and also in the payment of the interest upon the said bonds so guaranteed as aforesaid; and whereas the said municipal corporations have since and including the year 1912 paid to the holders thereof, the interest upon the said bonds at the rate aforesaid; and whereas by
an

an Act passed in the third and fourth years of the reign of His Majesty King George V, chaptered 135, the franchise and all the property, rights and privileges of the said railway company were vested in Thomas Stothers, in trust for the corporations of the said guaranteeing municipalities, but subject to the rights of creditors and the bond-holders and the trustees for the bond-holders of the said railway company; and whereas by an Act passed in the fourth year of the reign of His Majesty King George V, chaptered 122, the time for completing the said railway was extended for four years from the passing of said Act, and authority was given to sell and dispose of the assets of the said company with the approval of the Ontario Railway and Municipal Board; and whereas the said Thomas Stothers, the trustee appointed under said chapter 122, by and with the approval and consent of said board did dispose of the assets of the said company and there is now in the hands of the Toronto General Trusts Corporation, in trust for the bond-holders, creditors and shareholders, the sum of \$135,000 or thereabouts, bearing interest at the rate of four and one-half per cent.; and whereas the bonds issued by the said railway amounted to the sum of \$600,000 of which \$400,000 was guaranteed by the Corporations of the Town of Goderich, the Township of Ashfield and Huron and the Town of Kincardine, and the balance \$200,000 unguaranteed, but both sums were secured by a mortgage or trust deed executed by the said railway company to the said trust company on certain terms and conditions as are therein set forth; and whereas \$20,000 of the said unguaranteed bonds are in the hands of the said trustee, \$15,000 are held by the Standard Bank of Canada, and \$165,000 were not sold or disposed of and their whereabouts is unknown; and whereas the said corporations are desirous of in the meantime having the said monies invested so as to secure the best return therefrom and that the interest so secured may be applied in reducing the annual payments which said corporations are obliged to make or to form a sinking fund to meet the said bonds when they mature;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The said sum of \$165,000 and \$20,000 held by the said trustee of said unsecured bonds not disposed of by the said railway company are hereby declared to be cancelled and void and the said trust company shall not in future treat them as secured by the mortgage or trust deed.

Cancellation
of certain
undisposed
of bonds.

Trustee
authorized
purchases
\$20,000
unsecured
bonds.

2. Thomas Stothers, the trustee appointed under the Act 3-4 Geo. V, chapter 135, shall have power and authority subject to the approval of the Ontario Railway and Municipal Board to enter into an agreement with the Standard Bank of Canada, or whoever may be the owner thereof, for the purchase of the \$15,000 of the said unsecured bonds held by such bank or owner and to pay for same out of the said sum of \$135,000 held by the Toronto General Trusts Corporation, and in the event of his being unable to do so, the holder or holders of the said bonds shall be entitled to receive a *pro rata* share of the net amount of interest which may from time to time be secured from the investment and re-investment of the said fund, and a *pro rata* share with the secured bond-holders when the said fund is being distributed. Provided, however, that the said bank, or the holder or holders of the said \$15,000 of bonds, before being allowed to rank on the said fund or any part thereof, shall prove to the satisfaction of the Ontario Railway and Municipal Board that it, he or they has a *bona fide* title thereto, paid full face value therefor to or for or on account of the said railway company, and if less than the face value has been paid or allowed therefor, shall only be entitled to rank for the amount of such *bona fide* advance.

Allowance
to trustee
for services
on passing
accounts.

3. The said trustee shall submit to the Ontario Railway and Municipal Board an account of all his dealings and transactions on behalf of the said railway, and in taking said account the Board shall allow him such disbursements as in its discretion have been properly incurred, together with a reasonable compensation for his pains, care and trouble in and about the execution of the said trust, all of which, including the legal costs, charges and expenses necessarily incurred in connection with the handling and preservation of said fund, shall be paid by the said trust company on the order of the said the Ontario Railway and Municipal Board.

Application
of proceeds
of assets
of railway.

4. The said trustee shall be at liberty to enter into an agreement with the said trust company, or any other person, or corporation, for the investment or re-investment of the said funds derived from the sale of the said assets or any other funds or assets of the said railway, at such a rate of interest in such securities as trustees may invest in, and on such terms and conditions as may be mutually agreed on, and the said funds shall be kept so invested until the bonds outstanding and secured by the said mortgage or trust deed shall mature, whereupon the said funds shall be by said trust company, person or corporation, applied *pro rata* in reducing the said \$400,000 worth of guaranteed and \$15,000 worth of unguaranteed bonds.

5. Half-yearly there shall be paid to the said Corporations of Goderich, Ashfield, Huron and Kincardine and to the holders of the said \$15,000 unguaranteed bonds the net interest secured from the said investment of the said funds in *pro rata* proportion to the amount of the guarantees executed by said corporations and the said \$15,000 unguaranteed bonds so that each shall receive an equal proportion thereof based on such guarantees and bonds so held.

Payment of income from investment to guarantors of bonds.

6. The powers conferred by this Act on the said trustee shall not be exercised without the consent and approval of the Municipal Councils of the Towns of Goderich and Kincardine and the Townships of Ashfield and Huron, and in the event of all of the said corporations failing to agree the question involved shall be submitted to the Ontario Railway and Municipal Board for adjudication, and the decision of such Board shall be final and binding and without appeal.

Consent of municipalities to exercise powers of trustee.

7.—(1) The Ontario Railway and Municipal Board shall make such orders and give such directions, either for the payment of commissions and expenses in handling said funds or for the protection thereof and of the rights and interests of all persons interested in the said railway as bond-holders, creditors, shareholders or otherwise as the Board may deem necessary or expedient, so as to give full effect to the provisions of this or any other Act relating to said railway.

Powers of Ontario Railway and Municipal Board.

(2) Compliance with such orders or directions shall be a condition precedent to securing the approval of the Board.

8. In the event of the said funds not being invested with the said trust corporation or under its control, the securities in which they are invested, and, if sold, the proceeds, shall be held by such trust corporation and the interest received by it shall be disbursed in manner aforesaid, and the remuneration for such services to be fixed by said Board; and the said trust corporation shall not be in any way liable for such investments or collections beyond the amount of money it actually receives.

Trust company's obligation where funds not invested with it.

9. All Acts or parts of Acts inconsistent with the provisions of this Act are hereby repealed.

Repeal of inconsistent provisions.

10. This Act shall come into force and take effect the day upon which it receives the Royal Assent.

Commencement of Act.

CHAPTER 119.

An Act respecting the Sudbury-Copper Cliff Suburban Electric Railway Company.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Sudbury-Copper Cliff Suburban Electric Railway Company was incorporated by an Act passed in the second year of the reign of His Majesty King George V, chaptered 149, and entitled *An Act to Incorporate the Sudbury-Copper Cliff Suburban Electric Railway Company*, and was by said Act authorized to construct a railway as therein described; and whereas the company has by its petition represented that the company has constructed and is now operating 7.9 miles of the railway authorized by the said Act of incorporation, and that more capital is required to provide further equipment for the said railway; and whereas the company has further represented by that petition that the capital stock of the company cannot be sold for its par value, and the company has no power to sell its stock at a discount; and whereas the company has by its said petition prayed that the said Act of incorporation be amended to provide for an increase of the capital stock of the company, and to permit the sale of the unissued ordinary shares of the company at a discount; and whereas by an Act passed in the fourth year of the reign of His Majesty King George V, chaptered 125, the time for the commencement and completion of the said railway authorized by the said Act was extended for a period of one and five years respectively; and whereas the company has by its said petition prayed that the time for the completion of the said railway be further extended; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario enacts as follows:—

2 Geo. V, c.
149, s. 6
amended
increase of
capital
stock.

1. Section 6 of the Act passed in the second year of His Majesty's reign, chaptered 149, and entitled *An Act to Incorporate the Sudbury-Copper Cliff Suburban Electric Railway Company* is amended, by striking out the character

acter and figures “\$250,000” at the end of the said section and inserting in lieu thereof the character and figures “\$500,000.”

2. The said section 6 is further amended by adding the following as subsection 2: 2 Geo. V, c. 149, s. 6, amended.

(2) The company may sell the unissued ordinary shares of its capital stock at such discount and upon such terms and conditions as the shareholders may from time to time authorize; provided, however, that any authorization of the sale of unissued ordinary shares shall be given at a meeting of the shareholders expressly called by the directors for that purpose, upon at least **ten days’ notice**, and shall be sanctioned by the **vote, in person or by proxy**, of shareholders who hold at least two-thirds of the subscribed stock of the company. Power to sell shares at discount.

3. Notwithstanding anything contained in *The Ontario Railway Act*, the railway authorized by the said Act passed in the second year of the reign of His Majesty King George the Fifth, chaptered 149, as amended by an Act passed in the fourth year of the reign of His Majesty King George the Fifth, chaptered 125, and by this Act, shall be completed within three years after the passing of this Act, and if the railway is not completed and put in operation within three years from the passing of this Act, then the powers granted to the company by the said Acts and by this Act shall cease and be null and void as respects so much of the railway as then remains uncompleted. Time for completion extended.

CHAPTER 120.

An Act to Incorporate the Church of the Christian Brotherhood.

Assented to 24th April, 1919.

Preamble.

WHEREAS the persons hereinafter named have, by their petition, prayed that it be enacted as hereinafter set forth, and it is expedient to grant the prayer of the said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Incorporation.

1. Richard C. Evans, Alexander E. Gray, Arthur M. Wilson, Thomas Crowley, William T. Evans, James Caskey, William S. Faulds, Thomas Clark, Thomas Bennett and George Trickey, together with such persons as are at present or who may become members of the church, are hereby incorporated under the name of "The Church of the Christian Brotherhood," hereinafter called "The Church."

Church, how composed.

2. The Church shall consist of the presiding bishop who shall also be the president, two counsellors, local bishops and elders, all of whom shall be ministers, and priests, teachers and deacons and such other officers as may from time to time be appointed and members admitted according to the constitutions hereinafter provided for.

Powers of general conference.

3. The Church may meet in general conference and make by-laws not contrary to law, or to the provisions of this Act, and may adopt and frame constitutions and regulations for the organization, for membership, and for enforcing discipline in the Church, and for the appointment, deposition, deprivation, or removal of any person bearing office therein, and for the convenient and orderly management of the property, affairs and interest of the Church in matters relating to and affecting only the Church and for the ordaining of ministers who shall have the power to solemnize marriage.

4. The first general conference after the incorporation shall be held on or before the 9th day of June, 1919. First meeting of conference.

5. The head office of the Church shall be in the City of Toronto, in the Province of Ontario, or in such other place in Ontario as may from time to time be designated by by-law of the Church. Head office.

6. The Church may, from time to time, acquire and receive conveyances of such lands, moneys, mortgages and securities or other property as may be required for the purpose of churches, camp-grounds, or for the purpose of a conference building; and may also receive the benefit of any gift or devise, by will or otherwise, in its corporate name for the uses and purposes of the Church. Power to acquire and hold land.

7. The Church may, in addition to the powers conferred upon it by the next preceding section and subject to the provisions thereof, sell, exchange, alienate, mortgage, lease or demise any lands, tenements and hereditaments held by the Church, whether simply by way of investment for the uses and purposes set forth in the next preceding section or not, and the Church may also, from time to time, invest any of its funds and moneys in and upon any mortgage security of lands, tenements and hereditaments, and in debentures of municipal or public school corporations or in Dominion or Provincial securities, including any war loan of the Dominion of Canada, in any part of Canada, and for the purposes of such investments may take, receive and accept mortgages or assignments thereof, whether such mortgages or assignments be made and executed directly to it in its own corporate name, or to some other company or person in trust for it, and shall have and enjoy the same; and furthermore, may sell, grant, assign and transfer such mortgages to any person, company or body capable of receiving an assignment thereof, and may release and discharge such mortgages either wholly or partly. Alienation of land, investment of funds, etc.

8. All conveyances and instruments of the Church shall be executed by affixing the corporate seal of the Church and the signatures of the president and the secretary for the time being of the Church, or of such other officers or persons as may be authorized by the by-laws or regulations passed by the Conference of the said Church. Execution of conveyances, etc.

9. The Church shall at all times, when required, make a full return under oath, showing the property, real and personal held by it, for the purposes in section 6 or any of them. Returns as to property and income.
the

the income derived from such property and such other information relating thereto as is required by the Lieutenant-Governor in Council or the Legislative Assembly.

When land
to be sold.

10. The provisions of this Act shall be subject to those of *The Mortmain and Charitable Uses Act* except that the period within which the land shall be sold shall be seven years instead of two years and that it shall not be necessary to sell any land, now or hereafter acquired which is actually and *bona fide* held, used and occupied for the purposes of the corporation.

When Act
takes effect.

11. This Act shall come into force forthwith on the passing of it.

CHAPTER 121.

An Act respecting the Hospital for Sick Children
and the estate of John Ross Robertson, deceased.*Assented to 24th April, 1919.*

WHEREAS John Robinson Robinson, Irving Earle Robertson, Douglas Sinclair Robertson, Jessie Elizabeth Robertson and Alfred Taylor Chadwick, the executors and trustees of the estate of John Ross Robertson, deceased, and the Hospital for Sick Children have, by their petition, prayed that it be enacted as hereinafter set forth; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly, of the Province of Ontario, enacts as follows:—

1. Section 2 of the Act passed in the fifth year of the reign of His Majesty, chaptered 89, being *The Hospital for Sick Children Act, 1915*, is amended by striking out the word “eight” in the fourth line thereof and substituting the word “twelve” therefor. 5 Geo. 7, c. 89, s. 2 amended.

2. Section 3 of the said Act is hereby amended by striking out the word “eight” in the fifth line thereof and substituting the word “twelve” therefor. s. 3 amended.

3. Section 9 of the said Act is hereby repealed, and the following substituted therefor: s. 9, repealed.

9. In case any trustee fails to attend the regular meetings of the board for six consecutive months a majority of the trustees shall have power to declare a vacancy in the Board of Trustees, and in case of the exercise of the aforesaid power or in case of the death or resignation of any trustee the vacancy so created shall be filled at a regular meeting by a majority of the remaining trustees present at such meeting, the name of the proposed trustee being sent to each trustee one week prior to the meeting at which such new trustee is to be appointed. Vacancy in office owing to absence from meetings.

Agreement
between
hospital
and ex-
ecutors of

confirmed.

4. The agreement between the Hospital for Sick Children and John Robinson Robinson, Irving Earle Robertson, Douglas Sinclair Robertson, Jessie Elizabeth Robertson and Alfred Taylor Chadwick, the executors and trustees of the estate of John Ross Robertson, deceased, dated January 9th, 1919, a copy of which is set out as Schedule "A" hereto, is hereby ratified, confirmed and declared legal, valid and binding on all parties affected thereby.

59 V. c. 121,
repealed.

5. Chapter 121 of the Act passed in the fifty-ninth year of her late Majesty's reign is hereby repealed.

SCHEDULE "A."

This agreement made the 9th day of January, 1919.

Between:

The Hospital for Sick Children, hereinafter called the Hospital,
of the first part;

and

John Robinson Robinson, Irving Earle Robertson, Douglas Sinclair Robertson, Jessie Elizabeth Robertson and Alfred Taylor Chadwick, executors and Trustees of the estate of John Ross Robertson, deceased, hereinafter call the Trustees, of the second part.

Whereas by a resolution of the Board of Trustees of the hospital bearing even date herewith, the hospital consented to the trustees paying the succession duty payable in respect of the estate of the late John Ross Robertson out of the residue of said estate to the intent that the beneficiaries named in said will liable to pay succession duty should receive their bequests free and clear of succession duty;

And whereas the trustees have requested the hospital to execute this agreement;

Now, therefore, this agreement witnesseth as follows:—

1. In consideration of the premises and of the sum of one dollar now paid by the trustees to the hospital (the receipt whereof is hereby acknowledged), the hospital doth hereby consent to the trustees paying all succession duty as aforesaid out of the residue of said estate, and doth hereby remise, release and forever discharge the trustees of and from all manner of actions, causes of action, accounts, claims and demands whatsoever which the hospital can, shall or may have for or by reason of the payment by the trustees of the succession duty out of the residue of the said estate, the intention being that all such succession duty shall be deemed to form part of and be paid as testamentary and administration expenses of the said estate.

2. This agreement and everything herein contained shall enure to the benefit of and be binding upon the parties hereto and their successors and assigns respectively.

3. This agreement is conditional on its being approved by the Legislature of the Province of Ontario.

In witness whereof the hospital hath hereunto affixed its corporate seal under the hands of its proper officers in that behalf.

CHAPTER 122.

An Act respecting the Ottawa Civic Hospital.

Assented to 24th April, 1919.

Preamble.

WHEREAS the Corporation of the City of Ottawa has, by its petition, shown that there is need for the establishment and maintenance in the said city of a new general civic hospital, to provide better and more adequate accommodation for the reception, care and treatment of the sick; that the establishment of such hospital will result in the Directors of the County of Carleton General Protestant Hospital, the St. Luke's General Hospital, and the Ottawa Maternity Hospital, respectively, discontinuing the maintenance of their present hospitals, and that, in such event, the said hospitals are prepared to make over to the said Corporation all the property, both real and personal, furnishings, endowments and equipment that they severally possess; and whereas the said corporation has, by its petition, shown that it will be to the advantage of the citizens and inhabitants of the City of Ottawa to have the work, hitherto carried on by the said hospitals, centralized under the control of the said corporation, and that economies in management and operation will be thereby attained; and whereas the said corporation has, by its petition, further shown that it will be necessary for it to raise upon debentures of the corporation a sum not exceeding \$1,500,000 for the purpose of acquiring a site for, and for erecting, such civic hospital, and for equipping and furnishing the same; and whereas the said corporation and the said hospitals have, respectively, prayed that it may be enacted as hereinafter set forth; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Short title. **1.** This Act may be cited as *The Ottawa Civic Hospital Act*.

2. The Corporation of the City of Ottawa may acquire, by gift, purchase or expropriation, all such lands as it may deem necessary, within the limits of the said city, as a site for a civic hospital, and may erect, equip, furnish and maintain a hospital thereon.

Power to acquire site for and erect hospital.

3.—(1) The corporation may, without the consent of the owner thereof, or of any person interested therein, enter upon, take, use and expropriate all such lands as it may deem necessary for the purposes of such hospital, making due compensation to the owners and occupiers thereof, and to all persons having any interest therein, and may pass all such by-laws as may be necessary for such purpose.

Expropriation of land.

(2) The provisions of *The Municipal Act*, as to the taking of land by expropriation, and as to making compensation therefor, and as to the manner of determining and paying the compensation, shall apply in all cases in which the said corporation shall exercise the powers conferred by this section.

Application of Rev. Stat., c. 192.

4.—(1) The said corporation may provide by by-law, to be passed without obtaining the assent of the electors of the said city thereto, for borrowing upon debentures of the corporation, for the purpose of acquiring land for, and for erecting, equipping and furnishing the said hospital, such sum or sums of money as it may deem requisite, not exceeding in all \$1,500,000.

Power to borrow \$1,500,000 without assent of electors.

(2) All such debentures shall be made payable within thirty (30) years, at latest, from their date of issue.

Debentures, when payable.

(3) Every such by-law shall comply with the provisions of section 288 of *The Municipal Act*, and the principal and the interest due in respect of the debentures issued thereunder shall be made payable as provided by the said section.

Application of Rev. Stat., c. 192, s. 288.

5.—(1) The Board of Control of the corporation shall on or before the 31st day of March in each year, prepare and certify to the council for its consideration an estimate of the expenditures proposed to be made in connection with the hospital during the year.

Estimates of expenditure.

(2) The provisions of subsection 2 of section 213 of *The Municipal Act* shall apply to such estimates, and to all proceedings had or taken in connection therewith.

Application of Rev. Stat., c. 192, s. 213 (2).

(3) The council of the said corporation shall, in each year, assess and levy, by a special rate on the whole rateable property

Special rate to meet expenditure.

perty within the municipality, a sum sufficient to provide for such of the expenditures set out in the estimate, or in a special or supplementary estimate as are approved by the council, notwithstanding that such rate may increase the aggregate annual rates to be levied and collected in the said city beyond the limit fixed by section 297 of *The Municipal Act*.

Board of trustees.

6.—(1) The management and control of the hospital, including the power of making all appointments to the staff thereof, shall be vested in, and exercised by, a board of nine (9) trustees, constituted as follows: the mayor of the said city shall *ex-officio* be a member of such board; two members thereof shall be appointed annually by the council of the said corporation from the members thereof, upon the nomination of the Board of Control, and the remaining six trustees shall be appointed by the council upon the nomination of the said Board of Control, from the ratepayers of the said city, and shall hold office as provided by subsection 5 of this section.

Appointment of trustee on two-thirds vote of Council.

(2) The council shall not, in the absence of the nomination of the Board of Control, as provided by the next preceding subsection, appoint any person a trustee of the said hospital without a two-thirds ($\frac{2}{3}$) vote.

Members of Council as trustees.

(3) Except as provided in subsection 1 of this section, no member of the council shall be appointed a trustee of the hospital.

Mayor and Controllers as trustees.

(4) The mayor and the two trustees appointed from the members of the council shall cease to be trustees at the end of the year for which they were elected mayor and members of council respectively, or at such earlier date as they may cease to be members of the council.

Term of office of appointees of Council.

(5) The term of office of the six trustees appointed from the ratepayers of the said city, as provided by subsection 1 of this section, shall, in the first instance, be regulated as follows: two of such trustees designated by council shall hold office until the end of the first year after the year of their appointment; two of such trustees, designated in like manner, shall hold office until the end of the second year after the year of their appointment, and the remaining two shall hold office until the end of the third year after the year of their appointment; and the council shall, thereafter, so often as the office of a trustee, who is not a member of the council, becomes vacant, elect a successor thereto, who shall hold office for a term of three years, and until his successor is appointed.

(6) All trustees, other than those appointed members of the first Board of Trustees, shall be appointed in the month of January in each year in which an appointment is to be made.

(7) A trustee whose term of office has expired shall be eligible for re-election.

Re-appoint-
ment of
trustee.

(8) No member of the staff of the hospital shall be eligible to be a trustee thereof.

Member
of staff
ineligible.

(9) Whenever, from any cause, the office of an appointed trustee becomes vacant prior to the expiration of his term of office, the council shall, without unnecessary delay, and in the manner provided by subsections 1 or 2 of this section, appoint a successor, so as to keep the membership of the said board up to the full number of nine (9), and the person so appointed shall hold office for the remainder of the term of the trustee whose place he is appointed to fill.

Filling of
vacancies

(10) Four members shall constitute a quorum of the Board of Trustees.

Quorum.

7. The Board of Trustees shall select the land required as a site for the hospital, and shall report to the council the location and area of the lands proposed to be acquired and the estimated cost thereof, and in the absence of such report, duly approved by council, no land or interest therein shall be acquired or purchased by the council.

Selection
of site.

8. The Board of Trustees shall be a corporation under the name of "The Trustees of the Ottawa Civic Hospital."

(2) The said board shall have control over, and the custody of, all property, both real and personal, belonging to, or used in connection with, the hospital, and shall have power to sell or otherwise dispose of personal property to an amount not exceeding \$1,000.00 at one time, when no longer required for the purposes of the hospital.

Control and
manage-
ment of
property.

(3) The said board may from time to time purchase supplies and may engage and pay officers, servants and workmen, for the purposes of the hospital, and may make all such expenditures and enter in all such contracts and agreements as may be necessary or convenient for such purposes, provided

Power to
purchase
supplies, etc.,
and to

that

that no purchase of supplies, contract, agreement or expenditure shall be made, or entered into, unless money shall have been appropriated by the council and be available for such purpose.

Power to
acquire
land., etc.,
by gift,
devise, etc.

10. The Corporation of the City of Ottawa and the Board of Trustees shall be respectively capable of receiving and taking from any person or body corporate, by grant, gift, devise or otherwise, any land or interest in land, and any personal property, for the use, support and purposes of the hospital, and without license in mortmain, and all persons and bodies corporate shall have full and unrestricted right and power to give, grant and bequeath to the corporation and to the Board of Trustees any land, or interest therein, and any personal property, for such use, support or purpose.

Certain
agreement
confirmed.

11. That certain agreement between the corporation of the City of Ottawa, of the one part, and the Directors of the County of Carleton General Protestant Hospital, the St. Luke's General Hospital, and the Ottawa Maternity Hospital, of the other part, set out in Schedule "A" hereto, is hereby ratified and confirmed, and declared to be binding upon the several parties thereto, according to its true intent and meaning, and the said parties are hereby respectively granted all such powers as may be necessary or convenient for the purpose of carrying into effect the provisions thereof.

12. All gifts, trusts, bequests, devises, and grants of real or personal property, or of the income or proceeds thereof, heretofore or hereafter expressed by any person in his deed or will, to be made, given or conveyed to the Directors of the County of Carleton General Protestant Hospital, to the St. Luke's General Hospital, or to the Ottawa Maternity Hospital, respectively, shall, insofar as the same shall not have vested in possession, or been carried into effect at the date of this Act, in the absence of an expressed intention to the contrary, set out in such deed or will, be construed as though the same had been expressed to be made to the Corporation of the City of Ottawa, for the purposes of the hospital established by this Act, and shall be paid over, granted or conveyed, by the executor, trustee or other person or corporation charged with the duty of carrying into effect or administering such deed or will to the Board of Trustees, whose receipt shall be a sufficient discharge thereof.

Liability
of patient
or his
executors.

13. The Board of Trustees shall be entitled to recover from a patient other than one who is unable, by reason of poverty, to pay for the same, the charges fixed by the board for treatment in the hospital, and in case of his death while within the hospital, his executor or administrator shall be liable for his burial expenses.

14.—(1) The Board of Trustees may, from time to time, enter into an agreement with any municipal corporation in Ontario, for the payment by the latter of a fixed annual grant to the Board, for any term of years not exceeding five, for the maintenance and treatment of indigent patients to be admitted from such municipality, and every such corporation is hereby authorized to enter into such agreement with the Board and to provide for and pay such grant.

Agreement with other municipal corporations for annual grants.

(2) Within thirty days after the date upon which an indigent patient, who was, or under subsection 4 of section 23 of *The Hospital and Charitable Institutions Act*, is deemed to have been, at the time of his admission, a resident of a municipality within Ontario, other than the City of Ottawa, was admitted to the hospital, and at intervals of not more than three months thereafter, the superintendent of the hospital shall forward, by registered post, addressed to the clerk of such municipality, a statement of the amount owing to the hospital in respect of such patient, and such municipality shall be liable for, and shall pay such amount within thirty days thereafter, and in default of payment, such amount, together with all costs incurred or allowed in respect thereof, may be collected by suit, to be brought by, or in the name of, the Board of Trustees against such municipality, in any court of competent jurisdiction; and the superintendent shall in like manner give notice to such clerk upon the discharge or death of such patient, and shall at such time furnish a final statement of the claim of the hospital.

Notice of amount owing the hospital in respect of non-resident indigent patient.

15.—(1) All moneys received by the Board of Trustees or by the superintendent of the hospital, for the uses thereof, shall be deposited in a special account, to be kept in the name of the Board of Trustees, in a chartered bank in the City of Ottawa.

Deposit of money received by trustees or superintendent in special account.

(2) All cheques drawn upon the said account shall be signed by such officer or officers as the Board of Trustees may designate and appoint for that purpose.

Cheques on account.

(3) The city auditor of the corporation shall audit annually, and at such other times as he may be directed by the council, the books of account, and the expenditures and receipts of the hospital, and he shall prepare and submit to the corporation in the month of January in each year a report, showing the receipts and expenditures made by, or on behalf of, the hospital, during the preceding year, and the assets and liabilities of the hospital. The city auditor shall also report to the council upon any expenditures made by the Board of Trustees, contrary to law, or contrary to the pro-

Annual audit of accounts and books.

visions of this Act, and he shall supervise and determine, from time to time, the methods of bookkeeping and accounting to be employed in connection with the hospital.

By-laws,
rules, regu-
lations.

16. The Board of Trustees may, subject to the approval of the Lieutenant-Governor in Council, enact by-laws and regulations for the management of the hospital, and subject to the provisions of subsection 3 of section 9, shall have power to fix all salaries and wages to be paid to the medical and other superintendents thereof, and to their assistants and clerks, and to all other officers and servants of the Board.

17. Except insofar as they may be inconsistent with the provisions of this Act, the provisions of *The Hospitals and Charitable Institutions Act* shall apply to, and govern, the said hospital, and the Board of Trustees thereof, respectively.

SCHEDULE "A."

This Agreement made in quadruplicate the tenth day of March, one thousand nine hundred and nineteen,

Between:

The Directors of the County of Carleton General Protestant Hospital, the St. Luke's General Hospital, and the Ottawa Maternity Hospital, hereinafter called the Hospitals of the first part,

and

The Municipal Corporation of the City of Ottawa, hereinafter called the Corporation of the second part.

Whereas the present hospital accommodation in the City of Ottawa is not adequate to the needs thereof;

And whereas the hospitals have petitioned the corporation to undertake the erection and maintenance of a modern five hundred bed hospital, the hospitals offering in their said petition to turn over to the corporation, subject to their respective liabilities, all their real and personal property, present and future, and of every nature and kind whatsoever;

And whereas the parties hereto are now joining in an application to the Legislative Assembly of the Province of Ontario for the granting of all necessary powers to the applicants to carry out the arrangements as hereinbefore mentioned;

And whereas the parties hereto have agreed as hereinbefore set forth;

Now, therefore, the parties hereto mutually covenant and agree as follows:

(1) The corporation hereby undertakes to use its best endeavours to obtain the necessary authority to permit of the erection and maintenance of a five hundred bed hospital to carry out the functions and work hitherto exercised and performed by the hospitals.

(2) The hospitals hereby covenant and agree with the corporation that in the event of the corporation acquiring a suitable site for and erecting and equipping thereon a modern five hundred bed hospital, and in the further event of the corporation making provision for carrying on for the future the work hitherto performed by all of the hospitals, then and in such event they will severally grant and convey to the corporation, subject only to the payment of their outstanding obligations and liabilities, if any, all their real and personal property whether now in possession or subsequently acquired, and including all legacies, devises and bequests which may now or hereafter be received by them from any person or corporation, to have and to hold the same unto and to the uses of the corporation.

This

This agreement shall cease to be binding upon hospitals should the corporation fail to provide such hospital on or before the thirty-first day of December, one thousand nine hundred and twenty-one.

In witness whereof, the parties hereto have hereunto respectively affixed their corporate seals attested by the hands of their officers duly authorized in that behalf.

An Act respecting the Amasa Wood Hospital in
the City of St. Thomas.*Assented to 24th April, 1919.*

WHEREAS the late Amasa Wood in his lifetime pur- Preamble.
 chased Lot No. 4 on the east side of Pearl Street and
 north of Spring Street, in the City of St. Thomas, according
 to registered plan No. 15, and erected thereon valuable
 buildings, and by deed dated the 13th day of May, A.D.
 1892, conveyed the said lands and buildings to the Corpora-
 tion of the City of St. Thomas, and presented the same to
 the city for the purposes of a public hospital, upon the trusts,
 terms and conditions therein set forth; and whereas one of
 the terms and conditions of the said conveyance is that the
 government and management of the said hospital should be
 in the hands of five governors, of whom the mayor of the
 city for the time being should be one, Friend Richard Eccles
 of the City of London, physician, should be another for life,
 and the remaining three members should be appointed yearly
 by the City Council; and whereas it is desirable and exped-
 ient, in the opinion of the Council and the Medical Associa-
 tion of the City, to change the governing body of the said
 hospital from an appointed board to an elected trust, and to
 provide for continuity of management; and whereas the Cor-
 poration of the City of St. Thomas has, by its petition,
 prayed that an Act may be passed for the said purpose; and
 whereas it is expedient to grant the prayer of the said
 petition;

Therefore, His Majesty, by and with the advice and con-
 sent of the Legislative Assembly of the Province of Ontario,
 enacts as follows:—

1. Notwithstanding the provisions contained in the deed Board of
Trustees.
 of conveyance of the Amasa Wood Hospital property to the
 City of St. Thomas, bearing date the 13th day of May,
 A.D. 1892, the government and management of the said
 hospital shall, from and after the first day of January, 1920,
 be vested in and exercised by a Board of Trustees to be
 called "The Amasa Wood Hospital Trust."

Incorporation.

The North American Accident Insurance Company, a company incorporated under an Act of the Dominion Parliament, hereinafter called the Purchaser Company, of the second part,

and

All persons, firms and corporations who are creditors or policyholders of the Vendor Company, of the third part.

Whereas the Vendor Company was incorporated in the year 1912, under *The Ontario Insurance Act* as a company limited by shares with a capital of \$500,000.00 divided into 5,000 shares of \$100.00 each;

And whereas the capital of the said Vendor Company was subscribed and paid up as appears by the Schedule "A" hereto attached at a premium of 25 per cent., the names of the present shareholders with the amounts of their subscriptions and the amounts paid up thereon being shown in said attached schedule;

And whereas the Purchasing Company was incorporated in the year 1917, by special Act as a company limited by shares with a capital of \$500,000.00 divided into 5,000 shares of \$100.00, each with power to purchase or otherwise acquire the whole or any part of the rights and property of the Vendor Company and to perform and discharge all such duties, obligations and liabilities of that company with respect to the rights and property acquired as are not performed or discharged by that company;

Now it is hereby agreed as follows:

1. The Vendor Company shall sell and the Purchasing Company shall purchase for the sum of \$113,499.91 the whole of the property, undertaking and assets of the Vendor Company whatsoever and wheresoever except uncalled capital as a going concern as of and from the First day of January, 1918.

2. The Purchasing Company shall have the benefit of all subsisting contracts and book debts made with or owing to the Vendor Company and of all securities therefor, and the Purchasing Company shall take over all the debts and liabilities of the Vendor Company including the payment of dividends declared but not paid

paid if any such and shall perform all its engagements and shall indemnify the Vendor Company against all claims, demands and other proceedings in respect thereof.

3. All rights of creditors against the property rights and assets of the Vendor Company and all liens upon its property, rights and assets shall be unimpaired and all debts, contracts, liabilities and duties of the Vendor Company shall attach to the Purchasing Company and may be enforced against it to the same extent as if such debts, contracts, liabilities and duties had been incurred or contracted by the Purchasing Company, and the Purchasing Company hereby covenants and agrees with the parties hereto of the Third Part to pay and fulfil all debts, contracts, liabilities and duties of the Vendor Company.

4. The said purchase price of \$113,499.91 shall be paid to the Vendor Company by the Purchasing Company on the granting by the Treasury Board of a license under *The Insurance Act* to the Purchasing Company, and thereupon the Purchasing Company shall authorize the transfer to the Vendor Company or as it may direct share certificates for 3,064 shares of \$100.00 each in the Purchaser Company with paid up on each share amounts corresponding with the amounts shown as paid up in Schedule "A" hereto in satisfaction of said sum of \$113,499.91.

5. The purchase shall be completed on the granting of such license at the Company's offices in the City of Montreal, in the Province of Quebec, when the purchase money or consideration contemplated hereby shall be paid over and certificates shall be issued and thereupon the Vendor Company and all other necessary parties if any shall execute all such assurances and do all such things as may be reasonably required for vesting all the property hereby agreed to be sold in the Purchasing Company. Until the granting of said license to the Purchaser Company the Vendor Company shall continue to carry on its business and on the actual transfer being made all profits shall accrue to and losses shall be borne or assumed by the Purchaser Company.

6. All expenses of and incidental to the incorporation of the Purchaser Company and of this agreement and of the transfer shall be borne and paid by the Vendor Company out of its assets.

7. Upon the consummation of the transaction contemplated hereby the Vendor Company covenants and agrees with the Purchaser Company to entirely cease to carry on the business of insurance.

In witness thereof the parties hereto of the First and Second Parts have hereunto affixed their Corporate Seals under the hands of the proper officers in that behalf.

CHAPTER 129.

An Act respecting L'Union Saint-Joseph
du Canada*Assented to 24th April, 1919.*

WHEREAS L'Union Saint-Joseph du Canada, a friendly Preamble.
society registered under *The Ontario Insurance Act*,
has, by petition, represented that it adopted at its last federal
session, held in Ottawa on the 21st day of August, 1917,
a new tariff of contributions; and whereas doubts have
arisen as to the legality of the said new tariff of contributions
owing to the insufficiency of the notice given to the members
of the society as to the exact changes proposed to be made
in the rates at the said federal session; and whereas the
said society has, by its petition, further represented that the
said new tariff of contributions was necessary for the finan-
cial solvency of the said society; and whereas the said society
has, by its petition, prayed that an Act be passed to validate
and confirm the said tariff; and whereas no opposition
has been offered to the said petition; and whereas it is
expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and con-
sent of the Legislative Assembly of the Province of Ontario,
enacts as follows:—

1. In this Act,—Interpreta-
tion.

- (a) "Society" shall mean L'Union Saint-Joseph du
Canada;
- (b) "Tariff of contributions" shall mean the scales of
rates or assessments set forth in Schedule "A"
to this Act.

2. Notwithstanding anything contained in the constitution Tariff of
or codes of the society or in the contract of insurance to the contribu-
contrary, the tariff of contributions and the benefits pay- tions set
able as adopted by the society at its federal session, held out in
on the 21st day of August, 1917, and which are set forth Sched. "A"
confirmed.

in Schedule "A" to this Act, are hereby confirmed and validated, and the said tariff and benefits are hereby declared to be conclusive, binding and obligatory as of the 1st day of January, 1918, upon all persons who are or have been members of the said society and upon their beneficiaries and legal representatives.

Authority
to amend
tariff.

3. The society is hereby authorized and empowered to hereafter vary and amend the said tariff of contributions as the financial solvency of the society and circumstances may require, according to law, and to the provisions (if any) of the constitution or codes of the society respecting amendments to its constitution or codes.

Costs.

4. Nothing in this Act shall affect the costs of any action or other proceeding now pending, but the same may be awarded and disposed of and shall be taxed and payable as though this Act had not been passed.

OPTIONS.

Member admitted before September, 1911.

The members subject to the increased rates enacted by the federal session of L'Union Saint-Joseph du Canada, held in the month of August, 1917, were entitled legally to continue to pay the contributions formerly paid by them before the readjustment, if they have accepted the following options:

Members of the former Caisse "C" (1900 to 1911) may exchange their policy for \$1,000 whole life policy (or \$500 as the case may be) or again they may pay the same contribution with four-fifths of the benefits of their former policy.

Members of the former caisse "Bon Mutuel" may exchange their policy for \$1,000 whole life policy (or \$500 whole life in the case of a certificate of \$750).

Members of the former caisse "Bon Conjoint" may exchange their policy without increased rates:

1. If admitted before October, 1906:

Option A: \$800 whole life, with wife's benefits of \$50 and sick benefits of \$2.50;

Option B: \$1,000 whole life. Sick benefits subject to an extra contribution.

2. If admitted after October, 1906:

Option C: \$1,000 whole life with wife's benefits of \$50 and sick benefits of \$2.50.

Option

Option D: Paid-up policy of \$1,000 at age seventy and old age benefits and disability benefits.

N.B.—The half of each one of these options in the case of an original policy of \$750 instead of \$1,500.
